## INTERMEDIATE EXAMINATION

### (REVISED SYLLABUS - 2008)

## **GROUP** - I

## Paper-5 : FINANCIAL ACCOUNTING

- Q. 1. State whether following statements are True/False.
  - (i) Expenses + Loss+ Assets = Income + Gains + Liabilities.
  - (ii) Bank Overdraft is a Real Account.
  - (iii) Short workings is the amount by which the minimum rent falls short of the actual royalty.
  - (iv) Hire purchase stock represents the installments from buyers not yet due.
  - (v) Life Membership fee is an item of liability in case of a club.
  - (vi) The inventory under AS 2 is valued on the basis of cost price or current replacement cost which ever is lower.
  - (vii) Goodwill is a fictitious asset.
  - (viii) Debit balance in the Profit and Loss A/c is treated as surplus.
  - (ix) A and B divide profit in the ratio of 5:3. Z is admitted for 1/5 share in the business. The new profit sharing ratio is 5:3:2.
  - (x) Gaining Ratio is applicable at the time of retirement of a partner.
  - (xi) The contract of insurance is a contract of guarantee.
  - (xii) Issue of Sweat Equity shares is a non-cash transaction.
  - (xiii) Stock Turnover ratio is Average Stock/Net Sales.
  - (xiv) High Capital Gearing ratio means high return to equity shareholders even in case of low profit.
  - (xv) AS 4 deals with prior period adjustments.
  - (xvi) The amortization of the amount of software commences from the date when it is available for use.
  - (xvii) Changing of rings and pistons of an engine to increase efficiency is in the nature of revenue expenditure.
  - (xviii) Preference shares may be redeemed from the General Reserve.
  - (xix) In case of a Branch situated in New York, Balance in 'Head Office A/c' in the Branch Books is to be taken at Dollars.
  - (xx) Buy back is permitted only in respect of fully paid-up shares.

#### Answer 1.

- (i) The Statement is True.
- (ii) False Bank O/D is a personal account.
- (iii) False Short workings is the amount by which the minimum rent exceeds the actual royalty.
- (iv) The Statement is True.
- (v) The Statement is True.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 1

- (vi) False As per AS 2 on valuation of inventories, inventory is valued at the lower of historical cost and net realizable value.
- (vii) False Goodwill is an intangible asset.
- (viii) False Debit balance in the Profit and Loss A/c is treated as deficit or loss as expenses are more than income.
  - (ix) True A's new share is  $5/8 \times 4/5 = 1/2$ . B's new share is  $3/8 \times 4/5 = 3/10$ . So new share is  $(\frac{1}{2}:3)/(10:1/5)$ . Multiplying the ratio with 10, the new ratio is 5:3:2.
  - (x) The Statement is True.
- (xi) False The contract of insurance is a contract of indemnity.
- (xii) The Statement is True.
- (xiii) Stock Turnover ratio Cost Of Goods Sold/ Average Stock.
- (xiv) False High Capital Gearing ratio means high return to equity shareholders in case of high profit.
- (xv) False AS 4 deals with Contingencies and Events occurring after the Balance Sheet Date.
- (xvi) The Statement is True.
- (xvii) The Statement is True.
- (xviii) False According to Section 80 of the Companies Act Preference Shares can be redeemed out of profits or out of fresh proceeds of a fresh issue of shares made for the purpose of redemption.
  - (xix) False It should be taken at Indian Rupees.
  - (xx) The Statement is True.

#### Q. 2A. Choose the correct alternative :

- (i) Bank Reconciliation Statement is prepared to :
  - (a) rectify the mistakes in pass book.
  - (b) to rectify the mistakes in cash book.
  - (c) to arrive at balance as per bank statement.
  - (d) to find the reasons of differences in balance as per Cash Book and Bank Statement.
- (ii) Which of the following is a Revenue Expenditure?
  - (a) Construction of Factory shed.
  - (b) Sales Tax paid in connection with purchase of Office Equipment.
  - (c) Legal Expenses in connection with defending a title to firm's property.
  - (d) License fees.
- (iii) Capital is shown on the liability side because of :
  - (a) Business Entity Concept.
  - (b) Conservatism Concept.
  - (c) Accrual Concept.
  - (d) Duality Concept.
- (iv) Depreciation is a process of:
  - (a) apportionment
  - (b) valuation
  - (c) allocation
  - (d) appropriation

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 2

- (v) For Sales Return at Branch, in case of dependent branches, entry to be passed in HO books,
  - (a) Debit Branch Debtors A/c, Credit Branch Stock A/c.
  - (b) Debit Branch Stock A/c, Credit Branch Debtors A/c.
  - (c) Debit Sales A/c, Credit Branch Debtors A/c.
  - (d) Debit Sales A/c, Credit Branch Stock A/c.
- (vi) Which of the following is treated as contingent liability as per AS 4?
  - (a) Obligations under retirement benefit plan.
  - (b) Commitments arising from long term lease contract.
  - (c) Arrears of fixed cumulative dividends.
  - (d) Liabilities of Life and General Insurance out of policies issued by enterprise.
- (vii) Which of the following is not a unsecured loan in Balance sheet of a Company?
  - (a) Acceptance of Fixed Deposits.
  - (b) Creation of Sinking Funds.
  - (c) Loans and advances from others.
  - (d) Short term loans from Banks.
- (viii) Any profit prior to incorporation may be:
  - (a) Credited to Capital Reserve A/c.
  - (b) Debited to Goodwill A/c
  - (c) Debited to Suspense A/c
  - (d) None of the above.
- (ix) Which of the following terms is related to Accounts of Electricity Companies?
  - (a) Clear profit
  - (b) Work uncertified
  - (c) NPA
  - (d) Claims outstanding.
- (x) Current Ratio is a :
  - (a) Efficiency Ratio
  - (b) Profitability Ratio
  - (c) Solvency Ratio
  - (d) Yield Ratio.

#### Answer 2A.

- (i) (d) to find the reasons of differences in balance as per Cash Book and Bank Statement.
- (ii) (c) Legal Expenses in connection with defending a title to firm's property.
- (iii) (a) Business Entity Concept.
- (iv) (c) allocation
- (v) (b) Debit Branch Stock A/c , Credit Branch Debtors A/c.
- (vi) (c) Arrears of fixed cumulative dividends.
- (vii) (b) Creation of Sinking Funds.
- (viii) (a) Credited to Capital Reserve A/c.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 3

- (ix) (a) Clear profit.
- (x) (c) Solvency Ratio.

