1.2 CONSTITUTION [101ST AMENDMENT] ACT, 2016

Constitution (122nd Amendment) Bill, 2014 received the assent of the President of India on 8th September, 2016 and became Constitution (101st Amendment) Act, 2016, which paved the way for introduction of GST in India.

Constitution (101st Amendment) Act, 2016 was enacted on 8th September, 2016, with following significant amendments:

- (a) Concurrent powers on Parliament and State Legislatures to make laws governing goods and services. It means there will be dual control of State and Central authorities for all assessees.

Indirect Taxation

- (b) As per Article 246A, the power to levy GST has been given to the Parliament as well as to Legislature of every State.
- CGST – enacted by Central Government of India.
 - IGST – enacted by Central Government of India.
 - SGST – enacted by respective State Governments
 - UTGST – enacted by Central Government of India
- (c) IGST will be apportioned between Centre and the States in the manner provided by Parliament by Law as per the recommendation of the GST Council.
- (d) GST will be levied on all supply of goods and services except alcoholic liquor for human consumption.
- (e) The explanation to Article 269A of Constitution of India provides that the import of goods or services will be deemed as supply of goods or services or both in the course of inter-State trade or commerce. In case of import of goods IGST will be levied along with the Basic Customs duty. It means IGST is levied in replacement of CVD + Spl. CVD. In case of import of services only IGST will be levied.
- (f) Principles for determining the place of supply and when a supply takes place in the course of inter-state trade or commerce shall be decided by the Parliament.
- (g) The power to levy Central Excise duty on goods manufactured or produced in India is available in respect of the following products:
- Petroleum crude;
 - High speed diesel;
 - Motor spirit (commonly known as petrol);

- Petroleum crude;
 - High speed diesel;
 - Motor spirit (commonly known as petrol);
 - Natural gas;
 - Aviation turbine fuel; and
 - Alcoholic liquor for human consumption.

However, once GST Council is recommend the date from which GST is imposed on these products (except alcoholic liquor for human consumption), and no sales tax will be imposed on these products.

As per definition given in article 366(12A), GST covers all the goods except alcoholic liquor for human consumption. It means no GST can be levied on Alcoholic liquor for human consumption. Present system of State Excise duty and sales tax on Alcoholic liquor for human consumption will continue.

As a result, the following bills became an Act on 12th April 2017:

- Central Goods and Services Tax Bill, 2017
- Integrated Goods and Services Tax Bill, 2017
- Union Territory Goods and Services Tax Bill, 2017
- Goods and Services Tax (Compensation to States) Bill, 2017

Accordingly, Goods and Services Tax (GST) has been implemented in India w.e.f. 1st July, 2017.

1.5 ONE NATION - ONE TAX

GST will extend to whole of India including the State of Jammu and Kashmir.

On 7th July, 2017, the Jammu and Kashmir Goods and Services Tax Bill, 2017 was passed by the State Legislature, empowering the State to levy State GST on intra-state supplies with effect from 8th July, 2017.

Concomitantly, the President of India has promulgated two ordinances, namely, the Central Goods and Services Tax (Extension to Jammu and Kashmir) Ordinance, 2017 and the Integrated Goods and Services Tax (Extension to Jammu and Kashmir) Ordinance, 2017 extending the domain of Central GST Act and the Integrated GST Act to the State of Jammu and Kashmir, with effect from 8th July, 2017.

With this, the State of Jammu and Kashmir has become part of the GST regime, making GST truly a "one nation, one tax" regime.

1.6 DUAL GST MODEL

India adopted a dual GST where tax imposed concurrently by the Central and States.

Dual GST model

SGST	<ul style="list-style-type: none">• State GST• Collected by the State Government
CGST	<ul style="list-style-type: none">• Central GST• Collected by the Central Government
IGST	<ul style="list-style-type: none">• Integrated GST• Collected by the Central Government on inter-state supply of Goods and Services

Central Goods and Services Tax Act, 2017 (CGST):

CGST levied and collected by Central Government. It is a revenue source to the Central Government of India, on intra-state supplies of taxable goods or services or both.

State Goods and Services Tax Act, 2017 (SGST):

SGST levied and collected by State Governments/Union Territories with State Legislatures (namely Delhi and Pondicherry) on intra-state supplies of taxable goods or services or both.

It is a revenue source of the respective State Government.

Union Territory Goods and Services Tax (UTGST):

UTGST levied and collected by Union Territories without State Legislatures, on intra-state supplies of taxable goods or services or both.

Note: India is a Union of States. The territory of India comprises of the territories of the States and the Union Territories. Currently, there are 28 States and 8 Union Territories; of which, three (Delhi, Pondicherry & Jammu and Kashmir) are having Legislature.

GST – in Union Territories without Legislature:

Supplies within such Union territory, Central GST will apply to whole of India and hence, it would be applicable to all Union Territories, with or without Legislature.

To replicate the law similar to State GST to Union Territories without Legislature, the Parliament has the powers under Article 246(4) to make such laws. Alternatively, the President of India may use his general powers to formulate such laws.

Hence, law same as similar to State GST can be formulated for Union Territory without Legislature, by the Parliament.

The following are Union Territories without Legislature:

1. Lakshadweep
2. Daman and Diu and Dadra and Nagar Haveli

3. Andaman and Nicobar Islands
4. Ladakh
5. Chandigarh

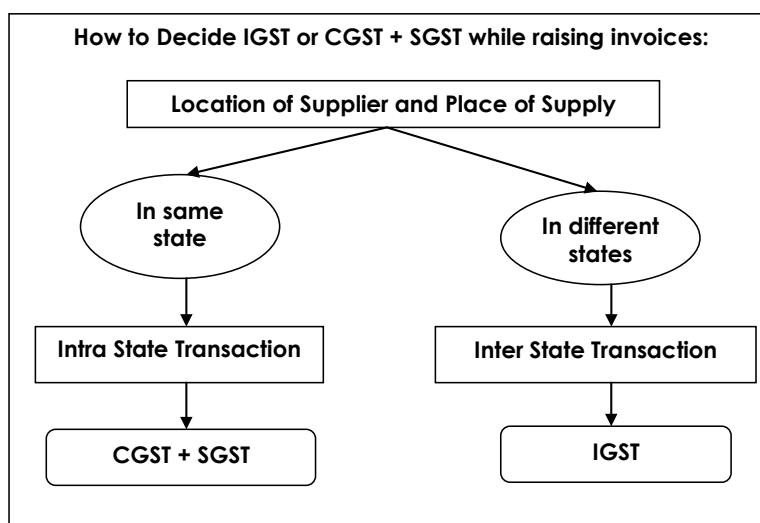

Definition of Union Territory has been amended w.e.f. 30.6.2020 (Section 2(114) of CGST Act, 2017):

Union Territory of Dadra Nagar Haveli and Union Territory of Daman and Diu have been merged in one single Union Territory w.e.f. 26-1-2020. Ladakh has been made Union Territory w.e.f. 31.10.2019.

Integrated Goods and Services Tax Act, 2017 (IGST):

IGST is a mechanism to monitor the inter-state trade of goods and services and ensure that the SGST component accrues to the Consumer State. It would maintain the integrity of ITC chain in inter-state supplies. The IGST rate would broadly be equal to CGST rate plus SGST rate. IGST would be levied and collected by the Central Government on all inter-State transactions of taxable goods or services.

The revenue of inter-state sales will not accrue to the exporting state and the exporting state will be required to transfer to the Centre the credit of SGST/UTGST used in payment of IGST.

1.7 GOODS AND SERVICES TAX NETWORK (GSTN)

Goods and Services Tax Network (GSTN) is a [Section 8 of the Companies Act, 2013, (i.e. not for profit companies)], non-Government, private limited company. Technology backbone for GST in India. GST being a destination based tax, the inter- state trade of goods and services (IGST) would need a robust settlement mechanism amongst the States and the Centre. This is possible only when there is a strong IT Infrastructure and Service back bone which enables capture, processing and exchange of information amongst the stakeholders (including tax payers, States and Central Governments, Accounting Offices, Banks and RBI).

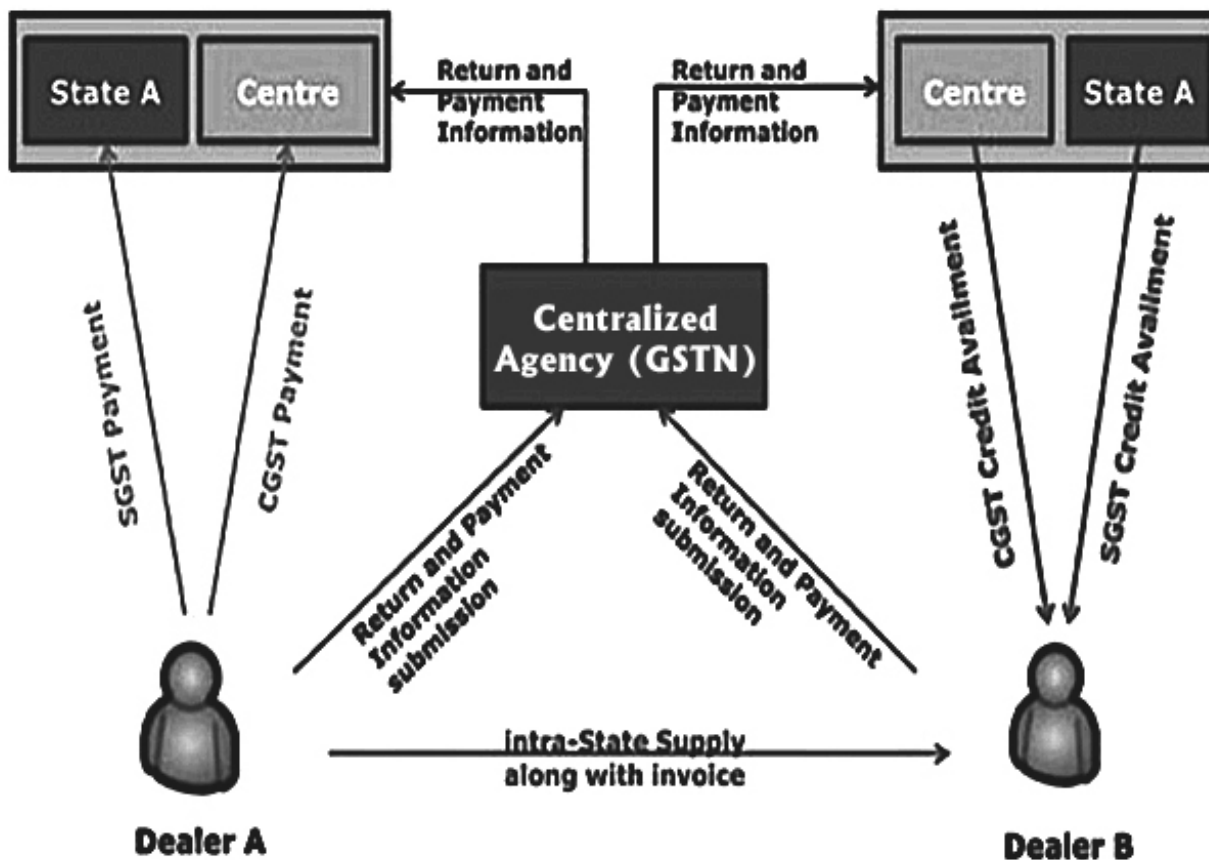

As a result Goods and Services Tax Network (GSTN) has been set up.

GST Network will soon become a 100% govt-owned company:

Cabinet consider converting GSTN to government entity on September 26, 2018.

Goods and Services Tax Network (GSTN):

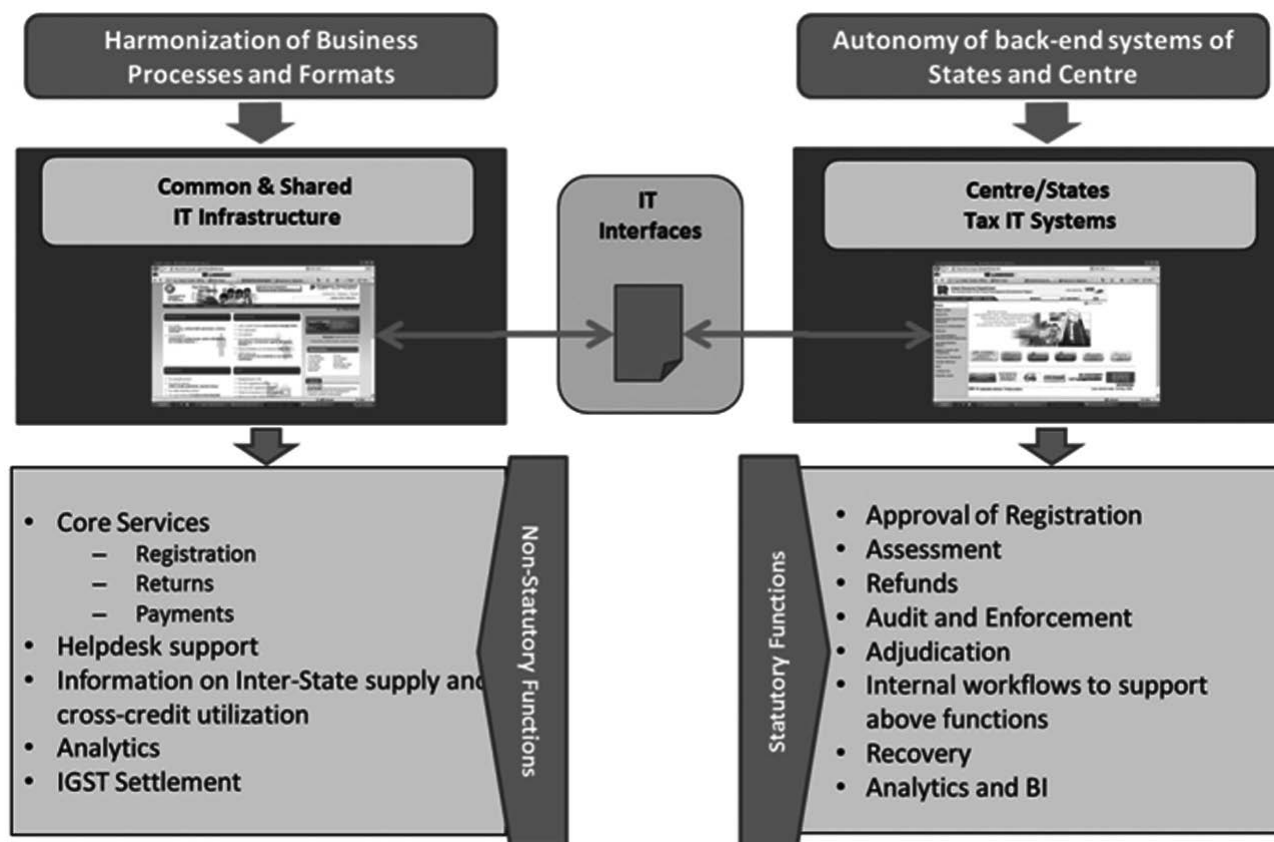

Intra-state transaction - Tax payment and credit flow

**Functions of the GSTN (i.e. Role assigned to GSTN):**

Creation of common and shared IT infrastructure for functions facing taxpayers has been assigned to GSTN and these are:

1. filing of registration application,
2. filing of return,
3. creation of challan for tax payment,
4. settlement of IGST payment (like a clearing house),
5. generation of business intelligence and analytics etc.

All statutory functions to be performed by tax officials under GST like approval of registration, assessment, audit, appeal, enforcement etc. will remain with the respective tax departments.

1.8 GST COUNCIL

As per Article 279A of the Constitution of India, the President of India is empowered to constitute Goods and Services Tax Council. The President of India constituted the GST Council on 15th September, 2016.

The GST Council shall consist of Union Finance Minister as a Chairperson, Union Minister of State in charge of Finance as a member, the State Finance Minister or State Revenue Minister or any other Minister nominated by each State as a member of the Council. The GST Council shall select one of them as Vice Chairperson of Council.

Guiding principle of the GST Council:

The mechanism of GST Council would ensure harmonization on different aspects of GST between the Centre and the States as well as among States. It has been provided in the Constitution (101st Amendment) Act, 2016 that the GST Council, in its discharge of various functions, shall be guided by the need for a harmonized structure of GST and for the development of a harmonized national market for goods and services.

Functions of the GST Council:

Note: Following changes were made, in relation to Section 7, vide the CGST (Amendment) Act, 2018 to:

- **omit clause (d) of sub-section (1) of Section 7.**

For the purposes of this Act, the expression “supply” includes—

- all forms of supply of goods or services or both such as sale, transfer, barter, exchange, licence, rental, lease or disposal made or agreed to be made for a consideration by a person in the course or furtherance of business;
- import of services for a consideration whether or not in the course or furtherance of business; and
- the activities specified in Schedule I, made or agreed to be made without a consideration;

Commentary - The objective to amend Section 7 of the Act is to clarify the scope of supply; It Inserts a new sub-section (1A) in section 7 and omit clause (d) of sub-section (1). Now, first an activity has to be “supply” as per Sch(1) only then it will be tested as per Sch II. The recent AAR whereby supply of canteen services by employer to employee is a supply and hence taxable as per Sch II, clause No 6 (b), will be tested now.

- **New sub section inserted:**

“ (1A) where certain activities or transactions, constitute a supply in accordance with the provisions of sub-section (1), they shall be treated either as supply of goods or supply of services as referred to in Schedule II.

GST is essentially a tax only on commercial transactions. Hence, only those supplies that are in the course or furtherance of business qualify as supply under GST. Hence, any supplies made by an individual in his personal capacity do not come under the ambit of GST unless they fall within the definition of business as defined in the Act.

Sale of goods or service even as a vocation is a supply under GST. Therefore, even if a famous politician paints paintings for charity and sells the paintings even as a one-time occurrence, the sale would constitute supply.

Circular No. 102/21/2019 GST dated 28.06.2019

Services provided by the members of the Joint Venture (JV) to the JV and vice versa or between the members of the JV:

JV (an unincorporated temporary association constituted for the limited purpose of carrying out a specified project) and the members of the JV are treated as distinct persons and therefore, taxable services provided for consideration, by the JV to its members or vice versa and between the members of the JV are taxable [Circular No. 35/9/2018-GST, dated 5th March, 2018].

If cash calls are merely a transaction in money, they are excluded from the definition of service and not taxable.

If cash calls are not merely a transaction in money, they are included in the definition of service and hence taxable.

Example 30: There are 4 members in the JV including the operating member and each one contributes ₹100 as part of their share. A total amount of ₹ 400 is collected. The operating member purchases machinery for ₹400 for the JV to be used in oil production.

Answer: In given case, the money paid for purchase of machinery is merely in the nature of capital contribution and is therefore a transaction in money.

It will not be the subject matter of 'GST'.

Example 31: There are 4 members in the JV including the operating member and each one contributes ₹100 as part of their share. A total amount of ₹400 is collected. The operating member thereafter uses its own machine and performs exploration and production activities on behalf of the JV.

Answer: The operating member uses its own machinery and is therefore providing 'service' within the scope of supply of CGST Act, 2017. This is because in this scenario, the operating member is recovering the cost appropriated towards machinery and services from the other JV members in their participating interest ratio.

Therefore, it will attract GST in the hands of operating member.

Conclusion: any transaction involving supply of goods or services or both without consideration is not a supply unless it is deemed to be a supply under GST Law (i.e. Schedule I of the CGST Act, 2017, Activities to be treated as supply even if made without consideration).

- (2) If the tax on such import of services had been paid in full under the existing law [i.e. as per Finance Act, 1994 (Service Tax)], no tax shall be payable on such import under the IGST Act.
- (3) In case the tax on such import of services had been paid in part under the existing law, the balance amount of tax shall be payable on such import under the IGST Act.

Example : 32

Suppose a supply of service for ₹ 1 crore was initiated prior to the introduction of GST, a payment of ₹ 20 lacs has already been made to the supplier and service tax has also been paid on the same, then IGST shall have to be paid on the balance ₹ 80 lacs.

Section 7(1A) where certain activities or transactions, constitute a supply in accordance with the provisions of sub-section (1), they shall be treated either as supply of goods or supply of services as referred to in Schedule II.

The objective to amend Section 7 of the Act is to clarify the scope of supply; It Inserts a new sub-section (1A) in section 7 and omit clause (d) of sub-section (1). (C) Transfer of the right to use any goods for any purpose

In the case of Bharat Sanchar Nigam Ltd. v Union of India 2006 (2) STR 161 (SC), transfer of right to use goods is not transaction of service but transaction of sale of goods. However, the clause 5(f) of Schedule II of CGST Act, 2017 specifically provides that transfer of right to use goods for any purpose shall constitute supply of service. As a result the above judgment will not be helpful under GST.

Example : 84

Ram has given his tempos on hire to Gupta Brothers for transportation of foodstuff for ₹ 40,00,000. He has also transferred the right to use such tempos to Gupta Brothers. Discuss whether Ram is liable to pay GST on the said transaction.

Answer:

It is treated as supply of service. Ram is liable to pay GST.

**(D) Composite supply :**

- (a) Works contract.
 (b) Supply of food or any other article for human consumption (other than alcoholic liquor for human consumption).

Section 2(119) of CGST Act, 2017 “works contract” means a contract for building, construction, fabrication, completion, erection, installation, fitting out, improvement, modification, repair, maintenance, renovation, alteration or commissioning of any immovable property wherein transfer of property in goods (whether as goods or in some other form) is involved in the execution of such contract;

Example : 85

S Pvt. Ltd. was awarded a contract in July 20XX for providing flooring and wall tiling services in respect of a building located in Delhi by N Ltd. As per the terms of contract, S Pvt. Ltd. was to provide all the required material for execution of the contract. However, N Ltd. also provided a portion of the material.

Whether the services provided by S Pvt. Ltd. are subject to GST? If yes, determine the GST liability of S Pvt. Ltd. from the following particulars-

Particulars	₹
(i) Gross amount charged by the S Pvt. Ltd.	6,00,000
(ii) Fair market value of the material supplied by N Ltd.	1,00,000
(iii) Amount charged by N Ltd. for the material [included in (i) above]	60,000

Note: CGST 6% and SGST 6%.

Answer:

Works contract is treated as supply of service

Gross amount charged by the S Pvt. Ltd.	6,00,000
Add: Fair market value of the material supplied by N Ltd.	1,00,000
Less: Amount charged by N Ltd. for the material	(60,000)
Total value subject to GST	6,40,000

CGST 6% × 6,40,000 =	₹ 38,400
SGST 6% × 6,40,000 =	₹ 38,400
Total GST liability =	₹ 76,800

Supply of food or any other article for human consumption (other than alcoholic liquor for human consumption).

Example : 86

Food supplied in a restaurant has the facility of air-conditioning:

Particulars	Amount (₹)
Total Food Bill	1,000
Service charges @10%	100
Total bill (before GST)	1,100
Add: CGST 9% on ₹ 1,100	99
Add: SGST 9% on ₹ 1,100	99
Total Bill payable by customer (rounded off)	1,298

Note: Supply of alcoholic liquor for human consumption will not be considered as a service. It will continue to be taxed by the State in the manner currently being taxed.

Supply of goods, by any unincorporated association or body of persons to a member thereof for cash, deferred payment or other valuable consideration.

Examples : 87

A club has opened up a shop. The members can purchase various goods from such shops. It is a supply of goods.

A local association supplies tea and snacks to its members during its meeting for a nominal payment. It is also called as supply of goods.

As per Circular 73/2018 dated 05.11.2018 - Scope of principal and agent relationship under Schedule I of CGST Act, 2017 in the context of del-credere agent

A DCA is a selling agent who is engaged by a principal to assist in supply of goods or services by contacting potential buyers on behalf of the principal. The factor that differentiates a DCA from other agents is that the DCA guarantees the payment to the supplier. In such scenarios where the buyer fails to make payment to the principal by the due date, DCA makes the payment to the principal on behalf of the buyer (effectively providing an insurance against default by the buyer), and for this reason the commission paid to the DCA may be relatively higher than that paid to a normal agent. In order to guarantee timely payment to the supplier, the DCA can resort to various methods including extending short-term transaction-based loans to the buyer or paying the supplier himself and recovering the amount from the buyer with some interest at a later date. This loan is to be repaid by

the buyer along with an interest to the DCA at a rate mutually agreed between DCA and buyer. Concerns have been expressed regarding the valuation of supplies from Principal to recipient where the payment for such supply is being discharged by the recipient through the loan provided by DCA or by the DCA himself. Issues arising out of such loan arrangement have been examined and the clarifications on the same are as below:

Sl. No.	Issue	Clarification
1	Whether a DCA falls under the ambit of agent under Para 3 of Schedule I of the CGST Act?	<p>As already clarified vide circular No. 57/31/2018-GST dated 4th September, 2018, whether or not the DCA will fall under the ambit of agent under Para 3 of Schedule I of the CGST Act depends on the following possible scenarios:</p> <ul style="list-style-type: none"> ▶ In case where the invoice for supply of goods is issued by the supplier to the customer, either himself or through DCA, the DCA does not fall under the ambit of agent. ▶ In case where the invoice for supply of goods is issued by the DCA in his own name, the DCA would fall under the ambit of agent.
2	Whether the temporary short-term transaction based loan extended by the DCA to the recipient (buyer), for which interest is charged by the DCA, is to be included in the value of goods being supplied by the supplier (principal) where DCA is not an agent under Para 3 of Schedule I of the CGST Act?	<p>In such a scenario following activities are taking place:</p> <ol style="list-style-type: none"> 1. Supply of goods from supplier (principal) to recipient; 2. Supply of agency services from DCA to the supplier or the recipient or both; 3. Supply of extension of loan services by the DCA to the recipient. <p>It is clarified that in cases where the DCA is not an agent under Para 3 of Schedule I of the CGST Act, the temporary short-term transaction based loan being provided by DCA to the buyer is a supply of service by the DCA to the recipient on Principal to Principal basis and is an independent supply.</p> <p>Therefore, the interest being charged by the DCA would not form part of the value of supply of goods supplied (to the buyer) by the supplier. It may be noted that vide notification No. 12/2017-Central Tax (Rate) dated 28th June, 2017 (S. No. 27), services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount (other than interest involved in credit card services) has been exempted.</p>
3.	Where DCA is an agent under Para 3 of Schedule I of the CGST Act and makes payment to the principal on behalf of the buyer and charges interest to the buyer for delayed payment along with the value of goods being supplied, whether the interest will form a part of the value of supply of goods also or not?	<p>In such a scenario following activities are taking place:</p> <ol style="list-style-type: none"> 1. Supply of goods by the supplier (principal) to the DCA; 2. Further supply of goods by the DCA to the recipient; 3. Supply of agency services by the DCA to the supplier or the recipient or both; 4. Extension of credit by the DCA to the recipient. <p>It is clarified that in cases where the DCA is an agent under Para 3 of Schedule I of the CGST Act, the temporary short-term transaction based credit being provided by DCA to the buyer no longer retains its character of an independent supply and is subsumed in the supply of the goods by the DCA to the recipient. It is emphasised that the activity of extension of credit by the DCA to the recipient would not be considered as a separate supply as it is in the context of the supply of goods made by the DCA to the recipient.</p> <p>It is further clarified that the value of the interest charged for such credit would be required to be included in the value of supply of goods by DCA to the recipient as per clause (d) of sub-section (2) of section 15 of the CGST Act.</p>

Whether GST is applicable on the superior kerosene oil [SKO] retained for the manufacture of Linear Alkyl Benzene [LAB]?

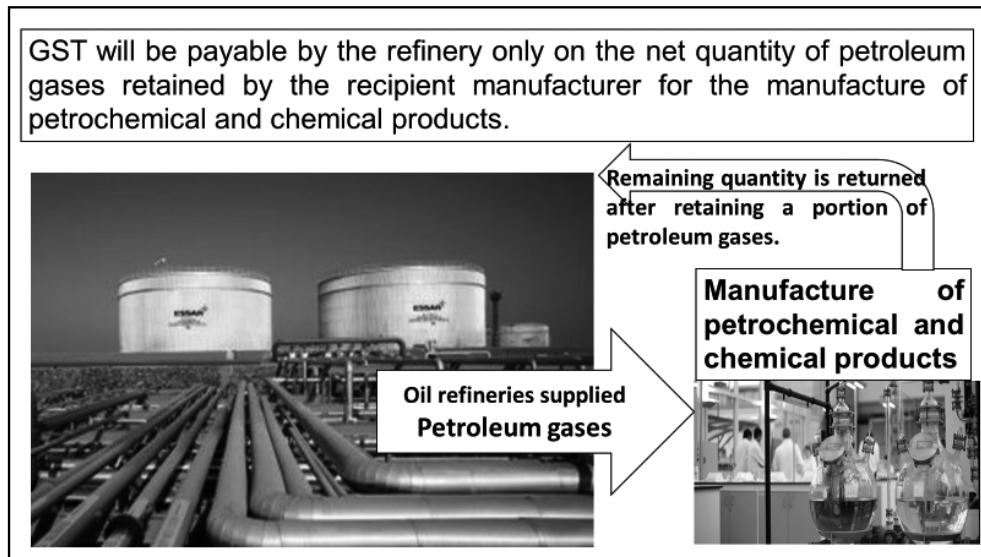

CBIC Circular No. 53/27/2018-GST, dated 9th August 2018.

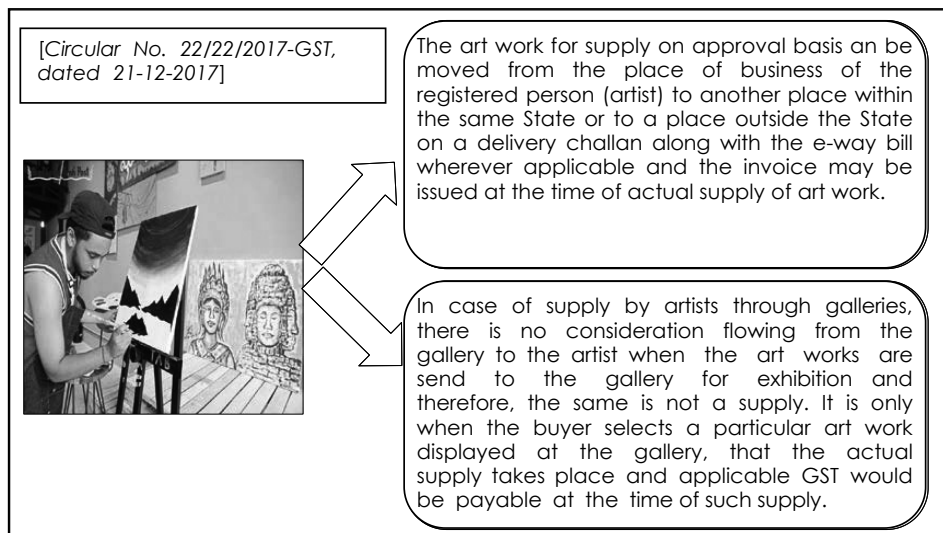

Clarification regarding applicability of GST on the petroleum gases retained for the manufacture of petrochemical and chemical products:

Applicability of GST on petroleum gases, which are supplied by oil refineries to them on a continuous basis through dedicated pipelines, while a portion of the raw material is retained by these manufacturers (recipient of supply), and the remaining quantity is returned to the oil refineries. In this regard, an issue has arisen as to whether in this transaction GST would be leviable on the whole quantity of the principal raw materials supplied by the oil refinery or on the net quantity retained by the manufacturers of petrochemical and chemical products.

It is hereby clarified that, in the aforesaid cases, GST will be payable by the refinery only on the net quantity of petroleum gases retained by the recipient manufacturer for the manufacture of petrochemical and chemical products. Though, the refinery would be liable to pay GST on such returned quantity of petroleum gases, when the same is supplied by it to any other person. It is reiterated that this clarification would be applicable mutatis mutandis on other cases involving supply of goods, where feed stock is retained by the recipient and remaining residual material is returned back to the supplier. The net billing is done on the amount retained by the recipient.

2.3 COMPOSITE AND MIXED SUPPLIES

Composite and Mixed Supplies (Section 8 of CGST Act, 2017):

Composite supply is when two or more goods are sold in a combination, it becomes difficult to identify the rate of tax to be levied. For such goods or services, CGST Act, 2017 has provided with two terms:

- (i) Composite supply and
- (ii) Mixed supply.

Composite supply is similar to the concept of "bundled service" as under service tax laws in the existing regime. Both Composite supply and Mixed supply consist of two or more taxable supplies of goods or services or both but the main difference between the two is that Composite supply is naturally bundled i.e., goods or services are usually provided together in normal course of business and cannot be separated. Whereas in Mixed supply, the goods or services can be sold separately.

- (1) **Composite Supply** : Composite supply consists of two or more goods/services, which is naturally supplied with each other in the ordinary course of business and one of them is a principal supply. The items cannot be supplied separately.

Note: Principal supply means the supply of goods or services, which constitute the predominant element of a composite supply and to which another supply is ancillary/secondary.

Following two conditions are necessary for composite supply:

- (a) Supply of two or more goods or services together, AND
- (b) It should be a natural bundle and they cannot be separated.

Example : 88

Booking of Air Tickets which involves cost of the meal to be provided during travel will be Composite supply and tax will be calculated on the principle supply which in this case is transportation of passengers through flight.

Example : 89

M/s P Ltd. entered into a contract with M/s Z Ltd. for supply of goods. Where goods are packed and transported with insurance. The supply of goods, packing materials, transport and insurance is a composite supply and supply of goods is a principal supply.

Example : 90

A Five-star hotel provides four days and three-night package, with breakfast. This is a composite supply as the package of accommodation facilities and breakfast is a natural combination in the ordinary course of business for a hotel. In this case, the hotel accommodation is the principal supply, and breakfast is ancillary to the hotel accommodation.

The hotel accommodation attracts 18% tax and the restaurant service attracts 28% tax. As per the example, hotel accommodation is the principal supply, and the entire supply will be taxed at 18%.

Example : 91

Mr. Ravi being a dealer in laptops, sold a laptop bag along with the laptop to a customer, for ₹ 55,000. CGST and SGST for laptop @18% and for laptop bag @28%. What would be the rate of tax leviable? Also find the GST liability.

Answer:

If the laptop bag is supplied along with the laptop in the ordinary course of business, the principal supply is that of the laptop and the bag is an ancillary.

Therefore, it is a composite supply and the rate of tax would that as applicable to the laptop.

Hence, applicable rate of GST 18% on ₹ 55,000.

CGST is ₹ 4,950 and SGST is ₹ 4,950

- (2) Mixed supply :** In Mixed supply two or more individual supplies combination of goods or services with each other for a single price. Each of these items can be supplied separately and is not dependent on each other. In other words, the combination of goods or services are not bundled due to natural necessities, and they can be supplied individually in the ordinary course of business.

For tax liability purpose, mixed supply consisting of two or more supplies shall be treated as a supply of that item which has the **highest tax rate**.

Example : 92

Diwali gift hamper which consist of different Items like sweets, chocolates, cakes, dry fruits packed in one pack is Mixed supply as these items can be sold separately and it shall be treated as a supply of that particular item which attracts the highest rate of tax.

Example : 93

M/s X Ltd. a dealer offer combo packs of shirt, watch, wallet, book and they are bundled as a kit and this kit is supplied for a single price and the supply of one item does not naturally necessitate the supply of other elements. Hence the supply is a mixed supply. Tax rate for a shirt, watch, wallet and book are 12%, 18%, 5% and Nil respectively. In this case, watch attracts the highest rate of tax in the mixed supply i.e., 18%. Hence, the mixed supply will be taxed at 18%.

Example : 94

Mr. A booked a Rajdhani train ticket, which includes meal. Is it composite supply or mixed supply?

Answer:

It is a bundle of supplies. It is a composite supply where the products cannot be sold separately. The transportation of passenger is, therefore, the principal supply.

Rate of tax applicable to the principal supply will be charged to the whole composite bundle.

Therefore, rate of GST applicable to transportation of passengers by rail will be charged by IRCTC on the booking of Rajdhani ticket.

Example : 95

Space Bazar offers a free bucket with detergent purchased. Is it composite supply or mixed supply? Assume rate of GST for detergent @28% and bucket @18%.

Answer:

This is a mixed supply. These items can be sold separately.

Product which has the higher rate, will apply on the whole mixed bundle.

Supply of external storage battery with UPS, constitutes as 'Mixed Supply'

In the case of **Switching Avo Electro Power Ltd.** (2018) 96 taxmann.com 106 (AAAR-West Bengal), the Appellant Authority for Advance Ruling upheld the ruling of Authority for Advance Ruling that when the storage battery or electric accumulator is supplied separately with the static converter (UPS), it would be considered as a mixed supply or not naturally bundled supply.

Here the appellant contended that the UPS cannot function without battery as the same is an integral part of UPS and it is naturally bundled and supplied in conjunction with each other, therefore the supply of static converter along with the external battery should be considered as a composite supply and not mixed supply.

However, the AAAR opined that the when a UPS is supplied with built-in batteries in a manner that the supply of the battery is inseparable from the supply of the UPS, and the two items are 'naturally bundled' then it should be treated as a composite supply under Section 2(30) of the CGST Act, but when the storage batteries having multiple uses is supplied with the static converter i.e. UPS, it cannot be said that they are naturally bundled even if the same is supplied under a single contract at a combined single price. Therefore, the supply of external storage battery supplied with UPS would be considered as a 'mixed supply'.

Bus body building activity is a supply of goods or services? As per CBIC Circular No. 52/26/2018-GST, dated 09.08.2018,

Thus, fabrication of buses may involve the following two situations:

- (a) Bus body builder builds a bus, working on the chassis owned by him and supplies the built -up bus to the customer, and charges the customer for the value of the bus.
- (b) Bus body builder builds body on chassis provided by the principal for body building, and charges fabrication charges (including certain material that was consumed during the process of job-work).

In the above context, it is hereby clarified that in case as mentioned (a) above, the supply made is that of bus, and accordingly supply would attract GST @28%.

In the case as mentioned at (b) above, fabrication of body on chassis provided by the principal (not on account of body builder), the supply would merit classification as service, and 18% GST as applicable will be charged accordingly.

Simplified Approach:

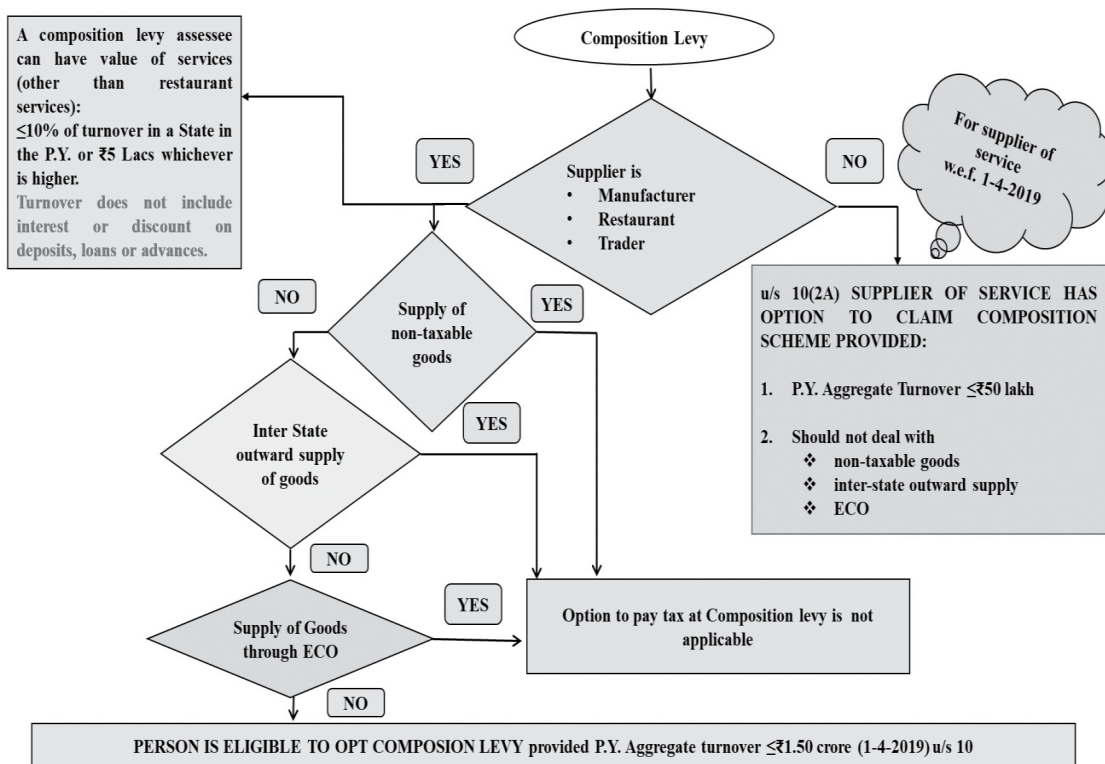

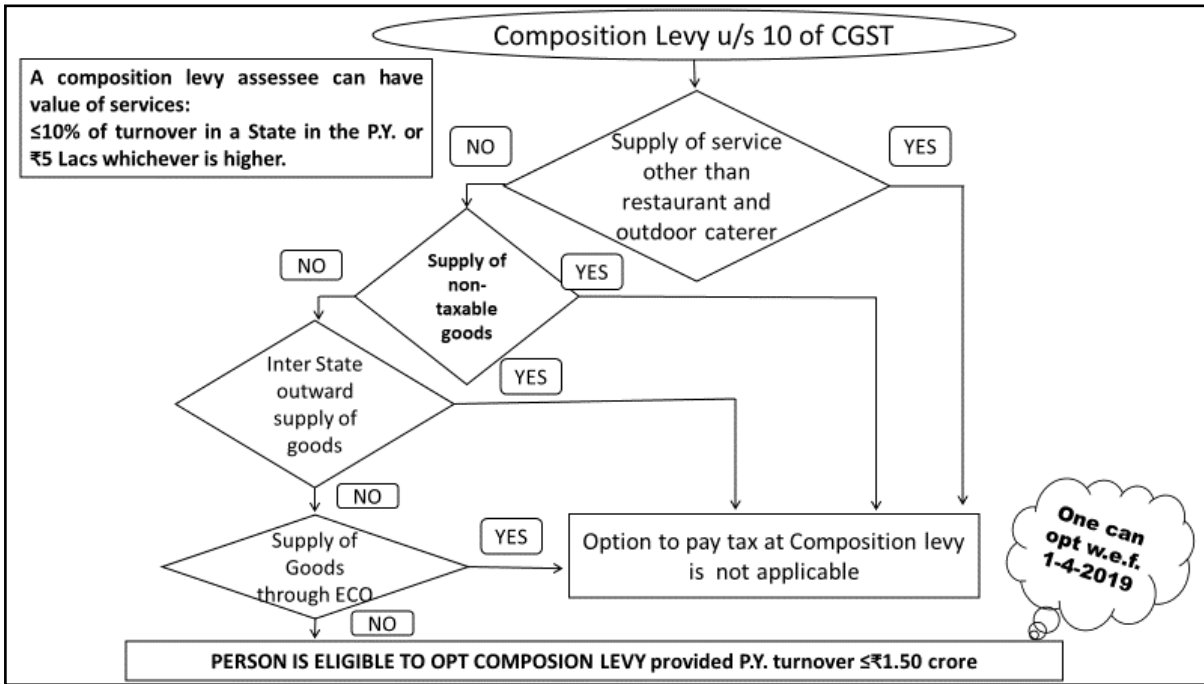

2.5 COMPOSITION LEVY

Composition Scheme

The Government of India provides for simplified and easy of doing business scheme for payment of taxes and filling of returns to certain categories of taxable person. As a result such taxable person is not required to maintain elaborate records and filing detailed returns. Section 10 of the CGST Act, provides for composition levy to such person.

Person eligible for Composition Levy u/s 10 of CGST Act:

For the purpose of determination of 10% of turnover in a State or UT in the preceding financial year or ₹5,00,000 whichever is higher: -

w.e.f. 1-8-2019, explanation inserted with regard to turnover:—

the value of exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount shall not be taken into account for determining the value of turnover in a State or UT.

Example: 97

Ram & Co. being a trader of cell phones registered under GST in the State of Tamil Nadu and furnished the following information relating to preceding financial year:

Particulars	Value (₹ in lakhs)
Intra-State supply of taxable goods	120
Intra-State supply of exempted goods	10
Intra-State Supply of taxable services	5
Intra-State supply of exempted services	3
Interest earned on deposits/loans/advances	15.50

Whether Ram & Co. is eligible for composition scheme in the current financial year?

Answer:

Aggregate turnover of Ram & Co. of Ram & Co. in the preceding financial year:

Particulars	Value (₹ in lakhs)	Remarks
Intra-State supply of taxable goods	120	Addable into the aggregate turnover
Intra-State supply of exempted goods	10	-do-
Intra-State Supply of taxable services	5	-do-
Intra-State supply of exempted services	3	
Interest earned on deposits/loans/advances	Nil	Not addable into the aggregate turnover
Aggregate turnover	138	Not exceeded ₹150 lakh.

Value of services not exceeded 10% of turnover or ₹5,00,000 whichever is higher:

Value of taxable output supply of service = ₹5 lakh

Add: value of exempted output supply of service = ₹3 lakh

Total value of services = ₹8 lakh

Supply of service as % on turnover = $(₹8 \text{ lakh} / ₹138 \text{ lakh}) \times 100 = 5.80\%$

Permissible limit:

10% of turnover = ₹13.80 lakh (i.e. ₹138 lakh x 10%)

w.e.f 1-8-2019, Interest earned on deposits/loans/advances shall not be taken into account for determining the value of turnover in a State or UT.

Or

₹5 lakh

Whichever is higher

Therefore, the value of service upto ₹ 13.80 lakh can be supplied by Ram & Co.

In the given case supply of services (excluding interest earned on deposits/loans/advances) did not exceed the permissible limit and hence, Ram & Co. is eligible for composition scheme in the current financial year

w.e.f. 1-4-2019 Extension in the limit of threshold of aggregate turnover for availing Composition Scheme to ₹1.5 crores:

Inter-state supplies between distinct persons having same PAN	<ul style="list-style-type: none"> • Compensation Cess
Supply on own account and on behalf of principal.	<ul style="list-style-type: none"> • Interest earned on deposits, loans & advances

Important points:

- (i) The turnover will be computed PAN wise.
- (ii) The partner and partnership firm will have different PAN Nos. Thus the turnover of the partner and partnership firm will not be aggregated.
- (iii) The HUF and individual coparcener of the family have different PAN Nos. Hence, turnover of Karta of HUF in his individual capacity and turnover of Karta as a Karta of HUF will not be aggregated.

Therefore, the benefit of composition scheme will be extended to M/s X & Co.

Working Note:

Value of service = ₹1 L / 60 L x 100 = 1.67%

Example : 101

Mr. A is a paper merchant own 5,000 sq ft., shop at Chennai. Mr. A offered extra space available in their shop to supplier to put up their advertisement. His turnover in the previous year from sale of goods ₹20 lakhs and advertising services ₹2 lakhs. Mr. A is eligible for composition scheme in the current year

Hot Breads Pvt. Ltd is the supplier of bakery products registered in the current financial year (2017-18) w.e.f. 1st Oct. 2017. In the month of Oct. 2017 total taxable supplies ₹88 lakhs.

Answer the following:

- (a) Company is eligible for Composition Scheme?
- (b) If so company wants to pay tax @1% being a trader. However, the Deputy Commissioner of Central Tax contended that the assessee is liable to pay tax @5% under the Food and Restaurant Services category? Advise.

Answer:

- (a) Hot Breads Pvt. Ltd. is eligible for composition levy in the current year.
- (b) The supply of food and restaurant services category is the only service included under the composition scheme. For a business to be categorised as food and restaurant services, there needs to be an element of service involved.

In the given case, supply of bakery products, there is only a supply of goods i.e. food items but there is no element of supply of service. Hence supply of bakery products is eligible to pay GST @1%, under the Traders category and not Food and Restaurant Services category.

Therefore, department contention is not correct.

- (iii) If prem is running a restaurant with turnover of ₹65,00,000 instead of consultancy firm as well as a fancy store, would he be eligible for composition scheme?**

Example : 116

Mr. Sitaram is running a consulting firm and also a readymade garment show room, registered in same PAN. Turnover of the showroom is ₹ 60 lakh and receipt of the consultancy firm is ₹ 12 Lakh in the preceding financial year.

You are required to answer the following:

- a) Is Mr. Sitaram eligible for Composition Scheme?*
- b) Whether it is possible for Mr. Sitaram to opt for composition only for Showroom?*
- c) Rework, if Mr. Sitaram is running a restaurant as well as readymade garment show room, whether he is eligible for composition?*
- d) If the turnover of garment showroom is ₹ 75 Lakh in the preceding financial year and there is no consulting firm whether he is eligible for Composition?*

Answer:

- a) Mr. Sitaram is providing services in consulting firm hence he is not eligible for composition scheme.*
- b) If a business is ineligible to opt for composition then all other business registered under the same PAN shall automatically ineligible for the composition scheme. So Mr. Sitaram is not eligible for composition scheme only for showroom.*
- c) Restaurant services and readymade garments show room are eligible for the composition scheme. Hence Mr. Sitaram is eligible for Composition Scheme, since, his aggregate turnover is ₹ 72 lakhs (i.e. less than ₹ 1.50 crore).*
- d) Yes, Mr. Sitaram is eligible for composition scheme as turnover of his firm does not exceed ₹ 1.50 crore in the preceding financial year.*

Example : 117

Mr. Rahim is dealer who is selling taxable goods, exempted goods and non-taxable goods (i.e. Liquor). His turnover in the preceding financial year is ₹ 35 lakh, ₹ 10 lakh, ₹ 15 lakh goods which are leviable to GST, exempted and non-taxable respectively. Whether Mr. Rahim is eligible for Composition Scheme?

Answer:

If a person is selling the goods, which are not leviable to tax under GST, then he is not eligible to opt for composition scheme.

In this case even though the aggregate turnover not exceeds ₹ 1 crore, Mr. Rahim is not eligible for composition Scheme.

**Example : 118**

Mr. H registered in Hyderabad, who is selling goods from Telangana to Tamil Nadu. Turnover of Mr. H is ₹ 73 Lakh in the preceding financial year. Whether Mr. H is eligible for Composition?

**Example : 121**

Mr. CMA Ram is a practicing Cost Accountant in Patna (Bihar). He commenced profession on 1st April 20XX and his annual turnover (intra-State) of ₹70 lakh in the financial year. Find the tax liability under composition scheme (vide Notification No. 2/2019-Central Tax (Rate) dated 07th March, 2019) if any? Normal rate of CGST 9% & SGST 9%.

Answer:

Total turnover	=	₹70 lakh
Less: upto which no registration is required	=	-₹20 lakh
Balance taxable turnover	=	₹50 lakh
GST 6% applicable turnover	=	₹30 lakh (i.e. ₹ 50 lakh - ₹20 lakh)
GST 18% at normal rate applicable turnover	=	₹20 lakh (i.e. ₹ 70 lakh - ₹50 lakh)
CGST 3% = ₹90,000 [(i.e. ₹30 lakh) × 3%]		
SGST 3% = ₹90,000 [(i.e. ₹30 lakh) × 3%]		
CGST 9% = ₹1,80,000 [(i.e. ₹20 lakh × 9%)]		
SGST 9% = ₹1,80,000 [(i.e. ₹20 lakh × 9%)]		

Note:

(1) For the purposes of this Notification No. 2/2019-Central Tax (Rate) dated 07th March, 2019, the expression "first supplies of goods or services or both" shall, for the purposes of determining eligibility of a person to pay tax under this notification, include the supplies from the first day of April of a financial year to the date from which he becomes liable for registration under the said Act but for the purpose of determination of tax payable under this notification shall not include the supplies from the first day of April of a financial year to the date from which he becomes liable for registration under the Act.

(2) In the next financial year, Mr. CMA Ram is not eligible for composition scheme vide Notification No. 2/2019-Central Tax (Rate), dated 07th March, 2019.

Export of goods	35	Treated as inter-State Supply of goods and hence addable in to the aggregate turnover.
Inter-State inward supply of goods	Nil	Not addable. Since, it is not the turnover of M/s C Ltd.
CGST & SGST	Nil	Not addable
Aggregate Turnover	94	

Working note (1):
 Service portion on aggregate turnover = ₹ 9.40 lakhs
 ₹ 9.40 lakh (i.e. 10% on ₹ 94 lakh) or

 M/s C Ltd. being trader dealing in intra-State as well as Inter-State (i.e. export of goods) supplies and hence, not eligible for composition levy in the current year, even though aggregate turnover in the preceding financial year does not exceeds ₹1.50 crore.

Mayo College General Council v. CCEx. (Appeals) 2012 (28) STR 225 (Raj):

Mayo College, was a society running internationally renowned schools. It allowed other schools to use the name 'Mayoor School', its logo and moto, and as a consideration thereof received collaboration fees from such schools which comprised of a non-refundable amount and annual fee.

