## *Preface*

Professional education systems around the world are experiencing great change brought about by the global demand. Towards this end, we feel, it is our duty to make our students fully aware about their curriculum and to make them more efficient.

Although it might be easy to think of the habits as a set of behaviours that we want students to have so that we can get on with the curriculum that we need to cover. It becomes apparent that we need to provide specific opportunities for students to practice the habits. Habits are formed only through continuous practice. To practice the habits, our curriculum, instruction, and assessments must provide generative, rich, and provocative opportunities for using them.

The main purpose of this volume is to disseminate knowledge and motivate our students to perform better, as we are overwhelmed by their response after publication of the first, second & third editions. Thus, we are delighted to inform our students about the **e-distribution of the fourth edition of our 'Work book'**.

This book has been written to meet the needs of students as it offers the practicing format that will appeal to the students to read smoothly. Each chapter includes unique features to aid in developing a deeper understanding of the chapter contents for the readers. The unique features provide a consistent reading path throughout the book, making readers more efficient to reach their goal.

Discussing each chapter with illustrations integrate the key components of the subjects. In the fourth edition, we have expanded the coverage in some areas and condensed others.

It is our hope and expectation that this fourth edition of work book will provide further an effective learning experience to the students like the first, second & third editions.

- (b) State briefly why an accurate determination of place of supply is important for business.
- (c) Briefly state the nature of service in terms of the place of supply of services supplied directly in relation to an immovable property.

**Answer:**

**2. (a)**

Credit of GST paid on input or capital goods is permitted when input or capital goods are used in the course or furtherance of business.

ITC not allowed in the following cases:

- Goods lost
- Goods stolen
- Goods destroyed
- Goods written off or
- Disposed of by way of gift
- Disposed of by way of free samples

**Note:** As per Section 17(5)(h) of the CGST Act, 2017 input tax credit shall be reversed when the goods have been disposed of by way of gift or free sample. In this case, there is no consideration for sale of goods and GST is not payable on reversed or pay GST to the department as the case may be.

## Work Book : Indirect Taxation

### 2. (b)

The reasons why an accurate determination of place of Supply is important for business are listed below :

- Wrong classification of supply between interstate or intra-state and vice-versa may lead to hardship to the taxpayer as per section 19 of IGST Act and section 70 of CGST Act.
- Where wrong taxes have been paid on the basis of the wrong classification, refund will have to be claimed by the taxpayer.
- The taxpayer will have to pay the correct tax along with interest for delay on the basis of revised/correct classification.
- Also, correct determination of place of supply will help us in knowing the incidence of tax. As if place of supply is determined as a place outside India, then tax will not have to be paid on that transaction

### 2. (c)

Place of supply of services supplied directly in relation to an immovable property [Sec 13(4) of IGST Act]

| Nature of Service  | Place of Supply of Service                                    |
|--|---|
| <ul style="list-style-type: none"><li>• Lease or a right to use, occupation enjoyment or provision of hotel accommodation by a hotel, guest house, club</li><li>• Construction service</li><li>• Architects</li><li>• Interior decorators</li><li>• Renting of immovable property</li><li>• Real estate agents,</li><li>• Auctioneers, engineers and similar experts or professional people, relating to land, buildings or civil engineering works etc.</li></ul> | Where immovable property is located or intended to be located |

**Note:**

As per the Rule 10(2) of CGST Rules, 2017 the registration shall be effective from the date on which the person become liable to registration where the application for registration has been submitted within 30 days.

- (b) 20<sup>th</sup> July, 2019 is the effective date of registration.

**Note:**

As per the Rule 10(3) of CGST Rules, 2017 if the application for registration been submitted by the applicant after the expiry of 30 days from the date he become liable for registration then the effective date of registration will be the date of grant of registration.

**8. Write short notes on the followings –**

- (a) Refund of advance payment made by a casual taxable person
- (b) Deemed Registration
- (c) Revised Invoice
- (d) Debit Note
- (e) Contents of a Revised Tax Invoice and credit or debit note

**Answer:**

**(a) Refund by Casual taxable person**

The casual taxable person is eligible for the refund of any balance of the advance tax deposited by him after adjusting his tax liability. The balance advance tax deposit can be refunded only after all the returns have been furnished, in respect of the entire period for which the certificate of registration was granted to him had remained in force. The refund relating to balance in the electronic cash ledger has to be made in serial no. 14 of the last FORM GSTR-3 return required to be furnished by him.