#### Q. 2B. Match the items in Column (I) with the items shown in Column (II) :

	Column (I)	Column (II)
(i)	Minimum Rent	(a) Insurance A/c

#### Q. 2C. Fill up the blanks :

- (i) Short workings arise when Minimum rent is \_\_\_\_\_\_ than Actual Royalties.
- (ii) Conversion of debt into equity shares is \_\_\_\_\_\_ transaction.
- (iii) Amount received on account of Legacies is generally taken to \_\_\_\_\_\_.
- (iv) Errors in Principle \_\_\_\_\_\_ affect Balance Sheet.
- (v) Average Clause is intended to discourage \_\_\_\_\_
- (vi) Premium brought in by a new partner is shared among old partners in their \_\_\_\_\_\_ ratios.

\_ .

- (vii) As per AS 28 recoverable amount of an asset is higher of \_\_\_\_\_ and Value in use.
- (viii) Yield method of valuing shares is also known as \_\_\_\_\_ method.

- (ix) Cost of incorporating a Company should be debited to \_\_\_\_\_\_ A/c.
- (x) Velocity Ratios are also known as \_\_\_\_\_ ratios.
- (xi) The Double Account System is a method of presenting Annual Financial statements of \_\_\_\_\_\_

#### Answer 2C.

- (i) more
- (ii) non-cash
- (iii) Balance Sheet
- (iv) does not
- (v) under-insurance
- (vi) sacrificing
- (vii) Net selling price
- (viii) Earning Capacity
  - (ix) Preliminary Expenses
  - (x) Turnover
  - (xi) Public Utility Concerns
- Q. 3. NN Ltd. owns certain patent rights. It has granted a license to AA Ltd. to use such rights on royalty basis. The Royalty payable is ₹ 50 per unit produced. AA Ltd. Has issued sub-license to KK Ltd. On the basis of a Royalty of ₹ 60 per unit sold. The minimum Royalty payable by KK Ltd is fixed at ₹ 75000/ per annum. Short Workings can be recouped within one year from the last date of the year in which they occur.

The following particulars are available for the first three years of working :

#### AA Ltd.

Year	Sales (units)	Closing Stock (units)
1	6000	1500
2	7500	3000
3	13500	4500

KK Ltd.

Year	Production (units)	Closing Stock (units)
1	600	300
2	3000	600
3	4500	1350

You are required to :

- (a) Prepare in books of AA Ltd. a statement showing analysis of Royalties Receivable and Royalties Payable, and
- (b) Show Royalty Receivable A/c and Royalty Payable A/c in books of AA Ltd.

#### Answer 3.

#### Books Of AA Ltd. Analysis of Royalty Payable **Production (Consolidated Units)** Rate Year Amount ₹ ₹ 7500+600 = 8100 405000 1 50 2 600000 9000+3000 = 12000 50 3 15000+4500 = 19500 50 975000

Q.4. GHI Associates entered into a financial lease agreement on 1.4.2013 with FBG Leasing Ltd. for lease of a car. The price of the car was ₹ 400,000 and the quarterly lease rentals were agreed at ₹ 90 per thousand payable at the beginning of every quarter. ABC Associates kept up their payments but by 25.3.2014 they approached and obtained the consent of the leasing company for treating the arrangement as one of Hire-purchase from the beginning on the following terms :

Period: 3 years

Quarterly hire : ₹ 60,000 payable at the beginning of the quarter.

It was agreed that the lease rentals paid will be treated as hire monies and that the balance due upto 31.3.2014 will be settled by GHI Associates on that date with interest at 18% p.a. on various instalments due during the year. The rate of depreciation on the car is 25%.

Show the following accounts in the books of ABC Associates for the year 2013-2014.

FBG Leasing Ltd.'s A/c and Interest Suspense A/c.

Calculations are to be rounded off to the nearest rupee.

#### Answer 4.

- Q. 6. The following information were obtained from the books of Dignity Foundation Recreation Club as on 31.3.2014. At the end of first year of the club you are asked to prepare Receipts and Payments Account, Income and Expenditure Account for the year ended 31.3.2014 and a Balance Sheet as at 31.3.2014 on mercantile basis :
  - (i) Donation received for building and library room :₹ 100000.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 10

#### (ii) Other revenue income and actual receipts :

	Revenue Income ₹	Actual Receipts ₹
Entrance Fees	20000	20000
Subscription	17000	16000
Locker rent	800	800
Sundry Income	1400	860
Refreshment Account	-	20000

#### (iii) Other revenue expenditure and actual payments :

	0	Revenue Expenditure ₹	Actual Payment ₹
Land (Cost ₹ 10000)	14/ 01	-	10000
Furniture (Cost ₹ 146000)	0		130000
Salaries		6000	5800
Maintenance of club		3000	2000
Rent	5	6000	6000
Refreshment Account	and a second sec	0	12000

Donations to the extent of ₹ 12500 were utilized for purchase of library books, balance was still unutilized. In order to keep it safe, 9% Govt. bonds of ₹ 80000 were purchased on 31.3.2014. Remaining amount was put in the bank on 31.3.2014 under term deposit. Depreciation at 10% p.a. was to be provided for the whole year on Furniture and Library books.

#### Answer 6.

Q. 7. A, B and C were in partnership sharing profits and losses in the ratio of 9 : 4 : 2. B retired from the partnership on 31<sup>st</sup> March, 2014, when the firm's balance sheet was as under :

(₹ in thousand)

				( ( III ello do di la)
		₹		₹
Sundry creditors		900	Cash and bank	426
Capital accounts :			Sundry debtors	600
Α	4050		Stock	1200
В	1800		Furniture	399
С	900	6750	Plant	1275
			Land and building	3750
		7650		7650

B's share in goodwill and capital was acquired by A and C in the ratio of 1 : 3, the continuing partners bringing in the necessary finance to pay off B. The partnership deed provides that on retirement or admission of a partner, the goodwill of the firm is to be valued at three times the average annual profits of the firm for the four years ended on the date of retirement or admission. The profits of the firm during the four years ended 31<sup>st</sup> March, 2014 in thousands of rupees were :

	て
2010-11	675
2011-12	375
2012-13	900
2013-14	A 1050

The deed further provided that goodwill account is not to appear in the books of accounts at all. The continuing partners agreed that with effect from 1<sup>st</sup> April, 2014, G, son of A is to be admitted as a partner with 25% share of profit.