Department Contention:

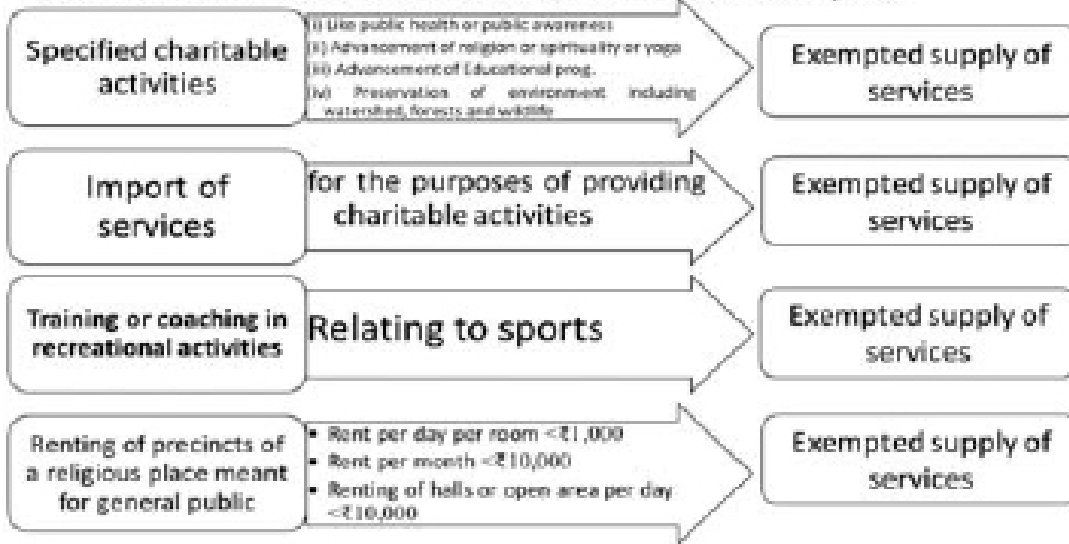

The petitioner was engaged in providing franchise service to schools that were running their institutes using its school name 'Mayoor School'. Therefore, a show cause notice proposing recovery of GST along with interest and penalty was issued against them.

Decision: The High Court held that when the petitioner permitted other schools to use their name, logo as also motto, it clearly tantamount to providing 'franchise service' to the said schools and if the petitioner realized the franchise or collaboration fees from the franchise schools, the petitioner was duly bound to pay GST to the department.

Therefore, decision is given in favour of department and against petitioner.

Mr. A owns a residential building in a prime commercial locality. Basement of the building is leased to Mr. B, a wholesaler. One-fourth of the basement is used by Mr. B as his office and remaining portion is used as a godown for storing his merchandise.

Ground floor of the building is given on rent to Mr. C who uses the same as a guest house for his business contacts. First floor of the building is occupied by Mr. A. and his family. Second floor is given on rent to Mr. D who uses the same as his residence.

There is a large vacant land in the backyard of the building which is also given on rent to a parking contractor, Mr. E who has set up a parking facility on the said land.

Separate rent/lease deeds have been executed in respect of each floor of the building and vacant land given on rent/lease.

Examine the GST liability of Mr. A with respect to the residential building owned by him.

Answer :

Renting of immovable property (whether residential or commercial) is supply of service as per Serial No. 5(a) of Schedule II. However, services by way of renting of residential dwelling for use as residence are covered under exempted supply of services and are thus not liable to GST.

Since, Mr. A has let out different floors of his residential building to different tenants and separate rent/lease deeds have been executed in respect of each floor of such building and vacant land given on rent/lease, principle of composite or mixed supply will not apply. In this backdrop, the taxability of each of the floor of the building and vacant land owned by Mr. A is discussed as under:

- (i) Basement: Leasing out of the basement of the building to Mr. B would not be covered under exemption list of services as Mr. B uses the basement for commercial purpose. Thus, it would be liable to GST as supply of service.**

- (ii) **Ground floor: Renting of ground floor of the building to Mr. C for being used as a guest house will not be covered under exemption list of services since Mr. C uses it for commercial purpose. Thus, it would be liable to GST as supply of service.**
- (iii) **First floor: Since Mr. A uses the first floor of the building himself, it would not be a supply and thus, would not be liable to tax.**
- (iv) **Second floor: Renting of second floor of the building to Mr. D for being used as a residence would not be chargeable to GST as it is covered in exemption list of supply of services.**
- (v) **Vacant land: Though vacant land is also an immovable property, renting thereof to Mr. E, a parking contractor, will not be covered under exemption list of services since Mr. E uses it for commercial purpose. Thus, it would be liable to GST.**

Answer:

Renting of precincts of a religious place meant for general public, owned or managed by an entity registered as a charitable or religious trust under section 12AA of the Income-tax Act, 1961 is exempt from GST.

Services by way of Transport of Goods (i.e., Liquor) in a vessel from Chennai Port to Port Blair Port attract GST

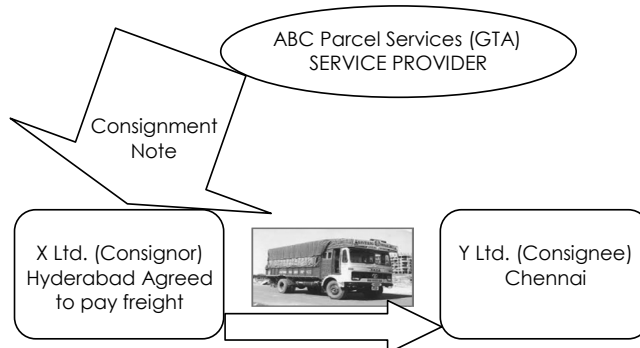

Goods Transport Agency – GST will be levied:

Under GST laws, the definition of Goods Transport Agency is provided in clause (ze) of notification no.12/2017-Central Tax (Rate) dated 28.06.2017. (ze) "goods transport agency" means any person who provides service in relation to transport of goods by road and issues consignment note, by whatever name called;

Example : 165

ABC Parcel Services is a goods transport agency issued consignment note to X Ltd. for transporting of goods from Hyderabad to Y Ltd of Chennai. Hence, ABC Parcel Services is a provider of GTA service.

Individual truck/tempo operators who do not issue any consignment note are not covered within the meaning of the term GTA. As a result, the services provided by such individual transporters who do not issue a consignment note will be covered by the entry at Sl. No. 18 of notification no. 12/2017 - Central Tax (Rate), which is exempt from GST.

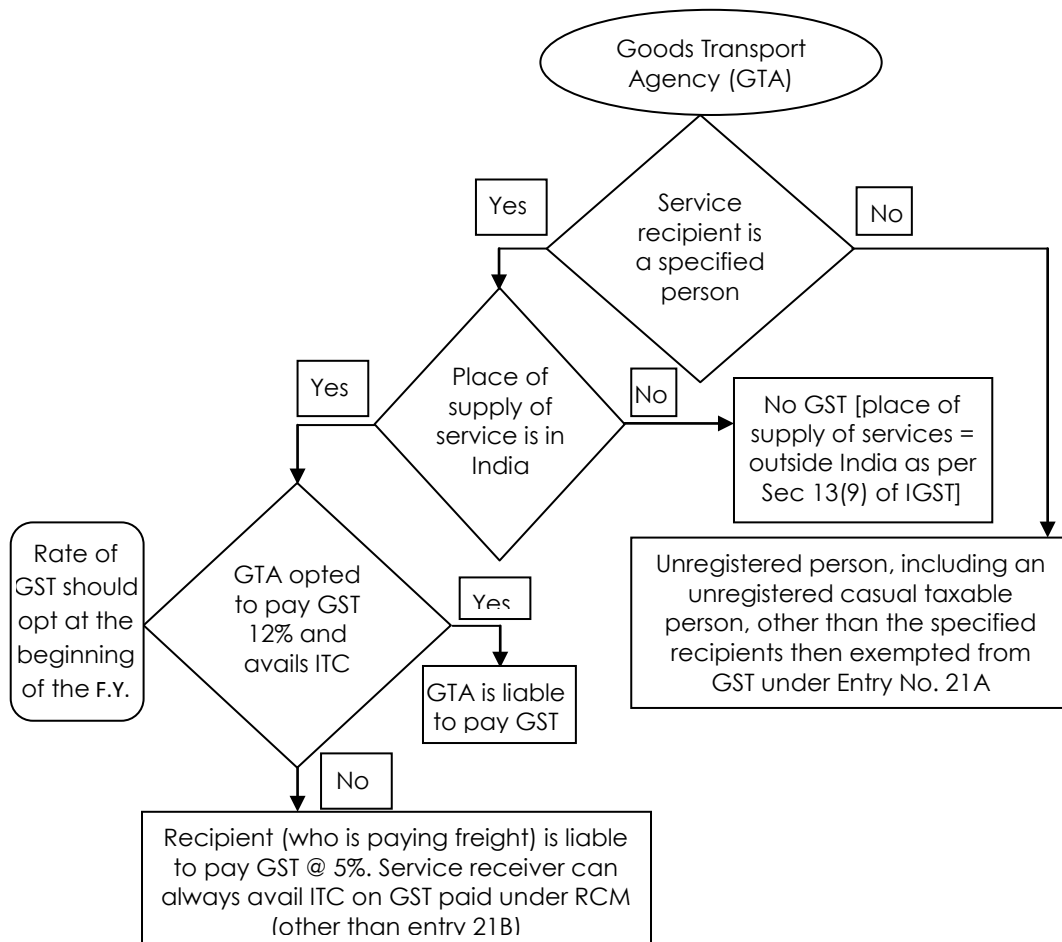

Thus, it is to be seen that mere transportation of goods by road, unless it is a service rendered by a goods transportation agency, is exempt from GST.

GTA - Reverse charge:

S.No	Description of supply of service	Supplier of service	Recipient of service	Person liable to pay GST
1	GTA Services	Goods Transport Agency (GTA)	Any factory, society, co-operative society, registered person, body corporate, partnership firm, casual taxable person; located in the taxable territory.	Recipient

Thus, it is to be seen that mere transportation of goods by road, unless it is a service rendered by a goods transportation agency, is exempt from GST.

Person liable to pay GST:

Thus in cases where services of GTA are availed by the above categories of persons in the taxable territory the GTA supplier has the option to pay tax (and avail ITC) @12% (6% CGST + 6% SGST); and if the GTA does not avail this option, the liability to pay GST will fall on the recipients.

In all other cases where the recipients do not fall in the categories mentioned above, the liability will be on the supplier of GTA services.

Important note;

(B) Exemption from CGST to Government's share of Profit from grant of licence/lease to explore or mine petroleum crude or natural gas (vide Notification No. 5/2018-C.T. (Rate), Dated 25.1.2018):

As per sec. 11(1) of the CGST Act, 2017 exempt the intra state supply of services by way of grant of license or lease to explore or mine petroleum crude or natural gas or both, from so much of the central tax as is leviable on the consideration paid to the Central Government in the form of Central Government's share of profit petroleum as defined in the contract entered into by the Central Government in this behalf.

In this regard CEBC issued Circular No. 32/06/2018-GST, dated 12th February 2018:

As per the Production Sharing Contract (PSC) between the Government and the oil exploration & production contractors, in case of a commercial discovery of petroleum, the contractors are entitled to recover from the sale proceeds all expenses incurred in exploration, development, production and payment of royalty. Portion of the value of petroleum which the contractor is entitled to take in a year for recovery of these contract costs is called "Cost Petroleum".

The relationship of the oil exploration and production contractors with the Government is not that of partners but that of licensor/lessor and licensee/lessee in terms of the Petroleum and Natural Gas Rules, 1959. Having acquired the right to explore, exploit and sell petroleum in lieu of royalty and a share in profit petroleum, contractors carry out the exploration and production of petroleum for themselves and not as a service to the Government. Para 8.1 of the Model Production Sharing Contract (MPSC) states that subject to the provisions of the PSC, the Contractor shall have exclusive right to carry out Petroleum Operations to recover costs and expenses as provided in this Contract.

The oil exploration and production contractors conduct all petroleum operations at their sole risk, cost and expense. Hence, cost petroleum is not a consideration for service to GOI and thus not taxable per se.

However, cost petroleum may be an indication of the value of mining or exploration services provided by operating member to the joint venture, in a situation where the operating member is found to be supplying service to the oil exploration and production joint venture.

S. No.	Issue	clarification
1	Whether activity of bus body building, is a supply of goods or services?	In the case of bus body building there is supply of goods and services. Thus, classification of this composite supply, as goods or service would depend on which supply is the principal supply which may be determined on the basis of facts and circumstances of each case.
2	Whether retreading of tyres is a supply of goods or services?	In retreading of tyres, which is a composite supply, the pre-dominant element is the process of retreading which is a supply of service. Rubber used for retreading is an ancillary supply. Which part of a composite supply is the principal supply, must be determined keeping in view the nature of the supply involved? Value may be one of the guiding factors in this determination, but not the sole factor. The primary question that should be asked is what is the essential nature of the composite supply and which element of the supply imparts that essential nature to the composite supply. Supply of retreaded tyres, where the old tyres belong to the supplier of retreaded tyres, is a supply of goods (retreaded tyres under heading 4012 of the Customs Tariff attracting GST @ 28%)

Housekeeping services notified under Section 9(5) of the CGST Act, 2017:

The GST council on January 18th, 2018 announced, reduction of GST rate for housekeeping services from 18% to 5%. This comes as a big relief to Online housekeeping service providers.

Prior to this, the ecommerce platforms offering housekeeping services were mandated to discharge the GST liability of 18% on behalf of the service providers like electricians, plumbers etc making the services more expensive on the platform, as compared to offline services. This is because, services provided offline do not have to pay GST if the total revenue of the service provider is less than ₹20 lakhs and therefore there are no registration requirements.

In November 2017, the benefit of revenue threshold limit of ₹20 lakhs was extended to persons providing services through e-commerce platforms.

Insurance Agent Services:

Case Study : 3

Department contention: In the said case, department demanded the GST liability under reverse charge on brokerage/ commission paid to agents for finalising deals with reinsurer treating it as insurance agent's service.

Assessee view: The Appellant has pleaded that such agents would not come in the category of Insurance agents as defined in section 2(10) of the Insurance Act, 1938 as they were not soliciting or procuring insurance business, instead they were only engaged to help out in finalising deals with reinsurers. Thus, services received from agents merely helping in reinsurance deals would be considered as services received from insurance intermediaries and not from insurance agents; hence reverse charge provisions would not apply on services provided by them.

Decide the case with help of decided case law if any.

Answer:

Oriental Insurance Company Ltd. v. Commissioner of Central Excise & Commissioner of Service Tax (2016) 67 376(New Delhi-CESTAT):

Reverse charge would not be applicable on the commission paid to agents helping merely in finalising deals with "reinsurers".

Affirming the contentions of appellant, Honorable CESTAT-New Delhi decided the case in favour of the assessee and ruled out that services received from agents merely helping in reinsurance deals would be considered as services received from insurance intermediaries and not from insurance agents; hence reverse charge provisions would not apply on services provided by them.

TDS under Income Tax vs GST

CBDT has clarified through Circular No. 23/2017 Dated 19th July 2017 that if GST on services has been indicated separately in the invoice, then no tax would be deducted on GST component.

In the light of the fact that even under the new GST regime, the rationale of excluding the tax component from the purview of TDS remains valid, the Board hereby clarifies that wherever in terms of the agreement or contract between the payer and the payee, the component of 'GST on services' comprised in the amount payable to a resident is indicated separately, tax shall be deducted at source under Chapter XV II-B of the Act on the amount paid or payable without including such 'GST on services' component.

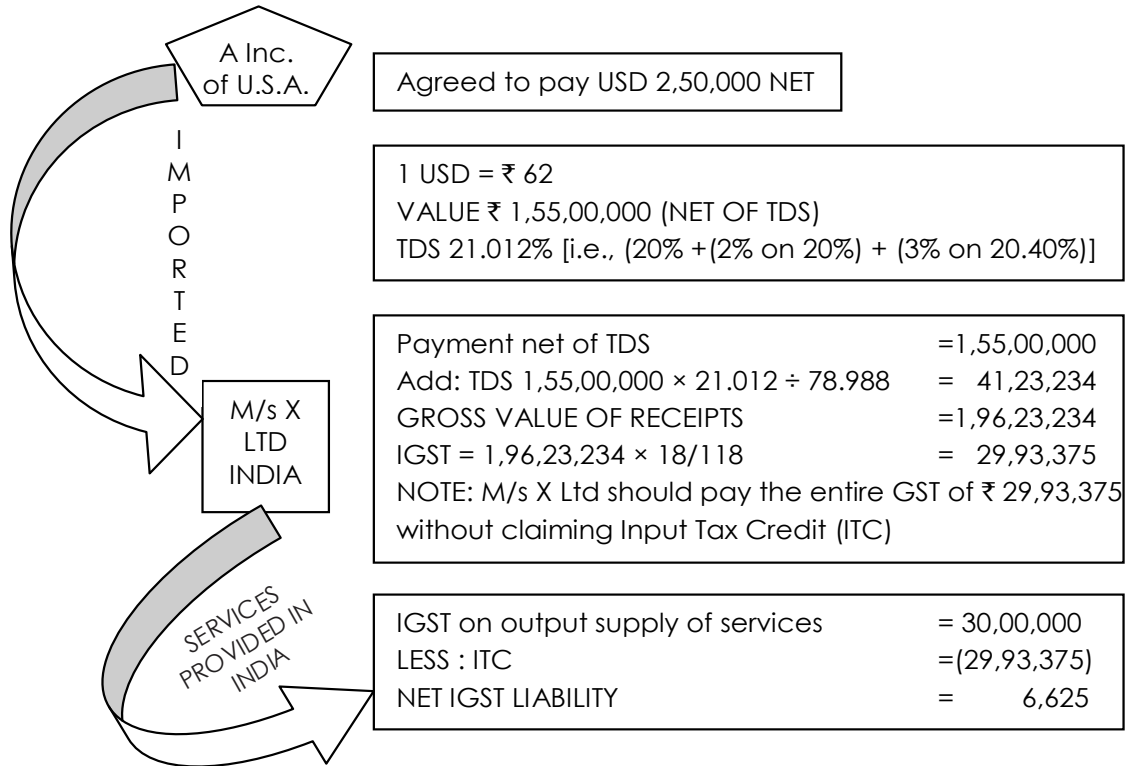

Example : 243
CMA Ram received ₹ 2,05,200 (after TDS @10%) from client on 1st Jan 2020 for taxable services rendered in the month of Dec 2019. Find the GST liability. Applicable rate of CGST 9% and SGST 9%.

Answer:

Payment received net of TDS u/s 194J	= 2,05,200
Add: TDS u/s 194J	= 19,000
Gross value of Bill (i.e. inclusive of GST)	= 2,24,200
CGST (2,24,200 x 9/118)	= 17,100
SGST (2,24,200 x 9/109)	= 17,100

Assume taxable value of supply	X
Add: CGST & SGST	0.18x
Value of Bill	1.18x
Less: TDS @10% on X (u/s Sec 194J of the Income Tax Act, 1961)	-0.1X
Net Paid	1.08X
X (i.e. 2,05,200/1.08) [i.e. taxable value of supply]	1,90,000

Department contention:

Assessee being an importer of goods from Inodnesia is liable to pay GST on Ocean Freight. Since, place of supply of service is destination of goods as per Sec. 13(9) of IGST Act, 2017.

Assessee view:

Since, goods imported into India, paid customs duty on such ocean freight which is inclusive of Cost, Insurance and Freight (CIF value). Therefore, question of levying of GST would not arise at all.

Decide the case with the help of decided case if any.

Answer:

Facts of the Case: Import of goods into India completed when goods are landed on land mass of India (as per the Garden Silk Mills Ltd. of the Hon'ble Supreme Court of India). Ocean freight on import of goods into India is subject to customs duty. As per the Department contention Ocean Freight is subject to GST again.

Grounds on Appeal:

In the case of United Shippers Ltd. 2015 (37) STR 1043 (Tri-Mumbai) has held that when the value of transportation charges have been added in CIF value on which customs duty is paid. GST again cannot be recovered on the same value.

The department's appeal against the order of Tribunal to the Hon'ble Supreme Court of India has been dismissed as reported in 2015(39) STR J369(S.C.). It means the judgment of Hon'ble Tribunal-Mumbai has been confirmed as whole good.

The ratio of this judgment is equally applicable to Goods and Services Tax Law also.

Therefore, payment of GST on Ocean Freight does not arise.

Sec. 9(5) of CGST/Sec. 5(5) of IGST: Govt. will decide who is liable to pay GST under Reverse Charge.

S.No	Description of supply of service	Supplier of service	Recipient of service	Person liable to pay GST
13	services by way of providing accommodation in hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes, except where the person supplying such service through electronic commerce operator is liable for registration under clause (v) of section 20 of the Integrated Goods and Services Tax Act, 2017 read with sub-section (1) of section 22 of the said Central Goods and Services Tax Act.	Unregistered person supplying services through Electronic Commerce Operator (ECO)	Any person. However, the tax on intra-State or inter-State supplies shall be paid by the Electronic Commerce Operator (ECO).	ECO [Sec. 9(5) of CGST Act, 2017]

Electronic Commerce Operator:

Electronic Commerce Operator has been defined in Sec. 2(45) of the CGST Act, 2017 to mean any person who owns, operates or manages digital or electronic facility or platform for electronic commerce.

As per section 22(1) of the CGST Act, 2017, person whose aggregate turnover in the previous financial year has exceeds ₹ 20 lakhs (₹ 10 lakhs for specified States) shall be liable to obtain registration compulsorily.

Thus, if the aggregate turnover in the previous financial year of any hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes not exceeds ₹ 20 lakhs (or not exceeds ₹ 10 lakhs for special category States) and such person exclusively makes supply of accommodation service through Electronic Commerce Operator (ECO), the liability to pay GST will be on the Electronic Commerce Operator (ECO).

On the other hand, if the person exclusively makes supply of accommodation service through Electronic Commerce Operator (ECO) and his aggregate turnover exceeds ₹20 lakhs (or exceeds ₹10 lakhs in case of special category States), the liability to pay GST will be on the person providing the service and not on the Electronic Commerce Operator (ECO).

Example : 245

Whether a person supplying goods or services through e-commerce operator would be entitled to threshold exemption?

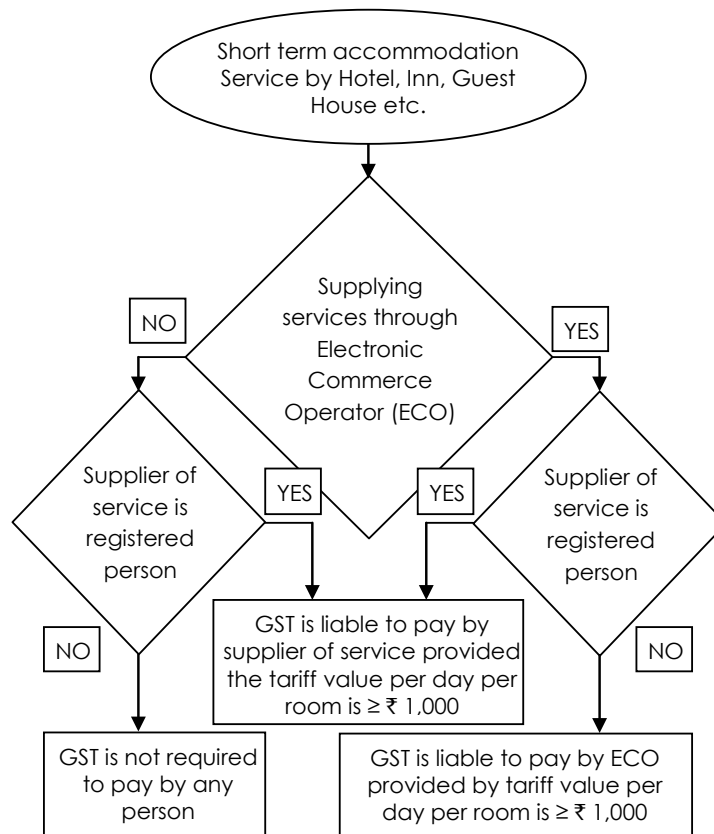

Answer:

No. Section 24(ix) of the CGST Act, 2017 lays down that the threshold exemption is not available to such persons and they would be liable to be registered irrespective of the value of supply made by them. This requirement is, however, applicable only if the supply is made through such electronic commerce operator who is required to collect tax at source under section 52 of the CGST Act, 2017.

However, where the e-commerce operators are liable to pay tax on behalf of the suppliers under a notification issued under section 9 (5) of the CGST Act, 2017, the suppliers of such services are entitled for threshold exemption.

As a further measure towards taxpayer facilitation to exempt such suppliers providing services through an e-commerce platform from obtaining compulsory registration provided their aggregate turnover does not exceed ₹20 lakhs or ₹10 lakhs.

Summary of the above provision:

**Example : 246**

Housekeeping services notified under Section 9(5) of the CGST Act, 2017:

The GST council on January 18th, 2018 announced, reduction of GST rate for housekeeping services from 18% to 5%. This comes as a big relief to Online housekeeping service providers.

Prior to this, the ecommerce platforms offering housekeeping services were mandated to discharge the GST liability of 18% on behalf of the service providers like electricians, plumbers etc making the services more expensive on the platform, as compared to offline services. This is because, services provided offline do not have to pay GST if the total revenue of the service provider is less than ₹20 lakhs and therefore there are no registration requirements.

In November 2017, the benefit of revenue threshold limit of ₹20 lakhs was extended to persons providing services through e-commerce platforms.

w.e.f. 25.1.2018, Small housekeeping service providers such as plumbing, carpentering etc., notified under section 9(5) of CGST Act, who provide housekeeping services through ECO – GST rate of 5% without input tax credit.

Mr. A, a taxable service provider, provided taxable supply of services to Mr. B. The contract of service entered into between them stipulated that Mr. A will bear all the taxes, duties and other liabilities in connection with discharge of his obligations. While the service was being provided, an amendment in the law shifted the liability to pay GST in case of such taxable supply of services from service provider to service receiver retrospectively, i.e. reverse charge provisions were made applicable.

You are required to answer the following questions with the help of the decided case law(s), if any:

Can Mr. B, who is the person liable to pay GST under reverse charge, shift the burden of such GST on Mr. A by deducting the same from the payment made against the bills raised by Mr. A?

Can Mr. B ask the Revenue to recover GST from Mr. A since the contract of service stipulates that Mr. A will bear all the taxes, duties and other liabilities in connection with discharge of his obligations?

Answer:

Yes. As per the *Rashtriya Ispat Nigam Ltd. v. Dewan Chand Ram Saran* 2012 (260) S.T.R. 289 (S.C.), Mr. B can shift the burden of GST on Mr. A by deducting the same from the payment made against the bills raised by Mr. A.

No. As per the *Delhi Transport Corporation v. Commissioner Service Tax* 2015 (038) STR 673 (Del.), Mr. B cannot ask the Revenue to recover GST from Mr. A since the contract of service stipulates that Mr. A will bear all the taxes, duties and other liabilities in connection with discharge of his obligations.

Rashtriya Ispat Nigam Ltd. v. Dewan Chand Ram Saran 2012 (260) S.T.R. 289 (S.C.):

Point of dispute: Whether the service tax liability created under law can be shifted by a clause entered in the contract?

Decision: Yes. Assessee can contract to shift their liability.

Regarding transferring of service tax liability by way of contract was correct. It means service provider will bear all the taxes, and service receiver can shift the burden of service tax payable by him to service provider by deducting the same from the bills raised by service provider.

Case Study : 8

Delhi Transport Corporation v. Commissioner Service Tax 2015 (038) STR 673 (Del.)

Facts of the Case: The appellants entered into contracts with seven various agencies for display of advertisements; inter alia, on bus-queue shelters and time-keeping booths. The terms of the contract clearly stated that it would be the responsibility of the contractors/advertisers to pay directly to the concerned authority the tax/levy imposed by such authority in addition to the license fee.

Department issued show cause notice asking the appellant (service provider) to pay service tax along with interest and penalties on the service of display of advertisements rendered by them.

Appellant's Contentions: The appellant argued that they were under a bona fide belief that the liability to remit service tax stood transferred to the recipient as per the agreements; this caused the failure to file returns and remit service tax. They relied upon *Rashtriya Ispat Nigam Limited v. Dewan Chand Ram Saran* 2012 (26) STR 289 (SC) to urge that having entered into the contracts in the nature mentioned above, it was a legitimate expectation that the service tax liability would be borne by the contractors/advertisers and, thus, there was no justification for the appellant being held in default or burdened with penalties.

Decision: The High Court held that undoubtedly, the service tax burden could be transferred by contractual arrangement to the other party. However, on account of such contractual arrangement, the assessee cannot ask the Revenue to recover the tax dues from a third party (the other party) or wait for discharge of the liability by the assessee till it has recovered the amount from its contractors (the other party).

Therefore, the appellant was an assessee, and statutorily bound to not only get itself registered but also submit the requisite returns as per the prescription of law and rules framed thereunder.

2.8 SUPPLY OF GOODS OR SERVICES OR BOTH TO OR BY SPECIAL ECONOMIC ZONE

“Special Economic Zone” shall have the same meaning as assigned to it in clause (za) of section 2 of the Special Economic Zones Act, 2005 [Section 2(19) of the IGST Act]. As per section 2(za) of the Special Economic Zones Act, 2005, “Special Economic Zone” means each Special Economic Zone notified under the proviso to sub section (4) of section 3 and sub section (1) of section 4 (including Free Trade and Warehousing Zone) and includes an existing Special Economic Zone;

As per section 7(5) of the IGST Act, supply of goods or services or both to or by a Special Economic Zone developer or a Special Economic Zone unit, shall be treated to be a supply of goods or services or both in the course of inter-state trade or commerce.

In case where the location of the supplier and the place of supply of goods or services are in the same state or same union territory, then the said supply of goods or services shall not be treated as intra-state supply, it will be treated as inter-state supply.

Supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit, is a “zero rated supply”. Credit of input tax may be availed for making zero-rated supplies.

GST is destination based tax i.e consumption tax, which means tax will be levied where goods and services are consumed and will accrue to that state. So, the state where they are consumed will have the right to collect GST.

This, in turn, makes the concept of place of supply crucial under GST as all the provisions of GST revolves around it.

The reasons why an accurate determination of place of Supply is important for business are listed below :

- Wrong classification of supply between interstate or intra-state and vice-versa may lead to hardship to the taxpayer as per section 19 of IGST Act and section 70 of CGST Act.
- Where wrong taxes have been paid on the basis of the wrong classification, refund will have to be claimed by the taxpayer
- The taxpayer will have to pay the correct tax along with interest for delay on the basis of revised/correct classification
- Also, correct determination of place of supply will help us in knowing the incidence of tax. As if place of supply is determined as a place outside India, then tax will not have to be paid on that transaction

The following treatment shall apply to TDR/FSI and Long-term lease for projects commencing after 1-4-2019:

The supply of TDR, FSI, long term lease (premium) of land by a land owner to a developer shall be exempted subject to the condition that the constructed flats are sold before issuance of completion certificate and tax is paid on them. Exemption of TDR, FSI, long term lease (premium) shall be withdrawn in case of flats sold after issue of completion certificate, but such withdrawal shall be limited to 1% of value in case of affordable houses and 5% of value in case of other than affordable houses.

The liability to pay tax on TDR, FSI, long term lease (premium) shall be shifted from landowner to builder under the Reverse Charge Mechanism (RCM).

The date on which builder shall be liable to pay tax on TDR, FSI, long term lease (premium) of land under RCM in respect of flats sold after completion certificate is being shifted to date of issue of completion certificate or first occupation of the project, whichever is earlier.

The liability of builder to pay tax on construction of houses given to land owner in a JDA is also being shifted to the date of completion or first occupation of the project, whichever is earlier.

w.e.f. 1-10-2019: The CBIC vide Notification No. 23/2019-(CT Rate), dated September 30, 2019 has put a retrospective sunset clause on applicability of Notification No. 04/2018- (CT Rate), dated January 25, 2018 w.r.t. development rights supplied on or after April 01, 2019. The later Notification provided special procedure to be followed while determining time of supply in case of construction services against transfer of development rights.

3.2 PLACE OF SUPPLY

Place of Supply of Goods in GST:

While determining the levy of taxes based on Place of Supply, two things are considered namely:

1. **Location of Supplier:** It is the registered place of business of the supplier.
2. **Place of Supply:** It is the registered place of business of the recipient

Example : 18

Services are grouped into

- Default Section 13(2): It is applicable only when sub-sec (3) to (13) of Sec 13 are not applicable.

Default Section 13(2):

Clarification regarding determination of place of supply in case of software/design services related to Electronics Semi-conductor and Design Manufacturing (ESDM) industry (CBIC Circular No. 118/37/2019-GST, dated 11th October, 2019.)

In contracts where service provider is involved in a composite supply of software development and design for integrated circuits electronically, testing of software on sample prototype hardware is often an ancillary supply, whereas, chip design/software development is the principal supply of the service provider. The service provider is not involved in software testing alone as a separate service. The testing of software/design is aimed at improving the quality of software/design and is an ancillary activity. The entire activity needs to be viewed as one supply and accordingly treated for the purposes of taxation. Artificial vivisection of the contract of a composite supply is not provided in law. These cases are fact based and each case should be examined for the nature of supply contracted.

Therefore, it is clarified that the place of supply of software/design by supplier located in taxable territory to service recipient located in non-taxable territory by using sample prototype hardware/test kits in a composite supply, where such testing is an ancillary supply, is the location of the service recipient as per Section 13(2) of the IGST Act. Provisions of Section 13(3)(a) of IGST Act do not apply separately for determining the place of supply for ancillary supply in such cases.

Place of supply services on Goods [Sec. 13(3)(a) of IGST Act]:

S. No.	Nature of service	Place of supply of service
1	“in respect of goods that are made physically available, by the receiver to the service provider in order to provide the service”	location where the services are actually performed.
2	services provided by way of electronic means in relation to tangible goods,	the actual location of goods.

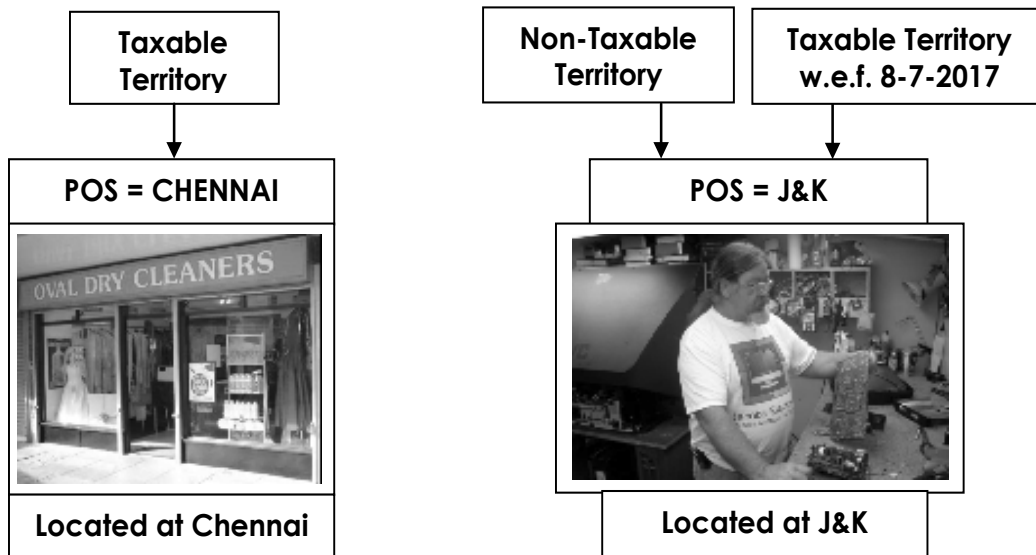

Sec 13(3)(a) of IGST Act, 2017 is not applicable:

If the following two conditions are satisfied then Sec 13(2) of IGST Act, 2017 is applicable:

- i. If goods are to be temporarily imported into India for repairs only as against repairs and are exported after repairs
- ii. without being put to any other use in India, than that which is required for such repairs.

Amendment vide THE INTEGRATED GOODS AND SERVICES TAX (AMENDMENT) ACT, 2018 of Sec 13 (3)(a) of IGST Act, 2017 which shall be applicable in case of any treatment or process (which may not come within the four corners of the definition of job work) done on goods temporarily imported into India and then exported without putting them to any other use in India. - (i) If goods are to be temporarily imported into India for repairs or for any other treatment or process and are exported after such repairs or treatment or process

ABC Fabricators has its factory located in Gujarat. It has temporarily imported certain goods from its customer located in China and re-exported them to China after carrying out the necessary repairs without putting them to any use in Gujarat.

Examine what would be the place of supply of service in the given case.

Will your answer be different if the repaired goods are re-exported after being put to use in Gujarat for some time?

Answer:

In the given case, since goods have been temporarily imported by ABC Fabricators and have been re-exported after the repairs without being put to any use in Gujarat (taxable territory), place of supply of repair services carried out by ABC Fabricators will be determined by Sec 13(2) of IGST Act, 2017. Consequently, the place of supply of service will be the location of service receiver, viz. China (non-taxable territory).

However, if repaired goods are re-exported after being put to use, the place of supply of service will be determined according to Sec 13(3)(a) of IGST Act, 2017, if the use to which such goods are put to is not required for such repair.

Therefore in such a case, the place of supply of service will be the location where the service is actually performed, which in the given case is Gujarat.

However, if the use is of such nature, which is necessary for carrying out the repairs, the place of supply of service will again be determined as per Sec 13(2) of IGST Act, 2017.

Place of supply of services supplied directly in relation to an Immovable Property as per Sec 13(4) of IGST is where immovable property is located or intended to be located.

If location of Immovable property is outside India then place of supply is location of the recipient.

Case law : 1

Universal Services India (P) Ltd., In re 2016 (42) STR 585 (AAR)

Facts of the case:

Point of dispute for which Advance Ruling is sought:

- (i) Whether the place of provision of payment processing service proposed to be provided by the applicant, is outside India in terms of Section 13(2) of the IGST Act, 2017?
- (ii) Whether services proposed to be provided by applicant would qualify as 'export of service'?

Ruling of Authority for Advance Ruling:

The definition of "intermediary" as envisaged under rule 2(f) of PoPS (now as per Section 2(13) of the IGST Act, 2017) does not include a person who provides the main service on his own account. In the present case, applicant provides main service, i.e., "business support services" to WWD on his own account. Therefore, applicant is not an "intermediary" and thus, the service provided by it is not intermediary service.

Thus, AAR ruled that the place of provision of payment processing service to be provided by the applicant, is outside India in terms of Section 13(2) of the IGST Act, 2017.

Further, while deciding the questions as to whether services provided by applicant qualify as export of service, AAR observed that all conditions mentioned under Rule 6A of STR, 1994 (now as per Section 2(6) of the IGST Act, 2017) are satisfied, and hence the said service will qualify as export of taxable service.

Section 2(6) of the IGST Act, 2017, Export of service:

Means the supply of any service when:-

- (i) the supplier of service is located in India;
- (ii) the recipient of service is located outside India;
- (iii) the place of supply of service is outside India;
- (iv) the payment for such service has been received by the supplier of service in convertible foreign exchange; or in India rupees wherever permitted by Reserve Bank of India (w.e.f. 1-2-2010); and
- (v) the supplier of service and the recipient of service are not merely establishments of a distinct person in accordance with Explanation 1 in section 8 of the IGST Act, 2017.

CLARIFICATION ON CERTAIN ISSUES UNDER GST – REGARDING PLACE OF SUPPLY

Whether services of short-term accommodation, conferencing, banqueting etc. provided to a Special Economic Zone (SEZ) developer or a SEZ unit should be treated as an inter-State supply (under section 7(5)(b) of the IGST Act, 2017) or an intra-State supply (under section 12(3)(c) of the IGST Act, 2017)?

The above mentioned issue is clarified vide Circular No. 48/22/2018-GST dt 14.06.2018-

As per section 7(5) (b) of the Integrated Goods and Services Tax Act, 2017 (IGST Act in short), the supply of goods or services or both to a SEZ developer or a SEZ unit shall be treated to be a supply of goods or services or both in the course of inter-State trade or commerce. Whereas, as per section 12(3)(c) of the IGST Act, the place of supply of services by way of accommodation in any immovable property for organising any functions shall be the location at which the immovable property is located. Thus, in such cases, if the location of the supplier and the place of supply is in the same State/ Union territory, it would be treated as an intra-State supply.

In the instant case, section 7(5)(b) of the IGST Act is a specific provision relating to supplies of goods or services or both made to a SEZ developer or a SEZ unit, which states that such supplies shall be treated as inter-State supplies. Hence, services of short term accommodation, conferencing, banqueting etc., provided to a SEZ developer or a SEZ unit shall be treated as an inter-State supply.

Example : 82

- (i) Mr. Z, a supplier registered in Hyderabad (Telangana), procures goods from China and directly supplies the same to a customer in US. With reference to the provisions of GST law, examine whether the supply of goods by Mr. Z to customer in US is an inter-State supply?**
- (ii) RST Inc., a corn chips manufacturing company based in USA, intends to launch its products in India. However, the company wishes to know the taste and sensibilities of Indians before launching its products in India. For this purpose, RST Inc. has approached ABC Consultants, Mumbai, (Maharashtra) to carry out a survey in India to enable it to make changes, if any, in its products to suit Indian taste.**

The survey is to be solely based on the oral replies of the surveyees; they will not be provided any sample by RST Inc. to taste. ABC Consultants will be paid in convertible foreign exchange for the assignment.

With reference to the provisions of GST law, determine the place of supply of the service. Also, explain whether the said supply will amount to export of service?

Answer:

(i) The transaction undertaken by Mr. Z is neither import nor export of goods in terms of Customs Act, 1962. However, it is an inter-State supply in terms of provisions of section 7(5)(a) of the IGST Act, 2017 which provides that when the supplier is located in India and the place of supply is outside India, supply of goods or services or both in the course of inter-State trade or commerce.

However, w.e.f. 1-2-2019 it is treated as supply exclude "Supply of goods from a place in the non-taxable territory to another place in the non-taxable territory without such goods entering into India".

(ii) AS per Section 13(2) of the IGST Act, 2017 place of supply = USA.

Since, all conditions specified under section 2(6) of the IGST Act, 2017 are fulfilled in the given case, the same will be considered as an 'export of service'.

Clarification on supply of satellite launch services by ANTRIX Corporation Ltd**Example : 83**

How is the taxability of satellite launch services provided to both international and domestic customers by ANTRIX Corporation Limited, which is a wholly owned Government of India Company under the administrative control of Department of Space (DOS), determined?

In view of the above, place of supply of satellite launch services supplied by ANTRIX Corporation Limited to international customers would be outside India in terms of section 13(9) of IGST Act, 2017 and such supply which meets the requirements of section 2(6) of IGST Act, thus constitutes export of service and shall be zero rated in accordance with section 16 of the IGST Act. Where satellite launch service is provided by ANTRIX Corporation Limited to a person located in India, the place of supply of satellite launch service would be governed by section 12(8) of the IGST Act and would be taxable under CGST Act, UTGST Act or IGST Act, as the case may be.

ANTRIX Corporation Limited to international customers:

Place of supply u/s 13(9) = outside India

Note: Export of service and hence, no GST.

ANTRIX Corporation Limited to a person located in India:

ANTRIX Corporation Limited to a person located in India:

3.3 VALUE OF SUPPLY

Value of Supply in common terms is nothing but the amount paid by the recipient of supply to the supplier as consideration for supply (also known as transaction value). It means Value of supply is the figure upon which tax is levied and collected.

It is important to know to ascertain correct value of supply for correct levy of GST.

Valuation rules determine value of goods or services or both on which tax under GST has to be charged. Valuation rules have been prescribed under CGST Rules, 2017 for the purpose of determination of fair market value of goods or services or both supplied by the registered person. It means valuation rules are helpful to determine the value of supply where value not determined under Sec. 15(1) as mentioned under Sec. 15(4) of CGST Act, 2017.

Example : 84

Mr. A goes to shop of Mr. B and purchases television. He pays amount of ₹ 50,000 as consideration for 52 inches LED TV Purchased plus GST. Where MRP of the product ₹ 65,000. Discount offered to all buyers ₹ 15,000. As per section 15(1) of the CGST Act, 2017 the valuation will be as per transaction value basis. Assume applicable rate of CGST 14% and SGST 14%. Invoice will be prepared as follows:

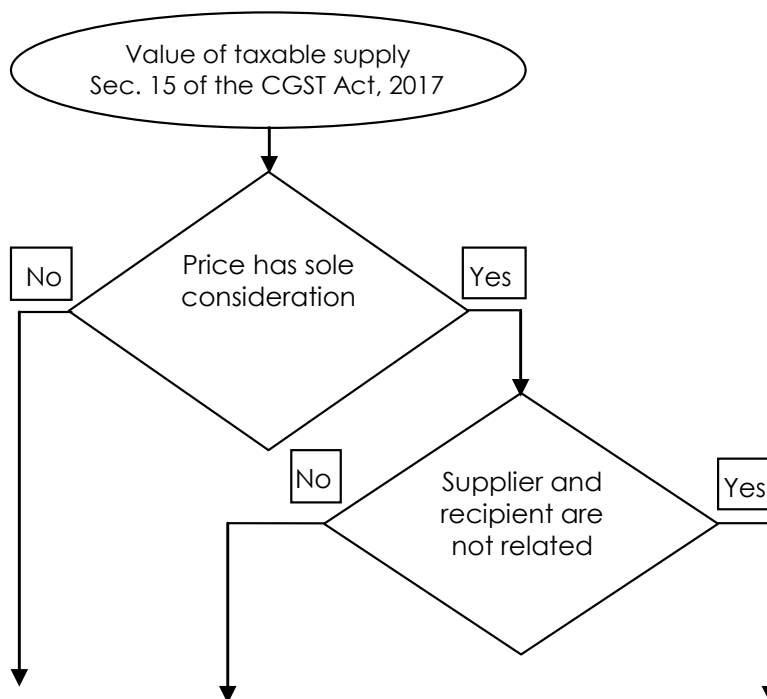

Invoice	
Particulars	Value in ₹
Transaction value	50,000
Add; CGST 14%	7,000
Add: SGST 14%	7,000
Invoice price	64,000

Note: Invoice price should not increase the Maximum Retail Price (MRP)

If Mr. A not maintained sole consideration for such sale or they are related persons then valuation will based on determination of value of supply rules (i.e. CGST Rules, 2017).

The same concept explained in the following diagram:

TCS would not be includible in the value of supply under GST:

The Central Government vide Corrigendum to Circular No. 76/50/2018-GST, dated 31st December, 2018 has clarified that Tax collection at source (TCS) is not a tax on goods but an interim levy on the possible "income" arising from the sale of goods by the buyer and to be adjusted against the final income- tax liability of the buyer. Accordingly, for the purpose of determination of value of supply under GST, Tax collected at source (TCS) under the provisions of the Income Tax Act, 1961 would not be includible as it is an interim levy not having the character of tax.

Question : 87

What is the correct valuation methodology for ascertainment of GST on Tax collected at source (TCS) under the provisions of the Income Tax Act, 1961?

Answer:

Whether moulds and dies owned by Original Equipment Manufacturers (OEM) that are sent free of cost (FOC) to a component manufacturer is leviable to tax and whether OEMs are required to reverse input tax credit in this case?	<p>1.1 Moulds and dies owned by the original equipment manufacturer (OEM) which are provided to a component manufacturer (the two not being related persons or distinct persons) on FOC basis does not constitute a supply as there is no consideration involved. Further, since the moulds and dies are provided on FOC basis by the OEM to the component manufacturer in the course or furtherance of his business, there is no requirement for reversal of input tax credit availed on such moulds and dies by the OEM.</p> <p>1.2 It is further clarified that while calculating the value of the supply made by the component manufacturer, the value of moulds and dies provided by the OEM to the component manufacturer on FOC basis shall not be added to the value of such supply because the cost of moulds/dies was not to be incurred by the component manufacturer and thus, does not merit inclusion in the value of supply in terms of section 15(2)(b) of the Central Goods and Services Tax Act, 2017 (CGST Act for short).</p> <p>1.3 However, if the contract between OEM and component manufacturer was for supply of components made by using the moulds/dies belonging to the component manufacturer, but the same have been supplied by the OEM to the component manufacturer on FOC basis, the amortised cost of such moulds/dies shall be added to the value of the components. In such cases, the OEM will be required to reverse the credit availed on such moulds/ dies, as the same will not be considered to be provided by OEM to the component manufacturer in the course or furtherance of the former's business.</p>

Interest or late fee or penalty for delayed payment [Sec. 15(2)(d) of the CGST Act, 2017]:

Penal interest charged by the banker for delay in payment of dues is subject to GST.

Subsidy directly linked to the price (other than Govt. Subsidies) [Sec. 15(2)(e) of CGST Act, 2017]:

Subsidy provided in any form or manner linked to the supply will also be included in the transaction value.

Example : 92

Bharat Gas sells cooking gas cylinders. Subsidy directly transferred to the account of the customer. Selling price per cylinder is ₹ 800. Customer received subsidy ₹ 200 directly from Government to his bank account. Net outflow of the buyer is ₹ 600. Find the value of supply of goods (per cylinder) in the hands of Bharat Gas.

Answer:

Since, the amount of subsidy is directly credited to the account holder and not received by the Bharat Gas making the supply. Therefore, such subsidy will not be considered as part of transaction value as it is not received by the Bharat Gas making the supply.

Hence, transaction value is ₹ 800 per cylinder.

Example : 93

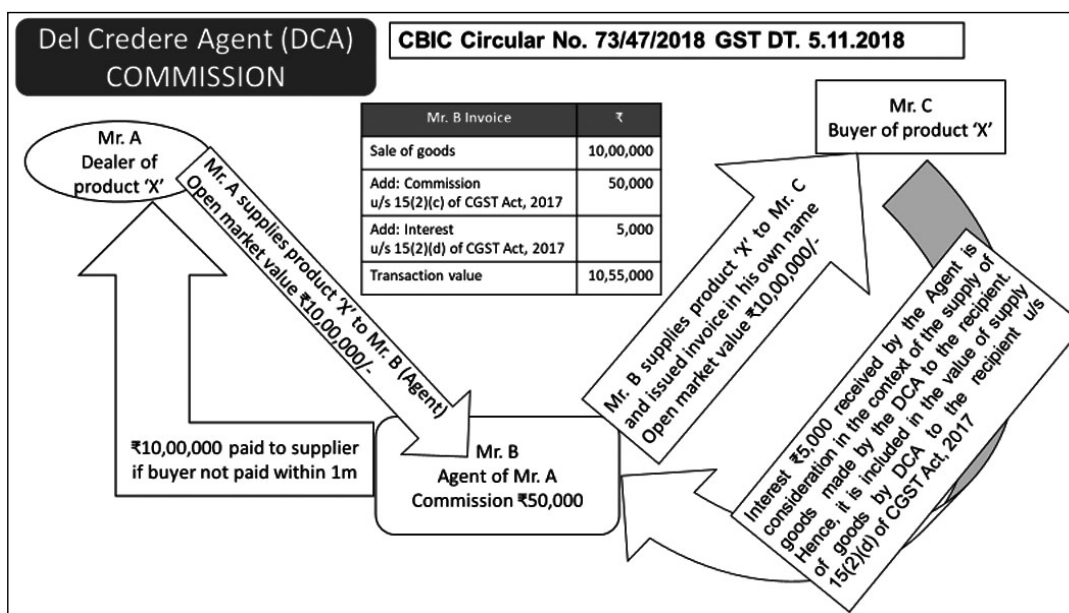

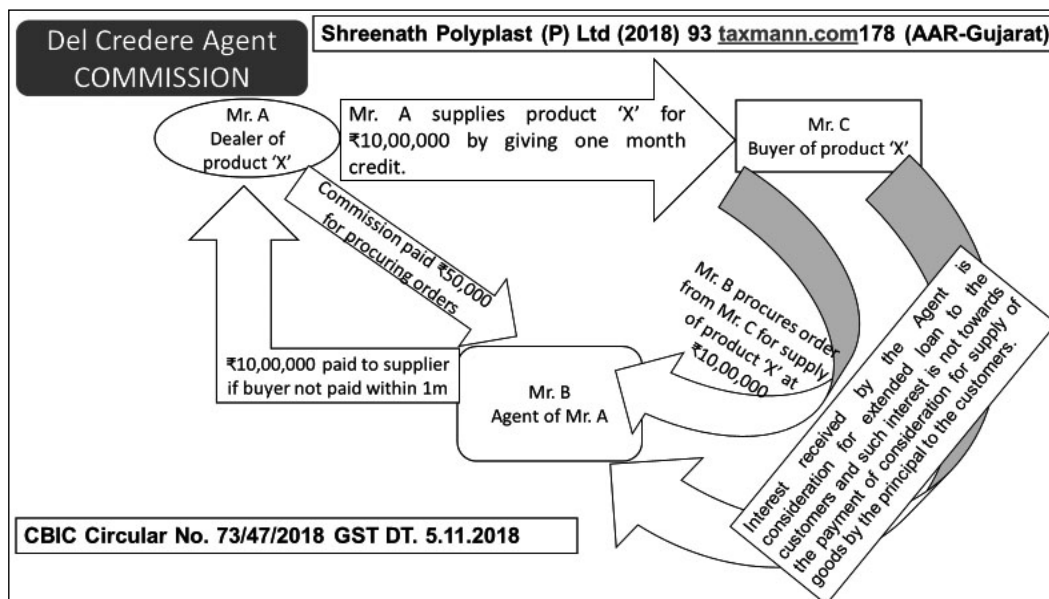

The Government provides subsidy, for the benefit of farmers but it is given to the manufacturer of fertilizers. Such subsidy will form part of value of supply?

Answer:

The buyer of goods does not provide subsidy, but the Government as per the scheme provides it.

Transaction value	5,01,000
Add: CGST 9%	45,090
Add: SGST 9%	45,090
Invoice price	5,91,180

Note: Since, the discount was known at the time of supply, and can be linked to this specific invoice, the discount amount can be reduced from the transaction value.

For this, Best Cars Ltd will issue a credit note to Sundar Automobiles for ₹ 2,500 (0.5% of ₹ 5,00,000 = ₹ 2,500+ GST@ 18% on ₹ 2,500 = ₹ 450), and the same must be linked to the relevant tax invoice.