“If the estimated tax is much more than what is payable, it would be a lengthy process to obtain a refund. In the absence of output tax in the state where the goods or service has been supplied as a casual taxable person, input tax credit also cannot be claimed.”

**(b) Deemed registration**

If the Proper Officer fails to take action in 3 working days from the date of submission, the registration is deemed to have been approved.

## Work Book : Indirect Taxation

---

The Proper Officer is satisfied with the clarification; he may approve the grant of registration to the applicant within 7 working days on receipt of such clarification.

If no reply is furnished by applicant in response to notice issued or Proper Officer is not satisfied with the clarification, he shall reject such application with reasons in writing and inform the applicant in Form GST REG-05.

Where no action is taken in 7 working days on the clarification received from the applicant, the registration is deemed to have been granted.

### (c) Revised Invoice [Section 31(3)(a) of the CGST Act, 2017]

A registered person may, within one month from the date of issuance of certificate of registration and in such manner as prescribed in the Invoice Rules, issue a revised invoice against the invoice already issued during the period beginning with the effective date of registration till the date of issuance of certificate of registration to him.

This provision is necessary, as a person who becomes liable for registration has to apply for registration within 30 days of becoming liable for registration. When such an application is made within the time period and registration is granted, the effective date of registration is the date on which the person became liable for registration. Thus there would be a time lag between the date of grant of certificate of registration and the effective date of registration.

For supplies made by such person during this intervening period, the law enables the issuance of a revised invoice, so that ITC can be availed by the recipient on such supplies.

### (d) Debit Note (Sec 34 (3) & (4) of CGST Act)

In cases where tax invoice has been issued for a supply and subsequently it is found that the value or tax charged in that invoice is less than what is actually payable/ chargeable, the supplier can issue a debit note to the recipient. Any registered person who issues a debit note in relation to a supply of goods or services or both, shall declare the details of such debit note in the return for the month during which such debit note has been issued and the tax liability shall be adjusted in such manner as may be prescribed

### (e) Contents of a revised tax invoice and credit or debit note:

- (a) The word "Revised Invoice", wherever applicable, indicated prominently
- (b) Name, address and GSTIN of the supplier
- (c) Nature of the document
- (d) A consecutive serial number containing alphabets or numerals or special characters like hyphen or dash and slash symbolised as "-" and "/" respectively, and any combination thereof, unique for a financial year.

3. Enumerate the Matching of Input Tax Credit. What are the details required on inward supplies as per Rule 69 of CGST Act, 2017.

## Work Book : Indirect Taxation

### Answer:

Matching of input tax credit:

Section 42(1) of the CGST Act, 2017 the details of every inward supply furnished by a registered person (hereafter in this section referred to as the "recipient") for a tax period shall, in such manner and within such time as may be prescribed, be matched—

- (a) with the corresponding details of outward supply furnished by the corresponding registered person (hereafter in this section referred to as the "supplier") in his valid return for the same tax period or any preceding tax period;
- (b) with the integrated goods and services tax paid under section 3 of the Customs Tariff Act, 1975 in respect of goods imported by him; and
- (c) for duplication of claims of input tax credit.

As per Rule 69 of the CGST Rules, 2017 the following details relating to the claim of input tax credit on inward supplies including imports, provisionally allowed under section 41, shall be matched under section 42 after the due date for furnishing the return in FORM GSTR-3

- (a) GSTIN of the supplier;
- (b) GSTIN of the recipient;
- (c) invoice or debit note number;
- (d) invoice or debit note date; and
- (e) tax amount:

Provided that where the time limit for furnishing FORM GSTR-1 specified under section 37 and FORM GSTR-2 specified under section 38 has been extended, the date of matching relating to claim of input tax credit shall also be extended accordingly:

Provided further that the Commissioner may, on the recommendations of the Council, by order, extend the date of matching relating to claim of input tax credit to such date as may be specified therein.

#### **4. What is meant by duplicate transactions? State the procedure when Input tax claim is higher than output tax for a tax period as declared.**

### Answer:

Duplicate Transactions

The duplication of claims of input tax credit shall be communicated to the recipient in such manner as stated below. Further, the amount claimed as input tax credit that is found to be in excess on account of such duplication of claims shall be added to the output tax liability of the recipient in his return for the month in which the duplication is communicated.