A gifts to G, by transfer from his capital account, an amount sufficient to cover up 12.5% of capital and goodwill requirement. The balance 12.5% of capital and goodwill requirement is purchased by G from A and C in the ratio of 2 : 1.

The firm asks to you :

- (i) Prepare a statement showing the continuing partners' shares;
- (ii) Pass journal entries including for bank transactions; and
- (iii) Prepare the balance sheet of the firm after G 's admission.

#### Answer 7.

		99,00,000		99,00,000

#### Working Notes :

(iii)

(₹ in thousand)

(1) Adjustment of Goodwill on Retirement

Value of Goodwill= (675 + 375 + 900 + 1050) × ¾ = 2250Share of B= 1,500 × 4/15 = 400

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) P

Page 14

Adjustment through partners' capital accounts : 1/4\*600=150(Dr.) A В : 4/15\*2250=600(Cr.) С : ¾\*600=450(Dr.) (2) Closing Balances of Capital Accounts B's share of capital and goodwill = 1,800 + 600 = 2400 This represents 4/15<sup>th</sup> share of capital and goodwill requirement of the firm. Thus, total capital and goodwill requirement = 2400\*15/4=9000 Hence, closing capital balances (in new profit sharing ratio of 11 : 7 : 6) should be : 11/24\*9000=4125 A С 7/24\*9000=2625 G :6/24\*9000=2250 Gift by A to G : 1/2\*2250=1125 (Debit to A's capital A/c and credit to G's capital A/c) (3) Adjustment of Goodwill on Admission Goodwill of the firm = 2250 G's share of goodwill = 1/4\*2250 = 562.50 (a) Gift by A = 1/2\*562.50 = 281.25 (Included in the gift of 1125 - see W.N. 2) (b) Purchase from A and C = 281.25 (in 2 : 1 ratio) Thus, adjustment of goodwill purchased through capital accounts A : 2/3\*281.25=187.50(Cr.) С : 1/3\*281.25=93.75(Cr.) G : 1/2\*562.50=281.25(Dr.) (4) Amount brought in by Partners **Partners' Capital Accounts** Dr.

Q. 8. The firm of PQR was dissolved on 31.3.2014, at which date its Balance Sheet stood as follows :

Partners share profits equally. A firm of Professional Accountants is retained to realize the assets and distribute the cash after discharge of liabilities. Their fees which are to include all expenses is fixed at ₹ 2,50,000. No loss is expected on realization since fixed assets include valuable land and building.

The Accountant firm decided to pay off the partners in 'Higher Relative Capital Method'. You are required to prepare a statement showing distribution of cash with necessary workings.

#### In the Books of M/s PQR Statement of Piecemeal Distribution (Under Higher Relative Capital method)

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Pa

Page 17

#### Working Notes :

(i) Scheme of payment of surplus amount of ₹ 5,00,000 out of second Instalment :

	Capital A/cs					
	Р	Q	R			
	₹	₹	₹			
Balance (i)	37,50,000	25,00,000	12,50,000			
Profit sharing ratio (ii)	1	1	1			
Capital taking P's Capital (iii)	12,50,000	12,50,000	12,50,000			
Excess Capital (iv) = (i) – (iii)	25,00,000	12,50,000				
Profit Sharing Ratio	1	1				
Excess capital taking	ANU A					
Q's Excess Capital as base (v)	12,50,000	12,50,000				
Higher Relative Excess (iv) – (iv)	12,50,000	5				

So Mr. P should get ₹ 12,50,000 first which will bring down his capital account balance from ₹ 37,50,000 to ₹ 25,00,000. Accordingly, surplus amounting to ₹ 5,00,000 will be paid to Mr. P towards higher relative capital.

- (ii) Scheme of payment of ₹ 37,50,000 realized in 3rd Installment :
  - Payment of ₹ 7,50,000 will be made to Mr. P to discharge higher relative capital. This makes the higher capital of both Mr. P and Mr. Q ₹ 12,50,000 as compared to capital of Mr. R.
  - Payment of ₹ 12,50,000 each of Mr. P & Mr. Q to discharge the higher capital.
  - Balance ₹ 5,00,000 equally to P, Q and R, i.e., ₹ 166,667 ₹ 1,66,667 and ₹ 1,66,666 respectively.

## Q. 9. D, E and F were partners in business, sharing profits & losses in the ratio 2:1:1. Their Balance Sheet as at 31.3.14 is as follows :

#### Balance Sheet as at 31.3.14

	0	. 3	10	(Figures	in ₹′000)
Liabilities		₹	Assets		₹
Fixed Capital:	कसी म		Fixed Assets		900
D	600	PL	Investments		150
E	300		Current Assets:		
F	300	1200	Stock	300	
Current Accounts:			Debtors	180	
D	120		Cash & Bank	<u>450</u>	930
E	60	180			
Unsecured Loans		600			
		1980			1980

On 1.4.14, it is agreed among the partners that AB (P) Ltd. a newly formed company with E and F having each taken up 300 shares of ₹ 10 each will take over the firm as a going concern including goodwill but excluding cash & bank balances. The following points are also agreed upon:

- (a) Goodwill will be valued at 3 years purchase of super profits.
- (b) The actual profit for the purpose of goodwill valuation will be ₹ 300,000.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 18

- (c) Normal rate of return will be 15% on fixed capital.
- (d) All other assets and liabilities will be taken over at book values.
- (e) The purchase consideration will be payable partly in shares of ₹ 10 each and partly in cash. Payment in cash being to meet the requirement to discharge D, who has agreed to retire.
- (f) E and F are to acquire equal interest in the new company.
- (g) Expenses of liquidation ₹ 120,000.

You are required to prepare the necessary Ledger Accounts.