Discount given after supply but agreed upon before or at the time of supply and can be specifically linked to relevant invoices, can be deducted from the transaction value.

Example : 98

However, due to a severe cash crunch, Best Cars Ltd requests Sundar Automobiles to make the payment within 2 days, promising a discount of 2% on doing so. Sundar Automobiles makes the payment within 2 days.

Answer:

Since, the discount was not known at the time of supply, it couldn't be claimed as a deduction from the transaction value for GST calculation.

5	How should the RWA calculate GST payable where the maintenance charges exceed ₹ 7,500/- per month per member? Is the GST payable only on the amount exceeding ₹ 7,500/- or on the entire amount of maintenance charges?	The exemption from GST on maintenance charges charged by a RWA from residents is available only if such charges do not exceed ₹ 7,500/- per month per member. In case the charges exceed ₹ 7,500/- per month per member, the entire amount is taxable. For example, if the maintenance charges are ₹ 9,000/- per month per member, GST @18% shall be payable on the entire amount of ₹ 9,000/- and not on [₹ 9,000 - ₹ 7,500] = ₹ 1,500/- .

CCEx. Mumbai v. Fiat India Pvt. Ltd. 2012 (283) E.L.T. 161 (S.C.):

Assessee Claim: Fiat UNO model cars for the past five years consistently selling at below manufacturing cost to non-relative buyers for meeting demand in the market. Therefore, such selling price (i.e. transaction value) itself has sole consideration for the purpose of GST.

Department Contention: The extra commercial consideration was involved in this case an additional consideration should be added to the price for the purpose of duty. Therefore, Best Judgement Assessment has been invoked.

Decision: Full commercial cost of manufacturing and selling was not reflected in the price as it was deliberately kept below the cost of production. Thus, price could not be considered as the sole consideration for sale. No prudent businessperson would continuously suffer huge loss only to penetrate market. Therefore, Best Judgment Assessment of the department was proper said by the Hon'ble Supreme Court of India in the case of CCEx. Mumbai v. Fiat India Pvt. Ltd. 2012 (283) E.L.T. 161 (S.C.).

Note: if the assessee sales below manufacturing cost and profit but there is no additional consideration flowing directly or indirectly from buyer to assessee, the transaction value shall be the assessable value.

Where a taxable supply is provided by a person dealing in buying and selling of second hand goods i.e. used goods as such or after such minor processing which does not change the nature of the goods and where no input tax credit has been availed on the purchase of such goods, the value of supply shall be the difference between the selling price and the purchase price and where the value of such supply is negative, it shall be ignored (i.e. goods are sold at loss then tax will not be payable).

When a registered second-hand goods dealer supplies second-hand goods, the dealer is liable to charge GST on the second-hand goods. For this, 2 options have been given to the dealers:

Charge GST on the full transaction value. Here, the dealer is eligible to claim input tax credit of the tax paid on purchase of the used goods.

Simplified approach:

Purchase Value	XX	Sale Value	XXX	Sale Value (i.e., Transaction value)
Less: 5% per quarter from the date of purchase to date of disposal	(XX)	Less: Purchase Value	(XX)	
Purchase price of the borrower	XX	Margin	XXX	GST will be levied on the Transaction value of second hand goods
GST will be levied on the margin (i.e., sale value - purchase value). If it is negative then GST is Nil		GST will be levied on the margin. If it is negative then GST is Nil

Answer:

GST net liability is as follows:

Particulars	Value ₹	14% CGST ₹	14% SGST ₹	Remarks
Output supply	2,50,000			
Less: purchase price	2,00,000			
Difference known as margin	50,000	7,000	7,000	Charge GST on the margin or profit earned on the goods (₹ 50,000 x 28%)

Yes. Our answer different in case of sale price is ₹ 1,80,000:

Sale price	= ₹ 1,80,000
Less: purchase price	= ₹ (2,00,000)
Margin	= ₹ (20,000)
GST liability	= ₹ Nil

Note: For a dealer who has opted for the margin scheme, there can be a scenario where the second-hand goods are sold at zero margins or for a lesser price than the purchase price. In this case, no GST will be applicable on the supply.

Example : 118

Mr. D being a dealer in goods sells new brand cars at ₹ 11,00,000. He advertises that customers can sell their old car if they buy new car from him. One customer exchanged his old car for ₹ 2,00,000. Mr. D sold new car to that customer for ₹ 9,00,000. The Central Tax Department demanded to pay GST on ₹ 11,00,000 whereas Mr. D argues that he is eligible to pay GST on the difference namely margin of ₹ 9,00,000 as per Rule 32(5) of the CGST Rules, 2017. Discuss and decide the correct approach.

Answer:

Rule 32(5) of the CGST Rules, 2017 is applicable only when person is dealing in buying and selling of second hand goods.

In the given case Mr. D is not eligible for margin scheme as referred in rule 32(5). Since, dealer sold new car and therefore, provisions of rule 32(5) will not apply.

Therefore, from the above it is evident that the Central Tax Department view is correct.

Value of supply inclusive of integrated tax, State tax, Union territory tax [Rule 35 of the CGST Rules, 2017]:

Where the value of supply is inclusive of integrated tax or, as the case may be, central tax, State tax, Union territory tax, the tax amount shall be determined in the following manner, namely:-

$$\text{Tax Amount} = \left(\frac{\text{Value inclusive of tax}}{100 + \text{GST}} \right) \times \text{Rate of GST}$$

This formula is very useful in case where supplier may treat the particular supply as exempted from GST and therefore will not indicate the tax amount separately in the bill of supply prepared by him. In fact it is taxable supply with GST. In such case transaction value will be determined with help of rule 35.

**Example : 129**

An assessee was under impression that his product is exempt from GST and hence sold the goods @ ₹100 per piece without charging GST. Later, it was found that actually, the product was chargeable with IGST 18%. Department claimed that since goods were removed without GST, transaction value should be ₹100 and GST is payable accordingly. Assessee contended that price of ₹ 100 should be taken as inclusive of GST and actual GST payable should be calculated by back calculations. Determine the correct GST payable per piece.

Answer:

As per rule 35 of the CGST Rules, 2017 transaction value and GST liability is as follows:

The Transaction value should be taken, as cum-tax-price and tax payable should be calculated by making back calculations. Hence, the transaction value is as follows:

The transaction value = ₹ 100 x 100/118 = ₹ 84.75

IGST = ₹ 100 x 18/118 = ₹ 15.25

Total invoice price = ₹100.00

Does a promoter or a builder has option to pay tax at old rates of 8% & 12% with ITC?

Answer :

Yes, but such an option is available in the case of an ongoing project. In case of such a project, the promoter or builder has option to pay GST at old effective rate of 8% and 12% with ITC.

To continue with the old rates, the promoter/builder has to exercise one time option in the prescribed form and submit the same manually to the jurisdictional Commissioner by the 10th of May, 2019.

However, in case where a promoter or builder does not exercise option in the prescribed form, it shall be deemed that he has opted for new rates in respect of ongoing projects and accordingly new rate of GST i.e. 5%/1% shall be applicable and all the provisions of new scheme including transitional provisions shall be applied.

There is no such option available in case of projects which commence on or after 01.04.2019. Construction of residential apartments in projects commencing on or after 01.04.2019 shall compulsorily attract new rate of GST @ 1% or 5% without ITC.

Important points:

1. Whether GST is applicable on the superior kerosene oil [SKO] retained for the manufacture of Linear Alkyl Benzene [LAB]?

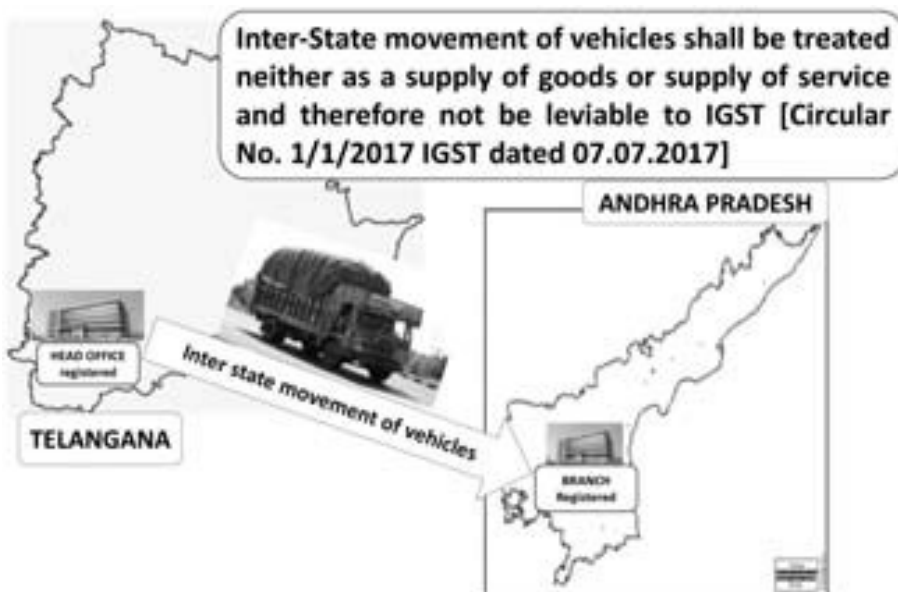

Facts of the case: Linear Alkyl Benzene (LAB) manufacturers have stated that they receive superior Kerosene oil (SKO) from, a refinery, say, Indian Oil Corporation (IOC). They extract n- Paraffin from SKO and return back the remaining of SKO to the refinery. In this context, the issue has arisen as to whether in this transaction GST would be levied on SKO sent by IOC for extracting n-paraffin or only on the n-paraffin quantity extracted by the LAB manufactures. Further, doubt have also been raised as to whether the return of remaining Kerosene by LAB manufactures would separately attract GST in such transaction.

2. Clarification on Inter-state movement of various modes of conveyance, carrying goods or passengers or for repairs and maintenance:

It is hereby clarified that the inter-state movement of goods like movement of various modes of conveyance, between distinct persons as specified in section 25(4) of the CGST Act, may not be treated as supply and consequently IGST will not be payable on such supply.

However, applicable CGST/SGST/IGST, as the case may be, shall be leviable on repairs and maintenance done for such conveyance.

3. Inter-State Movement of Goods do not constitute Supply:

To clarify that inter-state movement of goods like rigs, tools, spares and goods on wheel like cranes, not being in the course of furtherance of supply of such goods, does not constitute a supply. This clarification gives major compliance relief to industry as there are frequent inter-state movement of such kind during providing services to customers or for the purposes of getting such goods repaired or refurbished or for any self-use. Service provided using such goods would in any case attract applicable tax.

Clarification on certain issues related to GST

The Central Government vide Circular No. 76/50/2018-GST, dated 31st December, 2018 clarified certain issues under the GST Law as under:—

Issue	Clarification
Whether the supply of used vehicles, seized and confiscated goods, old and used goods, waste and scrap by Government departments are taxable under GST?	<p>1. Intra-State and inter-State supply of used vehicles, seized and confiscated goods, old and used goods, waste and scrap made by the Central Government, State Government, Union territory or a local authority is a taxable supply under GST.</p> <p>2. Notification No. 36/2017-CT(R) and Notification No. 37/2017-IGST (R) notified that such supply to any registered person would be subject to GST on reverse charge basis.</p> <p>3. Such supply to an unregistered person is also a taxable supply under GST but is not covered under Notification No. 36/2017-CT (R) and Notification No. 37/2017-Integrated Tax (Rate).</p> <p>4. It is clarified that the respective Government departments shall be liable to get registered and pay GST on intra-State and inter-State supply of used vehicles, seized and confiscated goods, old and used goods, waste and scrap made by them to an unregistered person subject to the provisions of sections 22 and 24 of the CGST Act.</p>

Clarification related to treatment of sales promotion scheme under GST

The Central Government vide Circular No. 92/11/2019-GST, dated 07th March, 2019 clarified the following issues raised with respect to tax treatment of sales promotion schemes under GST:-

1. Free samples and gifts

Since the consideration is an important element of the definition supply, therefore the samples which are supplied free of cost, without any consideration, do not qualify as "supply" under GST, except where the activity falls within the ambit of Schedule I of the said Act.

Further, clause (h) of sub-section (5) of section 17 of the said Act clarified that input tax credit shall not be available to the supplier on the inputs, input services and capital goods to the extent they are used in relation to the gifts or free samples. However, where the activity of distribution of gifts or free samples falls within the scope of "supply" as per Schedule I of the said Act, the supplier would be eligible to avail of the ITC.

2. Buy one get one free offer

It may appear at first glance that in case of offers like “Buy One, Get One Free”, one item is being “supplied free of cost” without any consideration. In fact, it is not an individual supply of free goods but a case of two or more individual supplies where a single price is being charged for the entire supply.

Taxability of such supply will be dependent upon as to whether the supply is a composite supply or a mixed supply and the rate of tax shall be determined as per section 8 of the said Act. And, ITC shall be available to the supplier in relation to such supply.

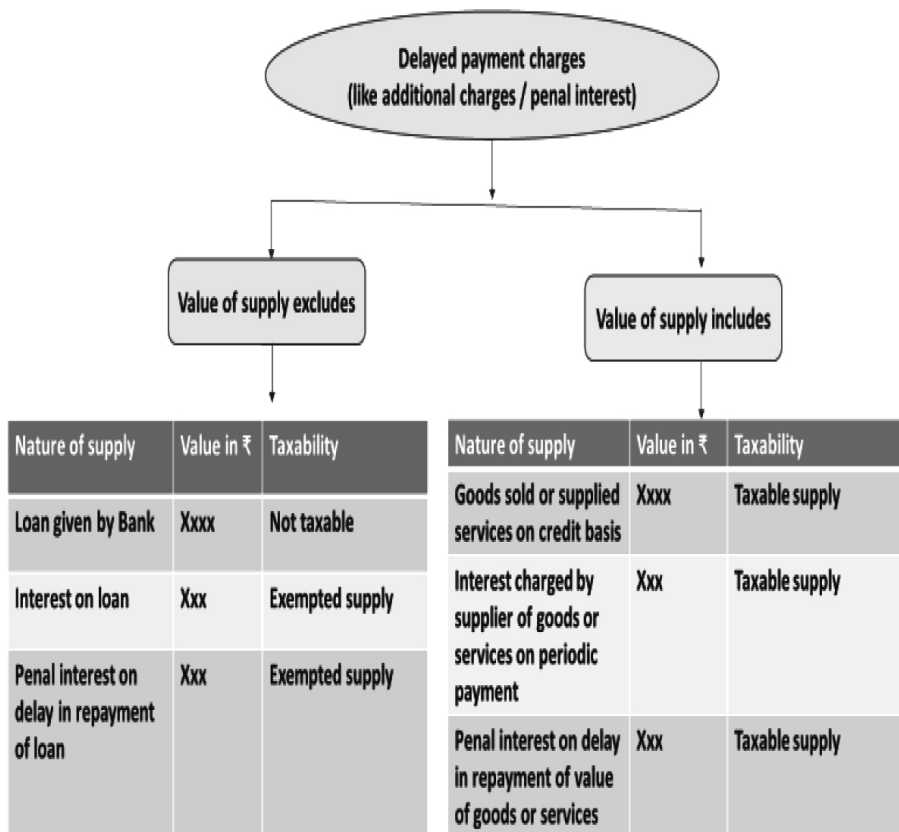

3. Discounts including ‘Buy more, save more’ offers

Discounts offered by the suppliers to customers including staggered discount under “Buy more, save more” scheme and post supply/volume discounts established before or at the time of supply) shall be excluded to determine the value of supply provided they satisfy the parameters laid down in sub-section (3) of section 15 of the said Act, including the reversal of ITC by the recipient of the supply as is attributable to the discount. Further, the supplier shall be entitled to avail the ITC for such inputs, input services and capital goods used in relation to the supply.

4. Secondary Discounts

Value of supply shall not include any discount by way of issuance of credit note(s), except in cases where the provisions contained in clause (b) of sub-section (3) of section 15 of the said Act are satisfied. There is no impact on availability or otherwise of ITC in the hands of supplier.

4.1 INTRODUCTION

The basic concept of Input Tax Credit (ITC) is to avoid the cascading effect of duty. Cascading effect of duty (i.e. duty on duty) happens where tax is levied at every stage of supply.

The following examples will help us understand this.

If the duty is based on the manufacture of a product, the tax burden keeps increasing as raw material and final product passes from one stage to another.

Cascading effect

Assessee	A (₹)	B (₹)
Purchases	100	224
Value added	100	76
Assessable Value	200	300
Add Excise Duty @ 12%	24	36
Sale prices	224	336

200 x 12% = 24

24 x 12% = 2.88

76 x 12% = 9.12

Duty paid on duty

GST eliminates cascading effect of tax

No Cascading effect

Assessee	A (₹)	B (₹)	
Purchases	100	200.00	(₹ 224 – ₹ 24)
Value added	100	76.00	
Assessable Value	200	276.00	Output tax 33.12
Add GST @ 12%	24	33.12	Input tax (24.00)
Sale prices	224	309.12	net payable 9.12 [i.e., 76 × 12% = 9.12]

Uninterrupted and seamless chain of input tax credit (hereinafter referred to as, "ITC") is one of the key features of Goods and Services Tax. As the tax charged by the Central or the State Governments would be part of the same tax regime, the credit of tax paid at every stage would be available as set-off for payment of tax at every subsequent stage.

Example 1:

Mr. K of Kolkata sold taxable goods to Mr. C of Chennai. Mr. B being a buyer of goods is eligible to claim the IGST as credit on purchases based on the tax invoice issued by Mr. K of Kolkata.

Step by step approach:

1. Mr K will upload the details of all tax invoices issued in GSTR 1.
2. The details with respect to sales to Mr C will auto populate/ get reflected in GSTR 2A, the same data will be pulled when Mr C will file GSTR 2 (i.e details of inward supply).
3. Mr C will then accept the details that the purchase has been made and reported by the seller correctly and subsequently the tax on purchases will be credited to 'Electronic Credit Ledger' of Mr C and he can adjust it against future output tax liability.

Utilization of ITC:

Inward supply	Outward supply			Remarks
	CGST	SGST	IGST	
ITC of CGST	Allowed	Not allowed	Allowed	1st CGST next IGST in that order
ITC of SGST	Not allowed	Allowed	Allowed	1st SGST next IGST in that order
ITC of IGST	Allowed	Allowed	Allowed	W.e.f. 1-4-2019 section 49A of CGST Act, 2017 read with Rule 88A of CGST Rules, 2017: IGST credit can be adjusted equally between CGST and SGST or any other proportion at the option of the assessee.

Amendments made by the IGST (Amendment) Act, 2018 – Effective from 01.02.2019

IGST not apportioned under sub-sections (1) and (2) of section 17 to be apportioned equally amongst Central Government and State Government/Union Territories on ad hoc basis [New sub-section (2A) inserted in section 17 of the IGST Act]

Section 17 of the IGST Act prescribes the provisions for such apportionment of IGST and settlement of funds between the Central Government and the State Governments.

Sub-sections (1) and (2) of section 17 provides for apportionment of IGST between the Central Government and State Governments/Union Territories in respect of those supplies where the input tax credit cannot be availed and thus, the tax revenue finally accrues to the exchequer.

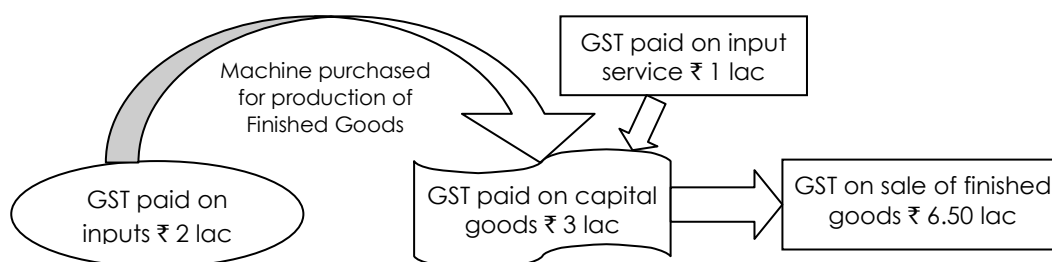

A new sub-section (2A) has been inserted in section 17 to provide that the amount of IGST not apportioned under sub-section (1) and sub-section (2) may, for the time being, on the recommendations of the Council, be apportioned at the rate of 50% to the Central Government and 50% to the State Governments or the Union territories, as the case may be, on ad hoc basis and shall be adjusted against the amount apportioned under the said sub-sections. Thus, essentially, the new sub-section (2A) provides for apportionment of IGST in respect of B2B supplies wherein input tax credit has been taken by the recipients.

ITC is an integration of Goods and Services:

Since GST is charged on both goods and services, input tax credit can be availed on both goods and services (except those which are on the exempted/negative list). Input tax credit is allowed on capital goods.

Example 2:

X Ltd. being manufacturer cum seller of taxable goods

Particulars	GST ₹ in lac
Output supply of goods	6.50
Less: ITC on inward supply of goods	(2)
Less: ITC on capital goods	(3)
Less: ITC on input supply of services	(1)
Net GST liability	0.50

Note: Goods or services or both which are used or intended to be used in the course or furtherance of business and the said amount shall be credited to the electronic credit ledger of such person.

Conditions for taking ITC:

Section 16(2) of the CGST Act, 2017: Notwithstanding anything contained in this section, no registered person shall be entitled to the credit of any input tax in respect of any supply of goods or services or both to him unless,—

- (a) he is in possession of a tax invoice or debit note issued by a supplier registered under this Act, or such other tax paying documents as may be prescribed;
- (b) he has received the goods or services or both.

Explanation.—For the purposes of this clause, it shall be deemed that the registered person has received the goods where the goods are delivered by the supplier to a recipient or any other person on the direction of such registered person, whether acting as an agent or otherwise, before or during movement of goods, either by way of transfer of documents of title to goods or otherwise;

Note: Further explanation has been provided for Sec 16(2)(b) explanation vide CGST Amendment Act, 2018 that: For the purposes of this clause, it shall be deemed that the registered person has received the goods or, as the case may be, services—

- (i) where the goods are delivered by the supplier to a recipient or any other person on the direction of such registered person, whether acting as an agent or otherwise, before or during movement of goods, either by way of transfer of documents of title to goods or otherwise;
 - (ii) where the services are provided by the supplier to any person on the direction of and on account of such registered person.
- (c) subject to the provisions of section 41, the tax charged in respect of such supply has been actually paid to the Government, either in cash or through utilisation of input tax credit admissible in respect of the said supply; and
 - (d) he has furnished the return under section 39:

Provided that where the goods against an invoice are received in lots or instalments, the registered person shall be entitled to take credit upon receipt of the last lot or instalment:

Provided further that where a recipient fails to pay to the supplier of goods or services or both, other than the supplies on which tax is payable on reverse charge basis, the amount towards the value of supply along with tax payable thereon within a period of **one hundred and eighty days** from the date of issue of invoice by the supplier, an amount equal to the input tax credit availed by the recipient shall be added to his output tax liability, along with interest thereon, in such manner as may be prescribed:

Provided also that the recipient shall be entitled to avail of the credit of input tax on payment made by him of the amount towards the value of supply of goods or services or both along with tax payable thereon.

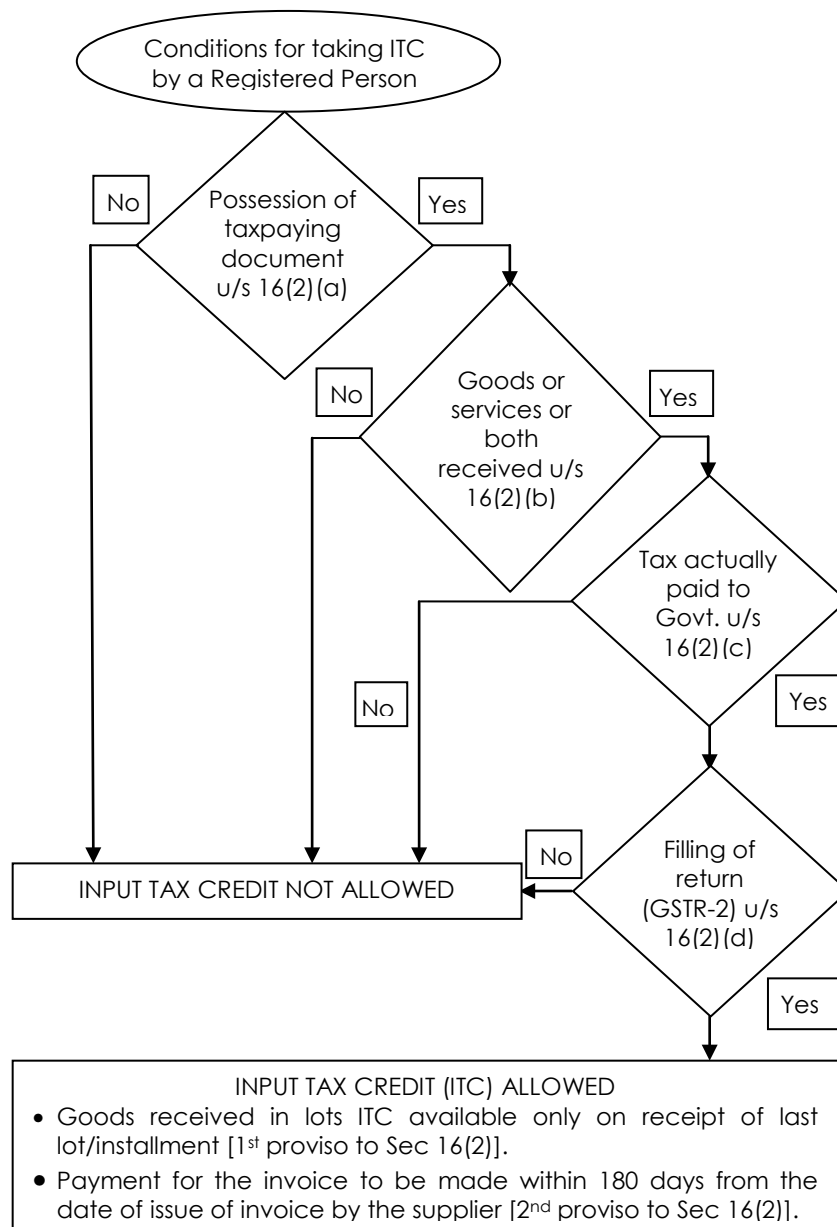

Note :Even if all specified particulars stipulated by Invoice rules is not satisfied, yet the invoice contains the amount of tax charged, description of supplies, total value of supply, GSTIN of the supplier & recipient and place of supply in case of inter-state supply, then the ITC can be availed by registered taxpayers. This is a very important amendment and hence ITC cannot be denied due to certain clerical mistakes in the invoice by the supplier.

Section 16(3) of the CGST Act, 2017: Where the registered person has claimed depreciation on the tax component of the cost of capital goods and plant and machinery under the provisions of the Income-tax Act, 1961, the input tax credit on the said tax component shall not be allowed.

Section 16(4) of the CGST Act, 2017: A registered person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods or services or both after the due date of furnishing of the return under section 39 for the month of September following the end of financial year to which such invoice or invoice relating to such debit note pertains or furnishing of the relevant annual return, whichever is earlier.

Simplified Approach:

Quantum of credit Section 16(1) of the CGST Act, 2017:

The entire credit on the input and capital goods allowed can be availed at the time of receipt of input and capital goods. Thus, to this extent there is no difference between input and capital goods under GST Law.

Tax Invoice or Debit Note [Section 16(2)(a) of the CGST Act, 2017]:

The input tax credit shall be availed by a registered person, including the Input Service Distributor, on the basis of any of the following documents (Rule 36(1) of the CGST Rules, 2017), namely,-

- (a) an invoice issued by the supplier of goods or services or both in accordance with the provisions of section 31;
- (b) an invoice issued under reverse charge;
- (c) a debit note;
- (d) a bill of entry
- (e) an Input Service Distributor invoice or Input Service Distributor credit note.

CASE LAW - 1

CCEX. v Stelko Strips Ltd. 2010 (255) ELT 397 (P&H)

Decision: The Cenvat Credit could be taken on the strength of private challans as the same were not found fake and there was proper certification that duty has been paid.

All these documents are to be furnished at the time of filing form GSTR-2, in accordance with Rule 36(2) of the CGST Rules, 2017.

As per Rule 36(3) of the CGST Rules, 2017, No input tax credit shall be availed by a registered person in respect of any tax that has been paid in pursuance of any order where any demand has been confirmed on account of any fraud, wilful misstatement or suppression of facts.

Example : 3

M/s. X Ltd. supplied taxable goods from the factory after manufacture in the month of Oct 2017 for sale to a distributor for ₹ 8,00,000. M/s X Ltd has suppressed this transaction. However, he deposited the GST @12% on these goods on 10-1-2018 against show cause notice issued under Section 74 (when there is fraud) of the CGST Act, 2017 by the Central Tax Officer and passed the order accordingly.

Whether distributor namely recipient of these goods is eligible to take input tax credit.

Answer:

As per rule 36(3) of the CGST Rules, 2017, No credit on payment of tax due to fraud, willful-misstatement or suppression of fact etc. shall be allowed.

In the given case no input tax credit was available to registered person if the supplier has paid tax in pursuance of order where any demand has been confirmed on account of any fraud, willful-misstatement or suppression of facts and so on under Sec. 74 of the CGST Act, 2017.

Hence, input tax credit is not allowed to recipient of these goods (i.e. distributor in the given case).

Notification No. 39/2018-CT, dated 4-9-2018:

Input tax credit may be availed based on following particulars:

- (i) Amount of tax charged
- (ii) Description of goods or services
- (iii) Total value of supply of goods or services or both
- (iv) GSTIN of the supplier and recipient and
- (v) Place of supply in case of inter-State supply,

**ITC on receipt of goods or services [Section 16(2)(b) of the CGST Act, 2017]:****(a) No credit when tax paid on advance receipt:**

As we are aware of that time of supply of goods (Sec 12 of the CGST Act, 2017) or time of supply of supply of service (Sec 13 of the CGST Act, 2017) where time of supply is the date on which the supplier receives the payment if the payment is received prior to raising of invoice/supply of goods or services (except where supply of goods turnover does not exceed ₹ 150 lacs. In such case date of invoice namely supply of goods is the time of supply).

GST paid by supplier on advance is not auto populated to the account of receipt of goods or services. The recipient of goods or services is not entitled for credit of tax paid on advances by the supplier. Section 16(2) (b) provides that the receiver should have received the goods or services for availment of credit. When the payments are made on advance receipt of supplier, the recipient has not received the goods or services. Therefore, he is not entitled for credit on input tax paid.

(b) Receipt of goods and services:

Registered person shall receive the goods or services and used or intended to be used in the course or furtherance of business. In case of input or input services are not received, by the registered person, the question of its use in the course or furtherance of business does not arise and hence, ITC not allowed.

In case goods received in installment:

Example : 4

M/s C Ltd. Chennai procured goods 10,000 Kgs @ ₹ 100 per Kg. from M/s D Ltd. of Delhi. These goods came to M/s C Ltd. of Chennai in the following manner:

Date of dispatch	No. of Kgs dispatched	Date of receipt	Normal loss in transit kgs	Abnormal loss in transit Kgs	No. Kgs received
10th Oct	2,000	15th Nov	2	Nil	1,998
2nd Nov	5,000	20th Nov	5	Nil	4,995
3rd Dec	3,000	1st Jan	1	20	2,979

Invoice shows 10,000 Kgs. and GST @18%.

You are required to answer:

(a) M/s C Ltd. can avail the proportionate credit on 15th Nov and 20th Nov.

(b) M/s C Ltd. is eligible for input tax credit if so when.

(c) How much credit is allowed to M/s C Ltd.

Answer:

(a) M/s C Ltd. cannot take proportionate credit on the quantity received on 15th Nov and 20th Nov.

(b) M/s C Ltd. is eligible to avail the input tax credit on 1st Jan.

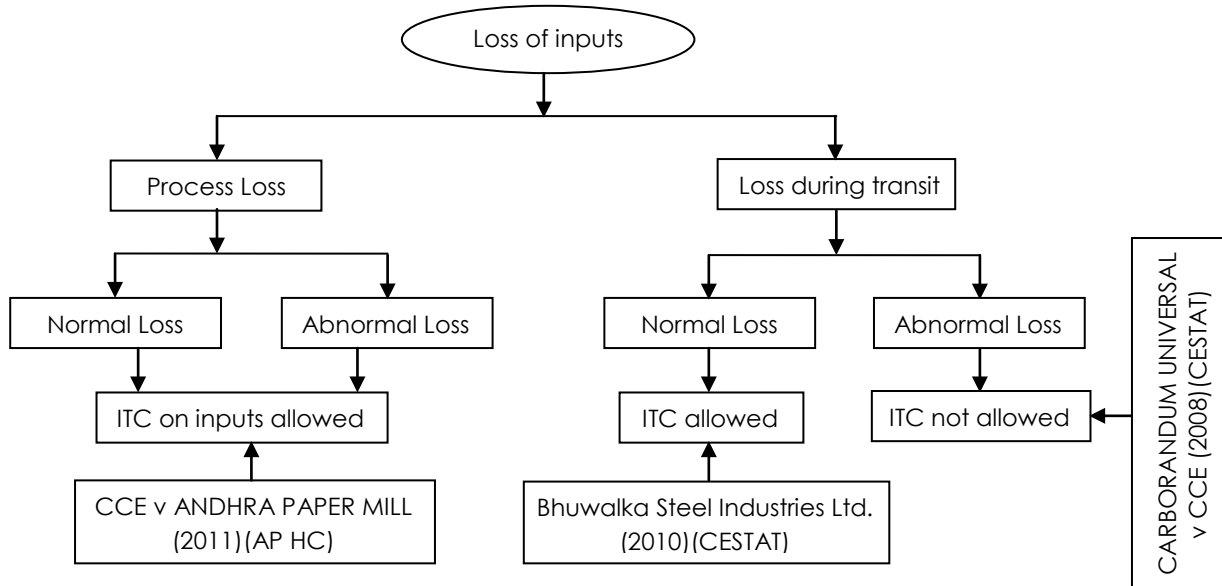

(c) Input tax credit allowed = ₹ 1,79,640/- (10,000 Kgs x ₹ 100) x 18% x 9980 kgs/10,000 kgs.

Note:

(i) Goods received in lots ITC available only on receipt of last lot/installment [1st proviso to Sec 16(2)]

(ii) Entire input tax credit is allowed in case of transit loss (i.e. normal loss). Whereas input tax credit is not allowed to the extent of transit loss (i.e. abnormal loss).

Loss of Inputs

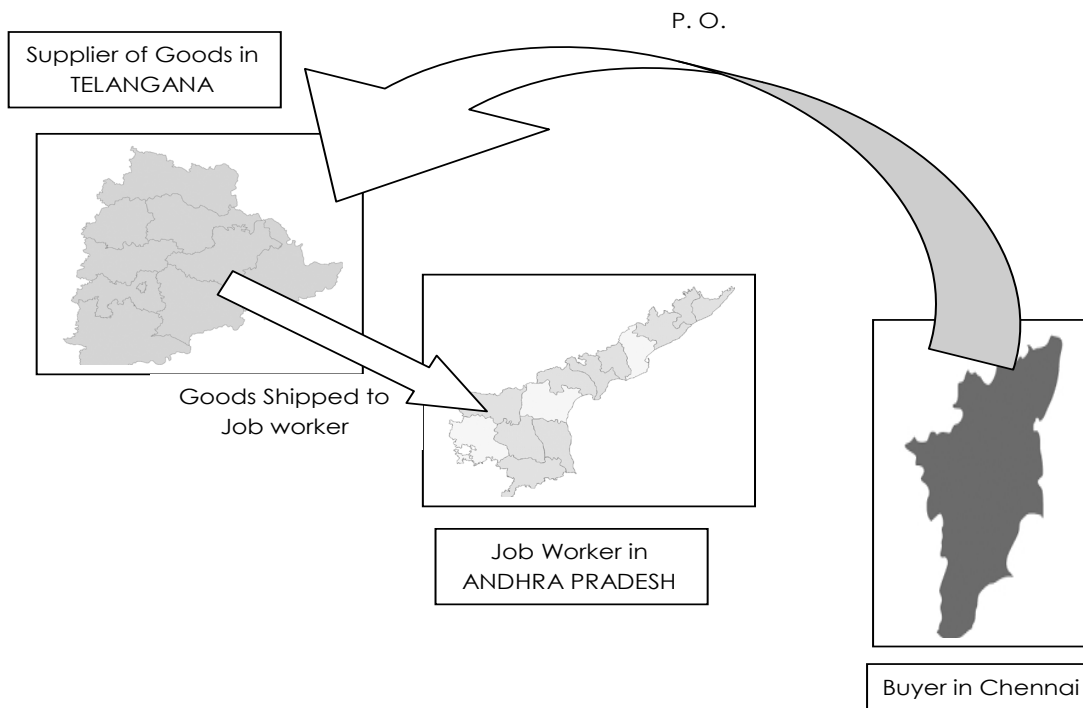

Deemed receipt of goods (Explanation to Sec 16(2)(b) of the CGST Act, 2017:

The explanation expands the meaning of receipt of goods to provide that it is not necessary that the goods are physically received by the recipient. The recipient can issue directions to deliver the goods to third person.

Example : 5

Goods sent to job worker from supplier on the directions of buyer (i.e. Bill To Ship).

In case of Bill To Ship model the goods received by job worker will be considered as received by buyer only.

Tax charged in respect of such supply has been actually paid to the Government [Sec 16(2)(c) of the CGST Act, 2017 subject to the provisions of Sec 41 of the CGST Act, 2017]:

It is now specially provided that the supplier has actually paid to the credit of appropriate Govt. the tax amount on the supply made by him.

The liability of payment of tax will be computed by the common portal based on the information of outward supply declared by the supplier goods or services or by recipient himself. The liability so computed as per GSTR-3 will automatically reflected in common portal in tax liability register of taxpayer in Part 1 of the GST-PMT-1.

The taxpayer can make the payment of such liability either by using the balance available in the credit ledger or cash ledger. The payment is required to be made by 20th of following month.

It means supplier will give the credit to recipient only when tax paid to the Govt.

Example : 6

M/s. X Ltd. supplied taxable goods from the factory after manufacture in the month of Oct 20XX for sale to a distributor for ₹ 8,00,000. However, he deposited the GST @12% on these goods on 10-1-20XX against show cause notice issued under Section 74 (when there is fraud) of the CGST Act, 2017 by the Central Tax Officer and passed the order accordingly.

During the month of December 20XX, M/s X Ltd received goods worth ₹ 5,00,000 by paying GST 12%.

- (a) Find the Net GST deposited by M/s X Ltd. into the Government Account on 10th January 20XX
- (b) Your answer is different if M/s X Ltd. paid GST 12% against show cause notice issued under section 73 (when there is no fraud).
- (c) Rework, M/s X Ltd. paid output tax by following self-assessment (i.e. when there is no show cause notice issued)

Note: Ignore penalty and interest

Answer:

(a) Statement showing Net GST deposited by M/s X Ltd. (where there is fraud Sec. 74 of the CGST Act):

Particulars	CGST 6%	SGST 6%	Remarks
Output tax	48,000	48,000	(₹ 8 lac x 6%)
Less: ITC (Since, it is paid against the order where there is fraud)	Not allowed	Not allowed	GST @12% paid on ₹5 lac is not allowed as ITC.
Net GST liability	48,000	48,000	

(b) Our answer remains same as stated in (a) above.

(c) Statement showing Net GST deposited by M/s X Ltd. (where there is no show cause notice issued):

Particulars	CGST 6%	SGST 6%	Remarks
Output tax	48,000	48,000	(₹ 8 lac x 6%)
Less: ITC	(30,000)	(30,000)	GST @12% paid on ₹ 5 lac is allowed as ITC.
Net GST deposited	18,000	18,000	

Return under Section 39 of the CGST Act, 2017 must submit to avail the credit [Sec. 16(2)(d) of the CGST Act, 2017]:

Example : 7

M/s X Ltd. supplied goods in the month of December 20XX; the entry for debit must be made by 20th January 20XX. In the absence of making payment of tax, the return cannot be filed under section 39 of the CGST Act, 20XX. In such case credit to the recipient of goods or services will be denied.

It means the credit will be denied even when the recipient has paid tax to the supplier and supplier has failed to pay the tax to the Government.

Payment to supplier of goods or services or both (2nd Proviso to [Section 16(2) of the CGST Act, 2017]:

The recipient shall pay to the supplier of goods or services or both, other than the supplies on which tax is payable on reverse charge basis, the value along with the tax payable thereon within a period of 180 days from the date of issue of invoice by the supplier.

It means recipient of goods/services should pay to the supplier (Including Taxes), within 180 days from the date of issue of invoice, else the Input Credit shall be reversed.

Reversal of input tax credit in the case of non-payment of consideration (Rule 37(1A) of the CGST Rules, 2017

A registered person, who has availed of input tax credit on any inward supply of goods or services or both, but fails to pay to the supplier thereof, the value of such supply along with the tax payable thereon, within the time limit specified in the second proviso to sub-section (2) of section 16 (i.e. 180 days from the date of invoice), shall furnish the details of such supply, the amount of value not paid and the amount of input tax credit availed of proportionate to such amount not paid to the supplier in FORM GSTR-2 for the month immediately following the period of one hundred and eighty days from the date of the issue of the invoice:

It means, if 180 days expires on 15th December 2017, the details are required to be declared in GSTR - 2 for the month of January 2018.

Provided that the value of supplies made without consideration as specified in Schedule I of the said Act shall be deemed to have been paid for the purposes of the second proviso to sub-section (2) of section 16.

It means, where supply is made without consideration in respect of activities specified in **Schedule I** then in such case proviso **to sub-rule (1) to Rule 37** makes the deeming fiction that value against such supplies has deemed to be paid within 180 days from the date of issue of invoice.

Notification No. 26/2018-CT, dated 13-6-2018:

Reversal of input tax credit in case of non-payment of consideration is not required (i.e. Deemed to have been paid): Notification No. 26/2018-CT, dated 13-6-2018:

Value of supplies on account of any amount added in accordance with the provisions of section 15(2)(b) of CGST Act, 2017 shall be deemed to have been paid for the purposes of the second proviso to section 16(2) of the CGST Act, 2017.

The following paragraph has been inserted vide Notification No. 26/2018 – Central Tax, dated 13.6.2018 to amend Rule 37 sub rule (1):

“Provided further that the value of supplies on account of any amount added in accordance with the provisions of clause (b) of sub-section (2) of section 15 shall be deemed to have been paid for the purposes of the second proviso to sub-section (2) of section 16.”

This proviso has been inserted so that any amount that the supplier is liable to pay in relation to supply but which has been incurred by the recipient of the supply and not included in the price actually paid or payable for the goods or services or both shall be deemed to have been paid and no reversal of input tax credit on such amount is required to be made in case recipient fails to pay to the supplier the amount towards the value of supply along with tax payable thereon within a period of one hundred and eighty days from the date of issue of invoice.

The following paragraph has been inserted vide Notification No. 39/2018 – Central Tax, dated 04.9.2018 to amend Rule 36 sub rule (2):

“Provided that if the said document does not contain all the specified particulars but contains the details of the amount of tax charged, description of goods or services, total value of supply of goods or services or both, GSTIN of the supplier and recipient and place of supply in case of inter-State supply, input tax credit may be availed by such registered person.”

Even if all specified particulars stipulated by Invoice rules is not satisfied, yet the invoice contains the amount of tax charged, description of supplies, total value of supply, GSTIN of the supplier & recipient and place of supply in case of inter-state supply, then the ITC can be availed by registered taxpayers. This is a very important amendment and hence ITC cannot be denied due to certain clerical mistakes in the invoice by the supplier.

Example : 8

M/s A Ltd. of Aluva (Kerala) receives the input service from M/s B Ltd. of Bengaluru who raises the invoice for supply of service on 17th Dec 20XX and availed the credit on the same date.

Find the time limit within which M/s A Ltd. is required to pay the bill amount inclusive of tax to supplier of service.

Also explain consequence if payment is not made within the stipulated time period as mentioned in 2nd proviso to section 16(2) of the CGST Act, 2017.

Re-credit is allowed if the payment is made to the supplier of service after expiry of time period as mentioned in 2nd proviso to section 16(2) of the CGST Act, 2017.

Answer:

In the given case M/s A Ltd. must pay to M/s B Ltd. the value of services and GST payable thereon by 15th June 20XX.

Working note:

From	To	No. of days
18th Dec 20XX	15th June 20XX	180

In case M/s A Ltd. does not pay by 15th June 20XX, the credit availed by it will be added to his output liability. The amount will be added to their output tax liability with interest.

The 3rd proviso to Section 16(2) of the CGST Act, 2017, provides that the amount so reversed can be again taken as a credit when the payment for receipt goods or services has been made to the supplier of goods or services.

As per Rule 37(4) of the CGST Rules, 2017, the time limit specified in sub-section (4) of section 16 shall not apply to a claim for re- availing of any credit, in accordance with the provisions of the Act or the provisions of this Chapter that had been reversed earlier.

Example : 9

M/s X Ltd. has establishment in Chennai, and establishment in Hyderabad. Supply of goods (open market value of ₹ 5,00,000) made by M/s X Ltd. Chennai to M/s X Ltd. Hyderabad. M/s X Ltd. Chennai paid IGST of ₹ 60,000. Accordingly M/s X Ltd. Hyderabad availed the input tax credit of ₹ 60,000. 2nd Proviso to Section 16(2) of CGST Act, 2017 is applicable in the given case (i.e to reverse the credit where payment is not made within 180 days from the date of invoice). Advise.

Answer:

As per proviso to rule 37(1) of the CGST Rules, 2017, the value of supplies made without consideration as specified in Schedule I of the said Act shall be deemed to have been paid for the purposes of the second proviso to sub-section (2) of section 16.

In the given case M/s X Ltd. Hyderabad is not required to reverse the input tax credit. Since, as per Section 25(4) of the CGST Act, 2017 two establishments are considered as establishment of distinct person and accordingly, supply made by one establishment to another establishment will be covered under Schedule I without consideration.

Depreciation on GST component of the Capital Goods under Income Tax Act, 1961 u/s 16(3) of the CGST Act, 2017:

Taxable person shall not claim depreciation on tax component of the cost of capital goods under the provisions of the Income Tax Act, 1961. If the depreciation under section 32 of the Income Tax Act, 1961 is claimed on the tax component by capitalizing with the cost of capital goods, input tax credit shall not be allowed.

Example : 10

M/s Jay Ltd. being a manufacturer purchased machinery worth ₹ 10,00,000 on which GST ₹ 1,80,000 is paid. The manufacturer has following two options:

Option 1: claim depreciation on the entire value of machinery inclusive of GST (i.e ₹ 11,80,000) by forgoing ITC on capital goods.

Option 2: claim depreciation on the cost of machine (i.e. ₹ 10,00,000) and avail the ITC of GST portion (i.e. 1,80,000).

Time limit to avail the input tax credit [Section 16(4) of the CGST Act, 2017]:

Time limit for availment of credit by registered taxable person is prescribed in the following manner.

(a) Filing of return under section 39 for the month of September following end of financial year to which such invoice pertains

or

(b) Filing of annual return

Whichever is earlier.

ITC on invoices pertaining to a financial year or debit notes relating to invoices pertaining to a financial year can be availed any time till the due date of filing of the return for the month of September of the succeeding financial year or the date of filing of the relevant annual return, whichever is earlier.

As per Finance Act, 2020, the words were "invoice relating to such" has been omitted.

The effect of the amendment is that date of debit note, and date of underlying invoice have been delinked. Thus, debit note in respect of an invoice can be raised even after 30th September following end of financial year to which the invoice pertains.

It means the recipient can avail ITC of GST paid through debit note, even if the supply pertains to previous financial years.

Exception: the time limit u/s 16(4) does not apply to claim for re-availing of credit that had been reversed earlier.

It is worthy to that the return for the month of September is to be filed by 20th October and annual return of a financial year is to be filed by 31st December of the succeeding financial year.

Return for month of September:

As per section 39 of the CGST Act, 2017, every registered taxable person is required to file return in the prescribed form by 20th of the following month. Thus, return for the month of September is required to file by 20th of October. The credit thereof shall be availed by 30th September and declare in return.

Example : 11

For financial year 2019-20, the registered taxable person files the return on 18th Oct 2019. It is provided that after filing of return, the input tax credit for the supply of goods or services pertaining to the period 2019-20 cannot be claimed by the registered taxable person.

Annual Return of the succeeding financial year:

As per Section 44 of the CGST Act, 2017, every registered taxable person is required to file annual return by 31st December following end of financial year. Thus, for the financial year 2019-20, the annual return is required to be filed by 31st December 2020.

w.e.f 1-8-2019:

“Provided that the Commissioner may, on the recommendations of the Council and for reasons to be recorded in writing, by notification, extend the time limit for furnishing the annual return for such class of registered persons as may be specified therein:

Provided further that any extension of time limit notified by the Commissioner of State tax or the Commissioner of Union territory tax shall be deemed to be notified by the Commissioner.”

Example : 12

M/s X Ltd. purchased input for ₹ 2,00,000 vide Tax Invoice No. 12 dated 1st December 2017. M/s X Ltd. has submitted annual return for the financial year 2017-18 on 15th September 2018 and return for September 2018 has been filed 19th Oct 2018. Find the time limit within which input tax credit can be availed on input by X Ltd. M/s X Ltd. wants to take input tax credit on such input on 30th September 2018, advise.

Answer:

Time limit to avail the credit is earlier of the following:

(a) 19th October 2018

or

(b) 15th September 2018

Therefore, M/s X Ltd has to avail the input tax credit on or before 15th September 2018.

Advise:

After 15th September 2018, the registered taxable person cannot take credit based on invoice pertaining to supply of goods or services for the period 1st April 2017 to 31 March 2018. Hence, in the given case M/s X Ltd is NOT eligible to avail the input tax credit on 30th September 2018.

Example 13:

M/s X Ltd. delivered a machine to M/s Y Ltd. in January 2018 under Invoice No. 180 dated 21st January for ₹ 5,00,000 plus GST, and undertook trial runs and calibration of the same machine as per the requirements of M/s Y Ltd. The amount chargeable for the past delivery activities were covered in a debit note raised in May 2018 for ₹ 1,25,000 plus GST. M/s Y Ltd did not file its annual return till October 2018.

Find the time limit u/s 16(4) of the CGST Act, 2017 within which input tax credit can be availed by M/s Y Ltd.

Answer:

Time limit to avail the ITC on machine (vide Invoice No. 180 dt. 21.01.2018) is 30th September 2018.

Time limit to avail the ITC on debit note is also 30th September 2018.

Note: though the debit note was received in the next financial year (2018-19), it relates to an invoice received in the financial year ending 31st March 2018 (i.e. 2017-18).

Therefore, the time limit for taking ITC available on ₹ 5,00,000 as well as on ₹ 1,25,000 is 30th September 2018; earlier of the date of filing the annual return for 2017-18 or the due date for filing return for September 2018.

CBIC notifies Central Goods and Services Tax (Sixth Amendment) Rules, 2019 vide Notification No. 49/2019 – Central Tax dated 09-10-2019 and made some important changes as given below-

ITC shall not exceed 20% of the eligible credit:

Rule 36(4) inserted in the CGST Rules, 2017- Input tax credit to be availed by a registered person in respect of invoices or debit notes, the details of which have not been uploaded by the suppliers in their GSTR-1 under section 37(1), shall not exceed 20 per cent of the eligible credit available in respect of invoices or debit notes the details of which have been uploaded by the suppliers under section 37(1). Effectively ITC shall not exceed 20% of the eligible credit reflected in GSTR-2A.

20% ITC restrictions clarified by CBIC Circular No. 123/42/2019– GST dated 11.11.2019:

Sl. No	Issue	Clarification
1.	What are the invoices /debit notes on which the restriction under rule 36(4) of the CGST Rules shall apply?	The restriction of availment of ITC is imposed only in respect of those invoices / debit notes, details of which are required to be uploaded by the suppliers under sub-section (1) of section 37 and which have not been uploaded. Therefore, taxpayers may avail full ITC in respect of IGST paid on import, documents issued under RCM, credit received from ISD etc. which are outside the ambit of sub-section (1) of section 37, provided that eligibility conditions for availment of ITC are met in respect of the same. The restriction of 36(4) will be applicable only on the invoices / debit notes on which credit is availed after 09.10.2019.
2.	Whether the said restriction is to be calculated supplier wise or on consolidated basis?	The restriction imposed is not supplier wise. The credit available under sub-rule (4) of rule 36 is linked to total eligible credit from all suppliers against all supplies whose details have been uploaded by the suppliers. Further, the calculation would be based on only those invoices which are otherwise eligible for ITC. Accordingly, those invoices on which ITC is not available under any of the provision (say under sub-section (5) of section 17) would not be considered for calculating 20 per cent. of the eligible credit available.
3.	FORM GSTR-2A being a dynamic document, what would be the amount of input tax credit that is admissible to the taxpayers for a particular tax period in respect of invoices/ debit notes whose details have not been uploaded by the suppliers?	The amount of input tax credit in respect of the invoices / debit notes whose details have not been uploaded by the suppliers shall not exceed 20% of the eligible input tax credit available to the recipient in respect of invoices or debit notes the details of which have been uploaded by the suppliers under sub-section (1) of section 37 as on the due date of filing of the returns in FORM GSTR-1 of the suppliers for the said tax period. The taxpayer may have to ascertain the same from his auto populated FORM GSTR 2A as available on the due date of filing of FORM GSTR-1 under sub-section (1) of section 37.

