(a) The Goods and Service Tax Network (or GSTN) is a non-profit, non-government organization. It will manage the entire IT system of the GST portal, which is the mother database for everything GST. This portal will be used by the government to track every financial transaction, and will provide taxpayers with all services – from registration to filing taxes and maintaining all tax details.

Functions of the GST Council:

GST Council is basically entrusted with task to make recommendations on the different aspects of GST to the Union as well as states. GST Council under the Constitution is required to make recommendations on the following:

- the taxes, cesses and surcharges which may be subsumed in the goods and services tax;
- the goods and services that may be subjected to, or exempted from the goods and services tax;
- model GST Laws, principles of levy, apportionment of IGST and the principles that govern the place of supply;

(d) Yes, Mr. Sitaram is eligible for composition scheme as turnover of his firm does not exceed ₹1.5 crore in the preceding financial year.

Answer:

(a) (i) 1st August 2018 is the time of supply of goods.

i.e. Earlier of the following:

- Date of Invoice - 1st August 2018

or

Answer to MTP_ Intermediate_ Syllabus 2016_ Dec 2019_ Set 1

- Date on which invoice is required to be issued - 16th August 2018.

(ii) 1st August 2018 is the time of supply of goods

i.e. Earlier of the following:

- Date of Invoice - 1st August 2018
- or
- Date on which goods is delivered - 10th August 2018.

(iii) 26th July 2018 is the time of supply of goods

i.e. Earlier of the following: -

- Date of Invoice - 1st August 2018
- or
- Date of Payment - 26th July 2018.

Note: Assume previous year turnover exceeds ₹ 1.50 crore.

(iv) The time of supply of goods for 3/4th of the goods will be 28th July 2018 as the payment has been made prior to the date of invoice and the time of supply of goods will be 1st August 2018 for remaining 1/4th goods.

Note: Assume previous year turnover exceeds ₹1.50 crore.

(b)

(1) The treatment would be as under –

Each of the goods in the package have individual identity and can be supplied separately, but are deliberately supplied jointly for a single consolidated price. Hence, the supply would constitute a mixed supply, as per section 2(74).	Mixed supply
As per section 8(b), tax rates applicable in case of mixed supply would be the rate of tax attributable to that one supply (goods, or services) which suffers the highest rates of taxes from amongst the supplies forming part of the mixed supply. Therefore, entire package will be chargeable to 28% GST.	28%
Value of taxable supply per package	500
No. of packages	10,000
Total value	50,00,000
GST @28%	14,00,000

(2) If the supplier is liable to pay any amount in relation to a supply, such amount would be a part of transaction value, even if the same has been paid by the recipient.

In this case, the transportation charges of ₹60, packaging charges ₹100 shall be added to the value of supply. Hence, value = ₹1000 + 60 + 100 = ₹1,160.

7. Short note: (any three)

[5×3]

- (a) Concept of distinct person under GST.
- (b) Advantages of voluntary registration under GST
- (c) E-way Bills under GST law.
- (d) Tax invoice.

Answer:

(a) Distinct persons are persons with different GSTINs belonging to one legal entity (single PAN) situated within the same state or in two different states or in a different country.

Provisions of Distinct Person under the CGST (Amendment) Act[u/s 25 (2),(4) and (25):

- (2) A person seeking registration under this Act shall be granted a single registration in a State or Union territory:
Provided that a person having multiple business verticals in a State or Union territory may be granted a separate registration for each business vertical, subject to such conditions as may be prescribed.

Answer to MTP_Intermediate_Syllabus 2016_Dec 2019_Set 1

- (4) A person who has obtained or is required to obtain more than one registration, whether in one State or Union territory or more than one State or Union territory shall, in respect of each such registration, be treated as distinct persons for the purposes of this Act.

For example: If person has one place of business in Maharashtra for which registration is obtained and another place of business of the same person in Gujarat for which registration is obtained then such place of businesses will be considered as distinct person.

- (5) Where a person who has obtained or is required to obtain registration in a State or Union territory in respect of an establishment, has an establishment in another State or Union territory, then such establishments shall be treated as establishments of distinct persons for the purposes of this Act.

(b) Advantages of voluntary registration under GST:

- (i) Legally recognized as supplier of goods or services; this helps in attracting more customers.
- (ii) Provide input tax credit to customers. As they can issue taxable invoices, they can collect GST. Their customers can take input credit on their purchases.
- (iii) They will be more competitive than other small business as buying from them will ensure input credit.
- (iv) Voluntarily registered persons can take input credit on their own purchases and input services like legal fees, consultation fees etc.
- (v) They can make inter-state sales without any restrictions.

(c) E-way bill will be generated when there is a movement of goods in a

vehicle/conveyance of value more than ₹50,000 (either each Invoice or in aggregate of all Invoices in a vehicle/ Conveyance) –

- In relation to a 'supply'
- For reasons other than a 'supply' (say a return).
- Due to inward 'supply' from an unregistered person.

For this purpose, a supply may be either of the following:

- A supply made for a consideration (payment) in the course of business.
- A supply made for a consideration (payment) which may not be in the course of business.
- A supply without consideration (without payment) In simpler terms, the term 'supply' usually means a:

1. Sale – sale of goods and payment made
2. Transfer – branch transfers for instance
3. Barter/Exchange – where the payment is by goods instead of in money

Therefore, eWay Bills must be generated on the common portal for all these types of movements. For certain specified Goods, the eWay bill needs to be generated mandatorily even if the Value of the consignment of Goods is less than ₹50,000:

1. Inter-State movement of Goods by the Principal to the Job-worker by Principal/ registered Job-worker,
2. Inter-State Transport of Handicraft goods by a dealer exempted from GST registration.

(d) Tax Invoice: Under the GST regime, a "tax invoice" means the tax invoice referred to in section 31 of the CGST Act, 2017.

For example, if a registered person is making or receiving supplies (from unregistered persons), then a tax invoice needs to be issued by such registered person.

Answer to MTP_ Intermediate_ Syllabus 2016_ Dec 2019_ Set 1

However, if a registered person is dealing only in exempted supplies or is availing the composition scheme (composition dealer), then such a registered person needs to issue a bill of supply in lieu of tax invoice.

An invoice or a bill of supply need not be issued if the value of the supply is less than ₹ 200/-, subject to specified conditions provisos to sub section (3) of Section 31 of the CGST Act, 2017.

Importance of Tax Invoice under GST: Under GST, a tax invoice is an essential document for the recipient to avail Input Tax Credit (ITC).

A registered person cannot avail Input Tax Credit unless he is in possession of a tax invoice or a debit note.

GST is chargeable at the time of supply. Invoice is an important indicator of the time of supply.