- Q. 10. From the following information, prepare
  - (a) Reconciliation of Head Office Account in Branch Books and of the Branch Account in the Head Office Books; and
  - (b) The Trading and Profit & Loss Account of the Head Office for the year ended 31st March, 2013.

12	Head Office ₹	Branch ₹
Opening Stock	10,000	4,500
Purchases	1,15,000	
Sales	2,05,000	1,55,000
Other Expenses	15,200	6,200
Closing Stock	5,200	3,100
G.	T) LV	CT

The Branch books show the Head Office Account at ₹9,000 (Cr.) and the Head Office books show the Branch Account at ₹24,000 (Dr.). The Branch receives all its supplies from the Head Office, which are invoiced at 25% over cost. During the year, the Head Office sent invoices to the Branch to the tune of ₹1,04,500. The Head Office credits its Sales Account with the invoice price of the goods sent to the Branch.

The Head Office billed the Branch for ₹ 12,000 on 31st March 2013 representing the Branch's share of the expenses incurred by the Head Office. The said expenses had not been recorded in the books of the Branch.

The expenses of the Branch are met by the Head Office from time to time for which amounts are sent in advance to the Branch. A sum of ₹ 3,000 sent to the Branch by the Head Office on 29th March, 2013 in this connection, was received by the Branch on 3rd April, 2014.

#### Answer 10.

Q. 11. An Indian company has a branch at New York. Its Trial Balance as at 31st March, 2013 is as follows :

The following further information is given :

- (1) Wages outstanding \$ 1500
- (2) Depreciate Plant and Machinery and Furniture and Fixtures @ 10 % p.a.
- (3) The Head Office sent goods to Branch for ₹ 5910000
- (4) The Head Office shows an amount of ₹ 6450,000 due from Branch.
- (5) Stock on 31st March, 2014 \$ 78,000.
- (6) There were no in transit items either at the start or at the end of the year.
- (7) On March 1, 2012, when the fixed assets were purchased, the rate of exchange was ₹ 44 to 1 \$.
   On April 1, 2013, the rate was ₹ 45 to 1 \$.

On March 31, 2014, the rate was ₹ 46 to 1 \$. Average rate during the year was ₹ 45 to 1 \$.

You are asked to prepare :

- (a) Trial balance incorporating adjustments given under 1 to 4 above, converting dollars into rupees.
- (b) Trading and Profit and Loss Account for the year ended 31st March, 2014 and Balance Sheet as on that date depicting the profitability and net position of the Branch as would appear in India for the purpose of incorporating in the main Balance Sheet.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 22

#### New York Branch Trading and Profit and Loss Account for the year ended 31st March, 2014

(b)

#### Balance Sheet of New York Branch as on 31st March, 2014

Liabilities	₹	₹	Assets	₹	₹
Head Office A/c	64,50,000	*	Plant and machinery	82,80,000	
Add : Net profit	39,49,800	1,03,99,800	Less: Depreciation	<u>8,28,000</u>	74,52,000
Foreign currency	तमसा	-B V	Furniture and fixtures	5,52,000	
Translation reserve		19,65,000	Less: Depreciation	<u>55,200</u>	4,96,800
Trade creditors		11,73,000	Closing stock		35,88,000
Outstanding wages		69,000	Trade debtors		16,56,000
			Cash in hand		3,45,000
			Cash at bank		69,000
		1,36,06,800			1,36,06,800

**Note : (1)** Depreciation has been calculated at the given depreciation rate of 10% on WDV basis.

(2) The above solution has been given assuming that the New York branch is a non-integral foreign operation of the Indian Company.

Q. 12. Department A sells goods to Department B at a profit of 25% on cost and to Department C at 10% profit on cost. Department B sells goods to A and C at a profit of 15% and 20% on sales, respectively. Department C charges 20% and 25% profit on cost to Department A and B, respectively.

Department Managers are entitled to 10% commission on net profit subject to unrealised profit on departmental sales being eliminated. Departmental profits after charging Managers' commission, but before adjustment of unrealised profit are as under :

	₹
Department A	72000
Department B	54000
Department C	36000
we where a when and the same of the	waan and an undar

Stock lying at different departments at the end of the year are as under :

1 Aller Aller	Dept. A	Dept. B	Dept. C
4 ~ 1	₹	₹	₹
Transfer from Department A	ST	30,000	22,000
Transfer from Department B	28,000	_	24,000
Transfer from Department C	12,000	10,000	—

Find out the correct departmental Profits after charging Managers' commission.

#### Answer 12.

Calculation of correct Profit

Z	Department A ₹	Department B ₹	Department C ₹
Profit after charging managers' commission	72,000	54,000	36,000
Add back : Managers' commission (1/9)	8,000	6,000	4,000
14	80,000	60,000	40,000
Less : Unrealized profit on stock	* / -		
(Working Note)	8,000	9,000	4,000
Profit before Manager's commission	72,000	51000	36,000
Less : Commission for Department	ATA	भय	
Manager @10%	7,200	5,100	3,600
	64,800	45,900	32,400

#### Working Note :

#### Stock lying with

	Dept. A ₹	Dept. B ₹	Dept. C ₹	Total ₹
Unrealized Profit of :				
Department A		$\frac{1}{5} \times 30,000 = 6,000$	$\frac{1}{11}$ × 22,000 = 2,000	8,000
Department B	0.15 × 28,000 = 4,200		0.20×24000 =4800	9,000
Department C	$\frac{1}{6}$ × 12,000 = 2,000	$\frac{1}{5}$ × 10,000 = 2,000		4000

## Q. 13. (a) Briefly indicate the items, which are included in the expression "borrowing cost" as explained in AS 16.

#### Answer 13. (a)

Borrowing costs are interest and other costs incurred by an enterprise in connection with the borrowing of funds.