4.	How much ITC a registered tax payer can avail in his FORM GSTR-3B in a month in case the details of some of the invoices have not been uploaded by the suppliers under sub-section (1) of section 37.	<p>Sub-rule (4) of rule 36 prescribes that the ITC to be availed by a registered person in respect of invoices or debit notes, the details of which have not been uploaded by the suppliers under sub-section (1) of section 37, shall not exceed 20 per cent. of the eligible credit available in respect of invoices or debit notes the details of which have been uploaded by the suppliers under sub-section (1) of section 37. The eligible ITC that can be availed is explained by way of illustrations, in a tabulated form, below.</p> <p>In the illustrations, say a taxpayer "R" receives 100 invoices (for inward supply of goods or services) involving ITC of ₹ 10 lakhs, from various suppliers during the month of Oct, 2019 and has to claim ITC in his FORM GSTR-3B of October, to be filed by 20th Nov, 2019.</p>			
			Details of suppliers' invoices for which recipient is eligible to take ITC	20% of eligible credit where invoices are uploaded	Eligible ITC to be taken in GSTR-3B to be filed by 20th Nov.
		Case 1	Suppliers have furnished in FORM GSTR-1 80 invoices involving ITC of ₹ 6 lakhs as on the due date of furnishing of the details of outward supplies by the suppliers.	₹ 1,20,000/-	₹ 6,00,000 (i.e. amount of eligible ITC available, as per details uploaded by the suppliers) + ₹ 1,20,000 (i.e. 20% of amount of eligible ITC available, as per details uploaded by the suppliers) = ₹ 7,20,000/-
		Case 2	Suppliers have furnished in FORM GSTR-1 80 invoices involving ITC of ₹ 7 lakhs as on the due date of furnishing of the details of outward supplies by the suppliers.	₹ 1,40,000/-	₹ 7,00,000 + ₹ 1,40,000 = ₹ 8,40,000/-
		Case 3	Suppliers have furnished in FORM GSTR-1 75 invoices having ITC of ₹ 8.5 lakhs as on the due date of furnishing of the details of outward supplies by the suppliers.	₹ 1,70,000/-	₹ 8,50,000/- + ₹ 1,50,000/-* = ₹ 10,00,000 * The additional amount of ITC availed shall be limited to ensure that the total ITC availed does not exceed the total eligible ITC.

5.	When can balance ITC be claimed in case avilment of ITC is restricted as per the provisions of rule 36(4)?	The balance ITC may be claimed by the taxpayer in any of the succeeding months provided details of requisite invoices are uploaded by the suppliers. He can claim proportionate ITC as and when details of some invoices are uploaded by the suppliers provided that credit on invoices, the details of which are not uploaded (under sub-section (1) of section 37) remains under 20 per cent of the eligible input tax credit, the details of which are uploaded by the suppliers. Full ITC of balance amount may be availed, in present illustration by "R", in case total ITC pertaining to invoices the details of which have been uploaded reaches ₹ 8.3 lakhs (₹ 10 lakhs /1.20). In other words, taxpayer may avail full ITC in respect of a tax period, as and when the invoices are uploaded by the suppliers to the extent Eligible ITC/ 1.2. The same is explained for Case No. 1 and 2 of the illustrations provided at Sl. No. 3 above as under:	
		Case 1	"R" may avail balance ITC of ₹ 2.8 lakhs in case suppliers upload details of some of the invoices for the tax period involving ITC of ₹ 2.3 lakhs out of invoices involving ITC of ₹ 4 lakhs details of which had not been uploaded by the suppliers. [₹ 6 lakhs + ₹ 2.3 lakhs = ₹ 8.3 lakhs]
		Case 2	"R" may avail balance ITC of ₹ 1.6 lakhs in case suppliers upload details of some of the invoices involving ITC of ₹ 1.3 lakhs out of outstanding invoices involving ₹ 3 lakhs. [₹ 7 lakhs + ₹ 1.3 lakhs = ₹ 8.3 lakhs]

With effect from 01.01.2020, Notification No. 75/2019 CT dated 26.12.2019 has amended the said sub-rule to reduce the percentage of ITC that can be availed on invoices not uploaded by the suppliers in their GSTR-1s from **20% to 10%**.

Invoice/debit note has not been uploaded by the supplier in his GSTR-1:

W.e.f. 1-1-2020 @10% (from 9th Oct 2019 to 31st Dec 2019 @20%) of the eligible ITC available in respect of the uploaded invoices/debit notes.

However, the ITC so claimed should not exceed the actual eligible ITC available in respect of the invoices not uploaded.

Example 1:

Mr. Vijay, a registered supplier, receives 100 invoices (for inward supply of goods/ services) involving GST of ₹ 10 lakh, from various suppliers during the month of October 20XX.

Compute the ITC that can be claimed by Mr. Vijay in his GSTR-3B for the month of October 20XX to be filed by 20th November 20XX in the following independent cases assuming that GST of ₹ 10 lakh is otherwise eligible for ITC:

Case I

Out of 100 invoices, 80 invoices involving GST of ₹ 6 lakh have been uploaded by the suppliers in their respective GSTR-1s filed on the prescribed due date therefor.

Case II

Out of 100 invoices, 75 invoices involving GST of ₹ 8.5 lakh have been uploaded by the suppliers in their respective GSTR-1s filed on the prescribed due date therefor.

Case III

Out of 100 invoices, 95 invoices involving GST of ₹ 9.5 lakh have been uploaded by the suppliers in their respective GSTR-1s filed on the prescribed due date therefor.

Answer:

Case I:

ITC on invoices (uploaded in GSTR-1) = ₹6,00,000/-

Add: 10% on ₹6 lac = ₹60,000

Or

ITC on invoices not uploaded in

GSTR-1 is ₹4,00,000/-

Whichever is less = ₹60,000/-

Total ITC allowed = ₹6,60,000/-

Case II:

ITC on invoices (uploaded in GSTR-1) = ₹8,50,000/-

Add: 10% on ₹8.5 lac = ₹85,000

Or

ITC on invoices not uploaded in

GSTR-1 is ₹1,50,000/-

Whichever is less = ₹85,000/-

Total ITC allowed = ₹9,35,000/-

Case III:

ITC on invoices (uploaded in GSTR-1) = ₹9,50,000/-

Add: 10% on ₹9.50 lac = ₹95,000

Or

ITC on invoices not uploaded in

GSTR-1 is ₹50,000/-

Whichever is less = ₹50,000/-

Total ITC allowed = ₹10,00,000/-

Note: 10% restriction (earlier 20%) is not applicable cases:

- a. IGST paid on import of goods
- b. IGST paid on import of services (under Reverse Charge)
- c. Input Service Distributor distributes ITC
- d. Inward supplies received from Non-resident Taxable Person.

Example 2: In the above Example 1 (case I), when can Mr. Vijay avail the balance ITC?

Answer:

A taxpayer may avail full ITC in respect of a tax period, as and when the invoices are uploaded by the suppliers to the extent eligible ITC/ 1.1.

Therefore, Mr. Vijay may avail full ITC of ₹ 10 lakh in respect of the month of October 20XX, as and when the invoices are uploaded by the suppliers to the extent of ₹ 9.091 lakh (10 lakh/1.1). Hence, balance ITC of ₹ 3.4 lakh can be availed by Mr. Vijay if suppliers upload details of some of the invoices for the month of October 20XX involving ITC of ₹ 3.091 lakh out of outstanding invoices involving ITC of Rs. 4 lakh details of which had not been uploaded by the suppliers [₹ 6 lakh + ₹ 3.091 lakh = ₹ 9.091 lakh].

Suppose suppliers of Mr. Vijay upload 15 more invoices involving ITC of ₹ 3.091 lakh in the month of December 20XX. In such a scenario, ITC that can be claimed by Mr. Vijay for the month of December 20XX (in respect of such 15 invoices) will be as under –

100% ITC of ₹ 3.091 + ₹ 0.309 [10% of ₹ 3.091 lakh] = ₹ 3.4 lakh

Therefore, Mr. Vijay will be able to claim balance ITC of ₹ 3.4 lakh in the month of December 20XX.

Circular No. 123/ 42/ 2019 GST dated 11.11.2019 has clarified the following issues in relation to restriction in availment of ITC in terms of rule 36(4) as under:

- (1) The restriction is not imposed through the common portal and it is the responsibility of the taxpayer claiming credit to avail ITC on self-assessment basis.
- (2) The restriction shall be applied only on the invoices/ debit note, details of which are required by supplier to be uploaded under section 37(1) of the CGST Act. Therefore, taxpayer may avail full ITC in respect of IGST paid on imports, documents issued under RCM, credit received from ISD etc. which are outside the ambit of section 37(1).
- (3) ITC under rule 36(4) shall be calculated on total eligible ITC from all suppliers against all supplies whose details have been uploaded by the supplier. Therefore, the restriction is not on supplier basis.
- (4) The calculation would be based only on those invoices on which ITC is available and therefore, invoices on which ITC is not available [say under section 17(5) of the CGST Act] would not be considered for calculation of 20% **[amended to 10% subsequently]** of the eligible ITC available.
- (5) The amount of ITC in respect of the invoice/ debit note whose details have not been uploaded shall not exceed 20% **[amended to 10% subsequently]** of the eligible ITC in respect of invoice/ debit note which have been uploaded by supplier under section 37(1) **as on due date of filing Form GSTR-1** by the supplier for the said tax period. **The same can be ascertained as per GSTR 2A showing ITC on the due date of filing GSTR-1.**

For example: Due date for filing GSTR-1 for the month of January, 2020 is 11.02.2020.

Now, ITC in respect of invoice/ debit note which have not been uploaded by supplier shall be maximum of 20% **[amended to 10% subsequently]** of total ITC reflected in GSTR 2A as on 11.02.2020.

Restrictions on utilisation of ITC [Rule 86A]

A new rule 86A has been inserted in the CGST Rules to empower the Commissioner/ an officer (not below the rank of an Assistant Commissioner) authorised by him, to impose restrictions on utilization of ITC available in the electronic credit ledger if he has reasons to believe that such ITC has been fraudulently availed or is ineligible.

The restrictions can be imposed in the following circumstances:

- (i) ITC has been availed on the basis of tax invoices/valid documents -
 - issued by a non-existent supplier or by a person not conducting any business from the registered place of business; or
 - without receipt of goods or services or both; or
 - the tax in relation to which has not been paid to the Government
- (ii) Registered person availing ITC has been found non-existent or not to be conducting any business from the registered place of business; or
- (iii) Registered person availing ITC is not in possession of tax invoice/valid document.

If the ITC is so availed, the restrictions can be imposed by not allowing such ITC to be used for discharging any liability under section 49 or not allowing refund of any unutilised amount of such ITC. Such restrictions can be imposed for a period up to 1 year from the date of imposing such restrictions. However, the Commissioner/officer authorised by him, can withdraw such restriction if he is satisfied that conditions for imposing the restrictions no longer exist.

[Notification No. 75/ 2019 CT dated 26.12.2019]

Clarification of issues relating to application of sub-rule (4) of rule 36 of the CGST Rules, 2017, cumulatively for the months of February, 2020 to August, 2020:

The Central Board of Indirect Taxes & Customs vide Circular No. 142/12/2020- GST dated 9th October, 2020 has issued the following clarification relating to application of sub-rule (4) of rule 36 of the CGST Rules, 2017 for the months of February, 2020 to August, 2020:-

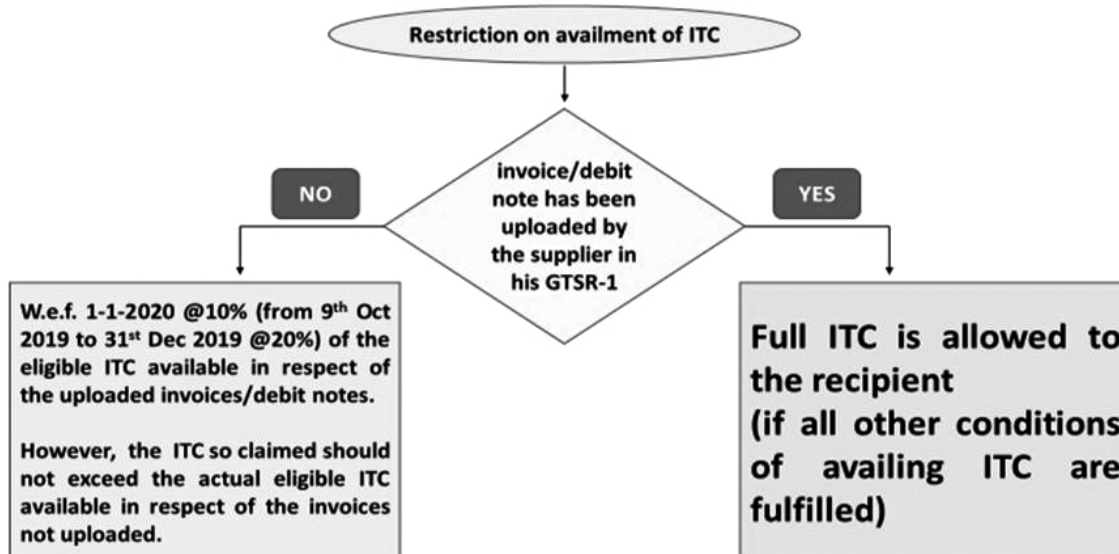

Keeping the situation prevailing in view of measures taken to contain the spread of COVID-19 pandemic, vide notification No. 30/2020-CT, dated 03.04.2020, it had been prescribed that the condition made under sub-rule (4) of rule 36 of the CGST Rules shall apply cumulatively for the tax period February, March, April, May, June, July and August, 2020 and that the return in FORM GSTR-3B for the tax period September, 2020 shall be furnished with the cumulative adjustment of input tax credit for the said months.

1. It is re-iterated that the clarifications issued earlier vide Circular No. 123/42/2019 – GST dated 11.11.2019 shall still remain applicable, except for the cumulative application as prescribed in proviso to sub-rule (4) of rule 36 of the CGST Rules. Accordingly, all the taxpayers are advised to ascertain the details of invoices uploaded by their suppliers under subsection (1) of section 37 of the CGST Act for the periods of February, March, April, May, June, July and August, 2020, till the due date of furnishing of the statement in FORM GSTR-1 for the month of September, 2020 as reflected in GSTR-2As.
2. Taxpayers shall reconcile the ITC availed in their FORM GSTR-3Bs for the period February, 2020 to August, 2020 with the details of invoices uploaded by their suppliers of the said months, till the due date of furnishing FORM GSTR-1 for the month of September, 2020. The cumulative amount of ITC availed for the said months in FORM GSTR-3B should not exceed 110% of the cumulative value of the eligible credit available in respect of invoices or debit notes the details of which have been uploaded by the suppliers under sub-section (1) of section 37 of the CGST Act, till the due date of furnishing of the statements in FORM GSTR-1 for the month of September, 2020.
3. It may be noted that availability of 110% of the cumulative value of the eligible credit available in respect of invoices or debit notes the details of which have been uploaded by the suppliers under sub-section (1) of section 37 of the CGST Act does not mean that the total credit can exceed the tax amount as reflected in the total invoices for the supplies received by the taxpayer i.e. the maximum credit available in terms of provisions of section 16 of the CGST Act.
4. *The excess ITC availed arising out of reconciliation during this period, if any, shall be required to be reversed in Table 4(B)(2) of FORM GSTR-3B, for the month of September, 2020. Failure to reverse such excess availed ITC on account of cumulative application of sub-rule (4) of rule 36 of the CGST Rules would be treated as availment of ineligible ITC during the month of September, 2020.

The manner of cumulative reconciliation for the said months in terms of proviso to sub-rule (4) of rule 36 of the CGST Rules is explained by way of illustration, in a tabulated form, below:-

Tax period	Eligible ITC as per the provisions of Chapter V of the CGST Act and the rules made thereunder, except rule 36(4)	ITC availed by the taxpayer (recipient) in GSTR-3B of the respective months	Invoices on which ITC is eligible and uploaded by the suppliers till due date of FORM GSTR-1 for the tax period of September, 2020	Effect of cumulative application of rule 36(4) on availability of ITC.
Feb, 2020	300	300	270	Maximum eligible ITC in terms of rule 36 (4) is 2450 + [10% of 2450] = 2695. Taxpayer had availed ITC of 2750. Therefore, ITC of 55 [2750-2695] would be required to be reversed as mentioned in para 4 *. above
March, 2020	400	400	380	
April, 2020	500	500	450

Common inputs and input services for taxable and exempted supplies [Section 17 of the CGST Act, 2017]:

Section 17(1) of the CGST Act, 2017 where the goods or services or both are used by the registered person partly for the purpose of any business and partly for other purposes, the amount of credit shall be restricted to so much of the input tax as is attributable to the purposes of his business.

Section 17(2) of the CGST Act, 2017 where the goods or services or both are used by the registered person partly for effecting taxable supplies including zero-rated supplies under this Act or under the Integrated Goods and Services Tax Act and partly for effecting exempt supplies under the said Acts, the amount of credit shall be restricted to so much of the input tax as is attributable to the said taxable supplies including zero-rated supplies.

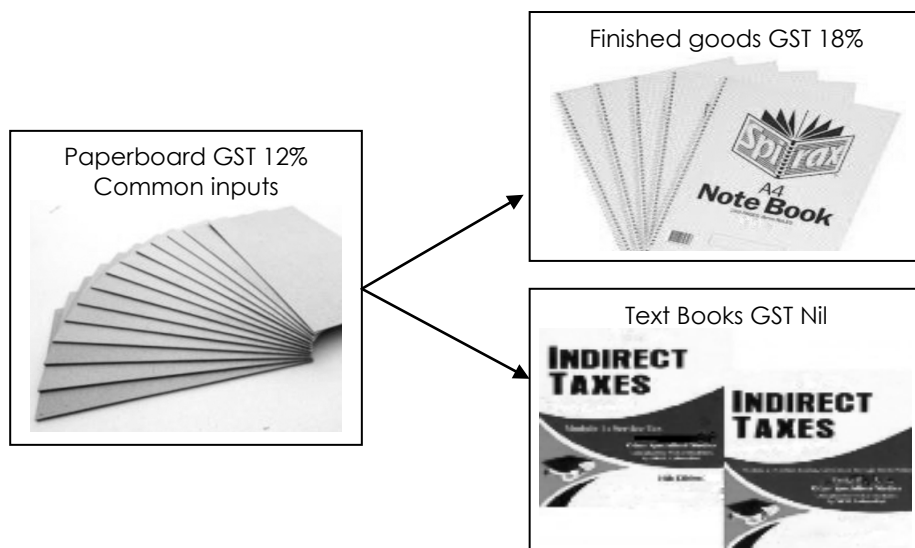

Section 17(3) of the CGST Act, 2017 the value of exempt supply under sub-section (2) shall be such as may be prescribed, and shall include supplies on which the recipient is liable to pay tax on reverse charge basis, transactions in securities, sale of land and, subject to clause (b) of paragraph 5 of Schedule II, sale of building.

The following explanation was inserted for Sec 17(3) vide CGST Amendment Act,2018 ,namely:

“For the purposes of this sub- section, the expression “value of exempt supply” shall not include the value of activities or transactions specified in Schedule III, except those specified in paragraph 5 of the said Schedule”.

Note: The objective to amend Sec 17(3) vide CGST Amendment Act,2018 is to specify the scope of input tax credit.

Section 17(2) of the CGST Act, 2017 where the goods or services or both are used by the registered person partly for effecting taxable supplies including zero-rated supplies and partly for effecting exempt supplies the amount of credit shall be restricted to so much of the input tax as is attributable to the said taxable supplies including zero-rated supplies.

Manner of determination of input tax credit in respect of inputs or input services and reversal thereof [Rule 42(1) of the CGST Rules, 2017]:

The input tax credit in respect of inputs or input services, which attract the provisions of sub-section (1) or sub-section (2) of section 17, being partly used for the purposes of business and partly for other purposes, or partly used for effecting taxable supplies including zero rated supplies and partly for effecting exempt supplies, shall be attributed to the purposes of business or for effecting taxable supplies in the following manner, namely,-

Step 1: Calculate common input tax credit on inputs and input services which are used to supply taxable as well as exempted output supplies:

Particulars	Value in ₹	CGST Rules, 2017
Total ITC on inputs and input services	Xxx	As per rule 42(1)(a)
Less: ITC on supplies exclusively used for the purpose other than business	(xx)	As per rule 42(1)(b)
Less: ITC on supplies exclusively used for providing exempted supplies	(xx)	As per rule 42(1)(c)
Less: ITC not available u/s 17(5) of the CGST Act, 2017	(xx)	As per rule 42(1)(d)
Input tax credit which are used to supply taxable as well as exempted output supplies	Xxx	As per rule 42(1)(e)
Less: ITC on supplies used exclusively for taxable supply including Zero rated supply (i.e. ITC on normal supplies)	(xx)	As per rule 42(1)(f)
Common ITC, which are used to supply taxable as well as exempted output supplies (denoted as "C2")	Xx	As per rule 42(1)(h)

Note: As per Rule 42(1)(g) of the CGST Rules, 2017, information relating to Rule 42(1)(b), (c), (d) and (f) shall be determined and declared by the registered person at the invoice level in FORM GSTR-2;

Step 2: Amount of reversal of input tax credit attributable towards Exempt supplies rule 42(1)(i) of the CGST Rules, 2017 (denoted as "D₁"):

$$= \left[\frac{\text{Exempted Supplies during the Tax Period ('E')}}{\text{Total turnover in the State of the registered person during the tax period ('F')}} \right] \times \text{Common ITC which are used to supply taxable as well as exempted, output supplies}$$

Provided that where the registered person does not have any turnover during the said tax period or the aforesaid information is not available, the value of 'E/F' shall be calculated by taking values of 'E' and 'F' of the last tax period for which the details of such turnover are available, previous to the month during which the said value of 'E/F' is to be calculated;

Explanation: For the purposes of this clause, it is hereby clarified that the aggregate value of exempt supplies and the total turnover shall exclude the amount of any duty or tax levied under entry 84 of List I of the Seventh Schedule to the Constitution and entry 51 and 54 of List II of the said Schedule;

Notification No. 3/2018-Central Tax, dated 23rd January 2018:

For the purposes of rule 42 and this rule, it is hereby clarified that the aggregate value of exempt supplies shall exclude:—

- the value of services by way of accepting deposits, extending loans or advances in so far as the consideration is represented by way of interest or discount, except in case of a banking company or a financial institution including a non-banking financial company, engaged in supplying services by way of accepting deposits, extending loans or advances; and
- the value of supply of services by way of transportation of goods by a vessel from the customs station of clearance in India to a place outside India.";

Tax period:

As per section 2(106) of the CGST Act, 2017 tax period means for the purpose for which return is required to be furnished. As per section 39 return is required to be furnished on monthly basis by the registered person except the person opting for composition scheme or persons eligible to file return quarterly based on their aggregate turnover not exceeds ₹ 150 lacs.

This rule is not applicable to persons opting for composition scheme.

Computing proportionate amount attributable to use for non-business purposes (i.e. Personal purpose) [Rule 42(1)(j) of the CGST Act, 2017]:

The amount of credit attributable to non-business purposes if common inputs and input services are used partly for business and partly for non-business purposes, be denoted as 'D₂', and shall be equal to five per cent. of C₂; and

Common ITC, which are used to supply taxable as well as exempted output supplies (denoted as "C ₂ ")	XX	As per rule 42(1)(h)
---	----	----------------------

Thus, if input or input services have been used for the purpose of non-business, as per rule 42(1)(j) of the CGST Rules, 2017 credit of 5% of "C₂" will be required to be reversed. It means the same should be deducting from input tax credit on input or input services exclusively used for taxable supply in the electronic credit ledger.

Quantum of eligible ITC [Rule 42(1)(k) of the CGST Act, 2017]:

The remainder of the common credit shall be the eligible input tax credit attributed to the purposes of business and for effecting supplies other than exempted supplies but including zero rated supplies and shall be denoted as 'C₃', where,-

$$C_3 = C_2 - (D_1 + D_2)$$

Eligible ITC to be separately computed for different taxes [Rule 42(1)(l) of the CGST Rules, 2017]:

That "C₃" shall be computed separately for CGST, SGST, UTGST and IGST.

Added to the output tax liability [Rule 42(1)(m) of the CGST Rules, 2017]:

Person shall compute D₁ and D₂ (i.e. ineligible credit in addition to ineligible credit at invoice level and add that amount to the output tax liability. This will be added on monthly basis and the registered person should pay the amount.

Adjustment at the year end [Rule 42(2) of the CGST Rules, 2017]:

The input tax credit determined under sub-rule (1) shall be calculated finally for the financial year before the due date for furnishing of the return for the month of September following the end of the financial year to which such credit relates, in the manner specified in the said sub-rule and-

- (a) where the aggregate of the amounts calculated finally in respect of 'D₁' and 'D₂' exceeds the aggregate of the amounts determined under sub-rule (1) in respect of 'D₁' and 'D₂', such excess shall be added to the output tax liability of the registered person in the month not later than the month of September following the end of the financial year to which such credit relates and the said person shall be liable to pay interest on the said excess amount at the rate specified in sub-section (1) of section 50 for the period starting from the first day of April of the succeeding financial year till the date of payment; or
- (b) where the aggregate of the amounts determined under sub-rule (1) in respect of 'D₁' and 'D₂' exceeds the aggregate of the amounts calculated finally in respect of 'D₁' and 'D₂', such excess amount shall be claimed as credit by the registered person in his return for a month not later than the month of September following the end of the financial year to which such credit relates.

**Example 14:**

M/s. Vipin Ltd. purchased raw material 'A' 10,000 kg @ ₹ 80 per Kg. plus GST. The said raw material was used to manufacture product 'P'. The other information's are as under:

- (i) Processing loss : 2% on inputs 'A'.
- (ii) Transaction value of 'P' : ₹ 100 per kg.
- (iii) Other material 'M' used in the manufacture of 'P' : ₹ 2 lac plus GST.

- (v) Rate of GST on 'A', 'M' and 'P' : 12%.

M/s. Vipin Ltd. is not eligible for composition scheme under Section 10 of CGST Act, 2017

Compute:

- (a) Amount of input tax credit available and
- (b) Net GST payable by M/s. Vipin Ltd.

Answer:

- (a) Statement showing eligible input tax credit of M/s Vipin

Particulars	Value in (₹)	Working note
Raw material 'P'	96,000	(10,000 kg x ₹ 80) x 12%
Other material 'M'	24,000	2,00,000 x 12%
Capital goods (imported)	10,000	IGST allowed as ITC.
Total ITC	1,30,000	

- (b) Net GST liability of M/s Vipin

Input 'A' 10,000 kg → Output 'P' 9,800 kg

₹

GST payable on value of supply 'P' (9,800 kg x ₹ 100) x 12%	= 1,17,600
less: ITC allowed	= (1,30,000)
Excess ITC c/f	= (12,400)

Example : 15

M/s X Ltd. manufacturer of textile products. Company received order from Government to supply goods to defense (exempted supply). The turnover of the other taxable goods and exempted goods ₹ 4 crore and ₹ 1 crore respectively. Common inputs on which GST paid ₹ 20,000.

Calculate the eligible ITC on common inputs?

Common inputs credit	₹ 20,000
Total turnover	₹ 5 crores
Credit attributable to exempted supplies (₹ 20,000 x ₹ 1 crore/₹ 5 crore)	₹ 4,000
Eligible ITC is ₹ 16,000 (i.e 20,000 – 4,000)	

**Example 16:**

M/s Lips Ltd., manufactures four types of 'Nail Polishes', namely Sweety, Pretty, Beauty, Tweety.

The Company has taken input tax credit of ₹ 3,00,000 on the common inputs used in the manufacture of 'Nail Polishes'. Common inputs also used partly for non-business purposes. During the financial year 2017-18 (w.e.f 1-7-2017) the company manufactured 1000 liters of each type of 'Nail Polishes'. The Company was not in a position to maintain separate set of records with regards to inputs used for final products. GST payable on final goods @12%.

You are required to calculate the net GST payable by M/s Lips Ltd. for the year 2017-18 from the following data:

Product Name	Description	Sale price (Exclusive of GST)
Sweety	Sale to Domestic Tariff Area	₹ 30 per 20ml. bottle

Example 17:

Assume in Example 3 above, M/s Lips Ltd., utilized the credit ₹ 2,25,000. Excess credit paid on 15th April 2018. Find the interest if any payable by M/s Lips Ltd.

Answer:

As per Rule 42(2) of the CGST Rules, 2017 where the aggregate of the amount calculated finally in respect of ineligible credit exceeds the aggregate of the amounts determined under rule 42(1)(i) and (j), such excess shall be added to the output tax liability of the registered person in the month not later than the month of September following the end of the financial year to which such credit relates and the said person shall be liable to pay interest on the said excess amount at the rate specified in sub-section (1) of Section 50 for the period starting from the 1st day of April of the succeeding financial year till the date of payment.

Interest = ₹ 296/-

$[(2,25,000 - 1,85,000) \times 18\% \times 15/365]$

Example 18:

Y Ltd. manufactures taxable and exempted goods. Y Ltd. also simultaneously provides taxable as well as exempted output services. Raw material 10,000 units were purchased @ Rs 100 per unit used commonly during the month of January 2018 to produce all final products. GST paid on inputs 12%. Input services commonly used for all goods and services in the month of January 2018. Total ITC on inputs and input services taken into books of account in the relevant tax period is 1,74,000.

Turnover for the month of January 2018 (excluding all taxes)

Particulars	Value of finished goods ₹
Taxable supply of goods	2,00,000
Exempted supply of goods (₹ 80 per unit)	1,00,000
Taxable supply of services	1,00,000
Exempted supply of services	50,000
Total	4,50,000

You are required to compute the amount of reversal of input tax credit as per rule 42(1)(i) of the CGST Rules, 2017 of the month of January 2018.

Note: Each unit of exempted final product needs 2 units of raw materials. Assumed that there is no process loss.

Answer:		
Step 1: Calculate common input tax credit on inputs and input services which are used to supply taxable as well as exempted output supplies:		
<i>Particulars</i>	<i>Value in ₹</i>	<i>Working note</i>

Less: ITC on supplies exclusively used for the purpose other than business	Nil	rule 42(1)(b)
Less: ITC on supplies exclusively used for providing exempted supplies	(30,000)	2,500u x ₹ 100 x 12% [rule 42(1)(c)]
Less: ITC not available u/s 17(5) of the CGST Act, 2017	Nil	rule 42(1)(d)
Input tax credit which are used to supply taxable as well as exempted output supplies	1,44,000	rule 42(1)(e).

Common ITC, which are used to supply taxable as well as exempted output supplies (denoted as “C2”)	54,000	As per rule 42(1)(h)

Step 2: Amount of reversal of input tax credit attributable towards exempted supplies rule 42(1)(i) of the CGST Rules, 2017 is as follows:

$$(\text{₹ } 1,50,000 / 4,50,000) \times \text{₹ } 54,000 = \text{₹ } 18,000/-$$

Working Note:

- (i) Number of units of exempted final products 1,250 units (i.e. ₹ 1,00,000/₹ 80 per unit = 1,250 units)
- (ii) Since, each unit of exempted final product needs 2 units of raw materials. Raw material used exclusively for exempted final product 2,500 units (i.e. 1,250 units x 2 units = 2,500 units).

The electricity generated for use in manufacture of goods is sometimes also supplied in the residential colony of employees. Whether, M/s Andhra ITC Ltd. is eligible to avail the credit fully?

Answer:

As per the GST Law provisions there is no requirement of use of electricity in manufacture of goods. The only requirement is that the input or capital goods shall be used in the course or furtherance of business. Example : 57

M/s X Ltd. sold goods to M/s Y Ltd. for ₹ 2,00,000 plus GST ₹ 36,000. M/s X Ltd. remitted the GST on or before the due date. Case Law: 2

Commr. of C. Ex., & S.T., LTU v. Rane TRW Steering Systems Ltd. 2015 (039) STR 13 (Mad.)

Facts of the case: Assessee had availed credit of GST paid on housekeeping and gardening services. However, Revenue disallowed the credit and also imposed penalty on the ground that the assessee was not eligible to avail credit of GST on these services.

Decision: The High Court noted that principle laid down in the case of CCE v. Millipore India Pvt. Ltd. 2012 (26) S.T.R. 514 (Kar.). In this case, the Karnataka High Court held that landscaping of factory or garden certainly would fall within the concept of modernization, renovation, repair, etc., of the office premises. The environmental law expects the employer to keep the factory without contravening any of those laws. That apart, now the concept of corporate social responsibility is also relevant. It is to discharge a statutory obligation, when the employer spends money to maintain their factory premises in an eco-friendly manner, certainly, the tax paid on such services would form part of the costs of the final products. Therefore, housekeeping and gardening services would fall within the ambit of input services and the assessee is entitled to claim the benefit of input tax credit on the same.

Amendments:

The following amendments were made vide CGST Amendment Act,2018 to amend Sec 17(5) of CGST Act,2017:

1. Motor Vehicles - input tax credit will be available in respect of dumpers, work-trucks, fork-lift trucks and other special purpose motor vehicles, vessels and aircraft when these are used for personal purposes.
2. ITC allowed for motor vehicles used for transportation of money for or by a banking company or a financial institution
3. ITC allowed in respect of food and beverages or both where the provision of such goods or services or both is obligatory for an employer to provide to its employees under any law for the time being in force.

4.4 METHOD OF REVERSAL OF CREDITS

Under GST, a registered person can use input tax on purchase to pay output GST Tax on supply/sale.

Apart from general ITC rule and list of ineligible ITC, availed ITC of input supplies needsto be reversed on subsequent occurrence of the below-mentioned event:

1. Recipient of supply Doesn't pay to the supplier within 180 days of issue of the invoice.
2. Recipient of supply uses input goods/services for any purpose other than business or for supplying exempted supplies [like Personal use]

3. Recipient of supply uses capital goods for any purpose other than business or for supplying exempted supplies
4. A person transfer his regular GST registration into Composite Scheme [u/s 18(4)] or Cancels GST registration [u/s 29(5)]
5. A person sells Capital good or Plant and machinery [u/s 18(6)].

In Form GSTR-2, point 11 deals with reversal of input tax credit. Following format is seen for reversal of input tax credit:

Description for reversal of Input Tax Credit	To be added or to be reduced from output tax liability	Amount of Input Tax Credit			
		IGST	CGST	SGST	Cess
Amount in terms of rule 37(2)	To be Added				
Amount in terms of rule 42(1)(m)	To be Added				
Amount in terms of rule 43(1)(h)	To be Added				
Amount in terms of rule 42(2)(a)	To be Added				
Amount in terms of rule 42(2)(b)	To be Added				
On account of amount paid subsequent to reversal of ITC	To be Reduced				
Any other liability					

The detailed Analysis of the Reversal of Input Tax credit are as follows:

Amount in terms of Rule 37(2):

Reversal of Input Tax credit in case of Non-payment of consideration

- If a registered person who has availed input tax credit on any inward supply of goods or services or both, but fails to pay the supplier within a period of 180 days, then ITC availed is to be reversed. If part of the invoice is paid then ITC will be reversed on a proportionate basis.
- The amount of input tax credit shall be added to the output tax liability of the registered person.
- The registered person shall be liable to pay interest not exceeding 18% for the period starting from the date of availing the credit till the date when the amount added to the output tax liability.

For example –

Mr.A received goods on 1st July 2017 worth ₹ 10000 on which GST ₹ 1800 was charged.

Mr. A claimed the GST of Rs 1800 as ITC in his GSTR 2

Mr. A could not pay the invoice amount till December 2017.

This means that Mr. A will have to reverse the ITC of ₹ 1800 while filing GSTR 2 for December 2017 in January 2018.

Amount in terms of rule 42(1) (m):

ITC on input supplies partly used for business and partly for exempt supplies or personal use:

The ITC used for exempt supplies and personal purpose has to be reversed in GSTR 2.

How to Calculate ITC reversal on Exempt Supplies:

Step 1: Calculate Common Credit

Common Credit = Total ITC on Input Supplies

(Less) ITC on input supplies used for Personal purposes (non-business)

(Less) ITC on input supplies used for providing exempt supplies

(Less) ITC on which credit is not available (section 17(5))

(Less) ITC on input supplies other than exempted but including zero rated supplies

In simple words, Common Credit is ITC on inputs partly used for exempt supplies or personal use.

Step 2: Amount of reversal of input tax credit attributable to inputs partly used for Exempt supplies

= (Value of Exempt Supplies * Common Credit) / Total Turnover in the State

How to Calculate ITC on Personal Use: 5 % of Common Credit

The ITC amounts as calculated above has to be reversed in the GSTR 2 filed by the registered person.

Amount in terms of rule 43(1) (h):

ITC on Capital Goods partly used for business and partly for exempt supplies or personal use:

ITC on capital goods used for the supply of exempt supplies and non-business purposes will also be reversed.

The calculation will be similar to the calculation for ITC on inputs used for exempt supplies and personal use.

Step 1: Calculate Common Credit –

Common Credit = ITC on Capital Goods

(Less) ITC on capital goods put to personal use

(Less) ITC on capital goods used for exempted goods

(Less) ITC on capital goods used in supplies other than exempted but including zero rated supplies (ITC on normal supplies)

Step 2: Amount of ITC reversal attributable to capital goods partly used for Exempt supplies and Personal use

= (Value of Exempt Supplies * Common Credit)/Total Turnover in the State

Step 3: This reversal of input tax credit has to be done on a monthly basis. The life of any asset is considered as 5 years. So the amount of ITC reversal every month will be

= Amount arrived at in Step 2 / 60 (months)

Amount in terms of rule 42(2) (a)

Reversal of ITC on inputs used for exempted/non-business purpose is more than the ITC reversed during the year:

If the total of ITC on input supplies for exempted/non-business is more than total ITC reversed during the year in GSTR-2, then the differential amount should be reversed in GSTR-2 that is it should be added to the output tax liability.

Amount in terms of rule 42(2) (b)

ITC reversed during the year is more than ITC on inputs used for exempted/non-business purpose:

At the year-end after filing GSTR-9 (Annual Return), if the total of ITC reversed is more than the ITC on inputs used for exempted/non-business purpose, then the differential amount should be reclaimed as ITC that is it should be reduced from output tax liability.

4.5 INPUT TAX CREDIT IN SPECIAL CIRCUMSTANCES

Availability of credit in special circumstances [Section 18 of the CGST Act, 2017]:

Provided that the credit on capital goods shall be reduced by such percentage points as may be prescribed;

- (d) where an exempt supply of goods or services or both by a registered person becomes a taxable supply, such person shall be entitled to take credit of input tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock relating to such exempt supply and on capital goods exclusively used for such exempt supply on the day immediately preceding the date from which such supply becomes taxable:

Provided that after payment of such amount, the balance of input tax credit, if any, lying in his electronic credit ledger shall lapse.

- (5) The amount of credit under sub-section (1) and the amount payable under sub-section (4) shall be calculated in such manner as may be prescribed.
- (6) In case of supply of capital goods or plant and machinery, on which input tax credit has been taken, the registered person shall pay an amount equal to the input tax credit taken on the said capital goods or plant and machinery reduced by such percentage points as may be prescribed or the tax on the transaction value of such capital goods or plant and machinery determined under section 15, whichever is higher:

Provided that where refractory bricks, moulds and dies, jigs and fixtures are supplied as scrap, the taxable person may pay tax on the transaction value of such goods determined under section 15.

Simplified approach with regard to Section 18 of the CGST Act, 2017:

Proviso to section 18(6) of the CGST Act, 2017 where refractory bricks, moulds and dies, jigs and fixtures are supplied as scrap, the taxable person may pay tax on the transaction value of such goods determined under Sec. 15. It means 5% p.q. reduction not required to apply.

As per Rule 40(1)(b) of the CGST Rules, 2017 the registered person shall within a period of 30 days from the date of his becoming eligible to avail the input tax credit under sub-section (1) of section 18 shall make a declaration, electronically, on the common portal in FORM GST ITC-01 to the effect that he is eligible to avail the input tax credit as aforesaid;

As per Rule 40(1)(d) of the CGST Rules, 2017 the details furnished in the declaration under clause (b) shall be duly certified by a practicing Chartered Accountant or a Cost Accountant if the aggregate value of the claim on account of central tax, State tax, Union territory tax and integrated tax exceeds ₹ 2,00,000;

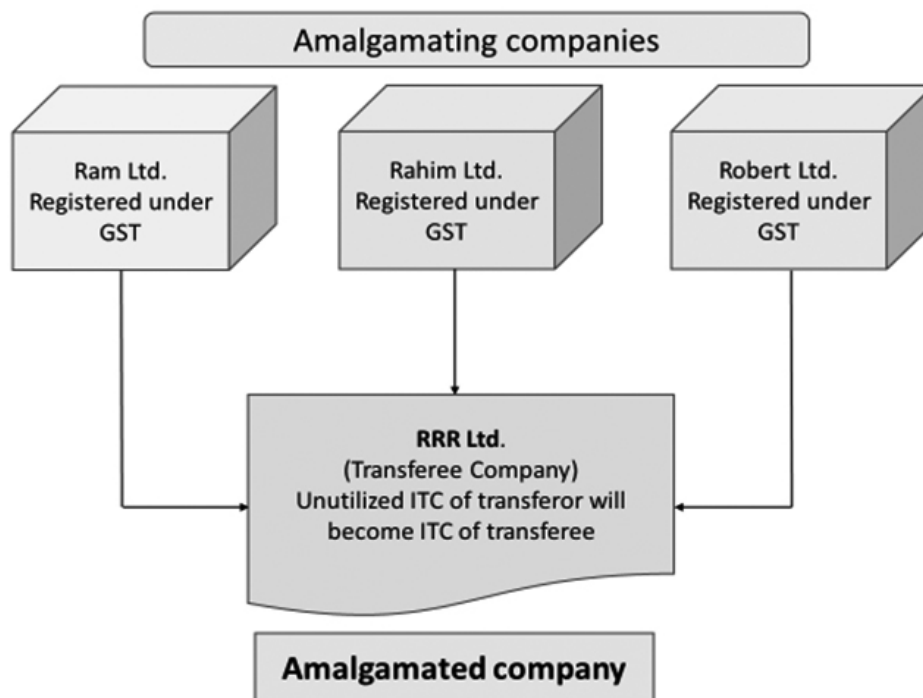

Manner of reversal of credit under special circumstances:

Illustration:
Capital goods have been in use for 4 years, 6 month and 15 days.
The useful remaining life in months = 5 months ignoring a part of the month.
Input tax credit taken on such capital goods = C
Input tax credit attributable to remaining useful life = $C \times 5/60$.
Therefore, input tax credit attributable to remaining useful life shall be revised or pay as an amount.

As per Rule 44(1)(b) of the CGST Rules, 2017 the amount of tax credit relating to capital goods held in stock shall, for the purpose of Section 18(4) of the CGST Act, 2017 (i.e. person opted to pay composition scheme or supplies are exempted wholly from GST) or section 29(5) of the CGST Act, 2017 (i.e. registration cancelled), be determined in the following manner, namely:-

For capital goods held in stock, the input tax credit involved in the remaining useful life in months shall be computed on pro-rata basis, taking the useful life as FIVE Years.

Clarification in respect of apportionment of ITC in cases of business reorganization under section 18(3) of the CGST Act read with rule 41(1) of the CGST Rules

	M.P. State (₹)	U.P. State (₹)	Total assets (₹)	clarification

Unutilised ITC transferred to the demerged entity	30/60 = 0.50	10/40 = 0.25		

Question:

Is the transferor required to file FORM GST ITC – 02 in all States where it is registered?

Answer:

No. The transferor is required to file FORM GST ITC-02 only in those States where both transferor and transferee are registered.

the ratio of value of assets, as prescribed under proviso to sub-rule (1) of rule 41 of the CGST Rules, shall be applied to the total amount of unutilized input tax credit (ITC) of the transferor i.e. sum of CGST, SGST/UTGST and IGST credit. The said formula need not be applied separately in respect of each heads of ITC (CGST/SGST/IGST). Further, the said formula shall also be applicable for apportionment of Cess between the transferor and transferee.

Unutilised ITC of X Ltd.:	
CGST	₹5,00,000
SGST	₹5,00,000
IGST	₹10,00,000
TOTAL	₹20,00,000

ITC to be transferred is ₹12 lac (₹20 lac x 60%)

How to determine the amount of ITC that is to be transferred to the transferee under each tax head (IGST/CGST/SGST) while filling of FORM GST ITC-02 by the transferor?

The total amount of ITC to be transferred to the transferee (i.e. sum of CGST, SGST/UTGST and IGST credit) should not exceed the amount of ITC to be transferred, as determined under Rule 41(1) of the CGST Rules.

However, the transferor shall be at liberty to determine the amount to be transferred under each tax head (IGST, CGST, SGST/UTGST) within this total amount, subject to the ITC balance available with the transferor under the concerned tax head.

In other, words, for the purpose of apportionment of ITC under sub-rule (1) of rule 41 of the CGST Rules, while the ratio of the value of assets should be taken as on the "appointed date of demerger" (Sec. 232(6) of the Companies Act, 2013), the said ratio is to be applied on the ITC balance of the transferor on the date of filing **FORM GST ITC - 02** to calculate the amount to transferable ITC.

1	2	3	4	5	6
State	Asset Ratio of Transferee	Tax Heads	ITC balance of transferor (pre-apportionment) as on the date of filing Form GST ITC-02	Total amount of ITC transferred to the Transferee under Form GST ITC-02	ITC balance of Transferor (post apportionment) after filing of Form GST ITC-02 [4-5]

- (iv) The balance in electronic credit ledger account shows credit balance of ₹2,79,104.
- (v) Royal Ltd. also purchased capital goods for ₹ 2,00,000 by paying GST 28% (invoice dated 10th July 2017)

The department has asked Royal Ltd. to reverse the credit taken on inputs referred above. However, Royal Ltd. contends that credit once validly taken is indefeasible and not required to be reversed. Decide.

What would be your answer if the balance in electronic credit ledger receivable account as on 15th November 2017 were ₹ 29,104?

Answer:

Statement showing amount to be paid by Royal Ltd. as on 15th November 2017

S.No.	Particulars	Amount to be paid (₹)	Workings
(i)	Inputs lying in stock	17,366	₹ 1,44,720 x 12/100 = ₹17,366
(ii)	Inputs in process (i.e. Work in Progress)	9,262	₹77,184 x 12/100 = ₹9,262
(iii)	Inputs contained in finished goods lying in stock	28,944	₹4,82,400 x 50% x 12/100 = ₹28,944
(iv)	Capital goods	51,333	Useful life as per rule 44(1)(b) = 5 years (i.e. 60 months). No. of months capital goods have been in use = 4months 5 days (i.e. 5 months) The useful remaining life in months = 55 months 2,00,000 x 28% x 55/60 = ₹ 51,333
	Amount to be paid by Royal Ltd.	1,06,906	

Amount payable by Royal Ltd. = ₹ 1,06,906

Less: ITC Receivable = ₹ (2,79,104)

Excess ITC = ₹ (1,72,198)

Excess ITC in electronic credit ledger of ₹1,72,198 shall lapse as 15th November 2017.

If the balance in electronic credit ledger as on 15th November 2017 is ₹29,104, then amount payable is as follows:

Amount payable by Royal Ltd. = ₹ 1,06,906

Less: ITC Receivable = ₹ (29,104)

Amount payable = ₹ 77,802

Contents of a job-work

- The ownership of the goods does not transfer to the job-worker but it rests with the principal.
- The job worker is required to carry out the process specified by the principal on the goods.

Who is Principal?

Section 143 of the CGST Act, 2017: A registered person (hereafter in this section referred to as the "principal") may under intimation and subject to such conditions as may be prescribed, send any inputs or capital goods, without payment of tax, to a job worker for job work and from there subsequently send to another job worker and likewise.

Other wise it will be treated as deemed supply (i.e. supplied by the principal to the job worker on the day when the said inputs were sent out). Therefore, the principal will have to pay tax along with interest.

The said transaction will be an inter-State supply. In case the recipient is also located in State A, it will be an intra-State supply.

Commissioner empowered to extend the time period for submission of quarterly details of challans relating to job work under rule 45(3) of CGST Rules

Rule 45(3) of the CGST Rules lays down that the details of challans in respect of goods dispatched to a job worker or received from a job worker or sent from one job worker to another during a quarter shall be furnished for that period on or before the 25th day of the month succeeding the said quarter.

- (2) The Input Service Distributor may distribute the credit subject to the following conditions, namely:—
 - (a) the credit can be distributed to the recipients of credit against a document containing such details as may be prescribed;
 - (b) the amount of the credit distributed shall not exceed the amount of credit available for distribution;

- (c) the credit of tax paid on input services attributable to a recipient of credit shall be distributed only to that recipient;
- (d) the credit of tax paid on input services attributable to more than one recipient of credit shall be distributed amongst such recipients to whom the input service is attributable and such distribution shall be pro rata on the basis of the turnover in a State or turnover in a Union territory of such recipient, during the relevant period, to the aggregate of the turnover of all such recipients to whom such input service is attributable and which are operational in the current year, during the said relevant period;
- (e) the credit of tax paid on input services attributable to all recipients of credit shall be distributed amongst such recipients and such distribution shall be pro rata on the basis of the turnover in a State or turnover in a Union territory of such recipient, during the relevant period, to the aggregate of the turnover of all recipients and which are operational in the current year, during the said relevant period.

Explanation.—For the purposes of this section,—

- (a) the “relevant period” shall be—
 - (i) if the recipients of credit have turnover in their States or Union territories in the financial year preceding the year during which credit is to be distributed, the said financial year; or
 - (ii) if some or all recipients of the credit do not have any turnover in their States or Union territories in the financial year preceding the year during which the credit is to be distributed, the last quarter for which details of such turnover of all the recipients are available, previous to the month during which credit is to be distributed;

Clarifications of certain issues under GST- Input Tax Credit

1. Clarification on issue whether moulds and dies owned by Original Equipment Manufacturers (OEM) that are sent free of cost (FOC) to a component manufacturer is leviable to tax and whether OEMs are required to reverse input tax credit in this case- Under GST Law

The above mentioned issue has been clarified vide Circular No. 47/21/2018-GST dt 08.06.2018:

Moulds and dies owned by the original equipment manufacturer (OEM) which are provided to a component manufacturer (the two not being related persons or distinct persons) on FOC basis does not constitute a supply as there is no consideration involved. Further, since the moulds and dies are provided on FOC basis by the OEM to the component manufacturer in the course or furtherance of his business, there is no requirement for reversal of input tax credit availed on such moulds and dies by the OEM. However, if the contract between OEM and component manufacturer was for supply of components made by using the moulds/dies belonging to the component manufacturer, but the same have been supplied by the OEM to the component manufacturer on FOC basis, the amortised cost of such moulds/dies shall be added to the value of the components. In such cases, the OEM will be required to reverse the credit availed on such moulds/ dies, as the same will not be considered to be provided by OEM to the component manufacturer in the course or furtherance of the former's business.

Example – A die of ₹ 10,000/- can be used to manufacture 10,00,000 pieces. But the recipient has ordered only 5000 pieces @ 10/- per piece. Now the complete cost of die comes to ₹ 10,000/- cannot be loaded to supply of 5000 pieces. Hence, the amortised value is to be arrived at and value is to be added. So, we will calculate the amortised value by dividing 10,000 by 10,00,000 and will add per unit cost in the GST value.

2. Clarification on issue whether the books of accounts are required to be maintained at every place of business by the principal and the auctioneer of auction of tea, coffee, rubber etc, and whether they are eligible to avail input tax credit?

The above mentioned issue has been clarified vide Circular No. 47/21/2018-GST dt 08.06.2018:

Books of accounts will be maintained at the principal place of business and additional place(s) of business as follow-

- The principal and the auctioneer may declare the warehouses, where such goods are stored, as their additional place of business.
- The buyer is also required to disclose such warehouse as his additional place of business if he wants to store the goods purchased through auction in such warehouses.

(For the purpose of supply of tea through a private treaty, the principal and an auctioneer may also comply with the said provisions) The principal and the auctioneer are required to maintain the books of accounts relating to each and every place of business in that place it.

However, in case of any difficulty, they may maintain the books of accounts relating to the additional place(s) of business at their principal place of business. (Principal and the auctioneer are required to intimate their jurisdictional officer in writing about the same.)

Principal and the auctioneer shall be eligible to avail input tax credit subject to the fulfillment of other provisions of the CGST Act read with the rules made there under.

5.1 INTRODUCTION

Registration is the most fundamental requirement for identification of taxpayers ensuring tax compliance in the economy. Without registration, a person can neither collect tax from his customers nor claim any input tax credit of tax paid by him.

Registration of any business entity under the GST Law implies obtaining a unique number from the concerned tax authorities for the purpose of collecting tax on behalf of the government and to avail input tax credit for the taxes on his inward supplies.

Advantages of registration:

The following are advantages to a taxpayer who obtain registration under GST:

- (i) He is legally recognized as supplier of goods or services or both.
- (ii) He is legally authorized to collect taxes from his customers and pass on the credit of the taxes paid on the goods or services supplied to the purchasers/recipients.
- (iii) He can claim Input Tax Credit of taxes paid and can utilize the same for payment of taxes due on supply of goods or services.
- (iv) Seamless flow of Input Tax Credit from suppliers to recipients at the national level.
- (v) Registered person is eligible to apply for Government bids or contracts or assignments.
- (vi) Registered person under GST can easily gain trust from customers.

Exception of One Registration for One State:

- (ii) One as an input service distributor and other for outward supply

Example : 1

Apple manufactures computers, tablets, phones, headphones, music players and more. Management at Apple can divide the overall company performance into smaller segments based on these products to measure where the company is succeeding.