Input tax claim is higher than output tax for a tax period as declared

## Work Book : Indirect Taxation

---

Where the credit claimed in respect of inward supplies is in excess when compared to the tax declared by the supplier or where the supplier has not at all declared the outward supply in his return, the discrepancies will be communicated to both parties

When discrepancies communicated to the outward supplier are not rectified by supplier in a valid return for the month (not by revision of return for the month in which the discrepancy occurred within 17th), the tax amount involved will be added to the output liability of the recipient for the month succeeding the month in which the discrepancy is communicated

The recipient shall be eligible to reduce, from his output tax liability, the amount added under sub-section (5), if the supplier declares the details of the invoice or debit note in his valid return furnished for the month during which such omission or incorrect particulars are noticed and interest is paid as required under this Act

5. (a) What are the requirements of an Authorized Officer during the course of audit from a registered person?
- (b) What are the things the officer and his team will verify during the course of audit of a registered person under Section 65 of CGST Act?

**Answer:**

(a)

During the course of audit, the Authorised Officer may require the registered person,—

6. Please note the following details –

- (i) Mr Soreties a registered supplier provided service to Mr Monga valuing ₹15,00,000/- plus GST @ 18% on 06.04.2018.
- (ii) Mr Soreties incorporated these supplies of ₹15,00,000/- in the details of outward supplies furnished for the month of April 2018 on 07.04.2018.
- (iii) Mr Monga recorded the supplies of services received as his inward supplies and claimed ITC on said inward supply accordingly and furnished his return.
- (iv) Due to disagreement about the quality and extend of service provided between both the persons, Mr Soreties issued a credit note for ₹ 3,00,000/- on 2.06.2018 in favour of Mr Monga.
- (v) Mr Soreties thus reduced his output tax liability for ₹ 54,000/- in the return furnished for the month of June 2018 on 20<sup>th</sup> July 2018.
- (vi) Mr Monga did not reverse his ITC amounting to ₹ 54,000/- in the return furnished for the month of June 2018.

During the carrying out of the matching the discrepancies was noticed the same was communicated to both Mr Soreties and Mr Monga on 31.07.2018.

Mr Monga did not corrected the said discrepancies in the return furnished for the month of July 2018.

State in whose liability this mismatch will be added.

**Answer:**

According to provision of Section 43(3) of CGST Act,2017 where the reduction of output tax liability in respect of outward supplies exceeds the corresponding reduction in the claim of ITC or the corresponding credit note is not declared by the recipient in his valid return, the discrepancy shall be communicated to both such parties up to the end of the month in which such matching is carried out i.e. 31<sup>st</sup> July,2018.

A recipient i.e. Mr Monga to whom any discrepancy is communicated may make suitable rectifications in the statement of inward supplied to be furnished for the month in which discrepancy is made available i.e. up to 20<sup>th</sup> August, 2018.

Where the discrepancies is not rectified by the receipt an amount to the extend of discrepancy shall be added to the output tax liability of the supplier debited to the electronic liability register and also shown in his return in Form GSTR – 3 for the month succeeding the month in which the discrepancy is made available.

Therefore in the present case as Mr Monga did not rectify the discrepancy in the return filed for the month of July 2018 i.e. up to 20<sup>th</sup> August 2018,so the said amount of ₹ 2,70,000/- shall be added to the output tax liability of the supplier i.e Mr Soreties in the return for the month of August 2018 which filed on 20<sup>th</sup> September 2018.

Thus in the case Mr Soreties will be liable to pay interest from 21<sup>st</sup> July 2018 to 20<sup>th</sup> September 2018

i.e. = ₹ 54,000 × 18/100 × 62/365 = ₹ 1,651.07.

R/o ₹ 1,651.00.

7. Mr. Shiba a registered dealer of electronics goods provided the following details –

(a) On 06.04.2019 supplied goods for Rs 2000000/- plus GST @ 18% to Mr. Tarzan

(b) Mr. Shiba incorporating the above supplies in the details of outward supplies for the month of April 2019, furnished by him on 10.05.2019

Mr. Tarzan claimed the input tax credit @ 28% in respect of the supplies received from Mr. Shiba and furnished the return for April 2019.

In time of matching being carried out the discrepancy was noticed and the same was communicated to both Mr. Shiba and Mr. Tarzan on 24.05.2019.

Mr. Tarzan did not rectify the discrepancy in the return for the month of May 2019 i.e. up to 20.06.2019.

Who is liable to bear the liability arises due to the mismatch?

**Answer:**

As per the provision of section 42(5) of CGST Act, 2017 the amount in respect of which any discrepancy is communicated under section 42(3) and which is not rectified by the supplier Mr. Shiba in his valid return for month of May 2019 in which discrepancy is communicated shall be added to the output tax liability of the recipient Mr. Tarzan in his return for the month succeeding the month in which discrepancy is communicated.