As per Para 4 of AS 16 on Borrowing Costs, borrowing costs may include :

- (i) interest and commitment charges on bank borrowings and other short-term and long-term borrowings;
- (ii) amortization of discounts or premiums relating to borrowings;
- (iii) amortization of ancillary costs incurred in connection with the arrangement of borrowings;
- (iv) finance charges in respect of assets acquired under finance leases or under other similar arrangements; and
- (v) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

#### Q. 13. (b) Write short note on Effect of Uncertainties on Revenue Recognition.

#### Answer 13. (b)

Para 9 of AS 9 on "Revenue Recognition" deals with the effect of uncertainties on Revenue Recognition. The Para states :

- 1. Recognition of revenue requires that revenue is measurable and at the time of sale or the rendering of the service it would not be unreasonable to expect ultimate collection.
- 2. Where the ability to assess the ultimate collection with reasonable certainty is lacking at the time of raising any claim, e.g., for escalation of price, export incentives, interest etc. revenue recognition is postponed to the extent of uncertainty involved. In such cases, it may be appropriate to recognize, revenue only when it is reasonably certain that the ultimate collection will be made. When there is uncertainty as to ultimate collection, revenue is recognized at the, time of sale or rendering of service even, though payments are made by installments.
- 3. When the uncertainty relating to collectability arises subsequent to the time of sale or rendering of the service, it is more appropriate to make a separate provision to reflect the uncertainty rather than to adjust the amount of revenue originally recorded.
- 4. An essential criterion for the recognition of revenue is that the consideration receivable for the sale of goods, the rendering of services or from the use by others of enterprise resources is reasonably determinable. When such consideration is not determinable within reasonable limits; the recognition of revenue is postponed.
- 5. When recognition of revenue is postponed due to the effect of uncertainties, it is considered as revenue of the period in which it is properly recognized.

#### Q. 14. (a) How should rentals repayable under operating leases be accounted for in accordance with AS 19?

- (b) State four items which are not to be included in determining the cost of inventories in accordance with paragraph 6 of AS 2?
- (c) When are parties considered 'Related' as per AS 18?

#### Answer 14. (a)

According to AS 19, rental payable under an operation lease should be charged against revenue on a straight line basis to over the lease period. If any other method is more representative of the time pattern of the user's benefit, such method can be used.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 26

#### Answer 14. (b)

In determining the cost of inventories in accordance with paragraph 6 of AS 2, it is appropriate to exclude certain costs and recognize therein as expenses in the period in which they are incurred. Examples of such cost are —

- (i) abnormal amounts of waste materials, labour or other production costs,
- (ii) storage costs unless those costs are necessary in the production process prior to a further production stage,
- (iii) administrative overheads that do not contribute to bring the inventories to their present location and condition, and
- (iv) selling and distribution cost.

#### Answer 14. (c)

Parties are considered 'Related' if at any time during the reporting period one party has ability :

- (i) to control the other party,
- (ii) to exercise significant influence over the other party in making financial and /or operating decisions, then by virtue of AS 18 both parties would be considered related.

Here the term control means :

- (i) ownership directly or indirectly, of more than 50% of the voting power of an enterprise,
- (ii) the composition of the board of directors (company) or the Governing Body (other enterprise)
- (iii) a substantial interest in voting power and the power to direct by Statute or by agreement, the financial/operating policies of the enterprise (20% or more interest in voting power)

Significant influence :

- (i) refers to participation in the financial and/or operating policy decisions of an enterprise but not control of those policies,
- (ii) may be gained by ownership in share (including investment through intermediaries restricted to mean subsidiaries as defined in AS-21 Consolidated Financial Statement).
- Q. 15. How would you deal with the following in the annual accounts of a company for the year ended-31st March, 2013?
  - (a) The Board of Directors decided on 31.3.2013 to increase the sale price of certain items retrospectively from 1st January, 2013.

In view of this price revision with effect from 1st January, 2013 the company has to receive  $\stackrel{?}{\stackrel{?}{_{\sim}}}$  20 lacs from its customers in respect of sales made from 1st January, 2013 to 31st March, 2013 and the Accountant cannot make up his mind whether to include  $\stackrel{?}{\stackrel{?}{_{\sim}}}$  20 lacs in the sales for 2013-14.

#### Answer 15. (a)

Price revision was effected during the current accounting period 2012-2013. As a result, the company stands to receive  $\gtrless$  20 lacs from its customers in respect of sales made from 1st January, 2013 to 31st March, 2013. If the company is able to assess the ultimate collection with reasonable certainty, then additional revenue arising out of the said price revision may be recognized in 2012-2013 vide Para 10 of AS 9.

# Q. 15. (b) The company undertook a contract for building a crane for ₹ 15 lacs. As on 31.03.14 it incurred a cost of ₹ 2.25 lacs and expects that there will be ₹ 13.5 lacs more for completing the crane. It has received so far ₹ 1.5 lacs as progress payment.

#### Answer 15. (b)

Para 21 of AS 7 (Revised) 'Construction Contracts' provides that when the outcome of a construction contract can be estimated reliably, contract revenue and contract costs associated with the construction contract should be recognized as revenue and expenses respectively with reference to the stage of completion of the contract activity at the reporting date.

As per para 32 of the standard, during the early stages of a contact it is often the case that the outcome of the contract cannot be estimated reliably. Nevertheless, it may be probable that the enterprise will recover the contract costs incurred. Therefore, contract revenue is recognized only to the extent of costs incurred that are expected to be recovered. As the outcome of the contract cannot be estimated reliably, no profit is recognized. Para 35 of the standard states that when it is probable that the total contacts costs will exceed total contract revenue, the expected loss should be recognized as an expense immediately. Thus the foreseeable loss of ₹ 75000 (expected cost ₹ 15.75 lacs less contract revenue ₹ 15 lacs should be recognized as an expense in the year ended 31st March, 2014.

Also, the following disclosures should be given in the financial statements :

- (i) the amount of contract revenue recognized as revenue in the period;
- (ii) the aggregate amount of costs incurred and loss recognized up to the reporting date;
- (iii) amount of advances received;
- (iv) amount of retentions; and
- (v) gross amount due from/due to customers Amount.
- Q. 15. (c) P Ltd., used certain resources of Q Co. Ltd. In return Q Ltd. received ₹ 30 lacs and ₹ 45 lacs as interest and royalties respective from Y Co. Ltd. during the year 2013-2014.

#### You are required to state whether and on what basis these revenues can be recognized by Q Ltd.

#### Answer 15. (c)

As per para 13 of AS 9 on Revenue Recognition, revenue arising from the use by others of enterprise resources yielding interest and royalties should only be recognized when no significant uncertainty as to measurability or collectability exists. These revenues are recognized on the following bases :

- (i) **Interest**: on a time proportion basis taking into account the amount outstanding and the rate applicable.
- (ii) Royalties : on an accrual basis in accordance with the terms of the relevant agreement.