Note: It is similar to AS 17 Business Segments

**Section 22(1) of the CGST Act, 2017:**

Registration is mandatory if aggregate turnover exceeds threshold limit.

FOR SUPPLIER ENGAGED EXCLUSIVELY IN "SUPPLY OF GOODS"		
1	Manipur, Mizoram, Nagaland, Tripura	₹10 Lakh
2	Uttarakhand, Meghalaya, Sikkim, Arunachal Pradesh, Puducherry, Telangana	₹20 Lakh

Further, it is also provided that job workers who are involved in making supply of services in relation to Jewellery, goldsmiths' and silversmiths' wares and other articles are eligible for exemption from registration where such job workers engaged in making inter-State supply of services to a registered person.

Advantages of voluntary registration under GST:

- Legally recognized as supplier of goods or services; This helps in attracting more customers.
- Provide input tax credit to customers. As they can issue taxable invoices, they can collect GST. Their customers can take input credit on their purchases.
- They will be more competitive than other small business as buying from them will ensure input credit.

However, the objective to amend Section 22 of the Act is to enhance the exemption limit for registration in the special category States from ten lakh rupees to twenty lakh rupees.

**Aggregate turnover in a Financial Year [Sec. 2(6) of CGST]:**

**Example : 4**

Mr. Rajan of Tamilnadu is a farmer with an annual turnover in relation to agriculture of ₹ 78,00,000 lakh. Since this income is agriculture-related, the turnover is exempt from GST. Ltd. is required to register under GST Law.

Inter State supply of services exempted from registration:

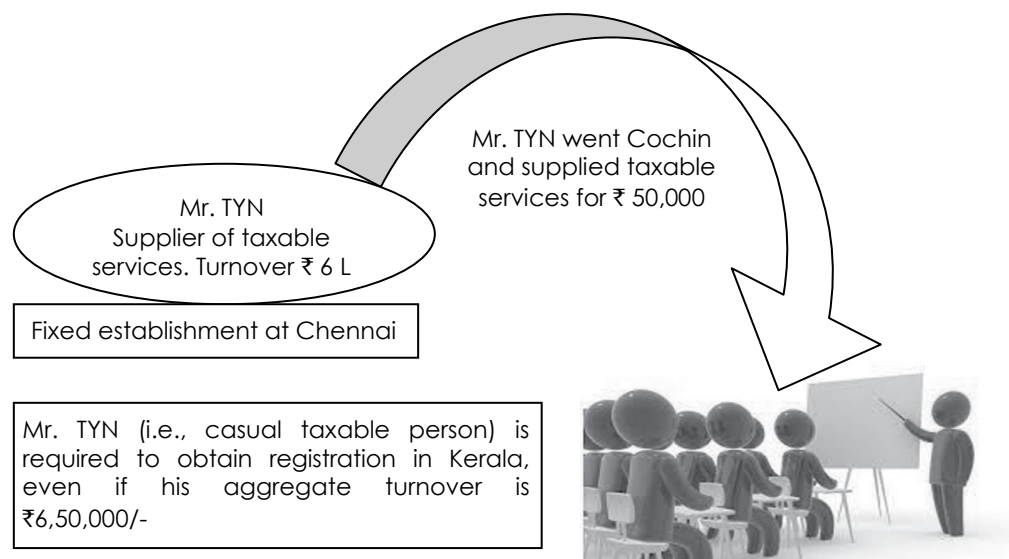

The GST Council, in its 22nd meeting held on 6th October 2017, has recommended that it has now been decided to exempt those service providers whose annual aggregate turnover is less than ₹20 lacs (₹10 lacs in special category states. ₹20 lacs for J & K) from obtaining registration even if they are making inter-State taxable supplies of services (vide Notification No. 10/2017-Integrated Tax, dated 13th October 2017).

(viii) Input Service Distributor whether or not separately registered under CGST;

As per Sec. 2(61) of the CGST Act, 2017, Input Service Distributor (ISD) means an office of the supplier of goods or services or both which receives tax invoices issued under section 31 of the CGST Act, 2017 towards receipt of input services and issues a prescribed document for the purposes of distributing the credit of central tax (CGST), State tax (SGST)/ Union territory tax (UTGST) or integrated tax (IGST) paid on the said services to a supplier of taxable goods or services or both having same PAN as that of the ISD.

It is important to note that the ISD mechanism is meant only for distributing the credit on common invoices pertaining to input services only and not goods (i.e. inputs or capital goods).

Registration compulsory:

An ISD will have to compulsorily take a separate registration as such ISD and apply for the same in form GST REG-1. There is no threshold limit for registration for an ISD. The other locations may be registered separately.

Distribution of input tax credit by ISD:

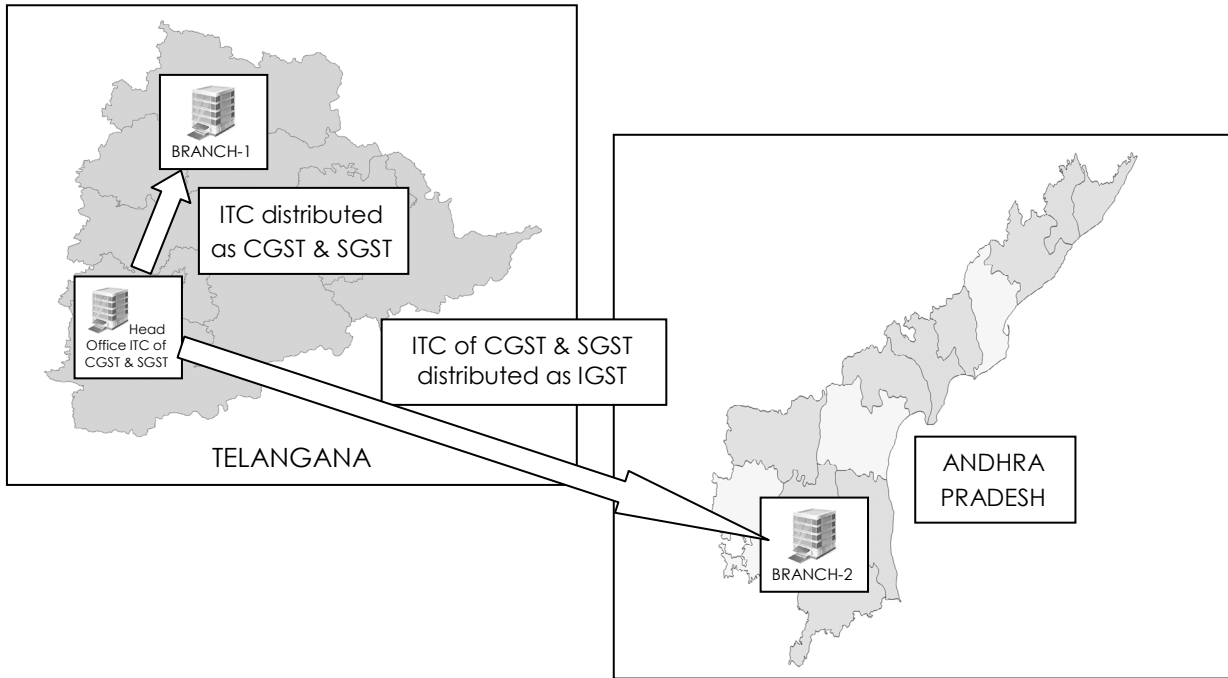

The Head Office would be procuring certain services which would be for common utilization of all units across the country. The bills for such expenses would be raised on the Head Office. But the Head Office itself would not be providing any output supply so as to utilize the credit which gets accumulated on account of such input services. ISD mechanism enables such proportionate distribution of credit of input services amongst all the consuming units.

For the purposes of distributing the input tax credit, an ISD has to issue an ISD invoice, as prescribed in rule 54(1) of the CGST Rules, 2017, clearly indicating in such invoice that it is issued only for distribution of input tax credit.

The input tax credit available for distribution in a month shall be distributed in the same month and details furnished in FORM GSTR-6. Further, an ISD shall separately distribute both the amount of ineligible and eligible input tax credit.

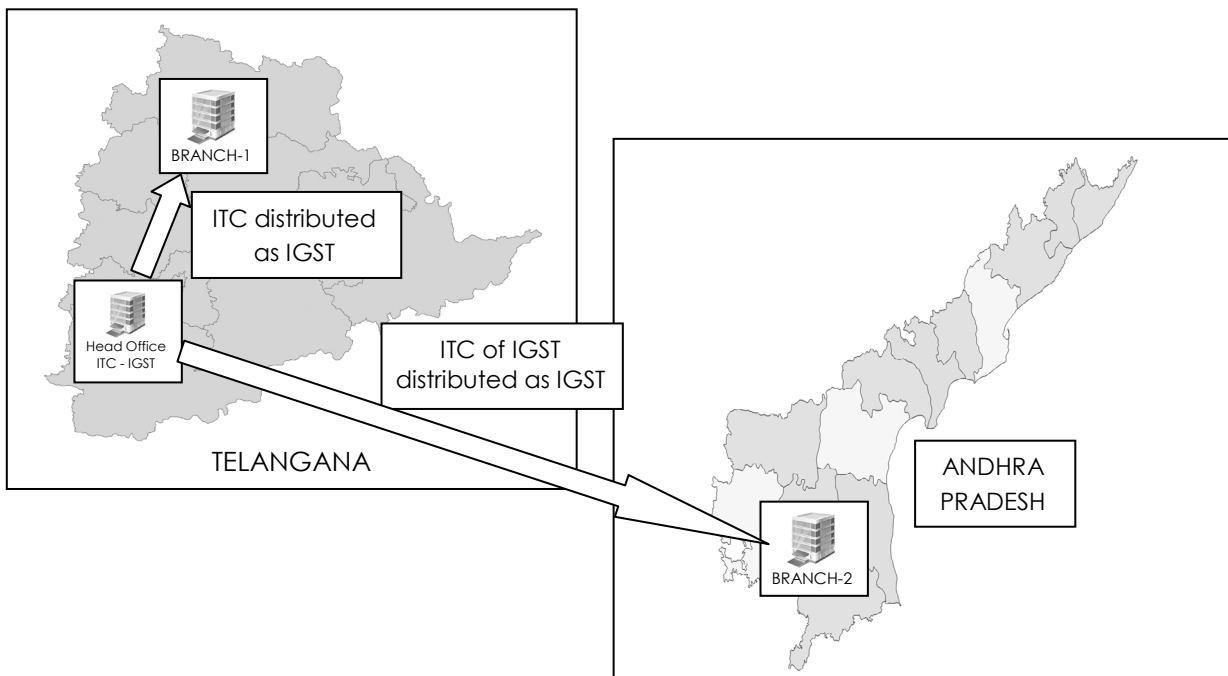

Distribution of CGST and SGST or UTGST:

Distribution of CGST and SGST or UTGST by Input Service Distributor

Distribution of IGST:

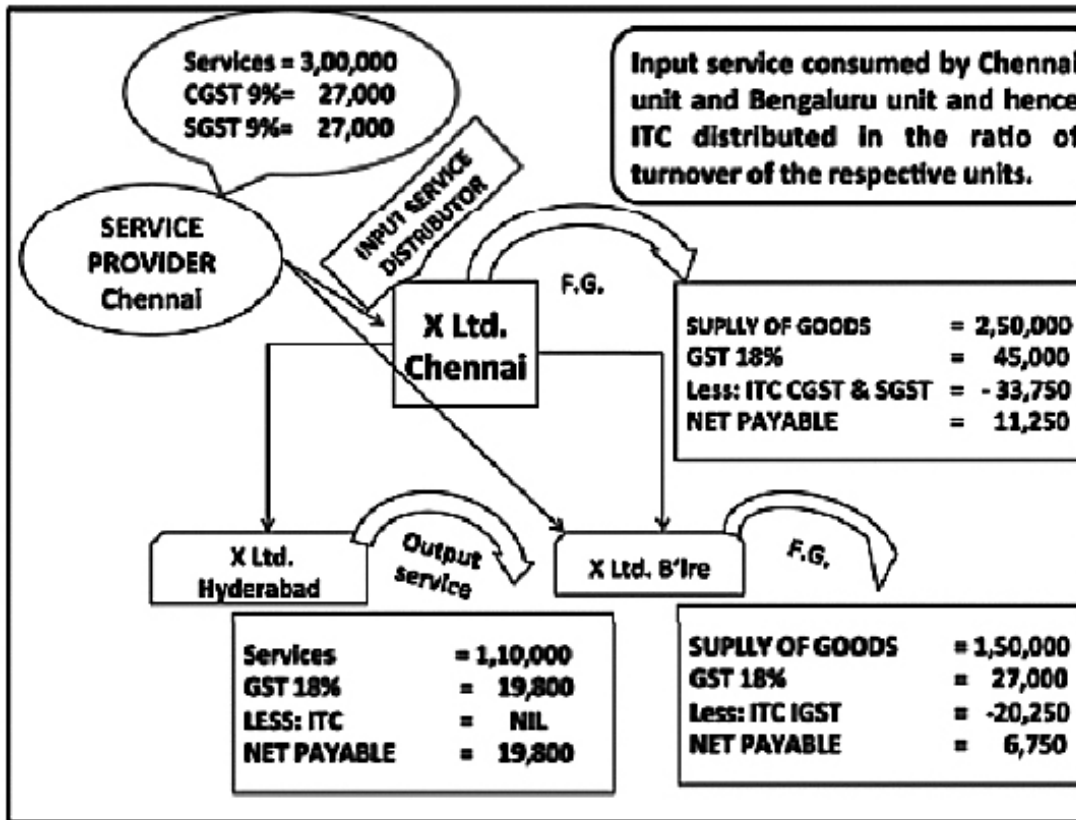

Distribution of IGST by Input Service Distributor

Manner of Distribution of ITC by ISD:

- (i) The credit has to be distributed only to the unit to which the supply is directly attributable to.
For example, if an ISD has 4 units across the country. However, if a particular input service pertains exclusively to only one unit and the bill is raised in the name of ISD, the ISD can distribute the credit only to that unit and not to other units.
- (ii) If input services are attributable to more than one recipient of credit, the distribution shall be in the pro-rata basis of turnover in the State/Union Territory.
For example, if an ISD has 4 units across the country. If the input services are common for all units, then it will be distributed according to the ratio of turnover of all the units.

Example 11:

Example : 12

M/s X Ltd. incorporated in Bangalore, with its business locations of selling and servicing of goods in Bangalore, Chennai, Mumbai and Kolkata.

M/s X Ltd. an ISD situated in Bangalore receives invoices indicating ₹ 4 lakhs of Central tax, ₹ 4 lakhs of State tax and ₹ 7 lakhs of integrated tax on input service. Input services commonly used by the units of M/s X Ltd. How these taxes are distributed by M/s X Ltd. to their other units.

Answer:

M/s X Ltd. can distribute central tax, State tax as well as integrated tax of ₹ 15 lakhs as credit of integrated tax amongst its locations at Bangalore, Chennai, Mumbai and Kolkata through an ISD invoice containing the amount of credit distributed.

**Example : 13**

M/s XYZ Ltd, having its head Office at Mumbai, is registered as ISD. It has three units in different states namely 'Mumbai', 'Chennai' and 'Delhi' which are operational in the current year. M/s XYZ Ltd furnishes the following information for the month of December 20XX. You are required to distribute the below input tax credit.

(i) CGST and SGST paid on services used only for Mumbai Unit: ₹3,00,000/-

(ii) IGST, CGST & SGST paid on services used for all units: ₹12,00,000/-

Total Turnover of the units for the preceding Financial Year are as follows: -

Unit	Turnover in ₹
Turnover of Mumbai unit	5,00,00,000
Turnover of Chennai	3,00,00,000
Turnover of Delhi	2,00,00,000
Total turnover	10,00,00,000

Answer:**Statement showing distribution of input tax credit:**

Particulars	Credit distributed to all the units			
	Total credit available ₹	Mumbai ₹	Chennai ₹	Delhi ₹
CGST & SGST paid on services used only for Mumbai Unit.	3,00,000	3,00,000	0	0
IGST, CGST & SGST paid on services used in all units Distribution on pro-rata basis to all the units which are operational in the current year	12,00,000	6,00,000	3,60,000	2,40,000
Total	15,00,000	9,00,000	3,60,000	2,40,000

Working note:

(1) CGST & SGST paid on services used only for Mumbai Unit should be distributed only to that unit.

(2) Credit distributed pro rata basis on the basis of the turnover of all the units is as under: -

	₹
(a) Unit Mumbai: $(5,00,00,000/10,00,00,000)*12,00,000$	6,00,000
(b) Unit Chennai: $(3,00,00,000/10,00,00,000)*12,00,000$	3,60,000
(c) Unit Delhi: $(2,00,00,000/10,00,00,000)*12,00,000$	2,40,000

Return:

An ISD will have to file monthly returns in GSTR-6 within 13 days after the end of the month and will have to furnish information of all ISD invoices issued.

The details in the returns will be made available to the respective recipients in their GSTR 2A.

The recipients may include these in its GSTR-2 and take credit.

Annual Return:

An ISD shall not be required to file Annual return.

Important Note: An ISD cannot accept any invoices on which tax is to be discharged under reverse charge mechanism. This is because the ISD mechanism is only to facilitate distribution of credit of taxes paid. The ISD itself cannot discharge any tax liability (as person liable to pay tax) and remit tax to government account. If ISD wants to take reverse charge supplies, then in that case ISD has to separately register as Normal taxpayer.

Clarifications of certain issues under GST

Clarification on issues under GST related to casual taxable person and recovery of excess Input Tax Credit distributed by an Input Service distributor – under GST Law

The above mentioned issue has been clarified vide Circular No. 71/45/2018-GST dt 26.10.2018:

1. CBIC has clarified that the amount of advance tax, which a casual taxable person is required to deposit while obtaining registration should be calculated after considering the due eligible ITC, which might be available to such taxable person.
2. The Circular clarified that in case of long running exhibitions (for a period more than 180 days), the taxable person cannot be treated as a CTP and thus such person would be required to obtain registration as a normal taxable person, subject to certain conditions as prescribed in the said circular.
3. It has also directed that recipient unit(s) who have received excess credit from ISD may deposit the said excess amount voluntarily along with interest if any by using FORM GST DRC-03. If not, then proceedings under section 73 or 74 of the CGST Act can be initiated against the said recipient unit(s) and general penalty may also be imposed.

Important Note: An ISD cannot accept any invoices on which tax is to be discharged under reverse charge mechanism. This is because the ISD mechanism is only to facilitate distribution of credit of taxes paid. The ISD itself cannot discharge any tax liability (as person liable to pay tax) and remit tax to government account. If ISD wants to take reverse charge supplies, then in that case ISD has to separately register as Normal taxpayer.

It has been noted that while applying for registration as a casual taxable person, the FORM GST REG-1 (S. No. 11) seeks information regarding the "estimated net tax liability" only and not the gross tax liability. 2. It is accordingly clarified that the amount of advance tax which a casual taxable person is required to deposit while obtaining registration should be calculated after considering the due eligible ITC which might be available to such taxable person.
2	As per section 27 of the Central Goods and Services Tax Act, 2017 (hereinafter referred to as the said Act), period of operation by casual taxable person is ninety days with provision for extension of same by the proper officer for a further period not exceeding ninety days. Various representations have been received for further extension of the said period beyond the period of 180 days, as mandated in law.	<ol style="list-style-type: none"> 1. It is clarified that in case of long running exhibitions (for a period more than 180 days), the taxable person cannot be treated as a CTP and thus such person would be required to obtain registration as a normal taxable person. 2. While applying for normal registration the said person should upload a copy of the allotment letter granting him permission to use the premises for the exhibition and the allotment letter/ consent letter shall be treated as the proper document as a proof for his place of business. 3. In such cases he would not be required to pay advance tax for the purpose of registration. 4. He can surrender such registration once the exhibition is over.

3	Representations have been received regarding the manner of recovery of excess credit distributed by an Input Service Distributor (ISD) in contravention of the provisions contained in section 20 of the CGST Act.	<ol style="list-style-type: none">1. An e-commerce operator is any online business that operates using a marketplace model. Study Note - 6

TAX INVOICE, CREDIT AND DEBIT NOTES AND OTHER DOCUMENTS UNDER GST

This Study Note includes

- 6.1 Tax Invoice
- 6.2 Credit and Debit Notes

6.1 TAX INVOICE

Under the GST regime, a “tax invoice” means the tax invoice referred to in Section 31 of the CGST Act, 2017.

For example, if a registered person is making or receiving supplies (from unregistered persons), then a tax invoice needs to be issued by such registered person.

However, if a registered person is dealing only in exempted supplies or is availing the composition scheme (composition dealer), then such a registered person needs to issue a bill of supply in lieu of tax invoice.

An invoice or a bill of supply need not be issued if the value of the supply is less than ₹ 200/-, subject to specified conditions provisos to sub section (3) of Section 31 of the CGST Act, 2017.

Importance of Tax Invoice under GST:

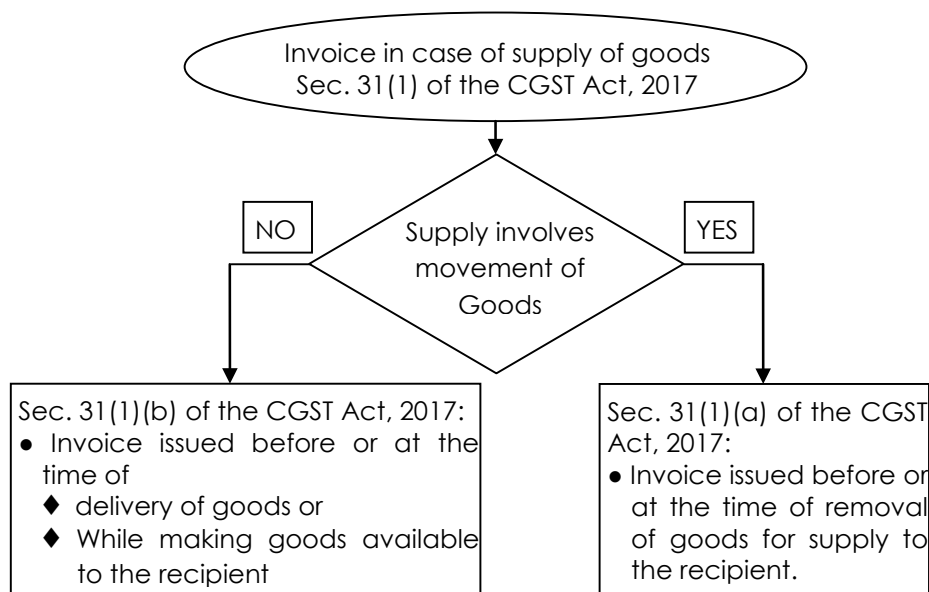

Under GST, a tax invoice is an essential document for the recipient to avail Input Tax Credit (ITC).

A registered person cannot avail Input Tax Credit unless he is in possession of a tax invoice or a debit note.

GST is chargeable at the time of supply. Invoice is an important indicator of the time of supply.

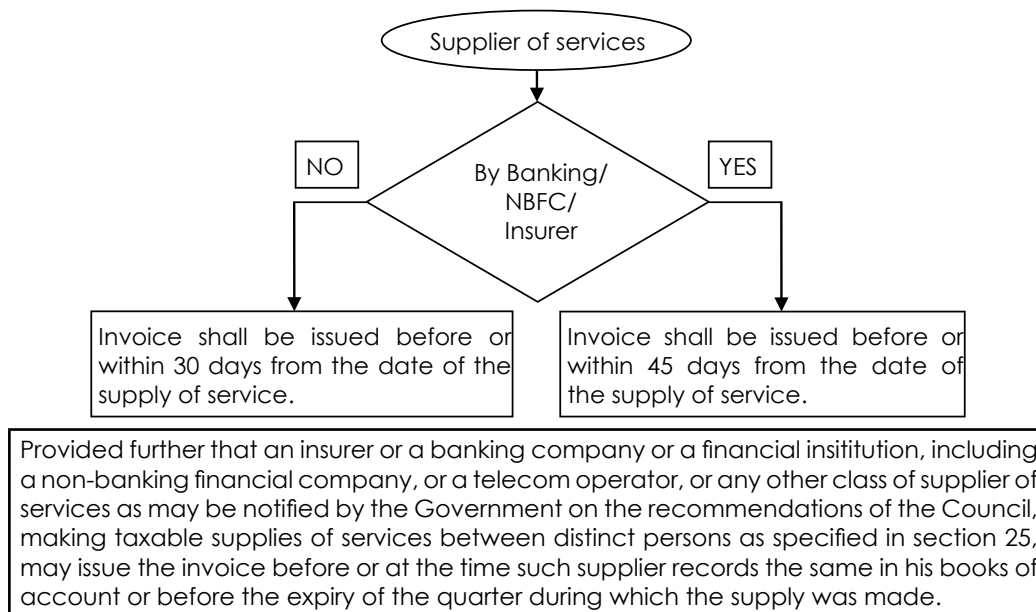

When should a tax invoice or a bill of supply be issued by a registered person:

Time limit for issuing tax invoice in case of supply of goods [Section 31(1) of the CGST Act, 2017]:

Time Limit for Issuing Tax Invoice in case of Supply of Service: [Sec. 31(2) of the CGST Act, 2017 read with Rule 47 of the CGST Rules, 2017]

As per Finance Act, 2020, under Section 31(2) of CGST Act, 2017

Provided that the Government may, on the recommendations of the Council, by notification,—

- (a) specify the categories of services or supplies in respect of which a tax invoice shall be issued, within such time and in such manner as may be prescribed;
- (b) subject to the condition mentioned therein, specify the categories of services in respect of which—
 - (i) any other document issued in relation to the supply shall be deemed to be a tax invoice; or
 - (ii) tax invoice may not be issued.

The proviso to Section 31(2) of the CGST Act has been amended to widen the powers to the Central Government to notify the categories of services in respect of which a tax invoice shall be issued within such time and in such manner as may be prescribed.

Thus, the Central Government can now even prescribe a different time limit for issuance of tax invoices for such categories of services as may be notified.

A registered person may, within one month from the date of issuance of certificate of registration and in such manner as prescribed in the Invoice Rules, issue a revised invoice against the invoice already issued during the period beginning with the effective date of registration till the date of issuance of certificate of registration to him.

This provision is necessary, as a person who becomes liable for registration has to apply for registration within 30 days of becoming liable for registration. When such an application is made within the time period and registration is granted, the effective date of registration is the date on which the person became liable for registration. Thus there would be a time lag between the date of grant of certificate of registration and the effective date of registration.

For supplies made by such person during this intervening period, the law enables the issuance of a revised invoice, so that ITC can be availed by the recipient on such supplies.

Receipt Voucher on Receipt of Advance Payment [section 31(3)(d) of the CGST Act, 2017]:

Sub-rule (4) has been inserted to rule 48 to provide that the e-invoice shall be prepared by notified class of registered persons, on the recommendations of the Council, by including such particulars contained in Form GST INV-01 after obtaining an IRN (Invoice Reference Number) by uploading information contained therein on the Common GST Electronic Portal* in prescribed manner and subject to prescribed conditions and restrictions. Every invoice, issued by said persons, in any manner other than the manner specified in the rule 48(4) shall not be treated as an invoice. The requirement of preparing the invoices in duplicate and triplicate in case of supply of services and goods respectively does not apply to such e-invoices.

w.e.f. 1-10-2020, e-invoice is mandated for registered persons whose aggregate turnover (based on PAN) in a financial year is more than Rs. 500 Crores w.e.f. 30-7-2020 (earlier, this limit was ₹100 crores).

Further amendment, w.e.f. 1-1-2021, Government has mandated e-invoicing for taxpayers having aggregate turnover exceeding ₹100 crore (in any preceding financial year from 2017-18 onwards) to be implemented (vide Notification No. 88/2020 CT dated 10-11-2020).

How is 'e-invoicing' different from present system?

There is no much difference indeed. Registered persons continue to create their GST invoices on their own Accounting / Billing/ERP systems. These invoices will now be reported to 'Invoice Reference Portal (IRP)'. On reporting, IRP returns the e-invoice with a unique 'Invoice Reference Number (IRN)' after digitally signing the e-invoice and adding a Quick Response Code. Then, the invoice can be issued to the receiver (along with QR Code).

A GST Invoice will be valid only with a valid IRN.

E-invoice is not applicable for import Bills of Entry.

Entities/Sectors are exempt from the e-invoicing:

- (a) Special Economic Zone Units
- (b) Insurer or a banking company or a financial institution, including a non-banking financial company.
- (c) Goods transport agency supplying services in relation to transportation goods by road in a goods carriage.
- (d) Suppliers of passenger transportation services.
- (e) Suppliers of services by way of admission to exhibition of cinematograph films in multiplex screens.

Invoice to be issued by specified registered person, whose aggregate turnover in a preceding financial year from 2017-18 exceed ₹500 crore (now ₹100 crore), to an unregistered person (B2C invoice), to have Dynamic Quick Response (QR) code, w.e.f. 1-12-2020 (vide NT No. 71/2020 CT dated 30-9-2020)

Facility of Electronic payment to recipient w.e.f. 1-8-2019

As per section 31A of the CGST Act, 2017, The Government may, on the recommendations of the Council, prescribe a class of registered persons who shall provide prescribed modes of electronic payment to the recipient of supply of goods or services or both made by him and give option to such recipient to make payment accordingly, in such manner and subject to such conditions and restrictions, as may be prescribed."

Electronic ticket w.e.f. 1-9-2019

A registered person supplying services by way of admission to exhibition of cinematograph films in multiplex screens shall be required to issue an electronic ticket and the said electronic ticket shall be deemed to be a tax invoice for all purposes of the Act, even if such ticket does not contain the details of the recipient of service but contains the other information as mentioned under rule 46:

Provided that the supplier of such service in a screen other than multiplex screens may, at his option, follow the above procedure (vide NT 33/2019-Central Tax, dated 18-7-2019)

6.2 CREDIT AND DEBIT NOTES

Credit and Debit Notes (Section 34 of the CGST Act, 2017):

Credit Note (Sec 34(1)&(2) of CGST Act): In cases where tax invoice has been issued for a supply and subsequently it is found that the value or tax charged in that invoice is more than what is actually payable/ chargeable or where the recipient has returned the goods, the supplier can issue a credit note to the recipient.

A registered person who issues such a credit note has to declare details of such credit note in the return for the month during which such credit note has been issued but not later than

- September following the end of the financial year in which such supply was made
- or
- The date of furnishing of the relevant annual return, whichever is earlier.

The tax liability of the registered person will be adjusted in accordance with the credit note issued, however no reduction in output tax liability of the supplier shall be permitted, if the incidence of tax and interest on such supply has been passed on to any other person.

Note: The above mentioned Section has been amended vide CGST Amendment Act, 2018, wherein A Dealer may Issue One Credit note for multiple Invoices.

However, the main objective to amend 34(1) of the CGST Act, is to ease the procedural matter which was causing great hardship to dealers where specific Credit notes were required to be made for each invoice.

Debit Note (Sec 34 (3) & (4) of CGST Act) : In cases where tax invoice has been issued for a supply and subsequently it is found that the value or tax charged in that invoice is less than what is actually payable/ chargeable, the supplier can issue a debit note to the recipient. Any registered person who issues a debit note in relation to a supply of goods or services or both, shall declare the details of such debit note in the return for the month during which such debit note has been issued and the tax liability shall be adjusted in such manner as may be prescribed.

Amendment

The following paragraph was inserted vide CGST Amendment Act, 2018 to amend Sec 34(1) and Sec 34(3) of CGST Act, 2017:

Where one or more tax invoices have been issued for supply of any goods or services or both and the taxable value or tax charged in that tax invoice is found to be less than the taxable value or tax payable in respect of such supply, the registered person, who has supplied such goods or services or both, shall issue to the recipient one or more debit notes for supplies made in a financial year containing such particulars as may be prescribed.

A Dealer may Issue One Credit note for multiple Invoices. A change has to be made in the GST Portal also. It may be noted here that this is a procedural matter which was causing great hardship to dealers where specific Credit notes were required to be made for each invoice. However a practice was followed by the dealers to tag the last invoice only with the credit note in addition to providing an annexure of all invoices linked thereto in the hard copy. Such procedure followed for removal of difficulties till date should also be considered leniently by the field officers.

Contents of a revised tax invoice and credit or debit note:

- (a) The word "Revised Invoice", wherever applicable, indicated prominently
- (b) Name, address and GSTIN of the supplier
- (c) Nature of the document

As per Notification No. 39/2018 – Central Tax, dt 04.09.2018 – It amends Rule 36(2) of the CGST Rules, 2017 which further clarifies that even if all specified particulars stipulated by Invoice rules is not satisfied, yet the invoice contains the amount of tax charged, description of supplies, total value of supply, GSTIN of the supplier & recipient and place of supply in case of inter-state supply, then the ITC can be availed by registered taxpayers. This is a very important amendment and hence ITC cannot be denied due to certain clerical mistakes in the invoice by the supplier.

As per Notification No. 39/2018 – Central Tax, dt 04.09.2018 - With regards to transport of goods without the tax invoice as laid down in Rule 55, the same procedure of transport of goods through delivery challans as applicable on Transportation of goods in a semi knocked down or completely knocked down condition, shall also apply to the transportation of goods in batches or lots, i.e. –

The GST Council clarifies issues regarding the procedure for interception of conveyances for inspection of goods in movement, and detention, release and confiscation of such goods and conveyances.

It has been clarified that if a consignment of goods is accompanied with an invoice or any other specified document and an e-way bill then the proceedings may not be initiated in the following situations :

1. Spelling mistakes in the name of the consignor or the consignee but the GSTIN, whichever is applicable, is correct.
2. Error in the address of the consignee to the extent that the locality and other details of the consignee are correct.
3. Error in one or two digits of the document number mentioned in the e-way bill.
4. Error in one or two digits of the vehicle number.

5. Error in 4 or 6 digit level of HSN where the first 2 digits of HSN are correct and the rate of tax mentioned is correct.
6. Error in the pin-code but the address of the consignor and the consignee mentioned is correct, subject to the condition that the error in the PIN code should not have the effect of increasing the validity period of the e-way bill a penalty of ₹ 1,000 under IGST act will be levied in Form GST DRC -07 for every consignment which is incomplete or erroneous in above terms. Also, a record of all these consignments will have to be sent to the proper officer to his controlling officer on a weekly basis.

Note: Credit note/Debit Note delinked from Invoice, while reporting them in Form GSTR-1/GSTR-6 of filing refund – One credit/debit note permitted for multiple invoices.

The GST Council clarifies issue regarding the textile sector and problems being faced by weavers & artisans regarding storage of their goods in the warehouse of the transporter. It clarify that in case the consignee/ recipient taxpayer stores his goods in the godown of the transporter, then the transporter's godown has to be declared as an additional place of business by the recipient taxpayer. In such cases, mere declaration by the recipient taxpayer to this effect with the concurrence of the transporter in the said declaration will suffice. Where the transporter's

godown has been declared as the additional place of business by the recipient taxpayer, the transportation under the e-way bill shall be deemed to be concluded once the goods have reached the transporter's godown (recipient taxpayer' additional place of business). Hence, e-way bill validity in such cases will not be required to be extended. Further, whenever the goods are transported from the transporters' godown, which has been declared as the additional place of business of the recipient taxpayer, to any other premises of the recipient taxpayer then, the relevant provisions of the e-way bill rules shall apply. Hence, whenever the goods move from the transporter's godown (i.e, recipient taxpayer's additional place of business) to the recipient taxpayer's any other place of business, a valid e-way bill shall be required, as per the extant State-specific e-way bill rules.

Synopsis.

3. The recipient will be required to maintain books of accounts in relation to the goods stored at the godown of the transporters.

**Example 5:**

M/s Rajendra Dyeing Pvt. Ltd. supplied goods worth ₹ 10,00,000 to M/s Y Ltd in the month of of September plus GST 12%. M/s Rajendra Dyeing Pvt. Ltd. paid the GST on 5th December. The amount of input tax credit is 70,000 is available in the books. Calculation of interest payment if any under section 50 of the CGST Act, 2017.

Answer:

Tax	= ₹1,20,000
Less: ITC	= ₹ (70,000)
Tax payable	= ₹ 50,000

Interest shall be calculated from the next day of the due date of payment from 21st October to the actual date of payment i.e. 5th December.

Interest is ₹ 50,000*18%*411/365 = ₹10,134/-

Example : 6

M/s Nose Ltd. reduced the amount of ₹ 2,25,000 from the output tax liability in contravention of the provisions of section 42(10) of the CGST Act, 2017 in the month of January 2018 (vide invoice date 12.01.2018), which is ineligible credit at invoice level. As a result a show cause notice issued Central Tax Department under section 74 of the CGST Act, 2017 along with interest. M/s Nose Ltd paid the tax and interest on 5th March 2018. Find the interest liability if any?

Note: ignore the penalty.

Answer:

As per section 42(10) read with section 50(3) of the CGST Act, 2017 amount reduced from the output tax liability in contravention of the provisions of section 42(7) shall be added to the output tax liability of the recipient in his return for the month in which such contravention takes place and such recipient shall be liable to pay interest on the amount so added at the rate specified in section 50(3) of the CGST Act, 2017.

Therefore, applicable rate of interest is @24% per annum.

January month return due date is 20th of February 2018.

Interest = ₹ 1,923/- (₹ 2,25,000 x 24% x 13/365)

Note: from 21st February 2018 to 5th March 2018 = 13 days

Study Note - 9

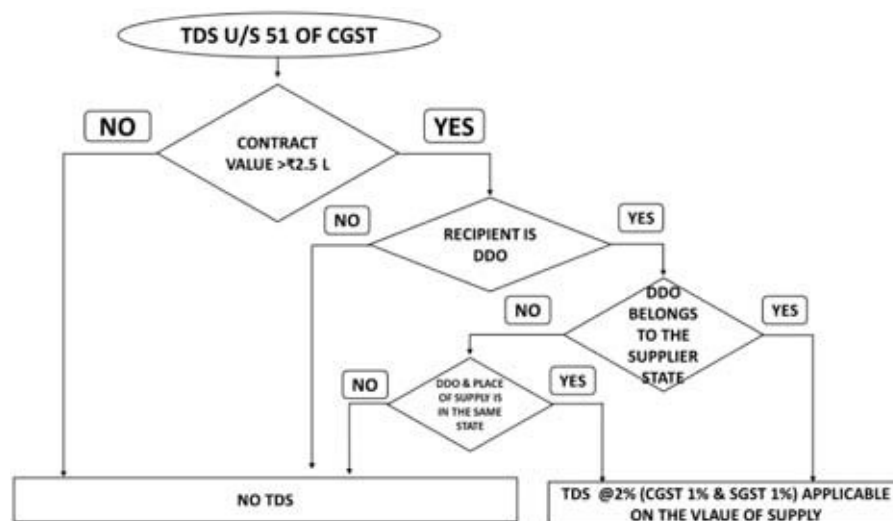

TDS AND TCS UNDER GST

This Study Note includes

- 9.1 Tax Deduction at Source (TDS)
- 9.2 Collection of Tax at Source (TCS)

9.1 TAX DEDUCTION AT SOURCE (TDS)

Section 51 (1), refers to TDS related mandating by Central/State Government. Such mandating shall be for the following persons -

- a. Department or Establishment of Central Government or State Government
- b. Local Authority.
- c. Government Agencies.
- d. Persons or category of persons notified by the Central Government on recommendation of the Council. Notification No. 50/2018 – Central Tax dated 13.09.2018 notifies the following persons under Section 51 (1)(d) as liable for TDS;
 - (a) an authority or a board or any other body, -
 - (i) set up by an Act of Parliament or a State Legislature; or
 - (ii) established by any Government, with fifty-one percent or more participation by way of equity or control, to carry out any function;
 - (b) society established by the Central Government or the State Government or a Local Authority under the Societies Registration Act, 1860 (21 of 1860);
 - (c) public sector undertakings:

Post audit authorities under Ministry of Defence exempted from TDS compliance vide Notification No 57/2018 – Central Tax dated 23-10-2018

Supply of goods and/or services from a PSU to another PSU, whether a distinct person or not, is exempt from TDS provisions vide Notification No 61/2018 – Central Tax dated 05-11-2018

The above category persons also called as Drawing and Disbursement Officers (DDO's) who are required to deduct tax in accordance with the provisions of the GST Laws.

The Central Government has appointed 01.10.2018 as the date on which the provisions of Section 51 (TDS) shall come into force.

1. The above 'persons' are referred to as deductors.
2. The deductors have to deduct tax at the rate of 2% from the payment made or credited to the supplier of taxable goods and/or services, notified by the Central Government or State Government on the recommendations of the Council. Deduction is required where the total value of supply under 'a contract' exceeds INR 2.5 lakhs. Value of supply shall exclude the tax indicated in the invoice. No deduction shall be made if the location of the supplier and the place of supply is in a State or Union territory which is different from the State or as the case may be, Union territory of registration of the recipient.
3. The amount deducted shall be paid to the Central Government within ten days after the end of the month in which such deduction is made.
Sub Rule 9 of rule 87 of the CGST rules provides) that payment shall be made by debiting the electronic cash ledger and crediting the electronic tax liability register.
4. As per Rule 66, the deductor shall furnish a TDS certificate in Form GSTR-7A to the deductee mentioning therein the following:
 - (a) contract value
 - (b) rate of deduction
 - (c) Amount deducted
 - (d) Amount paid to the appropriate Government
 - (e) Any other particulars as may be prescribed
5. This certificate has to be furnished within five days of remittance as mentioned above.
6. Certificate not furnished by the deductor: - If the deductor does not furnish the certificate of deduction-cum-remittance within five days of the remittance, the deductor has to pay a late fee of INR 100 per day from the 6th day until the day he furnishes the certificate. The maximum late fee is prescribed as INR 5000.
7. Non-remittance by the deductor: If the deductor does not remit the amount deducted as TDS, he is liable to pay penal interest under Section 50 in addition to the amount of tax deducted.
8. The amount of tax deducted reflected in Electronic Cash Ledger of deductee in the return in Form GSTR-7 filed by deductor shall be claimed as credit. This provision enables the Government to cross-check whether the amount deducted by the deductor is correct and that there is no mis-match between the amount reflected in the Electronic Cash Ledger as reflected in the return filed by deductor. One may draw easy analogy from existing practice in income tax related E-TDS returns filed by deductor and 26AS statement available for viewing the TDS remitted in respect of his transactions by deductee.
9. Refund on excess collection: The deductor or the deductee can claim refund of excess deduction or erroneous deduction. The provisions of section 54 relating to refunds would apply in such cases. However, if the amount deducted has been credited to the Electronic Cash Ledger of the deductee, the deductor cannot claim refund (only deductee can claim).
10. Illustrative List of various Supplies on which TDS may or may not require to be deducted –
Supply in GST covers both supply of goods as well as supply of services by vendors/suppliers to the Government Departments, local authorities and other recipients.
Examples of supply of goods and services to Government/local authorities:
Procurement of stationery items, toilet articles, towels, furniture, air-conditioning machines, electrical goods, books and periodicals & medicines, food and beverage for employees or other stakeholders, computers and

printers, books, Procurement of security services, car rental services, generator rental services, consultants services, legal services, rental services like office building/land taken on rent, maintenance services, rental of machinery, Works Contract services such as road, bridge, building development/renovation/repairing/maintenance services, etc

As per Sec 2(108) of The CGST Act 2017 Taxable Supply means supply of goods or services or both which is leviable to tax under GST

As per Sec 2(47) of The CGST Act 2017 Exempt supply means supply of any goods or services or both which attracts nil rate of tax or which may be wholly exempt from tax under section 11 of the CGST/SGST Acts or under section 6 of the IGST Act, and includes non-taxable supply.

It is to be noted that TDS is not required to be deducted on supply of exempt goods or services. For example, incase a PSU/ GovtDept receives GST books for all its employees, no TDS is required to be deducted since GST books are exempt supplies.

Similarly incase a PSU/ GovtDept avails the services of a medical practitioner, no TDS is required to be deducted.

11. When tax deduction is required to be made in GST and at what rate:

The deductors have to deduct tax at the rate of 2% from the payment made or credited to the supplier of taxable goods and/or services, notified by the Central Government or State Government on the recommendations of the Council. Deduction is required where the total value of supply under 'a contract' exceeds INR 2.5 lakhs. Value of supply shall exclude the tax indicated in the invoice. No deduction shall be made if the location of the supplier and the place of supply is in a State or Union territory which is different from the State or as the case may be, Union territory of registration of the recipient.

Hence, Tax deduction is required if all the following conditions are satisfied –

- (a) Total value of taxable supply > ₹ 2.5 Lakh under a single contract. This value shall exclude taxes & cess leviable under GST.

Eg.– Incase the value of 1 contract for printing material is ₹ 3 Lakhs plus GST and the same is received vide 6 invoices of ₹ 50,000/- plus GST each in 18-19 and 19-20. TDS is required to be deducted on each bill

Eg.– Incase the value of 6 contracts for printing material from the same vendor A is ₹ 50,000/- plus GST each and the same is received vide 6 invoices of ₹ 50,000/- plus each. TDS is not required to be deducted on any bill

Eg. – Incase the value of 1 contract for printing material from a vendor A is ₹ 2,75,000/- inclusive of 18% GST. TDS is not required to be deducted as the value of contract exclusive of GST is less than ₹ 2,50,000/-

- (b) If the contract is made for both taxable supply and exempted supply, deduction will be made if the total value of taxable supply in the contract > ₹ 2.5 Lakh. This value shall exclude taxes & cess leviable under GST.

Eg. – Incase the value of 1 contract for printing material and books from a vendor A is ₹ 3,50,000/- plus GST as applicable. Value of books is ₹1,00,000/- (GST is exempt) and Value of printing material is ₹ 2,50,000/- (GST chargeable). TDS is not required to be deducted as the value of contract of taxable goods (printing material) is not exceeding ₹ 2,50,000/-.

Eg. – Incase the value of 1 contract for printing material and books from a vendor A is ₹4,00,000/- plus GST as applicable. Value of books is ₹1,00,000/- (GST is exempt) and Value of printing material is ₹3,00,000/- (GST chargeable). TDS is required to be deducted on only the value of contract of taxable goods (printing material) of ₹ 3,00,000/-

- (c) Where the location of the supplier and the place of supply are in the same State/UT, it is an intra-State supply and TDS @ 1% each under CGST Act and SGST/UTGST Act is to be deducted if the deductor is registered in that State or Union territory without legislature

Eg.– Incase material is purchased by A (WB) from B (WB) where value of contract of taxable goods (printing material) of ₹ 3,00,000/- plus GST, GST is liable to be deducted as follows –

1% CGST on ₹ 3,00,000/- = ₹ 3,000/-

1% SGST on ₹ 3,00,000/- = ₹ 3,000/-

- (d) Where the location of the supplier is in State A and the recipient of supply is in another State or Union territory B. However, if the customer is in the same state A, then it is intra-State supply and TDS @ 1% under CGST Act and @ 1% under SGST Act is to be deducted as the deductor is registered in State or Union territory A.

Where the location of the supplier is in State A and the recipient of supply is in another State or Union territory B. However, if the customer is in the yet another state C, then it is inter-State supply and TDS @ 2% under IGST Act is to be deducted as the deductor is not registered in State or Union territory A.

Eg.– In case material is purchased by B (WB) from A (WB) but to be delivered to C(TN) and where value of contract of taxable goods (printing material) of ₹ 3,00,000/- plus GST, GST is liable to be deducted as follows –

1% CGST on ₹ 3,00,000/- = ₹ 3,000/-

1% WB SGST on ₹ 3,00,000/- = ₹ 3,000/-

Eg.– In case material is purchased by B (WB) from A (Bihar) but to be delivered to C(TN) and where value of contract of taxable goods (printing material) of ₹ 3,00,000/- plus GST, GST is liable to be deducted as follows –

2% IGST on ₹ 3,00,000/- = ₹ 6,000/-

- (e) When advance is paid to a supplier on or after 01.10.2018 to a supplier for supply of taxable goods or services or both

Eg.– In case contract of ₹ 3,00,000/- plus GST is made on 30th September 2018 but neither supply of goods nor payment is made on that day. Thereafter advance is made on 1st October 2018 of ₹10,000/- plus GST. Herein TDS will be deducted on the advance of ₹10,000/- made on 1st October 2018.

- (f) When The contract value is revised

Eg.– A contract with a supplier ABC was entered into where the value of taxable supply is ₹ 2 Lakh and payment of ₹ 1 Lakh has been made on 15.10.2018. Now, on 20.10.2018 the contract value is revised from ₹ 2 Lakh to ₹6 Lakh. In this case TDS shall have to be deducted on entire amount i.e. ₹ 6 lakhs while making remaining payment of ₹ 5 Lakh. In other words, 12,000/- would be deducted when remaining payment of ₹ 5 Lakh is made.

Guidelines for Deductions and Deposits of TDS by the DDO under GST

The GST Council provides Guidelines for Deductions and Deposits of TDS by the DDO under GST.

For the process of deduction and deposit of TDS, the DDO can follow any of the following two options :

- i. Individual Bill-wise deduction and its deposit to the Government by DDO
- ii. Bunching of deductions and its deposit by DDO

The DDO has to file GSTR -7 by 10th of next month and must generate TDS certificate through the GSTN portal in GSTR-7A. The process flow for Option I and Option II are described as under:

Details of tax deducted and tax collected to be made available to the deductee and collectee respectively on the common portal after filing of GSTR-7 and GSTR-8 respectively [Rule 66(2) of the CGST Rules] [Notification No. 31/2019 CT dated 28.06.2019]

Sub-rule (2) of rule 66 has been amended to lay down that the details of TDS furnished by the deductor in GSTR-7 shall be made available electronically to each of the deductees on the common portal after filing of Form GSTR-7 for claiming the amount of tax deducted in his electronic cash ledger after validation.

Similarly, the details of TCS furnished by operator in GSTR-8 were made available to each supplier in Part C of Form GSTR-2A on the common portal after the due date of filing of Form GSTR-8 under rule 67(2) of the CGST Rules.

Sub-rule (2) of rule 67 has been amended to provide that the details of TCS furnished by the deductor in GSTR-8 is made available electronically to each of the deductees on the common portal after filing of Form GSTR-8 for claiming the amount of tax collected in his electronic cash ledger after validation.

As per Finance Act, 2020, Deductor of TDS need not issue certificate of TDS (Sec. 51):

Deductor of GST TDS is not required to issue any TDS certificate. It means the deductee can take credit of tax deducted on the basis of details of tax deducted and uploaded by the deductor under section 39(3) of CGST Act, 2017.

The details are available in the GSTR-7 return filed by the deductor will be auto populated in GSTR-2A of deductee. Hence, any further certificate is not required.

Option I - Individual Bill-wise Deduction and its Deposit by the DDO

In this option, the DDO will have to deduct as well as deposit the GST TDS for each bill individually by generating a CPIN (Challan) and mentioning it in the Bill itself.

Following process shall be followed by the DDO in this regard:

- (i) The DDO shall prepare the Bill based on the Expenditure Sanction. The Expenditure Sanction shall contain the (a) Total amount, (b) net amount payable to the Contractor/Supplier/Vendor and (c) the 2% TDS amount of GST.
- (ii) The DDO shall login into the GSTN Portal (using his GSTIN) and generate the CPIN (Challan). In the CPIN he shall have to fill in the desired amount of payment against one/many Major Head(s) (CGST/SGST/UTGST/IGST) and the relevant component (e.g. Tax) under each of the Major Head.
- (iii) While generating the CPIN, the DDO will have to select mode of payment as either (a) NEFT/RTGS or (b) OTC. In the OTC mode, the DDO will have to select the Bank where the payment will be deposited through OTC mode.
- (iv) The DDO shall prepare the bill on PFMS (in case of Central Civil Ministries of Govt), similar payment portals of other Ministries/Departments of Govt or of State Governments for submission to the respective payment authorities.
- (v) In the Bill,
 - (a) the net amount payable to the Contractor; and
 - (b) 2% as TDS
 will be specified
- (vi) In case of NEFT/RTGS mode, the DDO will have to mention the CPIN Number (as beneficiary's account number), RBI (as beneficiary) and the IFSC Code of RBI with the request to payment authority to make payment in favour of RBI with these credentials.
- (vii) In case of the OTC mode, the DDO will have to request the payment authority to issue 'A' Category Government Cheque in favour of one of the 25 authorized Banks. The Cheque may then be deposited along with the CPIN with any of branch of the authorized Bank so selected by the DDO.
- (viii) Upon successful payment, a CIN will be generated by the RBI/Authorized Bank and will be shared electronically with the GSTN Portal. This will get credited in the electronic Cash Ledger of the concerned DDO in the GSTN Portal. This can be viewed and the details of CIN can be noted by the DDO anytime on GSTN portal using his Login credentials.
- (ix) The DDO should maintain a Register as per proforma given in Annexure 'A' to keep record of all TDS deductions made by him during the month. This Record will be helpful at the time of filing Monthly Return (FORM GSTR-7) by the DDO. The DDO may also make use of the offline utility available on the GSTN Portal for this purpose.
- (x) The DDO shall generate TDS Certificate through the GST Portal in FORM GSTR-7A after filing of Monthly Return.

Option II - Bunching of deductions and its deposit by the DDO

Option-I may not be suitable for DDOs who make large number of payments in a month as it would require them to make large number of challans during the month. Such DDOs may exercise this option wherein the DDO will

have to deduct the TDS from each bill, for keeping it under the Suspense Head. However, deposit of this bunched amount from the Suspense Head can be made on a weekly, monthly or any other periodic basis.