### Calculation of tax liability

|  | ₹                  |          |
|--|--------------------|----------|
| Input tax credit claimed by Mr. Tarzan | 5,60,000.00        | Note - 1 |
| Less : GST paid by Mr. Shiba           | 3,60,000.00        | Note – 2 |
| <b>Tax liability</b>                   | <u>2,00,000.00</u> |          |

**Notes –**

1. ₹ 20,00,000/- \* 28% = ₹ 5,60,000/-

2. ₹ 20,00,000/- \* 18% = ₹ 3,60,000/-

Thus ₹ 200000/- will be added to the output tax liability of Mr. Tarzan in the return for the month of June 2019. The return for the month of June 2019 is to be filed on 20.07.2019.

Therefore Mr. Tarzan will be liable to pay the amount of ₹ 2,00,000/- along with interest @ 18% p.a. for the period from the date of availing the input credit till the date of furnishing the return for the month of June 2019 i.e. 20.07.2019.

8. Mr. Anup Sharma a furniture dealer furnishes the following details –

- (a) Supplied furniture to Ms. Fathema for ₹ 5,00,000/- plus GST @ 12% vide invoice no 105/AS/18-19 dated 12.06.2019
- (b) Mr. Anup Sharma failed to incorporate the invoice no 105/AS/18-19 dated 12.06.2019 while submitting the GSTR – 1

Ms. Fathema availed the ITC for ₹ 60,000/- and incorporate the same in GSTR – 2

Considering the above you are required to answer the followings –

- (i) When matching will be taken through common portal of GSTN
- (ii) To whom the discrepancy will be communicated.
- (iii) What is the time limit for rectifying the discrepancy?
- (iv) If Mr. Anup Sharma did not pay the tax till 20<sup>th</sup> August 2019 then can ITC be allowed to Ms. Fathema?
- (v) Ms. Fathema informed the problem to Mr. Anup Sharma who taken up the issue and rectified the discrepancy and included Invoice no 105/AS/18-19 while submitting GSTR – 3 for August 2019 and paid tax accordingly on 20<sup>th</sup> September 2019. Can now Ms. Fathema reduce her liability?

**Answer:**

- (i) For the month of June 2019 the matching will take place only after due date of GSTR – 3. In the given case matching will take place after 20<sup>th</sup> July, 2019.
- (ii) Discrepancy has to be informed by the common portal GSTN to Mr. Anup Sharma i.e. supplier in the Form GST MIS – 2
- (iii) Time limit for rectification is due date of filing FORM GSTR – 3 for the month succeeding the month in which the discrepancy is made available i.e. in this case 20<sup>th</sup> August 2019. Mr. Anup Sharma should pay tax on it (as per Rule 71(4) of the CGST Rules, 2017)
- (iv) Input Tax Credit of Rs. 60000/- shall be added to the output tax liability of Ms. Fathema in her return to be furnished in Form GSTR – 3 for the month succeeding the month in which the discrepancy is made available (i.e. 20<sup>th</sup> September 2019 ) with interest @ 18% .

As per section 42(7) of the CGST Act, 2017 Ms. Fathema can reduce the amount from her output tax liability and the interest paid will be refunded to her electronic cash ledger account under section 42(9) of the CGST Act, 2017.

| Importer | Country of Import  | ₹ in Crores |
|----------|--------------------|-------------|
| P Ltd    | Developing Country | 105         |
| Q Ltd    | Developing Country | 123         |
| R Ltd    | Developing Country | 78          |
| S Ltd    | Developing Country | 75          |
| Others   | Developed Country  | 3369        |
|          | Total              | 3750        |

Determine the safeguard duty payable by P Ltd, Q Ltd, R Ltd and S Ltd under Section 8B of the Customs Tariff Act, 1975 from the above considering Safeguard Duty 30%.

Answer:

| Importer | Country of Import  | ₹ in Crores | % of Import |      |
|----------|--------------------|-------------|-------------|------|
| P Ltd    | Developing Country | 105         | 2.8         |      |
| Q Ltd    | Developing Country | 123         |             | 3.28 |
| R Ltd    | Developing Country | 78          | 2.08        |      |
| S Ltd    | Developing Country | 75          | 2           |      |
| Others   | Developed Country  | 3369        |             |      |
|          | Total              | 3750        | 6.88        | 3.28 |

### Determination of safeguard Duty

| Importer | ₹ in Crores | % of Import       |
|----------|-------------|-------------------|
| P Ltd    | NIL         | $105 \times 30\%$ |
| Q Ltd    | 36.90       | $123 \times 30\%$ |
| R Ltd    | NIL         | $78 \times 30\%$  |
| S Ltd    | NIL         | $75 \times 30\%$  |

Note:

As the materials originating from more than one developing countries (each with less than 3% import share), then the aggregate of imports of all such countries taken together does not exceeds 9% (i.e in the given case 6.88%) of the total imports of that materials into India. Therefore Safeguard duty is not applicable to P Ltd, R Ltd and S Ltd.