#### Q. 16. (a) What is meant by Sweat Equity Shares?

(b) State the cases where the creation of Debenture Redemption Reserve is not mandatory as per SEBI guidelines.

#### Answer 16. (a)

The Companies Act, 2013 introduced through section 2(88) a new type of equity shares called 'Sweat Equity Shares. The expression 'sweat equity shares' means equity shares issued by a company to its employees or directors at a discount or for consideration other than cash for providing know-how or making available rights in the nature of intellectual property rights or value additions by whatever name called. However, specified guidelines in this respect must be followed.

#### Answer 16. (b)

The following are the cases where Debenture Redemption Reserve is not mandatory as per SEBI guidelines :

- (i) Infrastructure Company.
- (ii) A company issuing debenture with a maturity period of not more than 18 months.

#### Q. 17. The balance sheet of WYX Ltd. as at 31st December, 2012 inter alia includes the following :

	₹
8% Preference shares of ₹ 100 each ₹ 70 paid up	52,50,000
Equity shares of ₹ 100 each fully paid up	1,50,00,000
Securities premium	7,50,000
Capital redemption reserve	30,00,000
General reserve	75,00,000
	Equity shares of ₹ 100 each fully paid up Securities premium Capital redemption reserve

Under the terms of their issue, the preference shares are redeemable on March 31, 2009 at a premium of 5%. In order to finance the redemption, the company makes a right issue of 75000 equity shares of ₹ 100 each at ₹ 20 being payable on application, ₹ 35 (including premium) on allotment and the balance on January 1, 2014. The issue was fully subscribed and allotment made on March 1, 2013. The monies due on allotment were received by March 30, 2013.

The preference shares were redeemed after fulfilling the necessary conditions of Section 80 of the Companies Act, 1956. The company decided to make the minimum utilization of general reserve.

You are asked to pass the necessary journal entries and show the relevant extracts from the Balance Sheet as on March 31, 2013 with the corresponding figures as on 31st December, 2012.

#### Balance Sheet as at 31st March, 2014

Calls in arrear are outstanding for 6 months. Calls in advance were also received 6 months back. Interest @ 10% p.a. on calls in advance and 12% p.a. on calls in arrear are allowed/charged. The Board of Directors have recommended that :

- (i) Dividend for the year 2013-14 be allowed @ 20% on equity shares.
- (ii) Money on calls in advance be refunded and partly paid equity shares be converted as fully paid up by declaring bonus dividend to shareholders.
- (iii) The preference shares, which are redeemable at a premium of 10% any time after 31st March, 2014 may be redeemed by issue of 10% Debentures of ₹ 100 in cash.

Show Journal Entries to give effect to the above proposals including payment and receipt of cash and redraft the Profit and Loss Account and Balance Sheet of STP Ltd.

Total	8,40,000	Total	8,40,000

For the year ended 31.3.2014, the company made a net profit of ₹ 30,000 after providing for ₹ 40,000 depreciation and writing off miscellaneous expenditure of ₹ 40,000. The following additional information is available with regard to company's operation.

- (1) The preference dividend for the year ended 31.3.2014 was paid before 31.3.2014.
- (2) Except cash & balances, other current assets and current liabilities on 31.3.2014, was the same as on 31.3.2013.
- (3) The company redeemed the preference share at a premium of 10%.
- (4) The company issued bonus shares in the ratio of 1 share for every two equity shares held as on 31.3.2014.
- (5) To meet the cash requirements of redemption, the company sold a portion of the investments, so as to leave a minimum balance of ₹ 60,000 after such redemption.
- (6) Investments were sold at 90% cost as on 31.3.2014.

## Prepare :

- (i) Necessary Journal entries to record redemption and issue of shares.
- (ii) Cash & Bank Account.
- (iii) Balance Sheet as on 31.3.2014.

# Q. 23. (a) State the respective heads of the following items in Balance Sheet of a Company :

- (i) Uncalled liability on share partly paid.
- (ii) Loose tools.
- (iii) Future installments payable under hire- purchase agreements.
- (iv) Unclaimed dividends.
- (v) Public deposit
- (vi) Discount on issue of shares.
- (vii) Proposed dividend.
- (viii) Share premium account.
- (ix) Interest accrued but not due on loans
- (x) Immovable properties.

# Answer 23. (a)

Item	Heading	Sub-heading
(i) Uncalled liability on share partly paid.	Contingent liability, shown as a footnote to Balance Sheet.	
(ii) Loose tools.	Current Assets, Loans and Advances	Current Assets
(iii) Future installments payable under hire-purchase agreements.	Secured Loans	
(iv) Unclaimed dividends.	Current Liabilities	
(v) Public deposit	Unsecured Loans	
(vi) Discount on issue of shares.	Miscellaneous Expenditure	
(vii) Proposed dividend.	Current Liabilities and Provisions	Provisions

ltem	Heading	Sub-heading
(viii) Share premium account.	Reserves and Surplus	Reserves
(ix) Interest accrued but not due on loans	Current Liabilities and Provisions	Current Liabilities
(x) Immovable properties.	Investments	

# Q. 23. (b)

- (i) A major fire has damaged the assets in a factory of a limited company on 4<sup>th</sup> April-four days after the year end closure of account. The loss is estimated at ₹ 55 crores out of which ₹ 16 crores will be recoverable from the insurers. Explain briefly how the loss should be treated in the final accounts for the previous year.
- (ii) There is a sales tax demand of ₹ 3.50 crores against a company relating to prior years against which the company has gone on appeal to the appellate authority in the department. The grounds of appeal deal with points covering ₹ 3 crores of the demand. State how the matter will have to be dealt with in the final accounts for the year.