Following process shall be followed by the DDO in this regard:

- (i) The DDO shall prepare the Bill based on the Expenditure Sanction. The Expenditure Sanction shall contain the (a) Total amount, (b) net amount payable to the Contractor/Supplier/Vendor and (c) the 2% TDS amount of GST.
- (ii) The DDO shall prepare the bill on PFMS (in case of Central Civil Ministries of Govt), similar payment portals of other Ministries/Departments of Govt or of State Governments for submission to the respective payment authorities.
- (iii) In the Bill, it will be specified
 - (a) the net amount payable to the Contractor; and
 - (b) 2% as TDS
- (iv) The TDS amount shall be mentioned in the Bill for booking in the Suspense Head (8658 - Suspense; 00.101 - PAO Suspense; xx – GST TDS)
- (v) The DDO will require to maintain the Record of the TDS so being booked under the Suspense Head so that at the time of preparing the CPIN for making payment on weekly/monthly or any other periodic basis, the total amount could be easily worked out.
- (vi) At any periodic interval, when DDO needs to deposit the TDS amount, he will prepare the CPIN on the GSTN Portal for the amount (already booked under the Suspense Head).
- (vii) While generating the CPIN, the DDO will have to select mode of payment as either (a) NEFT/RTGS or (b) OTC. In the OTC mode, the DDO will have to select the Bank where the payment will be deposited through OTC mode.
- (viii) The DDO shall prepare the bill for the bunched TDS amount for payment through the concerned payment authority. In the Bill, the DDO will give reference of all the earlier paid bills from which 2% TDS was deducted and kept in the suspense head. The DDO may also attach a certified copy of the record maintained by him in this regard.
- (ix) The payment authority will pass the bill by clearing the Suspense Head operated against that particular DDO after exercising necessary checks.
- (x) In case of NEFT/RTGS mode, the DDO will have to mention the CPIN Number (as beneficiary's account number), RBI (as beneficiary) and the IFSC Code of RBI with the request to payment authority to make payment in favour of RBI with these credentials.
- (xi) In case of the OTC mode, the DDO will have to request the payment authority to issue 'A' Category Government Cheque in favour of one of the 25 authorized Banks. The Cheque may then be deposited along with the CPIN with any of branch of the authorized Bank so selected by the DDO.
- (xii) Upon successful payment, a CIN will be generated by the RBI/Authorized Bank and will be shared electronically with the GSTN Portal. This will get credited in the electronic Cash Ledger of the concerned DDO in the GSTN Portal. This can be viewed and the details of CIN can be noted by the DDO anytime on GSTN portal using his Login credentials.
- (xiii) The DDO should maintain a Register as per proforma given in Annexure 'A' to keep record of all TDS deductions made by him during the month. This Record will be helpful at the time of filing Monthly Return (FORM GSTR-7) by the DDO. The DDO may also make use of the offline utility available on the GSTN Portal for this purpose.
- (xiv) The DDO shall file the Return in FORM GSTR-7 by 10th of the following month
- (xv) The DDO shall generate TDS Certificate through the GSTN Portal in FORM GSTR-7A.

Further, the above circular has been amended by **Circular No67/41/2018 dated 28/09/2018** - Guidelines for deductions and deposits of TDS by the DDO under GST have been modified. DDOs can now account TDS bunched together below the Head 8658.00.101-PAO where a suspense account has been opened.

Authorities under Ministry of Defence exempted from TDS provisions:

(Notification No. 57/2018-Central Tax, dated 23.10.2018)

- Central Government has amended the earlier Notification No 50/ 2018-Central Tax, dated 13th September 2018 to exempt certain authorities of Ministry of Defence from the compliance of TDS provisions.
- CBIC has now notified that TDS provisions prescribed under section 51 (1) (a) of CGST Act shall not be applicable to authorities under the Ministry of Defence other than those specified in the annexure to notification, w.e.f 1st October 2018.

Exemption from TDS -Supplies made by Government Departments and PSUs to other Government Departments and vice-versa.

Central Government vide N. No. 73/2018-CT, dated 31st December, 2018 notified exemption to supplies made by Government Departments and PSUs to other Government Departments and vice-versa from TDS and thus insert the following proviso after the second proviso, namely:—

"Provided also that nothing in this notification (with effect from 01.10.2018. Notification No. 50/2018-CT, dated 13.09.2018 TDS mandatory) shall apply to the supply of goods or services or both which takes place between one person to another person specified under clauses (a), (b), (c) and (d) of sub-section (1) of section 51 of the said Act."

Section 51(1) of the CGST Act, 2017, the Government may mandate—

- (a) A department or establishment of the Central Govt., or State Govt., or
- (b) Local authority; or
- (c) Governmental agencies; or
- (d) Such persons or category of persons as may be notified by the Government on the recommendations of the Council, to deduct TDS.

9.2 COLLECTION OF TAX AT SOURCE (TCS)

After deferring the provisions related to TDS & TCS since the implementation of GST, Government has, vide **Notification No. 50/2018 – Central Tax dated September 13, 2018 and Notification No. 51/2018 – Central Tax dated September 13, 2018**, appointed 1st October, 2018 as the date from which the said provisions shall be made applicable. Here are the Salient features of TCS with examples -

1. TCS stands for the tax collection at source. It is a concept borrowed from the Income Tax. Basically the payer (viz. collector) is required to collect some amount as tax while making the payment to the supplier. Such amount shall be collected separately over and above the invoice value. Hence let us say INR 1180 is the invoice value (Basic amount is INR 1000 plus tax is INR 180). Then the payer shall collect 1% (i.e. INR 10) and make the payment of such tax to the Government. Net amount of INR 1170 (i.e. 1180-10) shall be paid to the concerned supplier.

On the other hand, supplier can claim credit of the tax so collected while discharging his liabilities. It acts as a powerful instrument to prevent tax evasion and expands the tax net, as it provides for the creation of an audit trail

2. Only companies who are in the business of providing such platform for electronic commerce shall be regarded as electronic commerce operators. Hence companies like Amazon, Flipkart, etc. which displays/lists on their portal products as well as services which are actually supplied by some other person to the consumer are electronic commerce operator. On placing the order for a particular product/ services the actual supplier supplies the selected product/services to the consumer. The price/consideration for the product/services is collected by the Operator from the consumer and passed on to the actual supplier after deducting his commission by the Operator. Such Operator is only required to collect the tax at source.
3. Every E-Commerce Operator, other than an agent, shall collect TCS at a rate not exceeding 1% on the net value of transaction in which he collects consideration of the supply.

4. The "net value of taxable supplies" means the aggregate value of taxable supplies of goods or services or both, other than the services on which entire tax is payable by the e-commerce operator, made during any month by a registered supplier through such operator reduced by the aggregate value of taxable supplies returned to such supplier during the said month.

An e-commerce company is required to collect tax only on the net value of taxable supplies made through it. In other words, value of the supplies which are returned (supply return) may be adjusted from the aggregate value of taxable supplies made by each supplier (i.e. on GSTIN basis). In other words, if two suppliers "A" and "B" are making supplies through an ecommerce operator, the "net value of taxable supplies" would be calculated separately in respect of "A" and "B". If the value of returned supplies is more than supplies made on behalf of any of such supplier during any tax period, the same would be ignored in his case. If returns are more than the supplies made during any tax period, the same would be ignored in current as well as future tax period(s).

The value of net taxable supplies is calculated at GSTIN level.

Please note that if there is returning of supplies to Suppliers, then the same shall be reduced from the gross value; TCS shall be worked on such net figure only (after such reduction).

5. Net Value of Taxable Supplies = [(Aggregate Value of Taxable Supplies of Goods + Services) – (Section 9(5) Services)] – (Aggregate Value of Returned Taxable Supplies + Goods)]

Let us take an example to understand. Gross taxable value of supplies made by a particular supplier in a month is let us say INR 10 lakhs. During the said month, the aggregate value of supplies returned (original supply might have been done during the same month or even before) is INR 1 lakhs. Then, as per the above definition, "net value of taxable supplies" shall be INR 9 lakhs on which TCS is to be collected for that particular month.

It may be noted that the "value of taxable supplies" shall not include the GST since Sec. 15(2)(a) of the CGST Act, 2017 clearly excludes the same.

It may also be noted that the value of services notified u/s 9(5) are to be excluded. As per **Notification No. 17/2017-Central Tax (Rate) dated 28.06.2017** following supplies have been notified u/s 9(5):

- services by way of transportation of passengers by a radio-taxi, motorcab, maxicab and motor cycle
- services by way of providing accommodation in hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes, except where the person supplying such service through electronic commerce operator is liable for registration under sub-section (1) of section 22 of the said Central Goods and Services Tax Act
- services by way of house-keeping, such as plumbing, carpentering etc., except where the person supplying such service through electronic commerce operator is liable for registration under sub-section (1) of section 22 of the said Central Goods and Services Tax Act

In all the above three cases, since the electronic commerce operator has been made liable to pay the tax as if he is the supplier u/s 9(5), there is no requirement to collect TCS.

6. It is pertinent to note the following definitions here –

Section 2 (44), – "electronic commerce" means the supply of goods or services or both, including digital products over digital or electronic network;

Section 2 (45), – "electronic commerce operator" means any person who owns, operates or manages digital or electronic facility or platform for electronic commerce

7. Every e-commerce operator is required to collect tax where the supplier is supplying goods or services through e-commerce operator and consideration with respect to the supply is to be collected by the said e-commerce operator.

There is no threshold exemption from TCS once the above cited conditions are fulfilled. However, the supplies made by the electronic commerce operator on its own account are not subject to TCS requirements since the above stated conditions are not fulfilled.

8. Rate of TCS is 0.5% under each Act (i.e. the CGST Act, 2017 and the respective SGST Act/UTGST Act respectively) and the same is 1% under the IGST Act, 2017. Notifications No. 52/2018 – Central Tax and 02/2018-Integrated

Tax both dated 20th September, 2018 have been issued in this regard. Similar notifications have been issued by the respective State Governments also.

9. TCS is not required to be collected on exempt supplies.
10. TCS is not required to be collected on supplies on which the recipient is required to pay tax on reverse charge basis.
11. TCS is not liable to be collected on any supplies on which the recipient is required to pay tax on reverse charge basis. As far as import of goods is concerned since same would fall within the domain of Customs Act, 1962, it would be outside the purview of TCS. Thus, TCS is not liable to be collected on import of goods or services.
12. As per section 10(2)(d) of the CGST Act, 2017, a composition taxpayer cannot make supplies through e-commerce operator.
13. TCS is to be collected once supply has been made through the e-commerce operator and where the business model is that the consideration is to be collected by the ecommerce operator irrespective of the actual collection of the consideration. For example, if the supply has taken place through the ecommerce operator on 30th November, 2018 but the consideration for the same has been collected in the month of December, 2018, then TCS for such supply has to be collected and reported in the statement for the month of November, 2018.
16. The amount collected so shall be paid to the Central/State Government respectively within ten days after the end of the month in which such collection is made.

Payment of TCS is not allowed through Input Tax Credit of e-Commerce operator

17. TCS collected is to be deposited by the ecommerce operator separately under the respective tax head (i.e. Central tax/State tax/Union territory tax/Integrated tax). Based on the statement (FORM GSTR-8) filed by the ecommerce operator, the same would be credited to the electronic cash ledger of the actual supplier in the respective tax head. If the supplier is not able to use the amount lying in the said cash ledger, the actual supplier may claim refund of the excess balance lying in his electronic cash ledger in accordance with the provisions contained in section 54(1) of the CGST Act, 2017.
18. In case the E-commerce operator fails to collect to tax under sub-section 1 of section 52 or collects an amount which is less than the amount required to be collected under said sub-section or where he fails to pay to the government the amount collected as tax under sub-section 3 of section 52, he shall be liable to penalty under clause (vi) of subsection 1 of section 122 of the Act which may extend to twenty five thousand along with penalty under of i.e. ₹10,000 or the amount of TCS involved, whichever is higher.
19. As per section 24(x) of the CGST Act, 2017, every electronic commerce operator has to obtain compulsory registration irrespective of the value of supply made by him.
20. As per Section 24(ix) of the CGST Act, 2017, every person supplying goods through an ecommerce operator shall be mandatorily required to register irrespective of the value of supply made by him. However, a person supplying services, other than supplier of services under section 9(5) of the CGST Act, 2017, through an e-commerce platform are exempted from obtaining compulsory registration provided their aggregate turnover does not exceed INR 20 lakhs (or INR 10 lakhs in case of specified special category States) in a financial year. Government has issued the notification No. 65/2017 – Central Tax dated 15th November, 2017 in this regard.
21. As per the extant law, registration for TCS would be required in each State/UT as the obligation for collecting TCS would be there for every intra-State or inter-State supply. In order to facilitate the obtaining of registration in each State/UT, the e-commerce operator may declare the Head Office as its place of business for obtaining registration in that State/UT where it does not have physical presence.
22. Where registered supplier is supplying goods or services through a foreign e-commerce operator to a customer in India, such foreign ecommerce operator would be liable to collect TCS on such supply and would be required to obtain registration in each State/UT. If the foreign e-commerce operator does not have physical presence in a particular State/UT, he may appoint an agent on his behalf.

23. E-Commerce operator has to obtain separate registration for TCS irrespective of the fact whether e-Commerce operator is already registered under GST as a supplier or otherwise and has GSTIN.
24. E-Commerce operator shall furnish details of outward supplies of goods or services or both made through it, including the supplies returned through it and the amount collected by it in sub-section 1, in Form GSTR-8 within the 10 days after end of the month in which supplies are made.
25. As per Rule 46 of the CGST Rules, 2017 there is no requirement to indicate TCS on the invoice issued by the concerned supplier.
26. The details of tax collected at source furnished by an E-commerce operator under section 52 in Form GSTR-8 shall be made available to the supplier in Part D of FORM GSTR - 2A electronically through the Common Portal and such taxable person may include the same in FORM GSTR-2."
27. Section 52(5) of CGST Act requires filing of Annual Statement by E-Commerce operator on or before 31st December following the year end (31st March of relevant year).
28. The amount of tax collected is reflected in Electronic Cash Ledger of supplier since related monthly return is filed by E-Commerce Operator.
29. As on date there is no concept of TCS certificate.
30. Any mismatch between the data submitted by the E-Commerce operator in his monthly returns and that of suppliers making supplies through him shall cause due 'mismatch enquiry' from the proper officer; and either party may rectify the erroneous data. If rectification is not carried out by supplier his offences get confirmed. Short remittance, if any, identified thus will have to be paid by erring supplier (who under reported the turnover) with interest calculated as per Section 50.
31. Any authority, in the rank of Deputy Commissioner or above it can issue a notice – during, or before a proceeding under this Act - to E Commerce Operator seeking information on –
 - (a) supplies of goods or services or both effected through such operator during any period; or
 - (b) stock of goods held by the suppliers making supplies through such operator in the godowns or warehouses, by whatever name called, managed by such operator and declared as additional places of business by such suppliers, as may be specified in the notice.

This shall be a notice which need to be responded within 15 days from the date of receipt by the E Commerce Operator. Failure to submit the required details will cause penalty under Section 52 (14) of the Act which may extend to ₹ 25,000.

32. Consequences of not complying with the TCS provisions -

Sr.No.	Event	Consequence
1	TCS not collected	As per Sec. 122(1)(vi) of the CGST Act, 2017 failure to collect the tax as per Sec. 52(1) can invite penalty of INR 10,000/- or the amount not collected or short collected, whichever is higher.
2	TCS collected but not paid to the Government	Sec. 76 of the CGST Act, 2017 may be invoked by the officer to recover such TCS along with interest. Penalty u/s 122(1)(vi) may also be imposed subject to principles of natural justice.
3	Late filing of TCS returns	Provisions of Sec. 47 of the CGST Act, 2017 imposing late fees shall not apply to the TCS return since the same is to be filed u/s 52(4) of the said Act (which is not covered u/s 47). However general penalty up to INR 25,000/- can be imposed u/s 125. It must however be noted that unless the return is filed, the concerned supplier shall not get the credit in his electronic cash ledger.

33. The operator is also required to file an annual statement by 31st day of December following the end of the financial year in which the tax was collected in FORM GSTR-9B.

34. As per section 12(11) of the IGST Act, 2017, the address on record of the customer with the supplier of services is the place of supply, for ecommerce operator for recharge of talk time of the Telecom Operator/recharge of DTH/in relation to convenience fee charged from the customers on booking of air tickets, rail supplied through its online platform
35. Under multiple ecommerce model, Customer books a Hotel via ECO-1 who in turn is integrated with ECO-2 who has agreement with the hotelier. In this case, ECO-1 will not have any GST information of the hotelier. TCS is to be collected by that e-Commerce operator who is making payment to the supplier for the particular supply happening through it, which is in this case will be ECO-2.
36. How shall the amount collected in excess be refunded -
As per Sec. 52(6) of the CGST Act, 2017 any errors or omissions in the return filed can be corrected subject to certain time limit. However there is no specific provision to seek refund of the tax collected in excess. Hence the concerned supplier can claim the credit of such excess tax in his cash ledger and utilize the same.
37. There are cases in which the ECO does not provide invoicing solution to the seller. In such cases, invoice is generated by the seller and received by the buyer without ECO getting to know about it. The payment flows through the ECO. In such cases, on what value is TCS to be collected? Can TCS be collected on the entire value of the transaction -
Section 52(1) of the CGST Act, 2017 mandates that TCS is to be collected on the net taxable value of such supplies in respect of which the ECO collects the consideration. The amount collected should be duly reported in GSTR-8 and remitted to the Government. Any such amount collected will be available to the concerned supplier as credit in his electronic cash ledger.
38. There are sellers who are selling exempted or zero-tax goods like books through ECOs. Will marketplaces be required to collect TCS on such supplies -
As per Section 52(1) of the CGST Act, 2017 TCS is to be collected on "the net value of taxable supplies" made through an ECO. When the supply itself is not taxable, the question of TCS does not arise.
39. I am a supplier selling my own products through a web site hosted by me. Do I fall under the definition of an "electronic commerce operator"? Am I required to collect TCS on such supplies
As per the definitions in Section 2 (44) and 2(45) of the CGST Act, 2017, you will come under the definition of an "electronic commerce operator". However, according to Section 52 of the Act ibid, TCS is required to be collected on the net value of taxable supplies made through it by other suppliers where the consideration is to be collected by the ECO. In cases where someone is selling their own products through a website, there is no requirement to collect tax at source as per the provisions of this Section. These transactions will be liable to GST at the prevailing rates.
40. We purchase goods from different vendors and are selling them on our website under our own billing. Is TCS required to be collected on such supplies -
No. According to Section 52 of the CGST Act, 2017, TCS is required to be collected on the net value of taxable supplies made through it by other suppliers where the consideration is to be collected by the ECO. In this case, there are two transactions - where you purchase the goods from the vendors, and where you sell it through your website. For the first transaction, GST is leviable, and will need to be paid to your vendor, on which credit is available for you. The second transaction is a supply on your own account, and not by other suppliers and there is no requirement to collect tax at source. The transaction will attract GST at the prevailing rates

- 10.5 Highlights of Proposed New Returns

GENERAL PROVISION RELATING TO RETURNS UNDER GST.

What is Return?

“Return” means any return prescribed or otherwise required to be furnished by or under this Act or the rules made thereunder [Section 2(97)].

A return is a document containing details of income which a taxpayer is required to file with the tax administrative authorities.

This is used by tax authorities to calculate tax liability.

Under GST, a registered dealer has to file GST returns that include:

- Purchases
- Sales
- Output GST (On sales)
- Input tax credit (GST paid on purchases)

Who should file GST Returns?

In the GST regime, any regular business has to file two monthly returns and one annual return. This amounts to 26 returns in a year.

The beauty of the system is that one has to manually enter details of one monthly return – GSTR-1.

The other return GSTR 3B will get auto-populated by deriving information from GSTR-1 filed by you and your vendors.

There are separate returns required to be filed by special cases such as composition dealers.

10.1 FURNISHING OF RETURNS

To meet the concept of digital India, the Government of India made it mandatory to file all returns electronically.

Moreover, one of the basic features of the returns mechanism in GST include electronic filing of returns, uploading of invoice level information and auto-population of information relating to Input Tax Credit (ITC) from returns of supplier to that of recipient, invoice-level information matching and autoreversal of Input Tax Credit in case of mismatch.

The returns mechanism is designed to assist the taxpayer to file returns and avail ITC.

Under GST, a regular taxpayer needs to furnish monthly returns and one annual return. There are separate returns for a taxpayer registered under the composition scheme, non-resident taxpayer, taxpayer registered as an Input Service Distributor, a person liable to deduct or collect the tax (TDS/TCS) and a person granted Unique Identification Number.

It is important to note that a taxpayer is not required to file all types of returns. In fact, taxpayers are required to file returns depending on the activities they undertake.

Returns can be filed using any of the following methods:

1. GSTN portal (www.gst.gov.in)
2. Offline utilities provided by GSTN
3. GST Suvidha Providers (GSPs)

Following table lists the various types of returns under GST Law:

10.5 HIGHLIGHTS OF PROPOSED NEW RETURNS

Background: GST Council in its 27th meeting held on 4th May, 2018 had approved the basic principles of GST return design. Now in its 28th meeting held on 21st July, 2018, GST Council approved the key features and new format of the GST returns. This brief note lists the salient features of the new return format.

Monthly Return and due-date:

All taxpayers excluding a few exceptions like small taxpayers, composition dealer, Input Service Distributor (ISD), Non resident registered person, persons liable to deduct tax at source under section 51 of CGST Act, 2017, persons liable to collect tax at source under section 52 of CGST Act, 2017, shall file one monthly return. Return filing dates shall be staggered based on the turnover of the taxpayer which shall be calculated based on the reported turnover in the last year i.e. 2017-18, annualized for the full year. It shall be possible for the taxpayer to check on the common portal whether he falls in the category of a small taxpayer. A newly registered taxpayer shall be classified on the basis of self-declaration of the estimated turnover. The due date for filing of return by a large taxpayer shall be 20th of the next month.

Nil return:

Taxpayers who have no purchases, no output tax liability and no input tax credit to avail in any quarter of the financial year shall file one NIL return for the entire quarter. In month one and two of the quarter, such taxpayer shall report NIL transaction by sending a SMS. Facility for filing quarterly return shall also be available by an SMS.

Small taxpayers:

Taxpayers who have a turnover upto ₹ 5 Cr. in the last financial year shall be considered small calculated in the manner explained in para 1 above. These small taxpayers shall have facility to file quarterly return with monthly payment of taxes on self-declaration basis. However, the facility would be optional and small taxpayer can also file monthly return like a large taxpayer. The scheme of filing of quarterly return is explained later.

Profile based return:

There are many kinds of supplies which can be made under GST and also there are many types of inputs using which input tax credit can be availed. Most of the taxpayers have only a few types of supplies to make and few types of inputs to report. Therefore, a questionnaire shall be used to profile the taxpayer and only such part of return shall be shown to him which are relevant to his profile. For example, a small manufacturer or trader, buying and selling locally may need to file a return consisting of only a few lines. Profiling would allow fields like export, supplies to and from SEZ to be blocked from return and make return adequate for his purpose.

Suspension of registration:

Concept of suspension of registration would be introduced when a registered person has applied for cancellation of registration or when the conditions in law for cancellation of registration are satisfied. From the date of suspension to the date of cancellation of registration, return would not be required to be filed and also invoice uploading shall not be allowed for the period beyond the date of suspension.

Study Note - 11

MATCHING CONCEPT UNDER GST

This Study Note includes

11.1 Matching, Reversal and Reclaim of Input Tax Credit

11.2 Matching, Reversal and Reclaim of Reduction in Output Tax Liability

11.1 MATCHING, REVERSAL AND RECLAIM OF INPUT TAX CREDIT

Matching, reversal and reclaim of input tax credit (Section 42 of the CGST Act, 2017):

Matching of input tax credit:

Section 42(1) of the CGST Act, 2017 the details of every inward supply furnished by a registered person (hereafter in this section referred to as the "recipient") for a tax period shall, in such manner and within such time as may be prescribed, be matched—

- (a) with the corresponding details of outward supply furnished by the corresponding registered person (hereafter in this section referred to as the "supplier") in his valid return for the same tax period or any preceding tax period;
- (b) with the integrated goods and services tax paid under section 3 of the Customs Tariff Act, 1975 in respect of goods imported by him; and
- (c) for duplication of claims of input tax credit.

As per Rule 69 of the CGST Rules, 2017 the following details relating to the claim of input tax credit on inward supplies including imports, provisionally allowed under section 41, shall be matched under section 42 after the due date for furnishing the return in FORM GSTR-3

- (a) GSTIN of the supplier;
- (b) GSTIN of the recipient;
- (c) invoice or debit note number;
- (d) invoice or debit note date; and
- (e) tax amount:

Provided that where the time limit for furnishing FORM GSTR-1 specified under section 37 and FORM GSTR-2 specified under section 38 has been extended, the date of matching relating to claim of input tax credit shall also be extended accordingly:

Provided further that the Commissioner may, on the recommendations of the Council, by order, extend the date of matching relating to claim of input tax credit to such date as may be specified therein.

Explanation 1: The claim of input tax credit in respect of invoices and debit notes in FORM GSTR-2 that were accepted by the recipient on the basis of FORM GSTR-2A without amendment shall be treated as matched if the corresponding supplier has furnished a valid return.

Explanation 2: The claim of input tax credit shall be considered as matched where the amount of input tax credit claimed is equal to or less than the output tax paid on such tax invoice or debit note by the corresponding supplier.

Thus, where the amount of input tax credit is equal or less than the output tax paid on such tax invoices it shall be considered as matched.

The mismatch can be of the following nature

Situation	Remarks
All Transactions where Input credit details of recipient are matched for output tax as stated by supplier and recipient	The transaction is treated as matched
Transactions where the input tax credit is duplicated by the recipient	Shall be communicated to the registered person in FORM GST MIS 1
Transactions where the claim for input tax credit is higher than the output tax as declared by the supplier	Shall be added to the output tax liability of the recipient
Transactions where the claim for input tax credit is higher than the output tax as declared by the supplier because the supplier has not furnished a particular transaction	Shall be added to the output tax liability of the recipient

Matched Transactions

- (i) The details in a return of inward supplies of a recipient should be matched in prescribed time and manner
 - With Outward supplies furnished by corresponding taxable person in his return (supplier)
 - With IGST paid on goods imported under Section 3 of the Customs Tariff Act 1975 which represents the Additional Duty of Customs (for which Credit was available under the erstwhile Central Excise Act)
 - To identify any duplicate claims of input tax credit
- (ii) When the claim for input tax credit in respect of inward supplies matches with the corresponding outward supply or IGST in respect of goods imported, the same shall be finally accepted and communicated to the recipient in the prescribed manner.
- (iii) Matching of claim of input tax credit

The following details relating to the claim of input tax credit on inward supplies including IGST claimed on imports shall be matched after the due date for furnishing the return in FORM GSTR-3B (Return with payment of tax to be filed on or before 20th of the following month). The matching is done for the following parameters based on the GSTIN of the Supplier and the recipient

- (a) GSTIN of the supplier;
- (b) GSTIN of the recipient;
- (c) Invoice/ or debit note number;
- (d) Invoice/ or debit note date;
- (e) taxable value; and
- (f) tax amount:

It may be noted that if the supplier has not paid the tax and/or not filed the return on or before the due date (or extended due date, if any), the return filed by him shall not be treated as a valid return for the purposes of the above matching exercise. The transactions between the parties interest, will be treated as unmatched

The rule provides for two specific circumstances, where the claims for input tax credit are treated as Matched

- (a) Where the claim of input tax credit in respect of invoices and debit notes in FORM GSTR-2 that were accepted by the recipient on the basis of **FORM GSTR-2A** without amendment, if the corresponding supplier has furnished a valid return.
- (b) Where the amount of input tax credit claimed is equal to or less than the output tax paid on such tax invoice or debit note by the corresponding supplier.

- (iv) Final acceptance of input tax credit and communication thereof

The final acceptance of claim of input tax credit in respect of any tax period, shall be made available electronically in FORM GST MIS -1 through the Common Portal.

The claim of input tax credit in respect of any tax period which had been communicated as mismatched but is found to be matched after rectification by the supplier or recipient shall be finally accepted and made available electronically to the person making such claim in **FORM GST MIS - 1** through the Common Portal.

Form GSTR 2A: GSTR 2A is an auto-generated read only document which is for information purpose only. It will reflect the information as available in GSTR-2, but GSTR-2A cannot be edited. It takes information of goods and/ or services which have been purchased in a given month from the returns filed by the suppliers.

For example - When a seller files his GSTR-1, the information is captured in purchaser's GSTR-2A.

Communication of discrepancy in the claim of input tax credit [Section 42(3) of the CGST Act, 2017 read with CGST Rules]:

As per Rule 71(1) of the CGST Rules, 2017 any discrepancy in the claim of input tax credit and addition to output tax liability on account of continuation of discrepancy in respect of tax period shall be communicated to person making claim in the form GST MIS-1 through common portal on or before the last date of the month in which the matching has been carried out. The discrepancies shall be communicated to the supplier in Form GST MIS-2.

Example : 1

M/s X Ltd., being a registered person submitted the GSTR-3 for the month of January 2018 by 20th February 2018. After the last date of filing return (i.e. GSTR-3), matching of information will be made with the information furnished in GSTR-2 (i.e. by the recipient of supplies) on or before 15th February 2018. Discrepancy in matching will be communicated to persons in GST MIS-1 and/ GST MIS-2.

Ratification of Discrepancy:

As per Rule 71(2) of the CGST Rules, 2017 a supplier to whom any discrepancy is made available under sub-rule (1) of rule 71 may make suitable rectifications in the statement of outward supplies to be furnished for the month in which the discrepancy is made available.

As per Rule 71(3) of the CGST Rules, 2017 a recipient to whom any discrepancy is made available under sub-rule (1) of rule 71 may make suitable rectifications in the statement of inward supplies to be furnished for the month in which the discrepancy is made available.

If the recipient or the supplier has rectified the error, the inward supply and outward supply will match and credit will be finally accepted.

Discrepancy not rectified [section 42(5) of the CSGT Act, 2017 read with CGST Rules, 2017]:

As per Rule 71(4) of the CGST Rules, 2017 if the supplier or recipient does not rectify the discrepancy, the amount to the extent of discrepancy shall be added to the output tax liability of the recipient in his return to be furnished in FORM GSTR-3 for the month succeeding the month in which the discrepancy is made available.

Explanation.-For the purposes of this rule, it is hereby declared that -

- (i) Rectification by a supplier means adding or correcting the details of an outward supply in his valid return so as to match the details of corresponding inward supply declared by the recipient;
- (ii) Rectification by the recipient means deleting or correcting the details of an inward supply so as to match the details of corresponding outward supply declared by the supplier.

Claim of input tax credit on the same invoice more than once [Section 42(4) of the CGST Act, 2017 read rule 72 of the CGST Rules, 2017]:

It means that the recipient has claimed credit second time. As per Rule 72 of the CGST Rules, 2017 duplication of claims of input tax credit in the details of inward supplies shall be communicated to the registered person in FORM GST MIS-1 electronically through the common portal.

Final acceptance of input tax credit and communication thereof [section 42(2) of the CGST Act, 2017]:

As per Rule 70 of the CGST Rules, 2017 the claim of input tax credit in respect of invoices or debit notes relating to inward supply received by the recipient is matched with the details of corresponding outward supply declared by supplier, the input tax credit is finally accepted and report shall be communicated electronically to the registered person making such claim in FORM GST MIS-1 through the Common Portal.

Section 42(6) of the CGST Act, 2017 the amount claimed as input tax credit that is found to be in excess on account of duplication of claims shall be added to the output tax liability of the recipient in his return for the month in which the duplication is communicated.

Section 42(7) of the CGST Act, 2017 the recipient shall be eligible to reduce, from his output tax liability, the amount added under sub-section (5), if the supplier declares the details of the invoice or debit note in his valid return within the time specified in sub-section (9) of section 39.

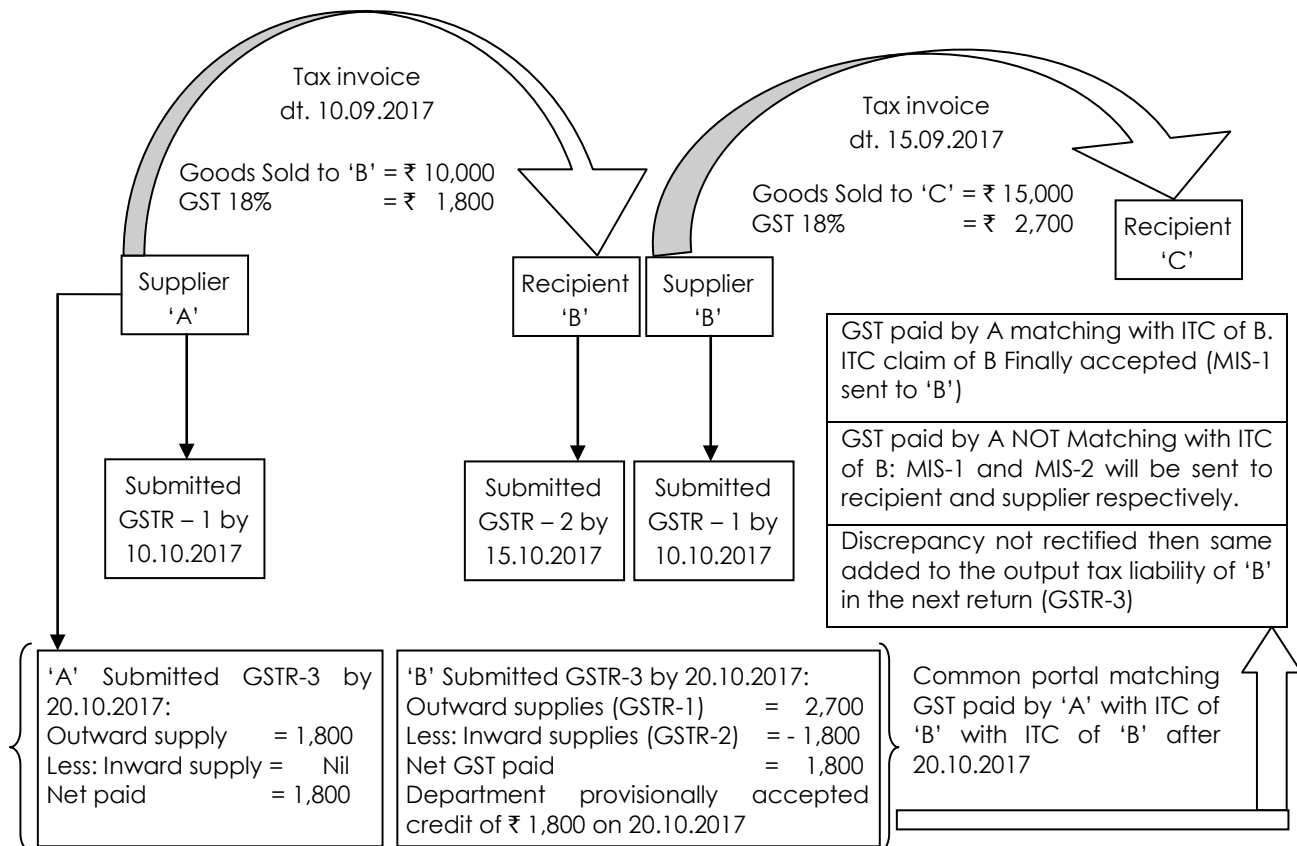

Section 42(8) of the CGST Act, 2017 a recipient in whose output tax liability any amount has been added under sub-section (5) or sub-section (6), shall be liable to pay interest at the rate specified under sub-section (1) of section 50 on the amount so added from the date of availing of credit till the corresponding additions are made under the said sub-sections.

Section 42(9) of the CGST Act, 2017 where any reduction in output tax liability is accepted under sub-section (7), the interest paid under sub-section (8) shall be refunded to the recipient by crediting the amount in the corresponding head of his electronic cash ledger in such manner as may be prescribed:

Provided that the amount of interest to be credited in any case shall not exceed the amount of interest paid by the supplier.

Section 42(10) of the CGST Act, 2017 the amount reduced from the output tax liability in contravention of the provisions of sub-section (7) shall be added to the output tax liability of the recipient in his return for the month in which such contravention takes place and such recipient shall be liable to pay interest on the amount so added at the rate specified in sub-section (3) of section 50.

Simplified approach:

Duplicate Transactions

The duplication of claims of input tax credit shall be communicated to the recipient in such manner as stated below. Further, the amount claimed as input tax credit that is found to be in excess on account of such duplication of claims shall be added to the output tax liability of the recipient in his return for the month in which the duplication is communicated.

Input tax claim is higher than output tax for a tax period as declared

Where the credit claimed in respect of inward supplies is in excess when compared to the tax declared by the supplier or where the supplier has not at all declared the outward supply in his return, the discrepancies will be communicated to both parties

When discrepancies communicated to the outward supplier are not rectified by supplier in a valid return for the month (not by revision of return for the month in which the discrepancy occurred within 17th), the tax amount involved will be added to the output liability of the recipient for the month succeeding the month in which the discrepancy is communicated

The recipient shall be eligible to reduce, from his output tax liability, the amount added under sub-section (5), if the supplier declares the details of the invoice or debit note in his valid return furnished for the month during which such omission or incorrect particulars are noticed and interest is paid as required under this Act

Interest on mismatched transactions

Recipient will be liable to payment of interest in every case when discrepancy is added for the period starting from the date of availing the credit till the corresponding additions are made.

If the supplier declares the details of invoice or debit note in his valid return filed within the time specified u/s 39(9) i.e. before the due date of filing of the return for the month of September of the subsequent financial year or filing of annual return whichever is earlier the recipient is eligible to reduce from his output tax liability the amount so added earlier.

In case of such reduction in output tax liability, he is entitled for refund of interest paid as per above. However this interest shall not exceed the amount of interest paid by the supplier.

11.2 MATCHING, REVERSAL AND RECLAIM OF REDUCTION IN OUTPUT TAX LIABILITY

1. The details of every credit note relating to outward supply furnished by a taxable person is to be matched with the corresponding reduction in the claim for ITC by the corresponding taxable person in his return for the same/subsequent tax period, and also for duplication of claims for reduction in output tax liability.
 - (a) Where the output tax is reduced by outward supplier by issuing a credit note, details of every such credit note issued should be matched with the corresponding reduction in the credit by the recipient of the amount involved in the credit note in his valid return filed for the current or subsequent tax period. For example, a sale invoice at ₹ 1,50,000 was overstated by ₹ 50,000 for which a credit note was issued. This credit note should be accounted by the recipient in a valid return filed for the current or subsequent tax period
 - (b) Similarly where the supplier has raised say, two invoices and has paid out put tax twice, where a credit note has been raised, the same shall also be accounted by the recipient. However if the recipient has accounted for the invoice only once, he need not account for the credit note
2. The matching/ mismatch of the details have to be communicated. If the recipient accepts the discrepancy and rectifies the same by filing a valid return subsequently, then the tax amount involved will be excluded from the output liability of the supplier for the month in which the discrepancy is communicated.

In other words, as soon as discrepancy is communicated, the tax involved will be recovered from the supplier which will be readily reversed when the recipient admits and rectifies the discrepancy.

Discrepancies relating to duplicate claims for reduction of output tax liability will be added to the output liability of the supplier for the month in which the discrepancy is communicated.

3. The amount of discrepancy, which is communicated and not rectified by the recipient in his valid return for the month in which discrepancy is communicated, shall be added to the output tax liability of the supplier as prescribed, in the return for the month succeeding the month in which the discrepancy is communicated.
4. The supplier shall be eligible to reduce, from his output tax liability, the amount added for non-ratification and the recipient declares the details of the credit note in his valid return later on within the time specified.
5. Interest shall be chargeable for the amount added back for amount not ratification u/s 50.
6. Where any reduction in output tax liability is accepted for ratification, the interest paid initially shall be refunded by crediting the electronic ledger.
7. Assessee applying for cancellation of his registration shall furnish a final return within 3 months of the date of cancellation or date of cancellation order whichever is later.
8. Matching of claim of reduction in the output tax liability
The following details relating to the claim of reduction in output tax liability shall be matched under section 43 after the due date for furnishing the return in FORM GSTR-3B–
 - (a) GSTIN of the supplier;
 - (b) GSTIN of the recipient;
 - (c) credit note number;
 - (d) credit note date;
 - (e) taxable value; and
 - (f) tax amount;
9. Final acceptance of reduction in output tax liability and communication thereof
 - (1) The final acceptance of claim of reduction in output tax liability in respect of any tax period, specified in sub-section (2) of section 43, shall be made available electronically to the person making such claim in FORM GST MIS-3 through the Common Portal.
 - (2) The claim of reduction in output tax liability in respect of any tax period which had been communicated as mis-matched but is found to be matched after rectification by the supplier or recipient shall be finally accepted and made available electronically to the person making such claim in FORM GST MIS-3 through the Common Portal.
10. Communication and rectification of discrepancy in reduction in output tax liability and reversal of claim of reduction.
 - (1) Any discrepancy in claim of reduction in output tax liability, specified in sub-section (3) of section 43, and the details of output tax liability to be added under sub-section (5) of the said section on account of continuation of such discrepancy shall be made available to the registered person making such claim electronically in FORM GST MIS-3 and the recipient electronically in FORM GST MIS-4 through the Common Portal on or before the last date of the month in which the matching has been carried out.
 - (2) A supplier to whom any discrepancy is made available under sub-rule (1) may make suitable rectifications in the statement of outward supplies to be furnished for the month in which the discrepancy is made available.
 - (3) A recipient to whom any discrepancy is made available under sub-rule (1) may make suitable rectifications in the statement of inward supplies to be furnished for the month in which the discrepancy is made available.
 - (4) Where the discrepancy is not rectified under sub-rule (2) or sub-rule (3), an amount to the extent of discrepancy shall be added to the output tax liability of the supplier and debited to tax liability register and also shown in his return in FORM GSTR-3 for the month succeeding the month in which the discrepancy is made available.

Explanation 1.—Rectification by a supplier means deleting or correcting the details of an outward supply in his valid return so as to match the details of corresponding inward supply declared by the recipient.

Explanation 2.-Rectification by the recipient means adding or correcting the details of an inward supply so as to match the details of corresponding outward supply declared by the supplier.

11. Claim of reduction in output tax liability more than once

Duplication of claims for reduction in output tax liability in the details of outward supplies shall be communicated to the registered person in FORM GST MIS – 3 electronically through the Common Portal.

12. Refund of interest paid on reclaim of reversals

The interest to be refunded under sub-section (9) of section 42 or sub-section (9) of section 43 shall be claimed by the registered person in his return in FORM GSTR-3 and shall be credited to his electronic cash ledger in FORM GST PMT-3 and the amount credited shall be available for payment of any future liability towards interest or the taxable person may claim refund of the amount under section 54.

13. Transactions through E-commerce Operators

Rule 78 deals with the matching of details furnished by the e-Commerce operator with the details furnished by the supplier

The following details relating to the supplies made through an e-Commerce operator, as declared in FORM GSTR-8, shall be matched with the corresponding details declared by the supplier in FORM GSTR-1-

- (a) GSTIN of the supplier;
- (b) GSTIN or UIN of the recipient, if the recipient is a registered person;
- (c) State of place of supply;
- (d) invoice number of the supplier;
- (e) date of invoice of the supplier;
- (f) taxable value; and
- (g) tax amount;

Provided that for all supplies where the supplier is not required to furnish the details separately for each supply, the following details relating to such supplies made through an e-Commerce operator, as declared in FORM GSTR-8, shall be matched with the corresponding details declared by the supplier in FORM GSTR-1

- (a) GSTIN of the supplier;
- (b) State of place of supply;
- (c) total taxable value of all supplies made in the State through e-commerce portal; and
- (d) tax amount on all supplies made in the State:

Example : 2

Matching of ITC: Mr. A, a registered supplier, supplies goods valuing ₹ 10,00,000 plus GST @ 12% to Mr. B on 09-07-2017, incorporating these supplies in the details of outward supplies for the month of July 2017 furnished by him on 10-08-2017. However, Mr. B claimed input tax credit @ 18% in respect of the said supplies and furnished his return for the said month. On matching being carried out the discrepancy was noticed and the same was communicated to both the parties on 31-08-2017. Mr. B did not rectify the same in the return for the month of August, 2017 i.e upto 20-9-2017. In whose tax liability this mismatch will be added?

Answer:

As per provisions of section 42(5) of CGST ACT, 2017, the amount in respect of which any discrepancy is communicated under section 42(3) and which is not rectified by the supplier in his valid return for the month in which discrepancy is communicated shall be added to the output tax liability of the recipient in his return for the month succeeding the month in which discrepancy is communicated.

Thus, the amount of ₹ 60,000 [₹ 1,80,000 - ₹1,20,000] will be added to the output tax liability of Mr. B in the return for the month of September, 2017. The return for the month of September 2017 is to be filled on 20-10-2017. Thus, he will be liable to pay the said amount along with interest @ 18% p.a for the period from the date of availing the credit till the date of furnishing the return for the month of September, 2017 i.e 20-10-2017.

Example : 3

ABC tea co. supplied 1000 bags to XYZ co. GST paid on such supply was ₹ 1,80,000,. Subsequently, XYZ Co. returned 400 bags. Resultantly, ABC Co. issued a credit note to XYZ Co. and disclosed it in GSTR – 1.

Accordingly, ABC Co. claimed reduction in output tax liability of ₹72,000 based on such credit note. Thus, there must be a corresponding reduction of ITC Claim by XYZ Co. also. In this Case, if XYZ Co. has claimed an ITC in respect of purchased from ABC Co. of (₹ 1,80,000- ₹72,000) ₹ 1,08,000 in his GSTR-2 for the said month, claim for reduction in output tax liability of ABC Ltd. Shall be considered as “MATCHED”.

Example : 4

Mr. H returns the goods supplied by Mr. R on which GST of ₹ 18,000 is paid. Mr.R – the supplier – issues a credit note and furnishes the same in his FORM GSTR-1. Mr.H - the recipient reduces the corresponding amount of ITC Claim in his GSTR-2 by ₹16,000. Both the parties furnish their return GSTR -3 after which the mismatch was reported and the discrepancy to the effect that Mr.H has claimed excess input tax credit of ₹2000 is communicated to Mr. R and Mr. H in Form GST MIS-1 and Form GST MIS-2 respectively.

In this case, discrepancy has to rectified by the recipient – Mr.H in his return for the month in which said discrepancy is made available.

Example : 5

Rectification of mistakes: Mr. X filed the return for outward supplies for the month of August, 2017 on 20-09-2017. Subsequently, while furnishing the return for December 2017, he noticed that he had omitted to consider certain transactions corresponding to the supplies of August, 2017. Can he rectify the return for August 2017 now? What remedial action can be taken by him?

Answer :

As per Section 39(9) of the GST Act, 2017, subject to the provisions of Section 37 and 28, if any registered person, after furnishing the return under section 39(1)/(2)/(3)/(4)/(5) discovers any omission or any incorrect particulars therein, he shall rectify the same in the return to be furnished for the month or quarter during which such omission or incorrect particulars are noticed.

Thus, there is no scope for filing of revised return but the rectification can be made in the month in which it is discovered. Herein, the rectification can be made in the return for the month of December.

However, time limit has been prescribed within which the rectification can be made, being earlier of –

- Due date for furnishing of return for the month of September or second quarter following the end of the financial year i.e. 20th October or
- The actual date of furnishing of relevant annual return

Here, the rectification can be made by 20-10-2018 being the due date for filing of the return for September 2018 or the date of filing of the annual return, whichever is earlier.

**Example : 6**

Deemed match transactions : The output tax liability of Mr.A, a registered supplier in respect of supplies made to Mr.B, for the month of July 2017 is ₹35,000 after considering his claim for reduction in his output tax liability on account of issuance of a credit note of ₹ 10,000. Whereas the corresponding input tax credit claimed by Mr.B in his valid return (after considering the reduction in ITC admitted and discharged on such credit note) is ₹ 32,000. What shall be impact of such transactions.

Answer :

As per Explanation (ii) to Rule 69 of CGST Rule, 2017, claim of reduction in the output tax liability shall be considered as matched, where the amount of reduction claimed is equal to or less than the claim of reduction in ITC admitted and discharged on such credit note by the corresponding recipient in his valid return.

In the given case net output tax liability of Mr. A is ₹ 35,000 after taking into accounting the reduction claimed which is more than input tax credit by Mr. B in respect of same supply i.e ₹ 32,000 so, no output tax liability shall be added to the account of Mr.A as a result of such Mismatch.

Example : 7

Matching of Output tax liability : Mr. X, a registered supplier, supplied services valuing ₹ 10,00,000 plus GST@12% to Mr.Y on 09-10-2017, incorporating these supplies in the details of outward supplies furnished for the month of October 2017 on 10-11-2017. Mr.Y recorded the said supplies as his inward supplies and accordingly, claimed ITC on said inward supplies and furnished his return. There was disagreement regarding the quality of service and Mr.X issued a credit note on 15-12-2017 in favour of Mr.Y amounting ₹ 2,00,000 and reduced his output tax liability amounting to ₹ 24,000 in the return furnished for the month of December 2017 on 20th January 2018. However, Mr.Y did not reverse his ITC amounting to ₹ 24,000 in the return furnished for the month of December 2017. On matching being carried out the discrepancy was noticed and the same was communicated to both the parties on 31-01-2018. The said discrepancy was not corrected by Mr. Y in the return furnished for the month of January 2018, In whose tax liability this mismatch will be added ?

Answer :

As per provision of Section 43(3) of CGST Act, 2017, where the reduction of output tax liability in respect of outward supplies exceeds the corresponding reduction in the claim for ITC or the corresponding credit note is not declared by the recipient in his valid return, the discrepancy shall be communicate to both such parties upto the end of the month in which such matching si carried out i.e 31st January 2018.

A recipient to whom any discrepancy is communicated may make suitable rectifications in the statement of inward supplies to be furnished for the month in which discrepancy is made available i.e upto 20th February 2018.

Where the discrepancy is not rectified by the recipient, an amount to the extend of discrepancy shall be added to the output tax liability of the supplier debited to the electronic liability register and also shown in his return in FORM GSTR-3 for the month succeeding the month in which the discrepancy is made available.

Thus, in this case since Mr. Y has not rectified the discrepancy in the retrun filed for the month of January 2018, i.e upto 20th February 201, therefore the said amount of ₹ 2,40,000 shall be added to the output tax liability of the supplier i.e. Mr.X in the return of the month of February 2018 which is filed on 20th March 2018.

In this case Mr.X will be liable to pay interest from 20th January 2018 to 20th March 2018 i.e. ₹ 24,000×18%×59/365 = ₹ 698.3

Example : 8

Mr. A supplied goods to Mr. B for ₹ 2,00,000 plus GST 18%, vide Invoice No. 99 dated 5th November 2017. Mr. B availed the ITC of ₹ 36,000 and confirmed in GSTR-2. However, invoice no. 99 dated 5th November 2017 not reflected in GSTR-1, of Mr. A.

You are required to answer the following:

- (a) When matching will take through common portal of GSTN.
- (b) To whom discrepancy will be informed.
- (c) Time limit for rectification of discrepancy
- (d) Whether ITC is allowed to Mr. B, if Mr. A is not paid tax till 20th January 2018.
- (e) Mr. B communicated the problem to Mr. A, who looks into the issue and rectified the discrepancy and included invoice no. 99 in his GSTR-3 for January 2018 accordingly he paid tax on 20th Feb 2018. If so Mr. B can reduce his liability?

Answer:

- (a) Matching will take place only after the due date of GSTR-3 for the month of November 2017. In the given case matching will take place after 20th December 2017.
- (b) Discrepancy is to be communicated by the common portal GSTN to supplier (i.e. Mr. A) in the Form GST MIS-2.
- (c) Time limit for rectification is 20th January 2018 (i.e. Due date of filing FORM GSTR-3 for the month succeeding the month in which the discrepancy is made available). Mr. A should pay tax on it (as per Rule 71(4) of the CGST Rules, 2017).
- (d) Input tax credit of ₹ 36,000 shall be added to the output tax liability of Mr. B in his return to be furnished in FORM GSTR-3 for the month succeeding the month in which the discrepancy is made available (i.e. 20th Feb 2018) with interest @18%.
- (e) As per section 42(7) of the CGST Act, 2017 Mr. B can reduce the amount from his output tax liability and the interest paid will be refunded to his electronic cash ledger account under section 42(9) of the CGST Act, 2017.

Study Note - 12

AUDIT UNDER GST

This Study Note includes

12.1 Meaning

12.2 Types of Audit

12.1 MEANING

"Audit" has been defined in section 2(13) of the CGST Act, 2017 and it means the examination of records, returns and other documents maintained or furnished by the registered person under the GST Acts or the rules made there under or under any other law for the time being in force to verify the correctness of turnover declared, taxes paid, refund claimed and input tax credit availed, and to assess his compliance with the provisions of the GST Acts or the rules made thereunder.

12.2 TYPES OF AUDIT

GST envisages three types of Audit.

