Answer to MTP_Intermediate_Syllabus 2012_June2016_Set 1

Paper 5- Financial Accounting

Paper 5- Financial Accounting

Full Marks:100 Time allowed: 3 hours

[This paper contains 9 questions. All questions are compulsory, subject to instruction provided against each question. All workings must form part of your answer.]

1. Answer the following questions

 $[5 \times 1 = 5]$

- (a) Multiple choice questions:
 - (i) (c)
 - (ii) (c)
 - (iii) (a)
 - (iv) (a)
 - (v) (c)

(b) Match the following:

 $[5 \times 1 = 5]$

- 1. E
- 2. D
- 3. B
- 4. A 5. C

(c) State whether the following statements are true or false

 $[5 \times 1 = 5]$

- (i) True
- (ii) True
- (iii) False
- (iv) True
- (v) False

(d) Answer the following:

 $[5 \times 2 = 10]$

ı			
1			

Particulars	Amount (`)
Bank balance as per Pass Book	15,375
Add: Bank service changes	100
Less: Cheques issued but not presented	1,725
Balance as per Cash Book	13,750

(ii) Journal of Golden Ltd.

Particulars		Debit (`)	Credit (`)
Creditors Ledger Adjustment A/c	Dr.	4,500	
To Debtors Ledger Adjustment A/c			4,500
(Being transfer entry to set-off balance)			

(iii) Computation of cash price

Amount of Installment	Present Value
`1	2.7232
`30,000	2.7232 × 30,000
	1
Cash price is	`81,696

(iv) Computation of cost of goods sold

Cost of goods sold = Sales – Gross Profit = $3,00,000 - 60,000 [3,00,000 \times 20\%] = `2,40,000$.

(v)

1		
	Particulars	`
	(a) Interest up to 31-03-2013 (40,00,000 × 9% × $\frac{9}{12}$)	3,00,000
	(b) Less: Interest relating to pre-operative period to be capitalized $(3,00,000 \times \frac{9}{12})$	2,10,000
	Amount to be charged to P&L A/c (3,00,000 × $\frac{3}{10}$)	90,000

Section B Answer any five from the following. Each question carries 15 marks [5 × 15 = 75]

2. (a)

Bank Reconciliation Statement as on 31st December 2013

bank Reconciliation Statement as on 31° December 2013					
Particulars	Amount (`)	Amount (`)			
Bank balance as per pass book (Cr.)		924			
Add: (i) Payment of contribution by the bank not	200				
entered in the cash book					
(ii) Cheques deposited but not cleared	65	265			
		1,189			
Less: (i) Interest and dividend collected by the bank					
not entered in the cash book					
- Interest	28				
- dividend	230				
(ii) Cheques deposited and cleared but not	150				
entered in the cash book					
(iii) Cheques issued but not presented (73+119+46)	238	646			
Balance as per Cash Book		543			

(b) We are to compute the anticipated loss and current loss which are computed as -

(a)

Anticipated (or) Foresceable Loss

Particulars	`(in lakhs)
Cost of total contract:	
Work certified	500
(+) Works not certified	105
(+) Estimated further cost to completion	495
	1100
(-) Contract price	1000
Anticipated Loss	100

- (b) Work-in-progress / stage of completion: Work certified + work not certified = 500 + 105 = 605. % of work certified = $\frac{605}{1100} \times 100 = 55\%$
- (c) Recognisation of contract Revenue : Total contract price \times 55% = 1000 \times 55% = 550 lakhs. .