## Answer 23. (b)

- (i) The loss due to break out of fire is an example of event occurring after the balance sheet date that does not relate to condition existing at the balance sheet date. It has not affected the financial position as on the date of the balance sheet and therefore requires no specific adjustments in the financial statements. However, paragraph 8.6 of AS-4 states that disclosure is generally made of events in subsequent periods that represent unusual changes affecting the existence of the enterprise at the balance sheet date. In the given case, the loss of assets in a factory is considered to be an event affecting the existence of the enterprise after the balance sheet date. Hence, as recommended in paragraph 15 of AS-4, disclosure of the event should be made in the report of the approving authority that represent material changes and commitments affecting the financial position of the enterprise.
- (ii) The undisputed part of sales tax liability of ₹ 0.50 crore should be considered as actual liability and adequately provided for. Accounting standard 29 deals with "Provisions Contingent Liabilities and Contingent Assets". According to the standard, an enterprise should not recognize a contingent liability but should disclose it, as required by paragraph 68, unless the possibility of an outflow of resources embodying economic benefits is remote. Accordingly the company should disclose the disputed part of sales tax liability of ₹ 3 crore as contingent liability in their financial statements of the year. However, the above disclosed contingent liability should be reviewed continuously and if it becomes probable that an outflow of future economic benefit will be required, then recognize the contingent liability as a provision.

## Q. 24. Write short note on :

- (a) Classification of investments by a banking company.
- (b) Valuation Balance Sheet.
- (c) Double Accounts System.
- (d) Votable and non-votable items.

#### Answer 24. (a)

The investment portfolio of a bank would normally consist of both approved securities (predominantly government securities) and other securities (shares, debentures, bonds etc.). Banks are required to classify their entire investment portfolio into three categories :

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 46

- (i) **Held-to-maturity :** Securities acquired by banks with the intention to hold them up to maturity should be classified as 'held-to-maturity'
- (ii) **Held-for-maturity :** Securities acquired by banks with the intention to trade by taking advantage of short-term price interest rate movements should be classified as held-for trading/maturity.
- (iii) **Available-for-sale :** Securities which do not fall within the above two categories should be classified as available-for-sale'.

## Answer 24. (b)

For the purpose of ascertaining, the insurance company calculates its net liability on all outstanding policies. For calculating net liability the actuaries calculate the present value of future liability on all the policies in future as present value of future premium to be received on all policies in future. The excess of the present values of future liability over the present value premium is called the net liability.

It is by comparing the life insurance fund and net liability in respect of policies, that profit of life insurance business can be as estimated. If the fund is more than net liability, the difference represents profit. On the other hand, excess of net liability over the life assurance fund represents loss for intervaluation period.

The profit or loss in life insurance business is ascertained by preparing a statement called Valuation Balance Sheet which is given below :

## Valuation Balance Sheet as on......

To Net liability as per actuary's valuations	By Life Assurance Fund as per Balance Sheet
To Surplus (net profit)	By Deficiency (net loss)

## Answer 24. (c)

Double Accounts system is the name given to the system of preparing the final accounts of certain statutory companies formed by special Acts of Parliament, usually public utility undertakings (for example Electricity Companies). The double accounts system is not a special method of keeping accounts, rather a special method of presenting accounts which are kept under the normal double entry system. Under this system, separate accounts in respect of capital and revenue are prepared in order to show clearly the capital receipts and the manner in which the amounts thereof have been invested. The final accounts prepared under the double accounts system normally consist of :

- (i) Revenue Account
- (ii) Net Revenue Account
- (iii) Capital Account (Receipts and Expenditure on capital account)
- (iv) General Balance Sheet.

The Revenue account is analogous to the Profit & Loss Account of a company with some exceptions. The Net Revenue Account resembles with appropriation portion of the Profit & Loss Account of a company. The Balance Sheet is presented in two parts namely Capital Account and General Balance Sheet. The Capital Account shows the total amount of capital raised and its sources and also the manner and extent to which this capital has been applied in the acquisition of fixed assets for the purpose of carrying on the business. The General balance sheet includes the other items.

The Double Accounts System in its pure form does no longer exist but the statements submitted to State Governments by electricity companies generally follow the principle of Double Accounts System. It may be noted that for presenting accounts to the shareholders, electricity companies normally follow Schedule VI of the Companies Act, 1956.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 47

## Answer 24. (d)

Certain items of expenditure are charged to the consolidated fund or public fund account. They are incurred regardless of legislative approval. These are called non-votable items.

Other items are votable and expenditure thereon can be made only after the sanction of Parliament. The Govt. makes the demand for grants for these items of expenditure. These demand may be reduced or even rejected but in case of non-votable items, it can at best be debated and nothing more than that.

# Q. 25. (a) Briefly describe with reference to Accounting Standard 7 on Accounting for construction contracts, the methods which may be used for recognizing revenue on construction contracts.

## Answer 25. (a)

As per Accounting Standard 7 on Accounting for Construction Contracts, two methods of accounting commonly followed by contractors for recognizing revenue on construction contracts are the percentage of completion method and the completed contract method.

Under the percentage of completion method, revenue is recognized as the contract activity progresses based on the stage of completion reached. The costs incurred in reaching the stage of completion are matched with this revenue, resulting in the reporting of results which can be attributed to the proportion of work completed. Although (as per the principle of 'prudence') revenue is recognized only when realized, under this method, the revenue is recognized as the activity progresses even though in certain circumstances it may not be realized.

Under the completed contract method, revenue is recognized only when the contract is completed or substantially completed; that is, when only minor work is expected other than warranty obligation. Costs and progress payments received are accumulated during the course of the contract but revenue is not recognized until the contract activity is substantially completed.

Under both methods, provision is made for losses for the stage of completion reached on the contract. In addition, provision is usually made for losses on the remainder of the contract.

It may be necessary for accounting purposes to combine contracts made with a single customer or to combine contracts made with several customers if the contracts are negotiated as a package or if the contracts are for a single project. Conversely, if a contract covers number of projects and if the costs and revenues of such individual projects can be identified within the terms of the overall contract, each such project may be treated as equivalent to a separate contract.

Q. 25. (b) Y. Ltd. undertook a contract No. 80 for ₹ 7,50,000. The contract account showed the following particulars :

## 2012 :

Materials ₹ 30,000, Wages ₹ 25,000, Overheads ₹ 10,000, Plant ₹ 1,00,000 and Materials at site at close ₹ 3,000.

## 2013 :

Materials ₹ 1,00,000, Wages ₹ 60,000, Overheads ₹ 15,000, Materials returned, ₹ 8,000. The Plant at its depreciated value was transferred to contract No. 88. Uncertified work ₹ 15,000.