1. **By a Chartered Accountant or a Cost Accountant** - The first type of audit is to be done by a chartered accountant or a cost accountant u/s 35(5) where turnover exceeds certain threshold specified in Rule 80(3) i.e. 2 crores;
2. **By Tax Authorities** - Second type of audit is to be done by the commissioner or any officer authorised by him in terms of Section 65 of the CGST Act, 2017 read with Section 20(xiv) of the IGST Act, 2017 and Section 21(xv) of UTGST Act, 2017.
3. **Special Audit** - The third type of audit is called the Special Audit and is to be conducted under the mandate of Section 66 of CGST Act, 2017 read with Rule 102 of CGST Rules, 2017

1. Audit by Chartered Accountant or a Cost Accountant:

Every registered person, whose turnover during the financial year exceeds the prescribed "GST audit turnover limit" i.e., 2 crore rupees, shall get the accounts audited by a Chartered Accountant (CA) or a Cost and Management Accountant (CMA). Registered person who is required to get his accounts audited in accordance with section 35(5) shall submit electronically the Annual Return as per Section 44 along with a copy of the audited statement of accounts and a reconciliation statement, reconciling the value of supplies declared in the return furnished for the financial year. He shall furnish a copy of audited annual accounts and a reconciliation statement, duly certified, in Form GSTR-9C along with annual return.

Every registered person, for facilitating the audit, shall keep and maintain his accounts to show the correct value in regards to:

- Production or manufacture of goods
- Inward supply of goods or services or both
- Outward supply of goods or services or both
- Stock of goods

- Input tax credit availed
- Output tax payable and paid
- Books of accounts point can be added

AMENDMENT

The section 35(5) OF CGST Act, 2017 has been amended vide THE CENTRAL GOODS AND SERVICES TAX (AMENDMENT) ACT, 2018 which states that any department of the Central or State Government / local authority which is subject to audit by CAG need not get their books of account audited by a CA/CMA

2. Audit by Tax Authorities (section 65 of the CGST Act, 2017):

The Commissioner or any officer authorised by him, can undertake audit of any registered person for such period, at such frequency and in such manner as may be prescribed.

Section 65(3) of the CGST Act, 2017 the registered person shall be informed by way of a notice not less than fifteen working days prior to the conduct of audit in such manner as may be prescribed.

Section 65(4) of the CGST Act, 2017 the audit under sub-section (1) shall be completed within a period of three months from the date of commencement of the audit:

Provided that where the Commissioner is satisfied that audit in respect of such registered person cannot be completed within three months, he may, for the reasons to be recorded in writing, extend the period by a further period not exceeding six months.

Explanation.—For the purposes of this sub-section, the expression “commencement of audit” shall mean the date on which the records and other documents, called for by the tax authorities, are made available by the registered person or the actual institution of audit at the place of business, whichever is later.

Section 65(5) of the CGST Act, 2017 during the course of audit, the authorised officer may require the registered person,—

- (i) to afford him the necessary facility to verify the books of account or other documents as he may require;
- (ii) to furnish such information as he may require and render assistance for timely completion of the audit

Section 65(6) of the CGST Act, 2017 on conclusion of audit, the proper officer shall, within thirty days, inform the registered person, whose records are audited, about the findings, his rights and obligations and the reasons for such findings.

Section 65(7) of the CGST Act, 2017 where the audit conducted under sub-section (1) results in detection of tax not paid or short paid or erroneously refunded, or input tax credit wrongly availed or utilized, the proper officer may initiate action under section 73 or section 74.

Explanation

The Commissioner or any officer authorised by him, may undertake audit of any registered person for such period, at such frequency and in such manner as may be prescribed in a general or a specific order (Section 65 of CGST Act). The officers may conduct audit at the place of business of the registered person or in their office. The registered person shall be informed by way of a notice of not less than fifteen working days before the conduct of audit in Form GST ADT-01. The audit shall be completed within a period of three months from the date of commencement of the audit and can be further extended by a period not exceeding six months, by the Commissioner if he has a reason to believe that the audit cannot be completed in the given duration.

During the course of audit, the authorised officer may require the registered person,—

- to provide him the necessary facility to verify the books of account or other documents as he may require
- to furnish such information as he may require and render assistance for timely completion of the audit

On conclusion of audit, the proper officer will inform, the registered person, within 30 days, about the findings, his rights and obligations and the reasons for such findings in Form ADT-02.

The officer along with his team will verify:

- Documents on the basis of which the books of account are maintained and the returns and statements furnished under the provisions of the Act and the rules made there under
- Correctness of the turnover
- Exemptions and deductions claimed
- Rate of tax applied in respect of the supply of goods or services or both
- Input tax credit availed and utilised
- Refund claimed
- Other relevant issues.

In cases where tax liability is identified during the audit or input tax credit wrongly availed or utilized by the auditee, the procedure laid down under Section 73 or 74 is to be followed. Audit cannot conclude automatically resulting in a demand. Independent application of mind is necessary for a valid demand to be raised.

The term 'commencement of audit' is important because audit has to be completed within a given time frame in reference to this date of commencement. Commencement of audit means the later of the following:

- (a) the date on which the records/accounts called for by the audit authorities are made available to them, or
- (b) the actual institution of audit at the place of business of the taxpayer. Example: A notice for audit was served to M/s. X Ltd, on 06.07.2019. The required information was furnished by M/s. ABC Ltd, on 22.08.2019. The audit officers visited the place of business on 15.09.2019. What is the last date within which the audit is to be completed?

Audit is to be completed within 3 months from 22.08.2019, viz., 21.11.2019 or within an extended period of 6 months, if extended by the Proper Officer. The extended period would be 21.02.2020.

The law provides that audit may be directed irrespective of any other audit under any other provision of this Act or any other law for the time being in force or otherwise. It may mean that if an audit has been conducted by tax authorities under section 65 of CGST Act, special audit under section 66 of CGST Act can still be directed.

If at any stage of scrutiny, inquiry, investigation or any other proceedings, any officer not below the rank of Assistant Commissioner, is of the opinion that

- the value has not been correctly declared or
- the credit availed is not within the normal limits,

He may, with the prior approval of the Commissioner, direct such registered person to get his records including books of account examined and audited by a Chartered Accountant or a cost accountant as may be nominated by the Commissioner. The officer will issue direction in Form GST ADT-03 to the registered person in this regard. The Chartered Accountant or Cost Accountant so nominated shall submit a report of such audit duly signed and certified by him to the said Assistant Commissioner, within the period of ninety days, which can be further extended by ninety days. Special audit can be conducted even if accounts of the registered person have been audited under any other provisions of this Act or any other law for the time being in force. The expenses of the examination and audit of records, including the remuneration of such chartered accountant or cost accountant, shall be determined and paid by the Commissioner. On conclusion of the special audit, the registered person shall be informed of the findings of the special audit in FORM GST ADT-04.

As in the case of audit under section 65, no demand of tax, even ad interim, is permitted on completion of the special audit under this section. In case any possible tax liability is identified during the audit, procedure under section 73 or 74 as the case may be is to be followed.

Based on the findings/observations of the special audit, action can be initiated under Section 51 of the GST act.

Departmental Audit can be undertaken even if a taxable person is not registered. As there is no condition specifically mentioned for audit of registered or unregistered taxable person under section 65.

The Deputy/ Assistant Commissioner can direct the taxable person to get his books of accounts audited u/s 65 by a nominated Chartered Accountant or Cost Accountant, only after the approval of the Commissioner.

However, the taxable person will be given an opportunity of being heard for the use of any information, document or any relevant material obtained during Special Audit in any further proceedings.

Section 2(91) defines proper officer in relation to any function to be performed under this Act, means the officer of goods and services tax who is assigned that function by the Commissioner in the Board.

3. Special Audit [Section 66 of the CGST Act, 2017]:

The law provides that Special audit under section 66 may be directed irrespective of any other audit have been conducted under any other provision of this Act or any other law for the time being in force or otherwise.

Example: If an audit has been conducted by tax authorities under section 65 of The GST act, special audit under section 66 can still be directed irrespective of any Audit covered under any provisions of this Act or under any Act. The audit of accounts under any other provision or law will not have any relevance in conduct of special audit.

Example: Suppose Tax Audit of a Company u/s 44AB of the Income Tax Act, 1961 was concluded. But if Assistant/ Deputy Commissioner during the course of scrutiny or investigation comes across any doubt regarding the nature and complexity of the case in respect to the Interest of Revenue, then also irrespective of any Audit covered under any provisions of this Act or under any Act, Special Audit u/s 66 of the CGST Act can be directed.

Notf no. 16/2020-CT dt. 23.03.2020: Provided that every registered person whose aggregate turnover during the financial year 2018-2019 exceeds **five crore** rupees shall get his accounts audited as specified under sub-section (5) of section 35 and he shall furnish a copy of audited annual accounts and a reconciliation statement, duly certified, in FORM GSTR-9C for the financial year 2018-2019, electronically through the common portal either directly or through a Facilitation Centre notified by the Commissioner.

Rule 80(3) of CGST Rules, 2017 (vide Notification No.79/2020-Central Tax dated 15th October, 2020):

"Provided that for the financial year 2018-2019 and 2019-2020, every registered person whose aggregate turnover exceeds five crore rupees shall get his accounts audited as specified under sub-section (5) of section 35 and he shall furnish a copy of audited annual accounts and a reconciliation statement, duly certified, in **FORM GSTR-9C** for the said financial year, electronically through the common portal either directly or through a Facilitation Centre notified by the Commissioner."

Study Note - 13

E-WAYBILLS UNDERS GST

This Study Note includes

13.1 E-waybills

13.1 E-WAYBILLS

E-way bill will be generated when there is a movement of goods in a vehicle/ conveyance of value more than ₹ 50,000 (either each Invoice or in (aggregate of all Invoices in a vehicle/ Conveyance) –

- In relation to a 'supply'
- For reasons other than a 'supply' (say a return)
- Due to inward 'supply' from an unregistered person

For this purpose, a supply may be either of the following:

- A supply made for a consideration (payment) in the course of business
- A supply made for a consideration (payment) which may not be in the course of business
- A supply without consideration (without payment) In simpler terms, the term 'supply' usually means a:
 1. Sale – sale of goods and payment made
 2. Transfer – branch transfers for instance
 3. Barter/Exchange – where the payment is by goods instead of in money

Therefore, eWay Bills must be generated on the common portal for all these types of movements. For certain specified Goods, the eWay bill needs to be generated mandatorily even if the Value of the consignment of Goods is less than ₹ 50,000:

1. Inter-State movement of Goods by the Principal to the Job-worker by Principal/ registered Job-worker,
2. Inter-State Transport of Handicraft goods by a dealer exempted from GST registration.

2. Generation of aneWaybill -

- i. **Registered Person** – Eway bill must be generated when there is a movement of goods of more than ₹ 50,000 in value to or from a Registered Person. A Registered person or the transporter may choose to generate and carry eWay bill even if the value of goods is less than ₹ 50,000.
- ii. **Unregistered Persons** – Unregistered persons are also required to generate e-Way Bill. However, where a supply is made by an unregistered person to a registered person, the receiver will have to ensure all the compliances are met as if they were the supplier.
- iii. **Transporter** – Transporters carrying goods by road, air, rail, etc. also need to generate e-Way Bill if the supplier has not generated an e-Way Bill.

Who	When	Part	Form
Every Registered person under GST	Before movement of goods	Fill Part A	Form GST EWB-01
Registered person is consignor or consignee (mode of transport may be owned or hired) OR is recipient of goods	Before movement of goods	Fill Part B	Form GST EWB-01
Registered person is consignor or consignee and goods are handed over to transporter of goods	Before movement of goods	Fill Part B	The registered person shall furnish the information relating to the transporter in Part B of FORM GST EWB-01
Transporter of goods	Before movement of goods		Generate e-way bill on basis of information shared by the registered person in Part A of FORM GST EWB-01
An unregistered person under GST and recipient is registered	Compliance to be done by Recipient as if he is the Supplier.		<ol style="list-style-type: none">1. If the goods are transported for a distance of fifty kilometers or less, within the same State/ Union territory from the place of business of the consignor to the place of business of the transporter for further transportation, the supplier or the transporter may not furnish the details of conveyance in Part B of FORM GST EWB-01.2. If supply is made by air, ship or railways, then the information in Part A of FORM GST EWB-01 has to be filled in by the consignor or the recipient

Note: If a transporter is transporting multiple consignments in a single conveyance, they can use the form GST EWB-02 to produce a consolidated e-way bill, by providing the e-way bill numbers of each consignment. If both the consignor and the consignee have not created an e-way bill, then the transporter can do so * by filling out PART A of FORM GST EWB-01 on the basis of the invoice/bill of supply/delivery challan given to them.

Documents or Details required to generate e-way bill-

- Invoice/Bill of Supply/Challan related to the consignment of goods
- Transport by road – Transporter ID or Vehicle number
- Transport by rail, air, or ship – Transporter ID, Transport document number, and date on the document.

Documents and devices to be carried by a person-in-charge of a conveyance.[Rule 138(A)]-

(1) The person in charge of a conveyance shall carry-

- (a) the invoice or bill of supply or delivery challan, as the case may be; and
- (b) a copy of the e-way bill in physical form or the e-way bill number in electronic form or mapped to a Radio Frequency Identification Device embedded on to the conveyance in such manner as may be notified by the Commissioner:

Provided that nothing contained in clause (b) of this sub-rule shall apply in case of movement of goods by rail or by air or vessel.

- (2) A registered person may obtain an Invoice Reference Number from the common portal by uploading, on the said portal, a tax invoice issued by him in FORM GST INV-1 and produce the same for verification by the proper officer in lieu of the tax invoice and such number shall be valid for a period of thirty days from the date of uploading.
- (3) Where the registered person uploads the invoice under sub-rule (2), the information in Part A of FORM GST EWB-01 shall be auto-populated by the common portal on the basis of the information furnished in FORM GST INV-1.
- (4) The Commissioner may, by notification, require a class of transporters to obtain a unique Radio Frequency Identification Device and get the said device embedded on to the conveyance and map the e-way bill to the Radio Frequency Identification Device prior to the movement of goods.
- (5) Notwithstanding anything contained in clause (b) of sub-rule (1), where circumstances so warrant, the Commissioner may, by notification, require the person-in-charge of the conveyance to carry the following documents instead of the e-way bill
 - (a) tax invoice or bill of supply or bill of entry; or
 - (b) a delivery challan, where the goods are transported for reasons other than by way of supply.

As per Notification No. 39/2018 – Central Tax, dt 04.09.2018- the person in-charge of the conveyance shall also carry a copy of the bill of entry in case of imported goods but the date and document number must be mentioned in Part A of GST EWB-01.

Example: Goods imported from China arrive at Mumbai port. These goods are transported from Mumbai port to factory in Pune. This is an inter-State supply from China to Pune, but it is an intra-State movement from Mumbai to Pune – Requirement of EWB to be determined under the State GST Law.

Example: Goods are sold from Lucknow by Supplier to Customer in Delhi with instructions for these goods to be delivered to job-worker in Noida. This is an inter- State supply from Lucknow to Delhi but an intra-State movement within UP – Requirement of EWB to be determined under the State GST Law.

Example: Generator installed in basement of building being sold to Landlord on termination of lease agreement. EWB will NOT BE REQUIRED as there is 'no movement' in this supply.

Example: Contractor carrying portable crane to customer site, both located in same State, is intra-State movement – Requirement of EWB to be determined under the State GST Law.

Example: Laptop carried by an employee of a Company in Delhi, having no other branches, to client-location in Bangalore on business. This movement is not supply but is incidental to 'services of employee to employer' under schedule III.

EWB will NOT BE REQUIRED for this movement. Contract-staff carrying company laptop not excluded from EWB requirement.

Example: LPG cylinders transported from dealership to bottling plant of Oil Company, is 'excluded' from requirement. EWB will NOT BE REQUIRED for this movement. But EWB will be required for movement of cylinders supplied by fabricator to Oil Company.

3. 'Bill-to-Ship-to' Transactions - Although bill-to-ship-to transactions could sometimes result in twin-supply transactions, they require a single EWB since the movement is singular. In the e-way bill form, there are two portions under the 'TO' section.

- In the left-hand-side: 'Billing To' GSTIN and trade name is entered; and
- In the right-hand-side: 'Ship to' address of the destination of the movement is entered.
- The other details are entered as per the invoice.

In case ship-to State is different from the Bill-to State, the tax components are entered as per the details of the bill-to person (Bill-to State). i.e., if the Bill-to location is inter- State for the supplier, IGST is entered and if the Bill-to person is located in the same State as the supplier, then SGST and CGST are entered irrespective of the place of delivery (whether within the State or outside the State).

In a typical "Bill To Ship To" model of supply, there are three persons involved in a transaction, namely:

- 'A' is the person who has ordered 'B' to send goods directly to 'C'.
- 'B' is the person who is sending goods directly to 'C' on behalf of 'A'.
- 'C' is the recipient of goods.

In this complete scenario two supplies are involved and accordingly two tax invoices are required to be issued:

- Invoice -1, which would be issued by 'B' to 'A'.
- Invoice -2 which would be issued by 'A' to 'C'.

It is clarified that as per the CGST Rules, 2017 either 'A' or 'B' can generate the e-Way Bill but it may be noted that only one e-Way Bill is required to be generated as per the following procedure:

Case -1: Where e-Way Bill is generated by 'B', the following fields shall be filled in Part A of GST FORM EWB-01:

Bill From	Bill From: In this field details of 'B' are supposed to be filled.
Dispatch From	Dispatch From: This is the place from where goods are actually dispatched. It may be the principal or additional place of business of 'B'.
Bill To	Bill To: In this field details of 'A' are supposed to be filled.

Where the transporter's godown has been declared as the additional place of business by the recipient taxpayer, the transportation under the e-way bill shall be deemed to be concluded once the goods have reached the transporter's godown (recipient taxpayer' additional place of business). Hence, e-way bill validity in such cases will not be required to be extended. Further, whenever the goods are transported from the transporters' godown , which has been declared as the additional place of business of the recipient taxpayer, to any other premises of the recipient taxpayer then, the relevant provisions of the e-way bill rules shall apply. CUSTOMS LAW - BASIC CONCEPTS

This Study Note includes

- 1.1 Introduction
- 1.2 Definitions
- 1.3 Circumstances of Levy of Customs Duties
- 1.4 Duty Liability in Certain Special Circumstances
- 1.5 Circumstances under which No Duty will be Levied

1.1 INTRODUCTION

Kautiliya's Arthashastra also refers to 'shulka' consisting of import duty and export duty that was collected at the city gates on goods coming in and going out respectively.

Subsequently, the levy of customs duty was organised through legislation during the British period.

Constitutional Provision:

Entry 83 of the Union List of the Seventh Schedule to the Constitution of India is empowered to levy the customs duty by the Central Government of India.

The term customs is not new for us. It was customary for a trader who brings the goods to a particular kingdom to offer gifts to the king for allowing him to sell his goods in that kingdom. The gifts given by the dealer to the king was nothing but a customary practice in those days. In the modern days, these gifts are collected by the Government of India in the form of Customs Duty from the importer who imports the goods from a country outside India and from an exporter who exports the goods to a country outside India.

The Customs Act, was enacted by the Parliament in the year 1962, as per the List I of the Union List Parliament has an exclusive right to make laws. The Customs Act regulates import and export, protecting the Indigenous industry from other countries and so on. The Central Government of India has power to make rules under section 156 of Customs Act, 1962, and also has the power to issue Notifications from time to time for the purpose of smooth functioning and effective administration of the Act.

As per section 157 of the Custom Act, 1962, the Central Board of Excise and Customs (CBE&C), now renamed to Central Board of Indirect Tax and Customs (CBIC), has been empowered to make regulations, consistent with provisions of the Act. The Commissioner of Customs has the power to issue the Public notices which are also called trade notices.

Section 1. Short title, extent and commencement.—

- (1) This Act may be called the Customs Act, 1962.
- (2) It extends to the whole of India [w.e.f. 29th March 2018 and, save as otherwise provided in this Act, it applies also to any offence or contravention thereunder committed outside India by any person.]
- (3) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint.

Case Law: 1

Associated Cement Companies Ltd. v. CC 2001 (128) ELT 21 (SC).

Facts of the Case: RST Ltd. imported drawings and designs in paper form through professional courier and post parcels.

However, the Assistant Commissioner of Customs valued these drawings and designs and levied duty on them.

RST Ltd. Contended that customs duty cannot be levied on drawings and designs as they do not fall in the definition of goods under the Customs Act, 1962.

Do you feel the stand taken by the RST Ltd. is tenable in law? Support your answer with a decided case law, if any.

Decision: The Apex Court observed that though technical advice or information technology are intangible assets, but the moment they are put on a media, whether paper or cassettes or diskettes or any other thing, they become movable and are thus, goods.

Therefore, the Supreme Court held that drawings, designs, manuals and technical material are goods liable to customs duty.

Therefore, the stand taken by the RST Ltd. is not correct in law.

- (13) **Import Report:** As per Section 2(24) of the Customs Act, 1962, the person-in-charge of a vehicle carrying imported goods; deliver to the proper officer an import report within twelve hours after its arrival in the customs station, in the prescribed form.

"such form and manner as may be prescribed and in case, the person-in charge fails to deliver the departure manifest or export manifest or the export report or any part thereof within such time, and the proper officer is satisfied that there is no sufficient cause for such delay, such person-in-charge shall be liable to pay penalty not exceeding fifty thousand rupees".

(14) Imported Goods: As per section 2(25) of the Customs Act, the term imported goods means any goods brought into India from a place outside India but does not include goods which have been cleared for home consumption.

w.e.f. 10-5-2013: Clause (n) of section 11 (2) provided that importation/exportation of goods may be prohibited for the protection of patents, trademarks and copyrights.

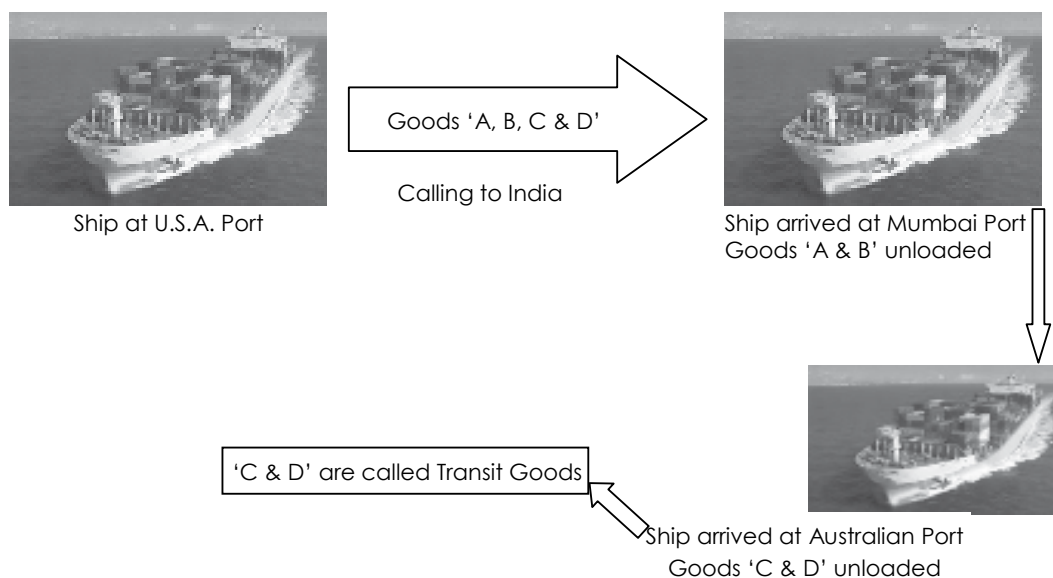

The Finance Act, 2013 has expanded the scope of clause (n) to include designs and geographical indications so as to provide for protection of these legal rights also. Consequently, Central Government can now prohibit the import/export of specified goods for protection of designs and geographical indications also apart from patents, trademarks and copyrights.

(15) India: As per section 2(27) of the Customs Act, "India includes the territorial waters of India.

The term India is an inclusive definition and includes not only the land mass of India but also territorial waters of India. The territorial waters extend to 12 nautical miles into the sea from the base line. Therefore, a vessel not intended to deliver goods should not enter these waters. [1 Nautical mile – 1.852 km or 1852 m]

(16) Transit of Goods (Section 53 of the Customs Act, 1962)

These goods should be mentioned as Transit Goods in the Import General Manifest (IGM). They are allowed by customs to be transited through Indian port without payment of duty.

w.e.f. 14-5-2016:

Subject to the provisions of section 11 (i.e. power to prohibit importation or exportation of goods), where any goods imported in a conveyance and mentioned in the import manifest or the import report, as the case may be, as for transit in the same conveyance to any place outside India or to any customs station, the proper officer may allow the goods and the conveyance to transit without payment of duty, subject to such conditions, as may be prescribed.

(17) Transshipment of Goods (Section 54 of the Customs Act, 1962)

Example: 1
A vessel Bhishma, sailing from U.S.A to Australia via., India carries various types of products namely 'A, B, C & D'. 'A & B' are destined to Mumbai Port. On account of submission of bill of transshipment product 'A' transshipped to Chennai port as ultimate destination in India and product 'B' transshipped to Srilanka.
Find the imported goods, Transshipment goods and transit goods?
Answer:
Product 'A' is imported goods because its ultimate destination is in India.
Products 'A & B' are called as Transshipment goods, since these goods are transshipped to another vessel, Product 'A' transshipped to Chennai attracts import duty whereas product 'B' is destined to Srilanka without payment of duty.

Products C & D are transit goods since these goods remains in the same vessel Bhishma chartered to Australia.

(18) Stores:

As per section 2(38) of the Customs Act, stores means goods for use in a vessel or aircraft and includes fuel and spare parts and other articles of equipment, whether or not for immediate fitting.

Case Law: 2

UOI v. V M Salgaoncar AIR 1998 SC1367:99 ELT 3 (SC).

Facts of the case: A Big Ship carrying merchandize and stores enters the territorial waters of India but it cannot enter the port. In order to unload the merchandize lighter ships are employed. Stores are consumed on board the ship as well as by the small ships. Examine whether such consumption of stores attracts customs duty. Quote relevant section and case law if any. Stores are supplied to the above ships. Will such supplies be treated as exports and be entitled to draw back? (CMA Final Dec 2013)

Decision: Bringing of 'stores' is treated as import. However, there is special provision for stores under section 87. Imported stores consumed on board an ocean going vessel (i.e. foreign going vessel) are exempt from import duty under Section 87. Since the ship is ocean going, stores consumed on board will not attract customs duty.

Regarding the smaller ships which are employed to unload the cargo from the mother ship, they are termed as "Transhippers". These are also treated as ocean going vessels as was decided in UOI v. V M Salgaoncar AIR 1998 SC1367:99 ELT 3 (SC).

Hence stores consumed by small vessels would also be exempt from customs duty.

Stores supplied to the vessel will be treated as export as per Section 89 of Customs Act and hence will be eligible for duty drawback.

(19) Person-in-charge:

As per section 2(31) person-in-charge means

- (a) Vessel - Master
- (b) Aircraft - Commander or Pilot in Charge
- (c) Train - Conductor or Guard
- (d) Vehicle - Driver
- (e) Other Conveyance - Person in Charge

(20) High Seas:

An area beyond 200 nautical miles from the base line is called High Seas. All countries have equal rights in this area.

(21) Exclusive Economic Zone:

Exclusive Economic Zone extends to 200 nautical miles from the base line.

Note: one nautical mile = 1.1515miles or 1.853kms

(22) Domestic Tariff Area (D.T.A):

Means the whole of India (including the territorial waters and continental shelf) but does not include the areas of the Special Economic Zones & 100% Export Oriented Units (EOUs)

Case Law: 3

Tirupati Udyog Ltd. v. UOI 2011 (272) E.L.T. 209 (A.P.)

Goods cleared from unit of DTA to Special Economic Zone (SEZ) chargeable to duty under the SEZ Act, 2005 or the Customs Act, 1962?

Decision: Customs duty can be levied only on goods imported into or exported beyond the territorial waters of India, Sec. 12 (1) of the Customs Act, 1962 (i.e. charging section) is not attracted for supplies made by a DTA unit to a unit located within the Special Economic Zone.

Therefore, goods cleared from DTA to SEZ is not liable to export duty either under SEZ Act, 2005 or under the Customs Act, 1962.

Case Law: 4

Aban Llyod Chilies Offshore Ltd. v UOI (2008) 227 ELT 24 (SC).

As per section 2(25) of the Customs Act, the term imported goods means any goods brought into India from a place outside India but does not include goods, which have been cleared for home consumption.	As per Section 2(39) of the Customs Act, Smuggled goods means any goods which are liable for confiscation u/s 111 or u/s 113 of the Customs Act.
Decision: The Apex court held that the smuggled goods could not be considered as 'imported goods' for the purpose of benefit of the exemption notification	

1.3 CIRCUMSTANCES OF LEVY OF CUSTOMS DUTIES

Section 12 of the Customs Act makes it clear that import or export of goods into or out of India is the taxable event for payment of the duty of customs. Lot of problems were faced in determining the point at which the importation or exportation takes place. The root cause of the problem was the definition of India.

The Supreme Court of India has given the landmark judgments in cases of Union of India v Apar Industries Ltd (1999) and further in the case of Garden Silk Mills Ltd v Union of India (1999). The import of goods will commence when they cross the territorial waters but continues and is completed when they become part of the mass of goods within the country, and the taxable event being reached at the time when goods reach the customs barriers and bill of entry for home consumption is filed.

(1) Taxable event for imported goods:

The taxable event occurs in the course of imports under the customs law with reference to the principles laid down by the Supreme Court in the cases of Garden Silk Mills Ltd. v Union of India; and Kiran Spinning Mills v CC. taxable event in case of imported goods can be summed up in the following lines:

- (i) Unloading of imported goods at the customs port – is not a taxable event

- (ii) Date of entry into Indian territorial waters – is not a taxable event
- (iii) Date of presentation of bill of entry – is not a taxable event
- (iv) Date on which the goods cross the customs barrier - is a taxable event

Example : 2

An importer imported some goods for subsequent sale in India at \$ 10,000 on assessable value basis. Relevant exchange rate and rate of duty are as follows:

Particulars	Date	Exchange rate declared by the CBIC	Rate of Basic Customs Duty
Date of submission of bill of entry	25th February 2018	₹ 58/USD	10%
Date of entry inwards granted to the vessel	5th March 2018	₹ 58.75/USD	12%

Calculate Assessable value and Customs Duty in Indian rupees?

Answer:

Relevant rate of duty for the imported goods is 12% (i.e. Date of submission of bill of entry or Date of entry inwards granted to the vessel whichever is later)

Exchange Rate is ₹ 58 per USD (i.e. the rate of CBIC as on the date of submission of Bill of Entry by the importer)

Assessable value = ₹ 5,80,000 (i.e. USD 10,000 x ₹ 58)

Basic Customs Duty = ₹ 69,600 (i.e. ₹ 5,80,000 x 12%)

10% Social Welfare Surcharge = ₹ 6,960 (i.e. ₹ 69,600 x 10%)

IGST (Assume 18%) = 1,18,181 (i.e., 18% on (580000 + 69600 + 6960))

Total Customs Duty including IGST = ₹ 1,94,741/-

(2) Taxable event for warehoused goods:

As per Section 15(1)(b) of the Customs Act, 1962, when goods have been deposited into a warehouse, and they are removed there from for home consumption, the relevant date for determination of rate of duty is the date of presentation of ex-bond bill of entry (i.e. Sub-bill of Entry) for home consumption.

w.e.f. 6-8-2014, Section 15(1) of the Customs Act, 1962 has been amended to provide for determination of rate of duty and tariff valuation for imports through a vehicle in cases where the bill of entry is filed prior to the delivery of import report. The proviso to section 15(1) has been amended to lay down that if a bill of entry has been presented before the date of arrival of the vehicle (out of box) by which the goods are imported, the bill of entry shall be deemed to have been presented on the date of such arrival. Therefore, under the amended provisions, the relevant date for determination of rate of duty and tariff valuation of imported goods in different cases will be as under:

Example: 3

An importer imported some goods. Entry inwards granted to the vessel on 7th February, and the goods were cleared from Chennai port for warehousing on 8th February, after assessment. The Bill of Entry was presented on 1st February for warehousing. Assessable value was US \$ 10,000. Assume that no additional duty is payable. The goods were warehoused at Chennai and were cleared from Chennai warehouse on 4th March. What is the duty payable while removing the goods from Chennai warehouse on 4th March? Exchange rates and rate of Customs Duties are as follows:

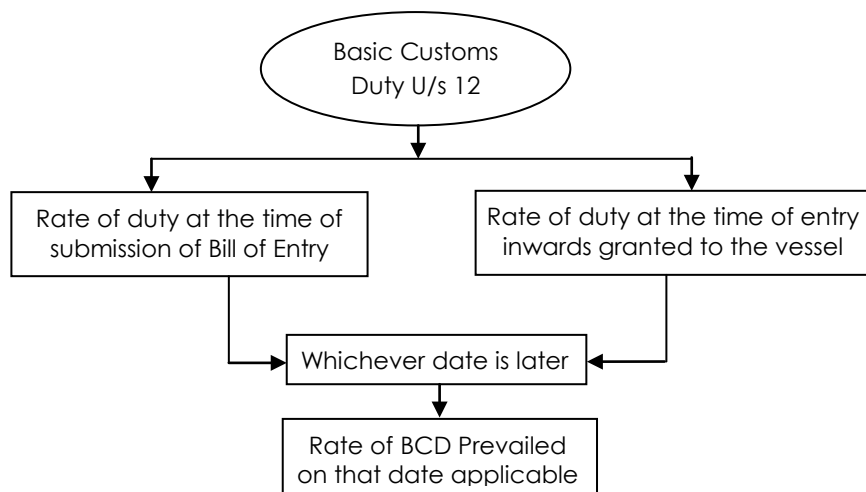

Particulars	Date	Exchange rate declared by the CBIC	Basic Customs Duty
Date of submission of bill of entry for warehousing	1st February	₹ 55/USD	10%
Date of entry inwards granted to the vessel	7th February	₹ 59/USD	15%
Date of clearance of goods from warehouse	4th March	₹ 60/USD	12%

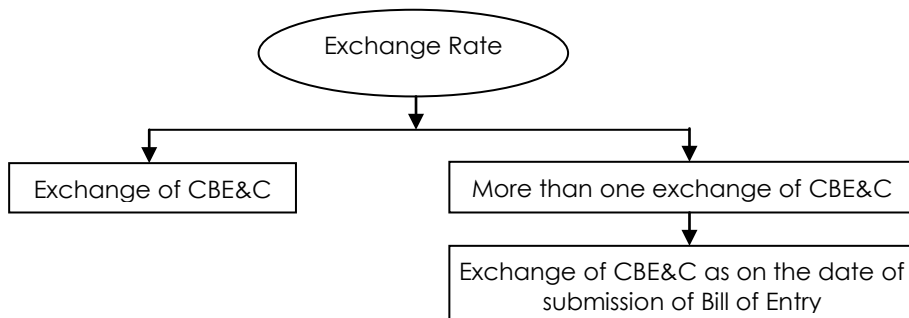

Answer:
Relevant rate of duty for the imported goods warehoused is 12% (i.e. Date of submission of sub-bill of entry)
Exchange Rate is ₹ 55 per USD (i.e. the rate of CBIC as on the date of submission of Bill of Entry by the importer)
Assessable value = ₹ 5,50,000 (i.e. USD 10,000 x ₹ 55)
Basic Customs Duty = ₹ 66,000 (i.e. ₹ 5,50,000 x 12%)
10% Social Welfare Surcharge = ₹ 6,600 (i.e. ₹ 66,000 x 10%)
Total Customs Duty (excluding IGST) = ₹ 72,600/-

Particulars	Relevant date
Goods entered for home consumption under section 46	Date of presentation of bill of entry OR Date of entry inwards of the vessel/arrival of the aircraft or (vehicle w.e.f. 6-8-2014) whichever is later
Goods cleared from a warehouse under section 68.	Date of presentation of bill of entry for home consumption.
Other goods	Date of payment of duty

Basic Customs Duty (BCD) on imported goods

Exchange rate for imported goods

(3) Taxable event for exported goods:

As per section 16(1) of the Customs Act, 1962, taxable event arises only when proper officer makes an order permitting clearance (i.e. entry outwards) granted and loading of the goods for exportation took place under Section 51 of the Customs Act, 1962.

Rate of foreign exchange in case of exports:

In case of exports, rate of exchange of the CBIC as in force on the date on which a shipping bill or bill of export, as the case may be, is presented under Sec. 50 of the Customs Act, 1962 is applicable.

Assessable Value for exported goods:

For the purposes of calculation of export duty, the transaction value, that is to say the price actually paid or payable for the goods for delivery at the time and place of exportation under section 14 of Customs Act 1962, shall be the FOB price of such goods at the time and place of exportation.

Assessable value (for Exported Goods) = free on board (i.e. FOB)

Free on Board (FOB): FOB means all expenditure incurred by exporter upto the point of loading goods into the vessel or aircraft or vehicle is incurred by the exporter and hence, from importer point of view it is Free on Board.

Cost Insurance and Freight (CIF): CIF means once the goods are reached to the importer country port or air port importer has to pay Cost (i.e. FOB value) along with Insurance and Freight from exporter country to importer country.

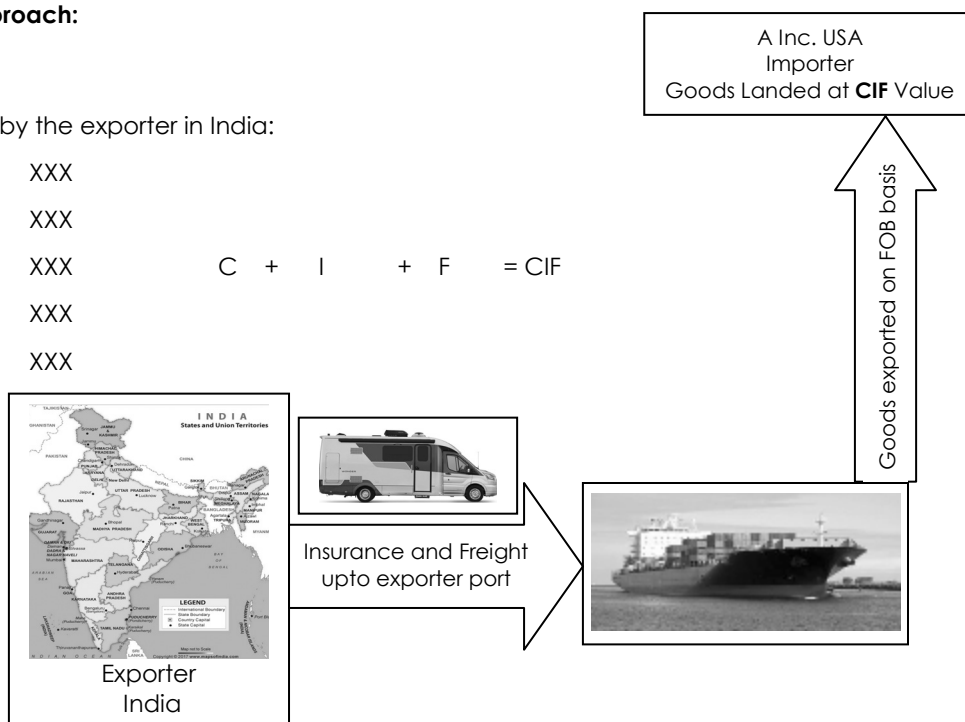

Important point: As per our Foreign Trade Policy (2015-2020) all imports into India are measured in terms of CIF value whereas exports from India are measured in terms of FOB value.

Simplified approach:

Cost incurred by the exporter in India:

- Raw Material XXX
- OH XXX
- Freight XXX
- Insurance XXX
- Free on Board XXX

$$C + I + F = CIF$$

Example: 4
Compute export duty from the following data:

- (i) FOB price of goods: US \$ 1,00,000
- (ii) Shipping bill presented electronically on 28-02-2018
- (iii) Proper officer passed order permitting clearance and loading of goods for export on 01-03-2018.
- (iv) Rate of exchange and rate of export duty are as under

Duty	Rate of Exchange	Rate of Export
On 28-02-2018	1 US \$=₹65	10%
On 01-03-2018	1 US \$=₹66	8%

- (v) Rate of exchange is notified for export by Central Board of Excise and Customs (Make suitable assumptions wherever required and show the workings)

Answer:

Particulars	Value in ₹	Remarks
FOB	65,00,000	1,00,000 x ₹65
Customs Duty	5,20,000	₹65 lakhs x 8%

Note: Export duty does not carry Social Welfare Surcharge.

Exchange rate for export of goods is the rate of CEBC at the time of submission of shipping bill.

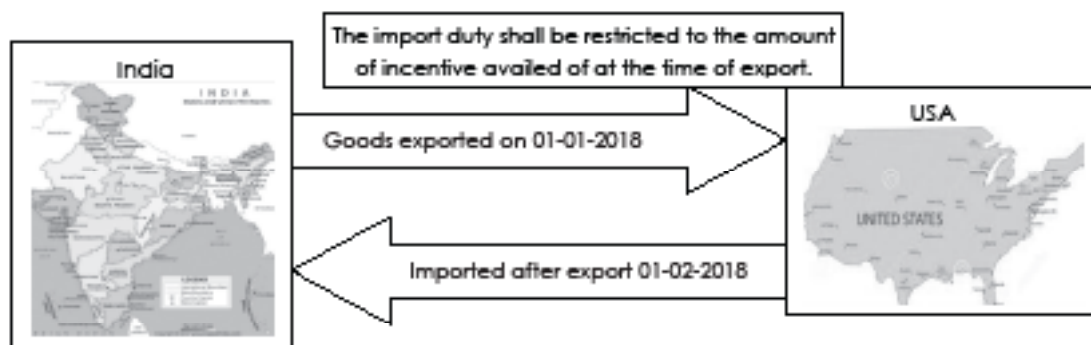

Rate of duty for export is the date on which entry outward granted for export and loading of goods taken place.

1.4 DUTY LIABILITY IN CERTAIN SPECIAL CIRCUMSTANCES

Duty liability in certain special circumstances:

1. Goods are imported into India after exportation there from.
2. Imported goods have been originally exported to the overseas supplier for repairs.
3. Exported goods may come back for repairs and re-export.

1. Goods are imported into India after exportation there from:

2. Imported goods have been originally exported to the overseas supplier for repairs:

No duty at the time of re-import will be levied:

If re-imported within 3 years from the date of export (extended up to 5 years)

The exported and imported goods must be in the same form and ownership of the goods should also not have changed.

This concept is not applicable if the repairs amount to manufacture and exports from EPZ or EOUs.

Example : 5
 Mr. A imported an Air conditioner on 1st January 2018 for ₹ 5,00,000 from USA. Mr. A has paid import duty for ₹ 50,000. Due to some technical problems the same was exported for want of repairs on 31st January 2018. After incurring some additional cost for repairs and replacement worth for ₹ 1,00,000 the same was re-imported on 5th February 2018. The import duty in such case will be restricted on the value of repairs and replacement of ₹ 1,00,000.

Example : 6
 A machine was originally imported from Japan at ₹ 250 lakh in August 2017 on payment of all duties of customs. The said machine was exported (sent-back) to supplier for repairs in January 2018 and re-imported without any re-manufacturing or re-processing in October, 2018 after repairs. Since the machine was under warranty period, the repairs were carried out free of cost.
 However, the fair cost of repairs carried out (including cost of material ₹ 6 lakh) would have been ₹ 9 lakh. Actual insurance and freight charges (to and fro) were ₹ 3 lakh. The rate of basic customs duty is 10% and rate of IGST in India on like article is 12%.
 Compute the amount of customs duty payable (if any) on re-import of the machine after repairs. The ownership of the machine has not been changed during the period.

Answer:

Particulars	₹
Value of goods re-imported after exports [₹ 9 lakh (including cost of materials) + ₹3 lakh]	12,00,000
Basic customs duty @ 10%	1,20,000
Social Welfare Surcharge @ 10% on BCD	12,000
Balance (i.e. Transaction value)	13,32,000
Add: IGST @12% on 13,32,000	1,59,840
Landed Value	14,91,840
Total Customs Duty (including IGST)	2,91,840

3. Exported goods may come back for repairs and re-export:

No duty at the time of re-import will be levied:

1. The time limit for re-import should be within 3 years from the date of export. In case of export to Nepal, such time limit is 10 years.
2. The time limit for re-export is 6 months from the date of import (extended up to 12 months).
3. The importer at the time of importation executes a Bond.
4. The re-importation is for reprocessing, refining or re-making then the time limit for re-importation should be within 1 year from the date of exportation.

CBIC vide Notification No. 60/2018-Cus., dated 11.09.2018 has amended Notification No. 158/95-Cus., dated 14.11.1995 exempting goods manufactured in India and re-imported for repairs/reconditioning/ reprocessing/ refining/remaking etc. as under

S. No.	Particulars	Time-limit for re-importation from the date of exportation	Other conditions to be satisfied
1	Goods manufactured in India and re-imported for Repairs or for reconditioning other than the specified goods	7 years In case of export to Nepal, such time-limit is 10 years	Goods must be re-exported within six months (extendable till one year) of the date of re-importation.
2	Goods manufactured in India and re-imported for (a) reprocessing (b) refining (c) re-making (d) Subject to any process similar to the processes referred to in clauses (a) to (c) above.	1 year	The Assistant Commissioner/ Deputy Commissioner of Customs is satisfied as regards identity of the goods. The importer at the time of importation executes a bond

Power to grant exemption from duty (Section 25 of the Customs Act, 1962).

Inward processing of goods (w.e.f. 29.3.2018 Section 25A of the Customs Act, 1962):

Where the Central Government is satisfied that it is necessary in the public interest so to do, it may, by notification, exempt such of the goods which are imported for the purposes of repair, further processing or manufacture, as may be specified therein, from the whole or any part of duty of customs leviable thereon, subject to the following conditions, namely:—

- (a) the goods shall be re-exported after such repair, further processing or manufacture, as the case may be, within a period of one year from the date on which the order for clearance of the imported goods is made;
- (b) the imported goods are identifiable in the export goods; and
- (c) such other conditions as may be specified in that notification.

Outward processing of goods (w.e.f. 29.3.2018 Section 25B of the Customs Act, 1962):

Notwithstanding anything contained in section 20, where the Central Government is satisfied that it is necessary in the public interest so to do, it may, by notification, exempt such of the goods which are re-imported after being exported for the purposes of repair, further processing or manufacture, as may be specified therein, from the whole or any part of duty of customs leviable thereon, subject to the following conditions, namely:—

- (a) the goods shall be re-imported into India after such repair, further processing or manufacture, as the case may be, within a period of one year from the date on which the order permitting clearance for export is made;
- (b) the exported goods are identifiable in the re-imported goods; and
- (c) such other conditions as may be specified in that notification."

1.5 CIRCUMSTANCES UNDER WHICH NO DUTY WILL BE LEVIED

Pilferage: Section 13 of the Customs Act, 1962

No duty is payable if the pilferage found before goods cleared from customs:

- Importer does not have to prove pilferage,
- If the duty is paid before finding the pilferage, refund can be claimed

Section 13 does not apply for the warehoused goods.

w.e.f. 10-5-2013, there shall be no duty liability on a sample of goods consumed/destroyed during the course of testing/examination.

Conditions to be satisfied for exemption from duty:

- (i) The imported goods should have been pilfered.
- (ii) The pilferage should have occurred after the goods are unloaded, but before the proper officer makes the order of clearance for home consumption or for deposit into warehouse.
- (iii) The pilfered goods should not have been restored back to the importer.

Important points:

- a) If goods are pilfered after the order of clearance is made but before the goods are actually cleared, section 13 is not applicable and thus, duty would be leviable.
- b) Section 13 deals with only pilferage. It does not deal with loss/destruction of goods.
- c) Provisions of section 13 would not apply if it can be shown that pilferage took place prior to the unloading of goods.
- d) In case of pilferage, only section 13 applies and remission of duty under section 23(1) is not permissible.

Example: 7

If goods are pilfered after the order of clearance is made but before the goods are actually cleared, duty would leviable?

Answer:

Yes. Importer has to pay duty.

Note: refund can be claimed

Example : 8

Provisions of section 13 would apply if it can be shown that pilferage took place prior to the unloading of goods?

Answer:

Section 13 would not apply in the given case.

The pilferage should have occurred after the goods are unloaded, but before the proper officer makes the order of clearance.

All goods, derelict, jetsam, flotsam and wreck brought or coming into India, shall be dealt with as if they were imported into India [Section 21]:

Thus, even though such goods had not been actually imported, they would be liable to import duty unless such goods are entitled to be duty free under this Act.

Derelict means vessel or cargo which is abandoned in sea without any hope of recovering it.

Jetsam means where goods are cast into sea to reduce weight of ship to prevent it from sinking and the thrown goods sink.

Flotsam means when goods continue to float after thrown in sea

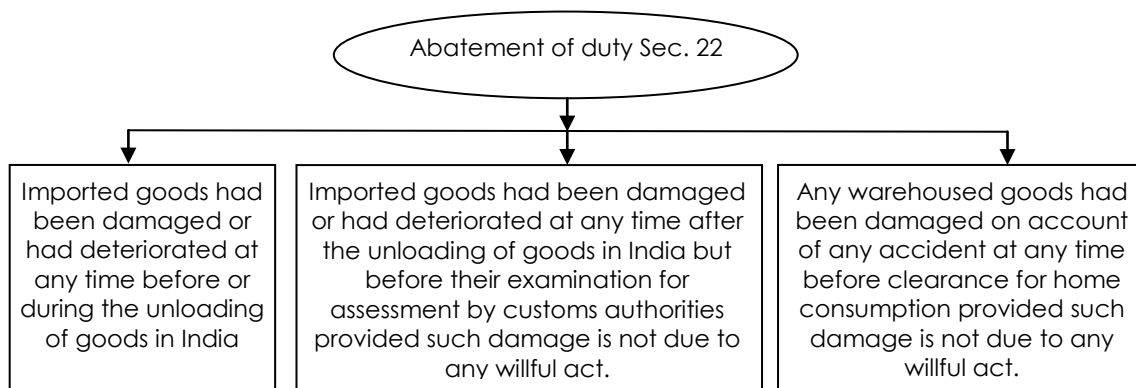

Wreck means cargo or vessel or any property which are cast ashore by tides after ship-wreck

Abatement of duty on damaged goods or deteriorated goods, [Sec. 22]:

Amount of duty chargeable after abatement

$$\text{Amount of duty chargeable after abatement} = \left(\text{Duty on Goods before damage / deterioration} \right) \left[\frac{\text{Value of damage / deteriorated goods}}{\text{Value of goods before damage / deterioration}} \right] \times \left(\text{Duty on Goods before damage / deterioration} \right)$$

Valuation of the damaged or deteriorated goods:

The value shall be: -

(a) Value ascertained by the proper officer

Or

(b) The proper officer may sell such goods by public auction/tender or if the importer agrees, in any other manner and the gross sale proceeds shall be deemed to be the value of such goods.

Example: 9

X Ltd imported goods from USA for ₹ 50,000. After damage these goods valued by customs officer is ₹ 10,000. Total Customs duty on the value of imported goods levied ₹ 6,180. Imported goods had been damaged after the unloading of goods in India but before their examination for assessment by customs authorities, and such damage is not due to any willful act of X Ltd. Find total duty payable by X Ltd.

Answer:

Customs Duty = ₹ 1,236

Working Note:

6,180 – [(40,000/50,000) * 6,180] = ₹ 1,236

Abatement of duty is ₹ 4,944

Remission of duty on goods Lost or destruction of goods, [Section 23]:

- Section 23 applies only when there is no pilferage under section 13
- Burden of proof is on importer to prove loss or destruction under section 23
- Sec. 23 applicable in case of Loss or destruction (including leakage if any) must be due to fire, natural calamity (like earthquake or bad weather)
- Loss or destruction should be found before clearance of goods from the customs
- Section 23 is applicable even for the goods warehoused.

Analysis of Section 23:

- (a) This section comes into play in case of loss/destruction of imported goods at any time before their clearance for home consumption.
- (b) The remission of duty is permissible only in the case of total loss of goods. This implies that the loss is forever and beyond recovery. The loss referred to in this section is generally due to natural causes like fire, flood, etc. The loss of goods may be at the warehouse also.
- (c) Since section 23(1) is subject to the provisions of section 13, in case the goods have been pilfered after they have been unloaded but before order for clearance for home consumption or deposit in a warehouse, section 13 would apply and the importer would not be liable to pay the duty.

No duty in case of relinquishment of the title to the goods [Section 23(2)]

The owner of any imported goods may, at any time before an order for clearance of goods for home consumption or an order for permitting the deposit of goods in a warehouse has been made, relinquish his title to the goods and thereupon, he shall not be liable to pay the duty thereon.

However, the owner of any such imported goods shall not be allowed to relinquish his title to such goods regarding which an offence appears to have been committed under this Act or any other law for the time being in force.

Importer may relinquish his title to the goods in the following cases [Section 23(2)]:

- (i) The goods may not be according to the specifications;
- (ii) The goods may have been damaged or deteriorated during voyage and as such may not be useful to the importer;
- (iii) There might have been breach of contract and, therefore, the importer may be unwilling to take delivery of the goods.

In all the above cases, the goods having been imported, the liability to customs duty is imposed and, therefore, the importer may relinquish his title to the goods unconditionally and abandon them. If the importer does so, he will not be required to pay the duty amount.

However, the owner of any such imported goods shall not be allowed to relinquish his title to such goods regarding which an offence appears to have been committed under this Act or any other law for the time being in force.

Note:

It is open to the importer to exercise the option to relinquish the title on the imported goods at any time before the passing of order for clearance for home consumption or before order permitting the deposit of goods in a warehouse.