3. (a) (i)

Revaluation Account

Dr.			Cr.
Particulars	Amount	Particulars	Amount
To R.B.D.	550	By Stock	2500
To Furniture	650	By Land & Building	5000
To Profit: 6300			
Dalal = $6300 \times \frac{2}{5}$	2520		
Bbanerjee = $6300 \times \frac{2}{5}$	2520		
$Malick = 6300 \times \frac{1}{5}$	1260		
	7500		7500

(ii)

Capital Account

Dr.									Cr.
Particulars	Dalal	Banerjee	Malick	Mistri	Particulars	Dalal	Banerjee	Malick	Mistri

7. (a)

Computation of Return on Equity

	Particulars	1st Year	2 nd Year	3 rd Year	4 th Year
A.	Opening Equity (30% on Opening Capital)	4,50,000	4,80,000	4,89,000	4,95,000
В	Additional Equity (30% on Additional	30,000	9,000	6,000	3,000
	capital expenditure)				

C.	Closing Equity (A+B)	4,80,000	4,89,000	4,95,000	4,98,000
D.	Average Equity ($\frac{A+C}{2}$)	4,65,000	4,84,500	4,92,000	4,96,500
E.	Return on Equity (D $\times \frac{14}{100}$)	65,100	67,830	68,880	69,510

(b) In case of accommodation bills, the proceeds of discounting are shared by parties as agreed. The discounting charges are also shared in agreed proportion. Here, the ratio between Khan and Sumit is given as two-thirds and one-third. The first of `1,20,000 is discounted at `1,12,800 which means the discounting charges are `7,200. The share of each one is:

Particulars	Proceeds 1st	Bill discount	Proceeds 2 nd	Bill discount
Khan $(\frac{2}{3}rd)$	75,200	4,800	1,08,800	3,200
Sumit $(\frac{1}{3}rd)$	37,600	2,400	54,400	1,600
Total	1,12,800	7,200	1,63,200	4,800

Further, as Khan has become insolvent, the amount due to Sumit is settled at 50% of total to calculate this amount, it is necessary to post all transactions to Sumit's account and arrive at balance.

Journal Entries in the books of Khan

Date	Particulars	L.F.	Debit (`)	Credit (`)
	Bills receivable A/c Dr.		1,20,000	
	To Sumit A/c			1,20,000
	(Being the bill drawn on Sumit for mutual			
	accommodation)			
	Bank A/c Dr.		1,12,800	
	Discount A/c Dr.		7,200	
	To Bills Receivable A/c			1,20,000
	(Being bill discounted with bank)			
	Sumit A/c Dr.		40,000	
	To Bank A/c			37,600
	To Discount A/c			2,400
	(Being $\frac{1}{3}$ rd proceeds of the discounted bill paid			
	to Sumit)			
	Sumit A/c Dr.		1,68,000	
	To Bills Payable A/c			1,68,000
	(Being acceptance sent to Sumit for mutual			
	accommodation)			
	Bank A/c Dr.		28,800	
	Discount A/c Dr.		3,200	
	To Sumit A/c			32,000
	(Being proceeds received from Sumit including			
	discount charges)			
	Bills Payable A/c Dr.		1,68,000	
	To Sumit A/c			1,68,000
	(Being accepted bill drawn by Sumit dishonoured			
	due to insolvency)			
	Sumit A/c Dr.		1,12,000	
	To Bank A/c			56,000
	To Deficiency A/c			56,000

(Being payment of 50% of the amount due and	
balance proved to be bad)

To General P/L A/c	35,200		
	72,400		72,400

(b) Short Sales

"Excess of standard turnover over actual turnover" to ascertain the amount of claim under loss of profit policy, first ascertain the short sales during the period of dislocation.

Apply the rate of Gross Profit (adjusted) on the short sales. while calculating short sales we have to make adjustment to the budgeted sales.

Short sales during the period of dislocation:

Turnover in the same period of the last year	XXXX
Add: % of expected increase	XXXX
	XXXX
Less: Actual sales (turnover in the period of dislocation)	XXXX
Short sales	XXXX

9. Write short notes on any three of the following

 $[3 \times 5 = 15]$

(a) Contingent liabilities

A contingent liability is one which is not an actual liability but which will become an actual one on the happening of some event which is uncertain. Thus such liabilities have two characteristics:

- (a) Uncertainity as to whether the amount will be payable at all, and
- (b) Uncertainitiy about the amount involved. It is sufficient if the amount of such liability is stated on the face of the balance sheet by way of a note unless there is a probability that a loss will materialize. In that event it is no more a contingent liability and a specific provision should be made therefore, examples of such liabilities are
 - (i) Claims against the companies not acknowledged as debts
 - (ii) Uncalled liability on partly paid up shares
 - (iii) Arrears of fixed cumulative dividend
 - (iv) Estimated amount of contracts remaining to be executed on capital account and not provided for
 - (v) Liability of a case pending in the court
 - (vi) Liabilities in respect of bills discounted
 - (vii) Guarantee given against a particulars person or firm.