# 2014 :

Materials ₹ 1,60,000, Wages ₹ 1,00,000, Overheads ₹ 28,000 and Materials ₹ 4,000.

The amount of work certified at the end of the first year was  $\gtrless 1,00,000$ . The work certified upto the end of the second year was  $\gtrless 4,00,000$  and the work certified in the third year was  $\gtrless 3,50,000$ . 80 percent of the certified work was received in cash.

Profit to be taken credit for are one-third and one-half on cash basis in each of the two years1 respectively. Depreciate plant by 10 percent on balance at the beginning of each year. Prepare accounts in respect of the contract at the end of each year.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page <sup>48</sup>

	(Acceptances not yet satisfied)	2355				
		9750				9750

Q. 26. (b) When closing the books of a bank on 31.12.2012 you find in the loan ledger an unsecured balance of ₹2,00,000 in the account of a merchant whose financial condition is reported to you as bad and doubtful. Interest on the same account amounted to ₹20,000 during the year.

How would you deal with this item of interest in 2012 account?

During the year 2013, the bank accepts 75 paise in the rupee on account of the total debt due up to 31.12.2012.

Show the entries and the necessary accounts showing the ultimate effect of the transactions in 2013 books of account under Interest Suspense Method.

#### Answer 26. (b)

Dr.

Date

2012

2013

Jan.1

Dr.

Dec. 31

When preparing the 2012 accounts the sum of ₹20,000 due from the merchant on account of interest should not be carried to Profit and Loss Account, because its recovery was doubtful. It should, therefore, be transferred to an Interest Suspense Account which would appear as a liability in Balance Sheet on 31.12.2012.

Date	Particulars	7	L.F.	Debit (₹)	Credit (₹)
2012	Merchant A/c	Dr.		20,000

- Q. 28. RX Electricity Company Limited decides to replace one of its old plants with a modern one in April, 2014. The plant when installed in the year 2008, costed the company ₹ 32.50 lacs the components of materials and labour being in the ratio of 7:3. It is ascertained that the cost of labour and materials have risen by 35% and 27% respectively. The cost of new plant is ₹ 82.50 lacs and in addition old materials worth ₹ 115,000 are reused. Old materials worth ₹ 210,000 are sold. Under double account system compute the following:
  - (i) The amount to be written off to Revenue A/c.
  - (ii) The amount to be capitalized.
  - (iii) Draw up the necessary Journal entries.
  - (iv) Draw up the Replacement Account.

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 53

# Q. 29. From the following information relating to ST Ltd., prepare a Balance Sheet as on 31/3/2014.

Current Ratio	3
Fixed Assets/Shareholders' Networth	0.9
Reserve & Surplus/Share Capital	0.25
Average Debt Collection period	3months
G.P Ratio	25 %
Cost of Sales/Closing Stock	13.5 times
Net Working Capital	₹ 600,000
Liquid Ratio	2.25
Answer 29. Current Ratio = CA/CL=3 Or, CA = 3 CL Net Working Capital = CA – CL= 6,00,000 Or, 3 CL- CL = 6,00,000 Or, 2 CL = 6,00,000 Or, CL = 3,00,000	
Thus CA = 9,00,000 Liquid Ratio = (CA – Stock)/CL = 2.25 Or, (9,00,000-Stock)/3,00,000 = 2.25 Or, Stock = 225000	ч
Cost of Sales/Closing Stock = 13.5 Cost Of Sales=225000×13.5 = ₹ 30,37,500	
G/P Ratio = 25% Cost of Sales/Sales = 75% Sales = 3037500/75% = ₹ 40,50,000	
Average Debt Collection period = 3 months = 4 times Or, Sales/Debtors = 4 Or, Debtors = 40,50,000/4 = ₹ 10,12,500	

Academics Department, The Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) Page 55

## Fixed Assets/Networth = 0.9

Or, Working Capital/ Net worth = 1-0.9 = 0.1Or, Networth = ₹ 6,00,000/0.1 = ₹ 60,00,000 Fixed Assets =  $0.9 \times 60,00,000 = ₹ 54,00,000$ Reserves & Surplus/Share Capital = 0.25/1Reserves & Surplus + Share Capital = 1+0.25 = 1.25Reserves & Surplus =  $60,00,000 \times 0.25/1.25 = 12,00,000$ Share Capital = ₹ 12,00,000/0.25 = ₹ 48,00,000

## Balance Sheet as on 31.3.2014

Liabilities	●₹	Assets	₹
Share Capital	48,00,000	Fixed Assets	54,00,000
Reserves & Surplus	12,00,000	Current Assets	9,00,000
Current Liabilities / 🤍	3,00,000	7 151	
( <u>u</u> )	63,00,000	P	63,00,000

- Q. 30. ABC Ltd. firm has a sales of ₹6 crores, Variable cost ₹ 3.5 crores and Fixed cost of ₹ 0.65 crores. The firm has debt and equity resources worth of ₹7 crores and 10 crores respectively. With the data given show :
  - (i) The firm's ROI.
  - (ii) EBIT if sales decline to ₹4 crores.
  - (iii) If the industry's assets turnover is 4 times, does the firm has high or low asset turnover? The cost of debt is 12%. Ignore taxation.

(₹ Crore)

#### Answer 30.

/		(( 0)0)0)		
	Sales	9.0		
Less :	Variable cost	<u>5.25</u>		
	Contribution	3.75		
Less :	Fixed Cost	<u>0.975</u>		
	EBIT	2.775		
Less :	Interest	<u>1.26</u>		
	EBT	1.515		
	Total Investment = Debt + Capital			
	10.5+15 =	25.50 Crores		
(i)	ROI = EBIT/Total Investment = 2.775/25.5 =	10.88%		
(ii)	If Sales declines to 6 crores			
	Sales	6.0		
	As Sales declines by 33.33% , Variable Cost also declines by 33.33%	<u>3.5</u>		
	Contribution	2.5		
Less :	Fixed Cost	<u>0.975</u>		
	EBIT	1.525		
Less:	Interest	<u>1.26</u>		
	EBT	0.265		
(iii)	Asset turnover = Sales/Total asset = 9/25.5 = .3529			
The firm has a much lower Asset turnover as compared to the industry.