TYPES OF DUTIES

This Study Note includes

- 2.1 Introduction
- 2.2 Types of Duties
- 2.3 Exemption from Customs Duty

2.1 INTRODUCTION

NOTE : Social Welfare Surcharge (SWS) ON Imports [w.e.f 02-02-2018]

1. Social Welfare Surcharge - A social welfare surcharge has been imposed on imported goods @ 10% of total customs duties (excluding certain duties) w.e.f 02-02-2018. Hence, effective rate of BCD = 10% general rate of basic custom duty (BCD) + SWS @ 10% of BCD = 11%.
2. No EC & SHEC W.E.F 02-02-2018 - Education cess @ 2% & Secondary & Higher Education Cess @ 1% was levied at total 3% on total import duties (excluding certain duties). Now, no EC & SHEC is leviable on imports from 02-02-2018 & Section 94 of Finance Act, 2007 providing for levy of EC/SHEC have been omitted.
3. Road & Infrastructure Cess on Imported goods (Section 111 of Finance Act, 2018 w.e.f 02-02-2018)- Road and Infrastructure cess is levied as duty of Customs @ ₹ 8 per litre on motor spirit (petrol) and high speed diesel imported into India for the purpose of financing infrastructure projects.
4. No Social Welfare Surcharge (SWS) is levied on Export Goods.

2.2 TYPES OF DUTIES

(1) Basic Customs Duty (As per Sec 12 of the Customs Act, 1962):

Goods imported into India are chargeable to basic customs duty (BCD) under Customs Act, 1962. The rates of BCD are indicated in I Schedule (for Imports) of Customs Tariff Act, 1975.

Generally, BCD is levied at standard rate of duty but if certain conditions are satisfied (below), the importer can avail the benefit of preferential rate of duty on imported goods.

Conditions for availing the benefit of preferential rate of duty:

- Specific claim for preferential rate must be made by the importer,
- Import must be from preferential area as notified by the Central Government,
- The goods should be produced/manufactured in such preferential area.

Social Welfare Surcharge (w.e.f 2nd February, 2018):

Social Welfare Surcharge @ 10% on the aggregate duties of customs levied at the time of import.

If goods are Gold, silver including that plated with platinum unworth or in semi-manufactured form or in powder form, then SWS to be calculated @3%.

The Social Welfare Surcharge shall be calculated at the rate of 10% on the aggregate of duties and taxes and cesses which are levied and collected by the Central Government in Ministry of Finance (Department of Revenue) under Section 12 of the Customs Act, 1962.

The following are excluded while calculating the Social Welfare Surcharge:

- The Safeguard duty section 8B and 8C of the Customs Tariff Act,
- The Countervailing duty on subsidized articles Sec 9 of the Customs Tariff Act,
- The Anti-dumping duty section 9A of the Customs Tariff Act,
- The IGST section 3(7) of the Customs Tariff Act,
- The Compensation Cess to States section 3(9) of the Customs Tariff Act,

(2) Integrated Goods and Services Tax (IGST)

IGST (Integrated Goods and Services Tax) is a component under GST law, which is levied on goods being imported into India from other country. It has subsumed various customs duties including Countervailing Duty (CVD) and Special Additional Duty of Customs (SAD).

In the GST regime, IGST will be levied on imports by virtue of sub - section (7) of Section 3 of the Customs Tariff Act, 1975. IGST wherever applicable, would be levied on cargo that would arrive on or after 1st July, 2017. It may also be noted that IGST would also be levied on cargo which has arrived prior to 1st July but a bill of entry is filed on or after 1st July 2017.

Similarly ex-bond bill of entry filed on or after 1st July 2017 would attract IGST, as applicable. In the case where cargo arrival is after 1st July and an advance bill of entry was filed before 1st July along with the payment of duty, the bill of entry may be recalled and reassessed by the proper officer for levy of IGST as applicable .

Example: 1

Suppose Assessable Value (A.V.) including landing charges = ₹ 100/-

(1) BCD - 10%

(2) IGST - 12%

(3) Social Welfare Surcharge - 10%

In view of the above parameters, the calculation of duty would be as below:

(a) BCD = ₹ 10 [10% of A.V.]

(b) Social Welfare Surcharge - ₹ 1 [10% of (a)]

(c) IGST - ₹ 13.32 [A.V. +(a) +(b)]x12%

Note: The inclusion of anti - dumping duties and safeguard duty in the value for levy of IGST and Compensation Cess is an important change. These were not hitherto included in the value for the levy of additional duty of customs (CVD) or Special Additional Duty (SAD). The IGST paid shall not be added to the value for the purpose of calculating Compensation Cess.

**Case Law : 1**

CVD (now called as IGST) on an imported product be exempted if the excise duty (now GST) on a like article produced or manufactured (now called as supply) in India is exempt?

Aidek Tourism Services Pvt. Ltd. v. CCus. 2015 (318) ELT 3 (SC)

Decision: Supreme Court held that rate of additional duty leviable under section 3(1) of the Customs Tariff Act, 1975 would be only that which is payable under the Central Excise Act, 1944 on a like article. Therefore, the importer would be entitled to payment of concessional/ reduced or nil rate of countervailing duty if any notification is issued providing exemption/ remission of excise duty with respect to a like article if produced/ manufactured in India.

(3) GST Compensation Cess:

Under GST regime, Compensation Cess will be charged on luxury products like high-end cars and demerit commodities like pan masala, tobacco and aerated drinks for the period of 5 years in order to compensate states for loss of revenue.

In the GST regime, IGST will be levied on imports by virtue of sub - section (9) of Section 3 of the Customs Tariff Act, 1975.

GST Compensation cess, wherever applicable, would be levied on cargo that would arrive on or after 1st July, 2017. Similarly ex-bond bill of entry filed on or after 1st July 2017 would attract GST Compensation cess, as applicable. In the case where cargo arrival is after 1st July and an advance bill of entry was filed before 1st July along with the payment of duty, the bill of entry may be recalled and reassessed by the proper officer for levy of GST compensation Cess, as applicable .

The value of the imported article for the purpose of levying GST Compensation cess shall be, assessable value plus Basic Customs Duty levied under the Act, and any sum chargeable on the goods under any law for the time being in force, as an addition to, and in the same manner as, a duty of customs. These would include education cess or higher education cess as well as anti - dumping and safeguard duties.

Input tax credit be availed on GST Compensation Cess paid on inward supplies:

Yes, input tax credit can be availed on GST Compensation Cess paid on inward supplies of the above mentioned notified goods. However, the credit of GST Compensation Cess paid can be utilized only towards payment of the GST Compensation Cess liability.

w.e.f. 1-2-2019, Schedule III of CGST Act, 2017:

Supply excludes:-

- (a) Supply of warehoused goods to any person before clearance for home consumption;
- (b) Supply of goods by the consignee to any other person, by endorsement of documents of title to the goods, after the goods have been dispatched from the port of origin located outside India but before clearance for home consumption.";

GST Compensation Cess applicable goods:

GST Cess will be levied on supply of certain notified goods – mostly belonging to the luxury and demerit category.

Sample of items on which GST Cess will be applicable are as follows -

Items	GST Rate Applicable	GST Cess Range	GST Cess Ceiling
Coal	5%	INR 400 / tonne	INR 400 / tonne
Pan Masala	28%	60%	135%
Tobacco	28%	61% – 204%	INR 4170 / thousand
Aerated Drinks	28%	12%	15%
Motor Vehicles	28%	1% – 22%	22%

Example : 2

Suppose Assessable Value (A.V.) including landing charges = ₹ 100/-

- (1) BCD - 10%
- (2) IGST - 12%
- (3) Social Welfare Surcharge - 10%
- (4) Compensation cess - 10%

In view of the above parameters, the calculation of duty would be as below:

- (a) BCD = ₹ 10 [10% of A.V.]
- (b) Social Welfare Surcharge = 1 [10% of (a)]
- (c) IGST - ₹13.32 [A.V. +(a)+(b)]x12%
- (e) Compensation cess - ₹ 11.10 [A.V. +(a)+(b)]x 10%

Note:

- (1) In cases where imported goods are liable to Anti - Dumping Duty or Safeguard Duty, calculation of Anti - Dumping Duty or Safeguard duty would be as per the respective notification issued for levy of such duty. It is also clarified that value for calculation of IGST as well as Compensation Cess shall also include Anti - Dumping Duty amount and Safeguard duty amount.
- (2) The inclusion of anti - dumping duties and safeguard duty in the value for levy of IGST and Compensation Cess is an important change. These were not hitherto included in the value for the levy of additional duty of customs (CVD) or Special Additional Duty (SAD). The IGST paid shall not be added to the value for the purpose of calculating Compensation Cess.

Example : 3

X Transport company imported Rolls Royce car for the purpose of providing output services by way of transportation of passengers. Following are the cost & other details-

Particulars	Amount (INR)
Cost of vehicle (Assessable value)	300,00,000
Custom duty	10%
IGST	28%
Compensation cess	20%

X Transport company is eligible to take Input tax credit and have output IGST liability of INR 120 Lakh. Calculate tax liability towards Custom duty & GST liability.

**Answer:**

Particulars	Calculation	Amount(INR)
Cost of Vehicle-(A)		300,00,000
Custom duty-(B)	10%	30,00,000
Social Welfare Surcharge - (C)	10% on (B)	3,00,000
Total custom duty payable- (D)	(B+C)	33,00,000
Total Cost after Custom duty-(E)	(A+D)	333,00,000

- Input tax credit available to set off against output IGST is INR 93,24,000
- Compensation cess paid cannot be set off against output tax liability of IGST
- Total tax payable by X Transport Company after adjusting IGST ITC is INR 26,76,000 (120,00,000-93,24,000)

w.e.f. 1-10-2019 Clarification regarding taxability of goods imported under lease (vide Notification No. 34/2019 Customs, dated 30-09-2019)

Similarly, rigs and ancillary items imported for oil or gas exploration and production taken on lease by the importer for use after import have also been exempted from IGST. Subsequently, all goods vessels, ships (other than motor vehicles) imported under lease, by the importer for use after importation, were also exempted from IGST.

(4) Protective Duties:

A duty imposed on imported goods for the protection of the interests of any industry established in India on the recommendation of Tariff Commission. It is effective only and inclusive of the date, if any, specified in the First Schedule of the Tariff.

(5) Safeguard Duty:

Safeguard duty is product specific. The duty imposed under this section shall be in force for a period of 4 years from the date of its imposition and can be extended with the total period of levy not exceeding 10 years.

Safeguard duty shall not apply to articles imported by a 100% EOU undertaking or a unit in a FTZ or in a SEZ unless specifically made applicable.

w.e.f. 6-8-2014 if imported goods are cleared in DTA, then safeguard duty will be payable.

Provisional Safeguard Duty:

The Central Government may, pending the determination under sub-section (1) of Section 8B, impose a provisional safeguard duty under this sub-section on the basis of a preliminary determination that increased imports have caused or threatened to cause serious injury to a domestic industry;

Provided that where, on final determination, the Central Government is of the opinion that increased imports have not caused or threatened to cause serious injury to a domestic industry, it shall refund the duty so collected;

Provided further that the provisional safeguard duty shall not remain in force for more than two hundred days from the date on which it was imposed.

Question:

When shall the safeguard duty under section 8B of the Customs Tariff Act, 1975 be not imposed? Discuss briefly.

Answer:

The safeguard duty under section 8B of the Customs Tariff Act, 1975 is not imposed on the import of the following types of articles:

- (i) Articles originating from a developing country, so long as the share of imports of that article from that country does not exceed 3% of the total imports of that article into India;
- (ii) Articles originating from more than one developing country, so long as the aggregate of imports from developing countries each with less than 3% import share taken together does not exceed 9% of the total imports of that article into India;
- (iii) Articles imported by a 100% EOU or units in a Free Trade Zone or Special Economic Zone unless the duty is specifically made applicable on them.

Note: "developing country" means a country notified by the Central Government in the Official Gazette for the purposes of this section.

Example : 4

Determine the safeguard duty payable by X Ltd., under section 8B of the Customs Tariff Act, 1975 from the following:

X Ltd imported Sodium Nitrite from a developing country from 26th February, 2015 to 25th February, 2016 (both days inclusive) ₹ 50 crores.

Total imports of Sodium Nitrite (including developing country) is ₹ 2,500 crores.

Note: Safeguard duty is @ 30%.

Whether your answer is different in case of import of Sodium Nitrite from a developing country ₹ 80 crores?

Answer:

Since, import from a developing country does not exceeds 3% (i.e. 2% only) of total import of that article in to India, Safeguard duty is Nil.

In the given case safeguard duty will be payable by X Ltd.

Safeguard duty = ₹ 24 crores (i.e. ₹ 80 crores x 30%)

Since, import from a developing country exceeds 3% (i.e. 3.2%)

Example : 5

Determine the safeguard duty payable by X Ltd., Y Ltd., Z Ltd. and A Ltd. under section 8B of the Customs Tariff Act, 1975 from the following:

Import of Sodium Nitrite from developing and developed countries from 26th February, 2015 to 25th February, 2016 (both days inclusive) are as follows:

Importer	Country of Import	₹ in Crores
X Ltd.	Developing Country	70
Y Ltd.	Developing Country	72
Z Ltd.	Developing Country	52
A Ltd.	Developing Country	50
Others	Developed Country	2,256
	Total	2,500

Note: Safeguard duty 30%.

Answer:

Importer	Country of Import	₹ in Crores	% of imports
X Ltd.	Developing Country	70	2.8%
Y Ltd.	Developing Country	72	2.88%
Z Ltd.	Developing Country	52	2.08%
A Ltd.	Developing Country	50	2%
Others	Developed Country	2,256	
	Total	2,500	9.76%

Safeguard duty is as follows:

Importer	₹ in Crores	% of imports
X Ltd.	21	70 × 30%
Y Ltd.	21.60	72 × 30%
Z Ltd.	15.60	52 × 30%
A Ltd.	15	50 × 30%

Articles originating from more than one developing countries and imports from each developing country is less than 3%, safeguard duty can be imposed if imports from all such developing countries taken together exceeds 9% of total imports of that article in India.

Example : 6

Determine the safeguard duty payable by X Ltd., Y Ltd., and Z Ltd. and A Ltd. under section 8B of the Customs Tariff Act, 1975 from the following:

Import of Sodium Nitrite from developing and developed countries from 26th February, 2015 to 25th February, 2016 (both days inclusive) are as follows:

Importer	Country of Import	₹ in Crores
X Ltd.	Developing Country	70
Y Ltd.	Developing Country	82
Z Ltd.	Developing Country	52
A Ltd.	Developing Country	50
Others	Developed Country	2,246
	Total	2,500

Note: Safeguard duty 30%.

**Answer:**

Importer	Country of Import	₹ in Crores	% of imports	
X Ltd.	Developing Country	70	2.8%	
Y Ltd.	Developing Country	72		3.28%
Z Ltd.	Developing Country	52	2.08%	
A Ltd.	Developing Country	50	2%	
Others	Developed Country	2,256		
	Total	2,500	6.88%	3.28%

Safeguard duty is as follows:

Importer		₹ in Crores	% of imports
X Ltd.		NIL	70 × 30%
Y Ltd.		24.60	82 × 30%
Z Ltd.		NIL	52 × 30%
A Ltd.		NIL	50 × 30%

Articles originating from more than one developing countries (each with less than 3% import share), then the aggregate of imports from all such countries taken together does not exceed 9% (i.e., in the given case 6.88%) of the total imports of that article into India. Therefore, Safeguard duty is not applicable to X Ltd., Z Ltd. and A Ltd.

[Circular No. 23/2015 Cus dated 29.09.2015]**Safeguard duties are rebatable as duty drawback (section 75 of the Customs Act).**

Since safeguard duties are not taken into consideration while fixing All Industry Rates of drawback, the drawback of the same can be claimed under an application for Brand Rate under rule 6 or rule 7 of the Customs, Central Excise Duties and Service Tax Drawback Rules, 1995.

This implies that drawback shall be admissible only where the inputs which suffered safeguard duties were actually used in the goods exported as confirmed by the verification conducted for fixation of Brand Rate.

Further, where imported goods subject to safeguard duties are exported out of the country as such, then the drawback payable under section 74 of the Customs Act would also include the incidence of safeguard duties as part of total duties paid, subject to fulfillment of other conditions.

(6) Countervailing Duty on Subsidized articles:

Duty levied if the articles are imported into India by getting the subsidies from other country.

The amount of countervailing duty shall not exceed the amount of subsidy paid.

It shall be in force for a period of 5 years from the date of its imposition and can be extended for a further period of 5 years.

It has been subsumed under GST.

(7) Anti-dumping duty:

It is imposed on imports of a particular country.

Where any articles exported by an exporter to India at less than its normal value, then, upon the importation of such article into India, the Central Govt., may impose an anti-dumping duty.

**Example: 7**

A commodity is imported into India from a country covered by a notification issued by the Central Government under section 9A of the Customs Tariff Act, 1975. Following particulars are made available:

CIF value of the consignment: US\$25,000

Quantity imported: 500 kgs.

Exchange rate applicable: ₹ 60=US\$1

Basic customs duty: 12%

Social Welfare Surcharge applicable as per the Finance Act, 2018.

As per the notification, the anti-dumping duty will be equal to the difference between the cost of commodity calculated @ US\$70 per kg. and the landed value of the commodity as imported.

Appraise the liability on account of normal duties, cess and the anti-dumping duty.

Assume that only 'basic customs duty' (BCD) and Social Welfare Surcharge are payable. IGST @12% is also be applicable.

Answer:

Statement showing land value of imported goods and customs duties:

Particulars	US \$
CIF value	25,000
	Value in ₹
Assessable value (i.e. 25,000 x ₹60)	15,00,000
Add: Customs duty (including SWS) 13.2% on Assessable value	1,98,000
Landed value (or value of imported goods)	16,98,000
Anti-dumping duty (21,00,000 – 16,98,000)	4,02,000
Market value of imported goods (500 kgs x ₹60 x US \$70) = 21,00,000	
Open Market Value	21,00,000
Add: IGST @12% on ₹ 21,00,000	2,52,000
Total	23,52,000

Total customs duty payable is ₹ 8,52,000 (i.e. 1,98,000 + 4,02,000 + 2,52,000)

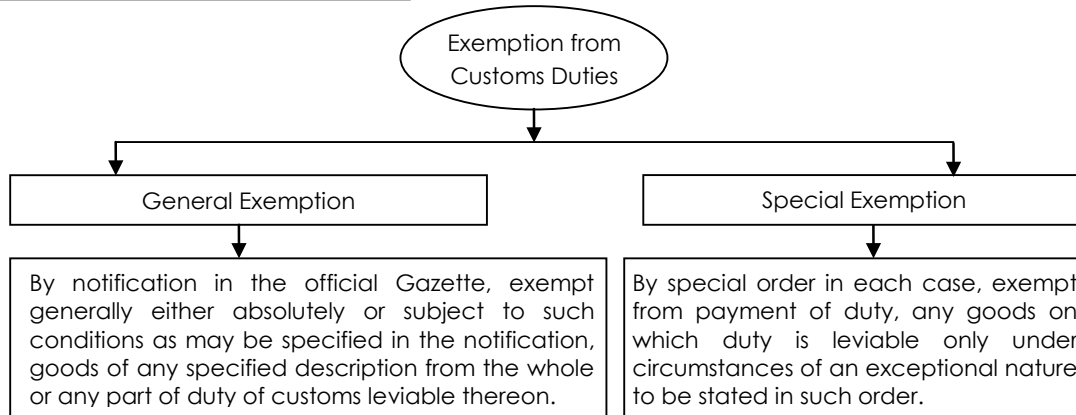

Note:

In cases where imported goods are liable to Anti - Dumping Duty or Safeguard Duty, calculation of Anti - Dumping Duty or Safeguard duty would be as per the respective notification issued for levy of such duty. It is also clarified that value for calculation of IGST as well as Compensation Cess shall also include Anti - Dumping Duty amount and Safeguard duty amount

(8) Export Duties as per 2nd Schedule of Customs Tariff Act, 1975

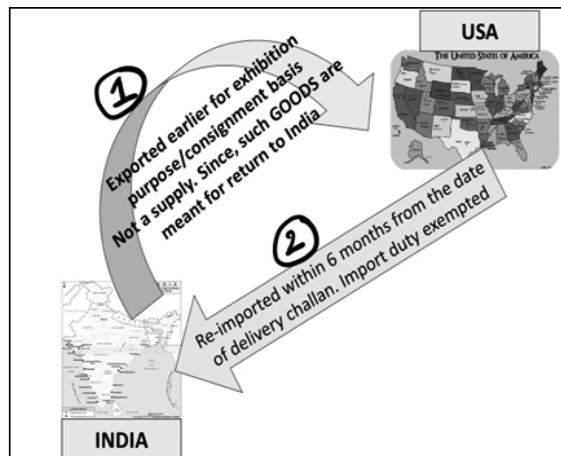

Export duty @ 10% on De Oiled Rice Bran (Grade 1) – used for Poultry/ Cattle/Fish feed manufacturing	Export duty @ 25% on luggage leather	Export duty @ 15% Ferrous waste and scrap

Valuation of imported and exported goods [Sec.14]

3.2 VALUATION OF IMPORTED GOODS

Rule 1: Customs Valuation (Determination of Value of Imported Goods) Rules, 2007

Rule 2: Various terms defined like Relative, Transaction Value, Computed Value, Deductive Value, Similar Goods, and Identical Goods etc.,

Rule 3: Transaction Value of import goods read with Rule 10:

This method is applicable only when importer satisfies the following conditions:

1. Seller should not have any control on the imported goods.
2. The sale price must be sole consideration
3. Sale proceeds should not be shared with exporter by the importer after sale
4. The buyer and seller should not be related.

**Case Law: 1****Commissioner of Cus., Vishakhapatnam v. Aggarwal Industries Ltd. 2011 E.L.T. 641 (S.C.):**

Statement of Facts: The importer entered into contract for supply of crude sunflower seed oil U.S. \$ 435 C.I.F./Metric ton. Under the contract, the consignment was to be shipped in the month of July, 2011. The period was extended by mutual agreement and goods were shipped on 5th August, 2011 at old agreed prices.

In the meanwhile, the international prices had gone up due to volatility in market, and other imports during August, 2011 were at higher prices.

Department sought to increase the assessable value on the basis of the higher prices as contemporaneous imports.

Decide whether the contention of the department is correct. You may refer to decided case law, if any, for your decision.

Decision: No. Department view is not correct. It is true that the commodity involved had volatile fluctuations in its price in the international market, but having delayed the shipment; the supplier did not increase the price of the commodity even after the increase in its price in the international market. There was no allegation of the supplier and importer being in collusion.

Thus, the appeal was allowed in the favour of the respondent- assessee.

As per Notification No. 91/2017-CUSTOMS (N.T.), dt. 26.09.2017, the following changes are made to the Customs Valuation (Determination of Value of Imported Goods) Rules 2007 (or CVR, 2007), namely:-

- (1) "place of importation" means the customs station, where the goods are brought for being cleared for home consumption or for being removed for deposit in a warehouse;"
- (2) the value of the imported goods shall include –
 - (a) the cost of transport, loading, unloading and handling charges associated with the delivery of the imported goods to the place of importation;
 - (b) the cost of insurance to the place of importation

Provided that where the cost referred to in (a) is not ascertainable, such cost shall be twenty per cent of the free on board value of the goods:

Provided further that where the free on board value of the goods is not ascertainable but the sum of free on board value of the goods and the cost referred to in (b) is ascertainable, the cost referred to in (a) shall be twenty per cent of such sum:

Provided also that where the cost referred to in (b) is not ascertainable, such cost shall be 1.125% of free on board value of the goods:

Provided also that where the free on board value of the goods is not ascertainable but the sum of free on board value of the goods and the cost referred to in (a) is ascertainable, the cost referred to in (b) shall be 1.125% of such sum:

As per Circular No. 39 / 2017-Customs, dt. 26.09.2017, the treatment of the loading, unloading and handling charges will be:

- (1) The Hon'ble Supreme Court had ruled in the case of M/s Wipro Ltd. Vs Assistant Collector of Customs-2015 (319) ELT 177 (S.C.) dated 16/04/2015 that the landing charges to be added to the value of goods, should be based on actual charges incurred, and not a notional charge of 1% as has been provided in the Rules.
- (2) By virtue of the amendment now carried out to the CVR, 2007, the loading, unloading and handling charges associated with the delivery of the imported goods at the place of importation, shall no longer be added to the CIF value of the goods.
- (3) The phrase "loading, unloading and handling charges" is to be understood as "the cost of transport of the imported goods to the port or place of importation". Thus, only charges incurred for delivery of goods "to" the place of importation (such as the loading and handling charges incurred at the load port) shall now be includible in the transaction value.

Rule 4: Transaction value of Identical Goods

Identical goods means the goods must be same in all respects, including physical quantity

This method is applicable only when following conditions are satisfied:

- Identical goods can be compared with the other goods of the same country from which import takes place.
- These goods must be valued at a price which is produced by the same manufacturer.
- If price is not available then the price of other manufacturers of the same country is to be taken into account.
- If more than one value of identical goods is available, lowest of such value should be taken.

A condition for adjustment because of different commercial levels or different quantities is that such adjustment, whether it leads to an increase or a decrease in the value, be made only on the basis of demonstrated evidence that clearly establishes the reasonableness and accuracy of the adjustment, e.g. valid price lists containing prices referring to different levels or different quantities.

Example : 8

Gujarat Dry Fruits Limited imported dry fruits and declared the value as under—

Date of imports	Quantity (MT)	Declared value per MT	Country of import
November 20XX	250	25,000	Egypt
November 20XX	150	25,000	Egypt

It was found that imports were also made by some other dealers as indicated below:-

Date of Imports:	Quantity (MT)	Declared Value ₹ per MT	Country of import
And importer			
September 20XX	50	35,000	Dubai
Mumbai Intil			
October 20XX			
Chennai Fruits Ltd	20	40,000	Persia

The Customs Department has sought to assess the imports made by the Gujarat Fruits Ltd. as Contemporaneous imports under section 14 read with Rule 4 of the Customs Valuation Rules, 2007. Briefly examine whether the action proposed by the Department is correct.

Answer:

The goods are said to be identical only if the goods to be valued have been produced in the same country. In the given question, the goods in question have been imported from Egypt, while other importers have imported goods from other countries. Therefore, the department action is not correct.

**Example : 9**

A consignment of 800 metric tonnes of edible oil of Malaysian origin was imported by a charitable organization in India for free distribution to below poverty line citizens in a backward area under the scheme designed by the Food and Agricultural Organization. This being a special transaction, a nominal price of US\$ 10 per metric tonne was charged for the consignment to cover the freight and insurance charges. The Customs House found out that at or about the time of import of this gift consignment, there were following imports of edible oil of Malaysian origin:

S. No.	Quantity imported in metric tonnes	Unit price in US \$ (CIF)
1.	20	260
2.	100	220
3.	500	200
4.	900	175
5.	400	180
6.	780	160

The rate of exchange on the relevant date was 1 US \$ = ₹ 63.00 and the rate of basic customs duty was 15% ad valorem. There is no countervailing duty or special additional duty. Calculate the amount of duty leviable on the consignment under the Customs Act, 1962 with appropriate assumptions and explanations where required.

Answer:

Calculation of amount of duty payable:—
exchange rate of \$ 1 = ₹ 63

	₹
CIF Value (800 metric tonnes x 160 USD x ₹ 63) / Assessable value	80,64,000
15% Basic Customs duty on ₹ 80,64,000	12,09,600
Add: Social Welfare Surcharge @ 10% on 12,09,600	1,20,960
Total custom duty payable	13,30,560

Notes: more than one transaction value for identical goods are given, we are supposed to take the lowest price of the quantity which is nearest to the quantity of import.

Case Law : 3**Gira Enterprises v. CCus. 2014 (307) E.L.T.209 (SC)**

Can the value of imported goods be increased if Department fails to provide to the importer, evidence of import of identical goods at higher prices?

Facts of the Case: The appellant imported some goods from China. On the basis of certain information obtained through a computer printout from the Customs House, Department alleged that during the period in question, large number of such goods were imported at a much higher price than the price declared by the appellant. Therefore, Department valued such goods on the basis of transaction value of identical goods as per rule 4 of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007 and demanded the differential duty along with penalty and interest from the appellant. However, Department did not provide these printouts to the appellant.

Decision: The Supreme Court held that mere existence of alleged computer printout was not proof of existence of comparable imports. Even if assumed that such printout did exist and content thereof were true, such printout must have been supplied to the appellant and it should have been given reasonable opportunity to establish that the import transactions were not comparable.

Thus, in the given case, the value of imported goods could not be enhanced on the basis of value of identical goods as Department was not able to provide evidence of import of identical goods at higher prices.

Rule 5: Transaction value of Similar Goods

“Similar goods” includes—

Which although not alike in all respects, have like characteristics and like component materials which enable them to perform the same functions and to be commercially interchangeable with the goods being valued having regard to the quality, reputation and the existence of trade mark;

Valuation:

- Produced in the country in which the goods being valued were produced; and
- Produced by the same person who produced the goods being valued, or where no such goods are available, goods produced by a different person, but shall not include imported goods where engineering, development work, art work, design work, plan or sketch undertaken in India were completed directly or indirectly by the buyer on these imported goods free of charge or at a reduced cost for use in connection with the production and sale for export of these imported goods;

Difference between identical and Similar Goods

Identical goods	Similar goods
Goods must be same in all respects, except for minor differences in appearance	Goods have like characteristics and components and perform same functions
Example: Hero Honda two Wheeler Products namely Splendor and Passion	Example: Hero Honda Splendor and Bajaj scooter.

Rule 6: Determination of value

If the value of imported goods cannot be determined under the provisions of rules 3, 4 and 5, the value shall be determined under the provisions of rule 7 or, when the value cannot be determined under that rule, under rule 8.

Rule 7: Deductive Value

Based on the request of the importer if the Customs Officer approves, either deductive method or computed value method as the case may be can be adopted.

In case of deductive method the valuation is as follows:

Assessable is calculated by reducing the post-importation costs and expenses from this selling price.

Example : 10

Selling price minus selling commission, transportation, insurance associated costs within India and duties and taxes paid in India.

The method may be used when goods are extracted on High Seas (e.g. minerals, crude oil etc.) and brought into India for sale. It will be import and dutiable.

Example : 11

A Ltd., sell in India from a price list which grants favourable unit prices for purchases made in larger quantities.

Sale quantity	Unit price in ₹ (Exclusive of duties and taxes)	Number of sales
1-10 units	100	10 sales of 5 units 5 sales of 3 units
11-25 units	95	5 sales of 11 units
Over 25 units	90	1 sale of 30 units 1 sale of 50 units

The selling price includes the following post shipment expenses:

Freight from port to factory in India for ₹ 24,000

Insurance to cover transit damage from port to factory in India for ₹ 6,000

Number of units imported from high seas 5,000 units. Find the assessable value and total customs duty.

Note: BCD @12%.

Answer:

Sale quantity	Unit price in ₹ (exclusive of duties and taxes)	Total quantity sold at each price
1-10 units	100	65
11-25 units	95	55
Over 25 units	90	80

The greatest number of units sold 80, therefore, the unit price in the greatest aggregate quantity is ₹ 90.

	₹
Sale value	4,50,000 (i.e. ₹ 90 x 5,000 units)
Less: Freight & insurance	30,000
Assessable value	4,20,000
Total customs duty	₹ 55,440 (₹ 4,20,000 x 13.2%)

Example : 12

X Ltd., imported 500 units of minerals from High Seas for sale in India. Selling price exclusive of duties and taxes. Freight from port to depot in India is ₹ 10,150 and Insurance ₹ 1,250.

Sale quantity	Unit price ₹
400 units	100
300 units	90
150 units	100
500 units	95
250 units	105
350 units	90
50 units	100

Basic Customs Duty 12% and Social Welfare Surcharge as applicable. Calculate total customs duty as per Rule 7 of Customs Valuation (Determination of Value of Imported Goods) Rules, 2007. Assume there is no IGST applicable for the product.

Answer:

Total quantity Sold	Unit price
650	90
500	95
600	100
250	105

The greatest number of units sold at a particular price is 650 units;

Therefore, the unit price in the greatest aggregate quantity is ₹ 90.

	₹
Selling Price	= 45,000 (i.e. 500 units x ₹ 90)
Less: Freight (post shipment)	= (10,150)
Less: Insurance (post shipment)	= (1,250)
Assessable Value	= 33,600

Total Customs Duty = ₹ 4,435.20 (i.e. 33,600 x 13.20%)

Rule 8: Computed Value

The value of imported goods shall be based on a computed value, which shall consist of the sum of:—

- The cost or value of materials and fabrication or other processing employed in producing the imported goods;
- an amount for profit and general expenses equal to that usually reflected in sales of goods of the same class or kind as the goods being valued which are made by producers in the country of exportation for export to India;
- The cost or value of all other expenses under sub-rule (2) of rule 10.

This method is normally possible when the importer in India and foreign exporter are closely associated and the foreign exporter is willing to give necessary costing.	Cost of Materials and General expenses for producing the imported goods	₹ XX
	Add: profit of the exporter	₹ XX
	Add: all expenditure as per Rule 10	₹ XX
	Assessable Value	₹ XX

Rule 9: Residual method

Residual method is also called as Best Judgment Method. This method is applicable when all aforesaid methods are not applicable. The value determined under this method cannot exceed normal price at which such or like goods are ordinarily sold or offered for sale for delivery at the time and place of importation in course of International Trade, when seller or the buyer are non-relatives and the price is sole consideration for such sale.

While determining Assessable Value, we should not consider the following

- The selling price in India of the goods produced in India;
- A system which provides for the acceptance for customs purposes of the highest of the two alternative values;
- The price of the goods on the domestic market of the country of exportation;
- The cost of production other than computed values which have been determined for identical or similar goods in accordance with the provisions of rule 8;
- The price of the goods for the export to a country other than India;
- Minimum customs values; or
- Arbitrary or fictitious values.

Rule 10: Cost of Services:

Already discussed under rule 3

Where FOB value; Cost of Insurance and Cost of Transportation are not ascertainable:

S.No.	Rule	Particulars	Treatment	Remarks
1.	10(2) proviso 3	Cost of transport (i.e. Freight not known)	20% x (FOB value + Cost of Insurance)	CIF value x 20/120
2.	10(2) proviso 3	Insurance (i.e. not known)	1.125% x (FOB value + Cost of transport)	CIF value x 1.125/101.125
3.	10(2) proviso 3	FOB value	CIF value – cost transport – cost of insurance	

Example : 13

Following particulars are available in respect of certain goods imported into India:

CIF value: US\$10,000

Exchange rate:

Notified by RBI ₹ 60 = US\$1

Notified by CBIC ₹ 58 = US\$1

Compute the following:

- FOB value
- Cost of insurance
- Cost of freight and
- Assessable value in rupees as per the Customs Act, 1962 and the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007.

Answer:

As per Rule 10(2) proviso 3 of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007, where FOB value of goods and Cost of Insurance and Freight are not ascertainable, then the cost of insurance and transport shall be computed as follows:

Particulars	As per Rule 10(2) proviso 3	Working
Cost of transport (i.e. Freight not known)	20% x (FOB value + Cost of Insurance)	CIF value x 20/120
Insurance (i.e. not known)	1.125% x (FOB value + Cost of transport)	CIF value x 1.125/101.125
FOB value	CIF value – cost transport – cost of insurance	

CIF value in ₹ 5,80,000 (i.e. US \$ 10,000 x ₹58)

Sl. No.	Particulars	₹	Working
(a)	FOB value	= 4,76,881	(i.e. ₹ 5,80,000 – 96,667 – 6,452)
(b)	Cost of insurance	= 6,452	(i.e. ₹ 5,80,000 x 1.125/101.125)
(c)	Cost of transport	= 96,667	(i.e. ₹ 5,80,000 x 20/120)
(d)	Assessable value	= 5,80,000	(CIF Value = Assessable Value)

Rule 11: Declaration by the Importer

As per this rule, the importer shall declare value and furnish all documents or information called for by the proper officer for the purposes of valuation. Wrong declaration of value under Rule 10 may call for penal provisions in Customs Act, 1962

Rule 12: Rejection of Declared Value:

If the proper officer feels that the declaration made under Rule 11 are not fair values he may reject it as not suitable in the determination of Transaction value under Rule 3, after procuring further information or documents. However, final decision under Rule 12 shall be taken after proper hearing only.

Rule 13: Interpretative Notes:

These notes specified in the schedule to these rules are meant to render help in the interpretation of these rules. These interpretative notes are explained already in the aforesaid rules.

Example : 1

X Pvt. Ltd. imported goods in the month of April, 2018 and submitted 'Bill of Entry' on 9th April 2018 for home clearances. After verification bill of entry has been returned by the department on 10th April 2018 for payment of customs duty of ₹ 1,03,000. However, duty has been paid on 30th April, 2018. There are five holidays from 11th April 2018 to 30th April 2018. Find the interest under Sec. 47(2) of the Customs Act, 1962.

Answer:

Interest is ₹677

No. of days from 10th April, 2018 to 30th April, 2018 = 21 days

No. of days delay = 21-5 = 16 days

Interest = 1,03,000 x 15/100 x 16/365 = ₹ 677

Example : 2

A bill of entry was presented on 4th August, 2017. The vessel carrying goods arrived on 11th August, 2017. Entry inwards was granted on 13th August, 2017, and the bill of entry was assessed on that date and was also returned to the importer for payment of duty on that date. The duty amounting to ₹5,00,000 was paid by the importer on 22nd August, 2017.

Calculate the amount of interest payable under section 47(2) of the Customs Act, 1962, given that there were four holidays during the period from 14th August to 22nd August, 2017.

Answer:

Interest Rate = 15% p.a.

No. of days delay = from 13th Aug 2017 to 22nd Aug 2017 = 10 days

No. of days delay = 10 days

Less: No. of holidays = -4 days

Net No. of days delay for interest = 6 days

Interest = ₹1,233

₹5,00,000 x 15/100 x 6/365 = ₹1,232.88

Case Law : 1

CCus. v. Shreeji Overseas (India) Pvt. Ltd. 2013 (289) E.L.T. 401 (Guj.)

Point of dispute: Can the time-limit prescribed under Sec. 48 of the Customs Act, 1962 for clearance of the goods within 30 days be read as time-limit for filing of bill of entry under Sec. 46 of the Customs Act, 1962?

Decision: It has been held by the High Court in the above case, the time-limit prescribed under section 48 for clearance of the goods within 30 days cannot be read into section 46 and it cannot be inferred that section 46 prescribes any time-limit prescribed for filing of bill of entry.

Section 46 of the Customs Act, 1962: No time limit for filing a bill of entry by an importer upon arrival of goods.

Section 48 of the Customs Act, 1962: Authorities to sell the goods if imported goods not cleared for home consumption/warehoused/transhipped within 30 days of unloading the same.

Example : 3

Mr. Suhaan imported a consignment of goods which was unloaded on 31.10.2013. He filed the bill of entry on 15.12.2013. The Deputy Commissioner of Customs imposed a penalty of ₹ 15,000 on Mr. Suhaan as there was a delay of 15 days in filing the bill of entry. The Deputy Commissioner contended that section 46 and 48 of the Customs Act, 1962 read together provide that bill of entry ought to be filed within 30 days from the date of unloading of the goods.

Examine the issue in the light of relevant statutory provisions and decided case laws, if any.

Answer:

It has been held by the High Court in the case of Shreeji Overseas (India) Pvt. Ltd., the time-limit prescribed under section 48 for clearance of the goods within 30 days cannot be read into section 46 and it cannot be inferred that section 46 prescribes any time-limit prescribed for filing of bill of entry.

Therefore, penalty cannot be imposed on Mr. Suhaan as he has not committed any offence by filing bill of entry after 45 days of unloading the goods.

However, the custodian after giving notice to Mr. Suhaan and with the approval of the proper officer can sell the goods imported by Mr. Suhaan.

W.e.f. 31-3-2017 Finance Act, 2017 Section 46 amended:

Submission of Bill of entry:

The importer shall presented the bill of entry under section 46(1) of the Customs Act, 1962 before the end of the next day following the day (excluding holidays) on which the aircraft or vessel or vehicle carrying the goods arrives at a customs station at which such goods are to be cleared for home consumption or for warehousing.

Provided that a bill of entry may be presented (w.e.f. 29.03.18 at any time not exceeding 30 days prior to) the expected arrival of the aircraft or vessel or vehicle, by which the goods have been shipped for importation into India.

Provided further that where the bill of entry is not presented within the time so specified and the proper officer is satisfied that there was no sufficient cause for such delay, the importer shall pay such charges for the late presentation of the bill of entry as may be prescribed.

Therefore, CCus. v. Shreeji Overseas (India) Pvt. Ltd. 2013 (289) E.L.T. 401 (Guj.) case law became overruled.

**CBEC Circular No . 8/8 /2017 - GST dated 4th October 2017:****(1) Eligibility to export under LUT:**

The facility of export under LUT has been now extended to all registered persons who intend to supply goods or services for export without payment of integrated tax except those who have been prosecuted for any offence under the CGST Act or the Integrated Goods and Services Tax Act, 2017 or any of the existing laws and the amount of tax evaded in such cases exceeds Rs 250 lakh (i.e. two hundred and fifty lakh rupees) vide Circular No . 8/8 /2017 - GST dated 4th October 2017 .

(2) Validity of LUT:

The LUT shall be valid for the whole financial year in which it is tendered. However, in case the goods are not exported within the time specified in sub - rule (1) of rule 96A of the CGST Rules and the registered person fails to pay the amount mentioned in the said sub - rule, the facility of export under LUT will be deemed to have been withdrawn. If the amount mentioned in the said sub - rule is paid subsequently, the facility of export under LUT shall be restored.

As a result, exports, during the period from when the facility to export under LUT is withdrawn till the time the same is restored, shall be either on payment of the applicable integrated tax or under bond with bank guarantee.

(3) Form for bond/ LUT:

Till the time FORM GST RFD - 11 is available on the common portal, the registered person (exporters) may download the FORM GST RFD - 11 from the website of the Central Board of Excise and Customs (www.cbec.gov.in) and furnish the duly filled form to the jurisdictional Deputy/Assistant Commissioner having jurisdiction over their principal place of business. The LUT shall be furnished on the letter head of the registered person, in duplicate, and it shall be executed by the working partner, the Managing Director or the Company Secretary or the proprietor or by a person duly authorised by such working partner or Board of Directors of such company or proprietor. The bond, wherever required, shall be furnished on non-judicial stamp paper of the value as applicable in the State in which the bond is being furnished.

(4) Documents for LUT:

Self - declaration to the effect that the conditions of LUT have been fulfilled shall be accepted unless there is specific information otherwise. That is, self - declaration by the exporter to the effect that he has not been prosecuted should suffice for the purposes of Notification No. 37 /2017 - Central Tax dated 4th October, 2017. Verification, if any, may be done on post - facto basis.

(5) Time for acceptance of LUT/Bond:

As LUT/ Bond is a priori requirement for export, including exports to a SEZ developer or a SEZ unit, the LUT/ bond should be processed on top most priority. It is clarified that LUT/ bond should be accepted within a period of three working days of its receipt along with the self - declaration as stated in para (4) above by the exporter. If the LUT / bond is not accepted within a period of three working days from the date of submission, it shall deemed to be accepted.

(6) Bank guarantee:

Since the facility of export under LUT has been extended to all registered persons, bond will be required to be furnished by those persons who have been prosecuted for cases involving an amount exceeding Rupees two hundred and fifty lakhs. A bond, in all cases, shall be accompanied by a bank guarantee of 15% of the bond amount.

(7) Clarification regarding running bond:

The exporters shall furnish a running bond where the bond amount would cover the amount of self - assessed estimated tax liability on the export . The exporter shall ensure that the outstanding integrated tax liability on exports is within the bond amount. In case the bond amount is insufficient to cover the said liability in yet to

be completed exports, the exporter shall furnish a fresh bond to cover such liability. The onus of maintaining the debit / credit entries of integrated tax in the running bond will lie with the exporter. The record of such entries shall be furnished to the Central tax officer as and when required.

(8) Sealing by officers:

Till mandatory self - sealing is operationalized, sealing of containers, wherever required to be carried out under the supervision of the officer, shall be done under the supervision of the central excise officer having jurisdiction over the place of business where the sealing is required to be done. A copy of the sealing report would be forwarded to the Deputy/Assistant Commissioner having jurisdiction over the principal place of business.

(9) Purchases from manufacturer and Form CT - 1:

It is clarified that there is no provision for issuance of CT - 1 form which enables merchant exporters to purchase goods from a manufacturer without payment of tax under the GST regime. The transaction between a manufacturer and a merchant exporter is in the nature of supply and the same would be subject to GST.

(10) Transactions with EOUs:

Zero rating is not applicable to supplies to EOUs and there is no special dispensation for them under GST regime. Therefore, supplies to EOUs are taxable like any other taxable supplies. EOUs, to the extent of exports, are eligible for zero rating like any other exporter.

(11) Realization of export proceeds in Indian Rupee : Attention is invited to para A (v) Part - I of RBI

Master Circular N o. 14/2015 - 16 dated 1st July, 2015 (updated as on 5th November, 2015), which states that "there is no restriction on invoicing of export contracts in Indian Rupees in terms of the Rules, Regulations, Notifications and Directions framed under the Foreign Exchange Management Act, 1999. Further, in terms of Para 2.52 of the Foreign Trade Policy (2015 - 2020), all export contracts and invoices shall be denominated either in freely convertible currency or Indian rupees but export proceeds shall be realized in freely convertible currency. However, export proceeds against specific exports may also be realized in rupees, provided it is through a freely convertible Vostro account of a non - resident bank situated in any country other than a member country of Asian Clearing Union (ACU) or Nepal or Bhutan" .

Accordingly, it is clarified that the acceptance of LUT for supplies of goods to Nepal or Bhutan or SEZ developer or SEZ unit will be permissible irrespective of whether the payments are made in Indian currency or convertible foreign exchange as long as they are in accordance with the applicable RBI guidelines. It may also be noted that the supply of services to SEZ developer or SEZ unit under LUT will also be permissible on the same lines. The supply of services, however, to Nepal or Bhutan will be deemed to be export of services only if the payment for such services is received by the supplier in convertible foreign exchange.

(12) Jurisdictional officer:

In exercise of the powers conferred by sub - section (3) of section 5 of the CGST Act, it is hereby stated that the LUT /Bond shall be accepted by the jurisdictional Deputy/Assistant Commissioner having jurisdiction over the principal place of business of the exporter. The exporter is at liberty to furnish the LUT /bond before either the Central Tax Authority or the State Tax Authority till the administrative mechanism for assigning of taxpayers to the respective authority is implemented.

Note: Circular No. 2/2/2017 – GST dated 5th July, 2017, Circular No. 4/4/2017 – GST dated 7th July, 2017 and Circular No. 5/5/2017 – GST dated 11th August, 2017 are hereby rescinded except as respects things already done or omitted to be done .

How to execute Bond required for exporting without payment of IGST?

Answer:

Following are the instructions on how to execute Bond required for exporting without payment of IGST.

Step 1: Bond has to be executed when your turnover in the previous year is less than ₹ 1,00,00,000/-.

Step 2: Bond of amount equivalent to the tax liability (usually annual liability) has to be executed on non-judicial stamp paper in the favour of President of India, through the concerned Assistant Commissioner.

Step 3: In the bond, exporter has to mention the Bank Guarantee amount which is equivalent to 15% of the bond value (or lesser if allowed by Assistant Commissioner).

- Wearing apparel (after being used), Tea chests,
- Exposed cinematograph film passed by the Board of Film Censors in India,

Example : 12

Calculate the amount of duty drawback allowable under section 74 of the Customs Act, 1962 in following cases:

- Salman imported a motor car for his personal use and paid ₹ 5,00,000 as import duty. The car is re-exported after 6 months and 20 days.

Answer:

a) The amount of duty drawback is ₹ 4,40,000 (i.e. ₹ 5,00,000 @ 88%), since these goods are used in India.

b) Duty drawback is ₹ nil, assumed that wearing apparels are re-exported after being used.

c) Duty drawback is ₹ 49,00,000 (i.e. 50,00,000 x 98%), since these goods are re-exported without being used.

Example : 13

With reference to drawback on re-export of duty paid imported goods under section 74 of the Customs Act, 1962, answer in brief the following questions:

(iii) Yes, duty drawback is allowed when wearing apparels are re-exported without being used.

Goods which are exported [Sec. 75]

w.e.f. 22.11.2014, where the exporter has already filed a duty drawback claim under All Industry Rates (AIR) Schedule, he cannot request for fixation of Special Brand Rate of drawback. Thus, the exporter should determine prior to export of goods, whether to claim drawback under AIR or Special Brand Rate.

**Example: 14**

An exporter exported 2,000 pairs of leather shoes @ ₹ 750 per pair. All industry rate of drawback in fixed on average basis i.e. @ 11% of FOB subject to maximum of ₹ 80 per pair. The exporter found that the actual duty paid on inputs was ₹ 1,95,000. He has approached you, as a consultant, to apply under Rule 7 of the drawback rules for fixation of 'special brand rate'. Advise him suitably.

Answer:

Drawback Amount ₹1,65,000

(i.e. 2,000 x 750 x 11%)

or

₹1,60,000 (i.e. ₹80 x 2,000) whichever is less.

Therefore duty drawback allowed is ₹1,60,000.

All Industry duty drawback rate = @82.05% [(1,60,000/1,95,000) x 100%].

Therefore, exporter is eligible for claiming All Industry Duty Drawback.

4.7 NEGATIVE LIST OF DUTY DRAWBACK

Negative list of Duty Drawback [Section 76]

- (1) DDB amount is less than ₹ 50
- (2) In case of negative sales
- (3) If CENVAT CREDIT availed (except BCD)
- (4) DDB amount is more than 1/3rd of Market value of exports
- (5) Export to Nepal and Bhutan and the export proceeds are not received in hard currency (it means USD, GBP or Pounds).
- (6) DDB as % on FOB less than 1% unless amount of DDB is more than or equal to ₹ 500
- (7) Duty drawback is not allowed if the exporter has already availed the Duty Entitlement Pass Book (DEPB) or other export incentives.
- (8) If the sale proceeds not received within the time period allowed by Reserve Bank of India.
- (9) Duty drawback amount exceeds the market value of exported goods.

Example : 15

Computation of duty drawback: 'A' exported a consignment under drawback claim consisting of the following items—

Particulars	Chapter Heading	FOB value ₹	Drawback rate
200 pieces of pressure stores mainly made of beans @ ₹ 80/piece	74.04	16,000	4% of FOB
200 Kgs. Brass utensils @ ₹ 200 per Kg.	74.13	40,000	₹ 24/Kg.
200 Kg. Artware of brass @ ₹ 300 per Kg.	74.22	60,000	17.50% of FOB subject to a maximum of ₹ 38 per Kg.

On examination in docks, weight of brass Artware was found to be 190 Kgs. and was recorded on shipping bill. Compute the drawback on each item and total drawback admissible to the party.

Answer:

The drawback on each item and total drawback admissible to the party shall be-

Particulars	FOB value ₹	Drawback rate	Drawback Amount (₹)
200 pcs, pressure stoves made of brass	16,000	4% of FOB	640
200 Kgs. Brass utensils	40,000	₹ 24 per Kg.	4,800
200 kgs. Artware of brass, whose actual weight was 190 Kgs. only. (60,000 x 190/200)x17.5%=9975 190 kgs x ₹ 38 = ₹ 7,220		17.50% of FOB subject to maximum of ₹ 38 per Kg. (₹ 9,975 or ₹7,220 whichever is less)	7,220
Total Drawback admissible (in ₹)			12,660

Example : 16

X Ltd. has exported following goods to USA. Discuss whether any duty drawback is admissible under section 75 of the Customs Act, 1962.

Product	FOB Value of Exported goods	Market Price of goods	Duty drawback rate
A	2,50,000	1,80,000	30% of FOB
B	1,00,000	50,000	0.75% of FOB
C	8,00,000	8,50,000	3.50% of FOB
D	2,000	2,100	1.50% of FOB

Note: Imported value of product C is ₹ 9,50,000.

Answer:

Duty draw back amount for all the products are as follows

Product A:

Drawback amount = 2,50,000 x 30% = ₹ 75,000 or ₹ 1,80,000 x 1/3 = ₹ 60,000

Allowable duty draw back does not exceed 1/3 of the market value.

Hence, the amount of duty drawback allowed is ₹ 60,000

Product B:

Drawback amount allowed is ₹ 750 (i.e. ₹1,00,000 x 0.75%). Since, the amount is more than ₹ 500 even though the rate is less than 1%.

Product C:

No duty drawback is allowed, since the value of export is less than the value of import (i.e. negative sale)

Product D

No duty drawback is allowed, since the duty drawback amount is ₹ 30 (which is less than ₹ 50).

Though rate of duty drawback is more than 1%, no duty drawback is allowed.

Example : 17

Calculate the amount of duty drawback allowable under the Customs Act, 1962 in the following cases:

(a) Jaggi Mehta imported a car from U.K. for his personal use and paid ₹ 4,50,000 as import duty. However, the car is re-exported immediately without bringing it into use.

(b) Meenakshi imported a music player from Dubai and paid ₹12,000 as import duty. She used it for four months but re-exports the same after four months.

(c) XYZ Ltd. exported 1000 kgs of a metal of FOB value of ₹ 1,00,000. Rate of duty drawback on such export is ₹ 60 per kg. Market price of goods is ₹ 40,000 (in wholesale market).

Answer:

(a) Jaggi Mehta can claim duty drawback of ₹ 4,41,000 (98% of ₹ 4,50,000).

(b) Meenakshi can claim duty drawback of ₹ 10,200 (i.e. 85% of ₹ 12,000)

(c) XYZ Ltd. is not entitled to claim duty drawback in this case. Since, market value of exported goods is less than the value of Duty Drawback.