- (i) The selling price exclusive of duties and freight from port to depot in India in ₹ 21,300 and Insurance ₹2,700
- (ii) Basic Custom Duty is 12% and Social Welfare Surcharge as applicable.

Calculate total customs duty as per Rule 7 of Customs Valuation (Determination of Value of Imported Goods) Rules, 2007. Assume there is no IGST applicable for the product.

Answer:

| Total Quantity Sold | Unit Price (₹) |
|---------------------|----------------|
| 1250                | 360            |
| 800                 | 380            |

8. Only dutiable goods can be deposited in the warehouse.
9. Green Bill of Entry has to be submitted by the importer to clear goods from warehouse for home consumption.
10. Rate of duty is applicable as on the date of presentation of Bill of Entry (i.e. sub-bill of entry or ex-bond bill of entry) for home consumption.
11. Reassessment is not allowed after the imported goods originally assessed and warehoused.
12. The exchange rate is the rate at which the Bill of Entry (i.e. 'into bond') is presented for warehousing.
13. If the goods which are not removed from warehouse within the permissible period, then subsequent removal called as improper removal. The rate of BCD which is applicable as on the last date on which the goods should have been removed but not removed is applicable.

### 6. Write short notes on the followings -

- (i) One time lock
- (ii) Duty drawback
- (iii) Residual method
- (iv) Deemed export

#### Answer:

##### (i) One Time Lock (OTL):

When the goods are removed from the customs station of import for warehousing, the proper officer affixes a one-time lock (OTL) on the container or means of transport (closed trucks). The serial number of OTL alongwith date and time of its affixation needs to be endorsed upon Bill of Entry for warehousing and transport document.

All customs stations are required to maintain records incorporating the number of the OTL, bill of entry, truck number, container number (if applicable), date & time of affixing the OTL and the name, designation & telephone number of the officer affixing the OTL.

A similar procedure has been provided under Warehoused Goods (Removal) Regulations, 2016 for removal of goods from one warehouse to another and from a warehouse to customs station for export.

However, the Principal Commissioner of Customs /Commissioner of Customs may permit movement of goods without affixation of such OTLs, where the nature of goods or their manner of transport so warrant (e.g. Liquid Bulk Cargo transported through Pipe Line & Over Dimensional Cargo)

##### (ii) Duty Drawback:

Duty drawback allowed for the following -

## Work Book : Indirect Taxation

- Import duty paid on imported goods
- The excise duty and Service Tax

Duty Drawback is an export incentive scheme where the duties paid on any exported materials or excisable materials which are used in the manufacture/processing/carrying out any operations on the goods that are exported outside India is allowed as refund to the exporter.

### Two categories of duty drawback:

1. Duty Drawback on Re-Export (Sec. 74)
2. Duty Drawback on Export (Sec. 75)

### (iii) Rule 9: Residual method:

Residual method is also called as Best Judgment Method. This method is applicable when all aforesaid methods are not applicable. The value determined under this method cannot exceed normal price at which such or like goods are ordinarily sold or offered for sale for delivery at the time and place of importation in course of International Trade, when seller or the buyer are non-relatives and the price is sole consideration for such sale.

While determining Assessable Value, we should not consider the following:

- The selling price in India of the goods produced in India;
- A system which provides for the acceptance for customs purposes of the highest of the two alternative values;
- The price of the goods on the domestic market of the country of exportation;
- The cost of production other than computed values which have been determined for identical or similar goods in accordance with the provisions of rule 8;
- The price of the goods for the export to a country other than India;
- Minimum customs values; or
- Arbitrary or fictitious values.

### (iv) Deemed export:

The term Deemed Exports an export without actual export, it means goods and services are sold and provide respectively within India and payment also received in the Indian Rupees. As per the Foreign Trade Policy the following few transactions can be considered as deemed exports.

- Sale of goods to units situated in Export Oriented Units, Software Technology Park, and Electronic Hardware Technology Park etc.
- Sale of capital goods to fertilizer plants
- Sale of goods to United Nations Agencies

Sale of goods to projects financed by bilateral Agencies, etc