(b) Garner V Murray Rule

If a particular Capital A/c shows a debt balance on the dissolution of the firm; he is to pay, the debit balance to the firm to settle the account. But if such partner is insolvent i.e., unable to satisfy his debt to the firm, then his deficiency which he is not able to

bring will be borne by the other solvent partners. In accordance with the decision in "Garner Vs Murray".

In this case it was ruled that, in the absence of any agreement to the contrary, the deficiency of the insolvent partner capital account must be borne by other solvent partners in proportion to their capitals which stood before the dissolution of the firm. Another ruling in "Garner Vs. Murray" case is that the solvent partners should bring in cash equal to their share of loss on realization. A large majority of the accountants are of the view that the ruling given is a useless ruling. It is unreasonable to ask solvent partner to bring in cash his share of loss on realization.

Applicability of the decision in Garner Vs. Murray in India".

In the absence of any specific provision decision of a court in India: It is common practice to seek guidance from English law. Therefore, it has become a practice. In India to follow the decision in the Garner Vs. Murray case in the absence of any specific agreement between the partners with regard to sharing the deficiency of an insolvent partner.

(c) Accounting Concepts

- Business Entity Concept: A business unit is separate and distinct from the persons who supplies capital to it. All the transactions relating to business are recorded in the books of business.
- 2. Money Measurement Concept: Money is the only practical unit of measurement that can be employed to achieve homogeneity of financial data. So accounting records only those transactions which can be expressed in terms of money.
- 3. Going concern concept: A business unit is deemed to be a going concern and not a gone concern. It will continue to operate in future.
- 4. Cost concept: An asset is recorded in the books at the price paid to acquire it and this cost is the basis for all subsequent accounting for the asset.
- 5. Dual aspect concept: Every financial transaction involves a two-fold aspect (a) Yield of a benefit
 - (b) The giving of that benefit receiving aspect is to be debited and giving aspect is to be credited.
- 6. Accounting Period concept: The life of the business is split into accounting periods so as to able to know the profit or loss of each period and financial position at the end of such a period.
- 7. Matching concept: The determination of profit of a particular accounting period is essentially a process of matching revenue recognized during the period with the related expenses to determine profit or loss.
- 8. Realization concept: According to this concept revenue is considered as being earned on the date at which it is realized i.e., on the date which the property in goods passes to the buyer and he becomes legally liable to pay.
- 9. Accrual concept: To ascertain correct profit or loss for an accounting period. We make record of all expenses and income relating to the accounting period, whether actual cash has been paid or received or not.

(d) Differences between Hire Purchase System and Installment System

- 1. Nature of contract: Hire purchase is an agreement of hiring, whereas installment purchase system is an agreement of sale.
- 2. Ownership: Under hire purchase system, ownership remains with seller until the payment of the last installment, but under installment purchase system ownership passes from seller to the buyer immediately on entering the agreement.
- 3. Right to Disposal: Under hire purchase system; the buyer cannot sell, destroy, transfer, damage or pledge the goods; but under Installment purchase system the buyer can do all these things.

- 4. Return of goods: Under hire purchase agreement, goods can be returned if the buyer does not wait to pay rest of the installments; but under installment purchase, goods cannot be returned by buyer to the seller unless there is some default on the part of the seller.
- 5. Rights of seller: Under hire purchase system, the seller can repossess the goods if the buyer makes default in the payment of any installment but under installment purchase system, the seller can sue in the court of law for price if the buyer makes default in payment of any installment.
